MEMORANDUM FOR US Army Garrison – Redstone Supported Organizations

SUBJECT: US Army Garrison – Redstone Arsenal Common Levels of Support (CLS) and Reimbursable Services Catalog for FY 15

1. Welcome to the US Army Garrison at Redstone Arsenal. We designed this catalog of base operations services to familiarize customers with the services available from our Garrison and to let you, the customer, know what to expect for the next fiscal year in terms of common level of support or reimbursement requirements.
2. We are committed to providing requested support to Army, DoD, and non-DoD Federal activities to the extent that capabilities exist and mission assignments permit, within the best interest of the United States Government.
3. Services will be delivered in accordance with IMCOM CLS structure and the annual directed capability levels, which are based on funding levels.
4. Customers may request service above the IMCOM-directed levels; however, the customer must provide funding for the incremental increased cost. This catalog identifies those incremental costs associated with each increase in capability.
5. Support Agreement points of contact are as follows:

Ms. Vera Ousley, 256-876-2975

Mr. Theodore Tyson, 256-876-1608
6. If you have questions or concerns, please do not hesitate to contact me or the Garrison points of contact provided for each service throughout this catalog. The Interactive Customer Evaluation (ICE) is also available to capture the "Voice of the Customer." We welcome your comments at https://ice.disa.mil/index.cfm?fa=site&site_id=513.

WILLIAM L. MARKS, II
COL, LG
Garrison Commander

Common Level of Support for All Customers:

Assigned Capability Level: 3

1. Execute Strategic Communications and Provide PA Advisory and Policy Support to the Command and Staff. This business process leads the development and execution of strategic communication planning efforts as outlined in the DP91 implementation guidance and provides PA advice and policy support to the command, staff, and supported tenants. Includes advising the commander and planning. All public affairs plans should be reviewed in the strategic communications planning process for Strategic Communications opportunities.
2. Execute Media Relations Activities. This business process provides an information conduit to provide initial response to specific (general public) inquiries and establishes and maintains relationships with Civilian news media representatives to optimize the reporting of accurate information. It also includes the provision of media training to prepare installation representatives to speak to the media when required.
3. Produce Command Information (CI) Products. This business process provides, prepares for, manages, and coordinates the release of relevant and accurate information and strategic communication messages targeted to specific audiences using CI products.
4. Execute Community Relations Activities. This business process provides for developing and maintaining relationships with local community leaders and stakeholders. It requires events and activities designed to directly communicate Army and installation strategic themes and messages and interaction with key individuals and groups who determine or influence relationships between the Army, the installation, and the general public.

Equal Employment Opportunity (EEO) Services
Equal Employment Opportunity Office
Point of Contact: Mrs. Becky Miller, 256-876-8890
Building 3494
E-Mail: martha.c.miller12.civ@mail.mil
Hours of Operation: 0800-1630**

Common Level of Support for Army Customers:

Assigned Capability Level: 3

1. Provide Compliance and Program Services. Provides assistance to Army tenants as required on the execution of the Commander's written policy statements ensuring a workplace free of discriminatory harassment and a commitment to equal employment opportunity.
2. Provide Advisory Services. EEO Program officials advise and provide appropriate assistance to managers/supervisors about the status of EEO programs to all Army tenants requesting services.
3. Manage the EEO Complaint Program. Process civilian informal and formal EEO Complaints of discrimination for all Army tenants requesting service IAW AR 690-600 or other applicable directives, which state responsibilities for administering a comprehensive EEO Program for all serviced commanders or equivalent officials on all matters pertaining to the EEO Program Operations, and provide required reports.
4. Provide Training and Education. In an effort to prevent discriminatory actions and eliminate barriers to equal employment opportunity in the workplace, and in support of each tenant Commander's EEO Program, the EEO Office, upon request, will provide all mandatory EEO training and education. This includes but is not limited to EEO training for managers/supervisors; certification training; newcomer briefing; remedial/sanctioned training; alternate dispute resolution (ADR) training; and Special Emphasis Program training.
5. Manage the Special Emphasis Program (SEP). Monitor and implement employment related career developmental actions for special emphasis groups and provide required reports to all Army tenants upon request.

