

Military Working Dog Section

Redstone Arsenal, Alabama

OUR MISSION:

To provide outstanding Military Working Dog support to the Law Enforcement, Security, and Force Protection efforts of the Directorate of Emergency Services.

OUR VISION:

To be the best Military Working Dog Section in the Department of Defense and to set the example for all other Military Working Dog Programs by “Doing The Right Things, The Right Way, and for The Right Reasons .”

OUR COMMITMENT:

We will set and maintain the highest degree of proficiency as a Police Officer and as a Military Working Dog Handler.

We will stand ready and prepared to respond to any incident or mission.

We will meet the high expectations our community has of us.

We will earn the trust of those we protect and serve every day.

We will treat everyone we come in contact with as we would expect to be treated.

We will accept the role as the Sheepdog in a world where the Wolf will feed on the Sheep if we are not constantly on the watch.

We will be mentally prepared to protect each member of our community as we would protect our own family.

We will maintain our MWDs, our facility, our vehicles and our equipment with pride and appreciation.

We will always focus on what is important – not just what is urgent.