Customer Responsibilities:

- a. Request training as needed and maintain record of employee attendance.
- b. Participate in planning and implementing Model EEO Office goals and objectives.
- c. Provide data requested by Investigators/Judges in a timely manner, and be present as required.

Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15

Directed Performance – Army employee can expect assistance and guidance with policy statements and procedures to support equality in the workplace. Advice and appropriate assistance will be provided to Managers and Employees as well from the EEO Staff as a neutral party. Complaints are processed in accordance with regulatory guidance with efforts to resolve at the lowest levels always attempted at both informal and formal avenues. ADR is encouraged but never forced. Counseling and informal mediation is handled in-house by qualified/certified counselors/mediators. All mandatory EEO training is made available yearly. Special training, sensing sessions, assistance with climate surveys, and other special requests are designed with the requesting organization. Special Emphasis monitoring, affirmative employment, and career development are analyzed quarterly through statistical data. Assistance is available upon request.

Common Level of Support for All Customers:

Assigned Capability Level: 1

1. Provide a bowling program (greater than 12 lanes) that is growing to meet industry standards as a leisure and recreational destination which delivers a quality product while achieving Army financial standards.

Directed Performance – Provide a variety of products and programs to attract both casual and repetitive bowlers; provide ala carte and catering food and beverage services and have certified lanes.

2. Provide clubs, food, beverage and entertainment operations. These operations may include theme operations, catering, snack bars, dining, beverage, social events, entertainment, and other services normally associated with a restaurant and entertainment center, as well as hospitality support for official events. Programs may include Bingo, snack bars, themed programs, special activities, recreational machines, etc.

Directed Performance – Provide the customer with the overall quality and perceived value of the dining and/or entertainment experience.

3. Provide a golf program with playing conditions and services comparable to a mid to high level municipal golf course where there is sufficient market demand to ensure self-sufficiency.

Directed Performance – Provide a full range of services to include lessons taught by a highly skilled golfer, Pro Shop, practice facilities, clubhouse with food and beverage services.

Common Level of Support for Army Customers:

Assigned Capability Level: 3

Provide grass cutting, trimming services, and other improved and unimproved grounds maintenance tasks as outlined in the chart below to be performed at the frequency indicated as the standard. Grass clipping removal and leaf removal are not a part of the standard for normal visibility areas.

Service	Frequency for Service Level A
High Visibility Grounds Areas	
Grass cutting including grass clipping collection, litter/debris removal, prep of area, trimming & cleanup	1 x per 2 weeks
Edging around & vegetation control in adjacent surfaced areas	Semi-annually
Removal of storm debris (safety) and dead animals	As Required
Provide tree pruning and tree removal	Safety Only
Landscaping to include trimming shrubbery removal of dead debris, planting of perennials and annuals, mulching, borders, maintenance of landscape fabric, ground cover, etc. Maximum landscaped area is 3% of High Visibility area.	Annually
Normal Visibility Grounds Areas	
Grass cutting including litter/debris removal, prep of area, trimming & cleanup	1 x per 3 weeks
Cantonment grass cutting for security clear zones. Includes litter/debris removal, prep of area, trimming & cleanup	2 x per year
Edging around & vegetation control in adjacent surfaced areas	Annually
Removal of storm debris (safety) and dead animals	As Required
Provide tree pruning and tree removal	Safety Only
Semi-Improved Grounds Areas	
Grass cutting in active outlying cemeteries, outlying recreation/picnic and jogging trail areas. Includes litter/debris removal	Every 30 days
Grass cutting for igloos and security perimeter fence. Includes removal of fallen trees and limbs	3 x per year
Road shoulders	2 x per year
Vegetation control to include invasive plants, woody vegetation, Utility ROW, and substations and/or switching stations.	Annually

The following services will be provided to all customers at no cost:

- Roadside litter and dead animal collection
- Storm debris collection as required
- Removal of trees that impose a safety hazard (as determined by the Garrison)

Hours of Operation: 0800-1630**

Common Level of Support for All Customers: Assigned Capability Level - 3

1. Develop and maintain the Installation's Real Property Master Plan. The Master Plan establishes the basic framework for developing and managing real property on the installation IAW AR 210-20. This includes developing the installation's overall plan for using and investing in real property to support installation missions and DA objectives. The Master Plan describes permanent comprehensive/holistic solutions, as well as short-term actions necessary to correct deficiencies and meet real property requirements.
2. Conduct Real Property Planning Boards. Real Property Planning Boards integrate real property master planning into the Army's budgetary and operational planning processes throughout the current Program Objective Memorandum (POM) period IAW with AR 210-20. The Installation's Military Construction (MILCON) priorities are established through these Real Property Planning Boards.
3. Provide Major Construction Programming Services. These services include the analysis, preparation, and submission of major construction projects IAW AR 210-20, AR 415-15, AR 420-10, and other applicable regulations. Included are the development/submissions of DD Forms 1391, execution of programming charrettes, review of design documents, and acceptance of real property.
4. Submit Construction Approval Requests. This service includes the analysis preparation, and submission of requests for the approval of vertical construction, Lab Revitalization projects, relocatable facilities, construction site plans, and other approvals required by higher headquarters.

Point of Contact – Mr. Art Cole, 256-842-0233
Room B-309, Building 4488
E-mail: arthur.j.cole4.civ@mail.mil
Hours of Operation: 0700-1600**

Common Level of Support for All Customers:

Assigned Capability Level: 3

Provide management of utilization and facility inventory inspections for approximately 6,300 facilities on Redstone Arsenal. Provide real property support and guidance on real property matters for all Army Real Property customers on the installation.

1. Provide Accountability Services. This program documents real property assets in compliance with CFO Act, DODI 4165.14, 10 USC 2721, and other federal, state, and local laws. Provides status, cost, area, capacity, condition, use, and management of real property.
2. Provide Customer Support and Staffing Actions. This program gathers, researches, and analyzes real property information, prepares pertinent documents, and makes recommendations in response to statutory requirements.
3. Grant Use of Army Real Property. This program manages the process of granting termed use of Army property to other entities.
4. Dispose Real Estate, Facilities and Real Estate Interests. This program manages the documentation, coordination, and process associated with disposal actions of real estate, facilities, and real estate interests IAW federal, state, and local law.
5. Acquire Real Estate, Facilities and Real Estate Interests. This program involves the documentation, coordination, and process associated with acquisitions of real estate, facilities, and real estate interests IAW federal, state, and local law.

Customers are required to:

1. Submit a letter to the Commander for request of space with approved stationing plan
2. Submit work order to the electronic Job Order Request (JOR) System for tracking purposes.
3. Provide documentation for justification of space in a Space Request Package; submit with JOR.

Facilities and Surfaced and Unsurfaced Area Maintenance
Directorate of Public Works (DPW)
Point of Contact – Mr. Les Miller, 256-876-4245
Room A-307, Building 4488
E-Mail: leslie.g.miller.civ@mail.mil
Hours of Operation: 0800-1600**

Common Level of Support for Army Customers:

Assigned Capability Level: 3

Provide service order, preventive/recurring maintenance and facility sustainment projects necessary to keep real property inventory in good working order.

- Service orders are defined as maintenance and repair activities costing less than \$2,000 in materials and less than 40 hours in labor. These are maintenance and repair activities for lighting, heating, ventilating, air conditioning, plumbing, electrical and roofing system required to minimize the downtime associated with system and building defects.
- Preventive/recurring maintenance is scheduled maintenance and repair activities required to maintain the real property inventory at its present condition.
- Facility sustainment projects are maintenance and repair activities costing more than \$2,000 in materials and more than 40 hours in labor. These maintenance and repair activities include repairs or replacement of facility components, accomplished by Individual Job Order (IJO), that are expected to occur periodically throughout the life cycle of facilities.

Historically, we complete approximately 25,000 service orders per year and carry a backlog of approximately 400. We also complete approximately 2,000 IJO's per year and carry a backlog of approximately 2,500.

Additional services are available on a reimbursable basis. See Section II of this catalog for details.

Non-Army customers must reimburse for the above services.

Maintenance of Surfaced and Unsurfaced Areas - the Garrison will maintain roads, road shoulders, ditches, and paved areas adjacent to facilities assigned to all customers (with the exception of Marshall Space Flight Center) as funds are made available.

Hours of Operation: 0630-1700**

Common Level of Support for All Customers:

Assigned Capability Level: 2

1. Advisory Services, Installation Planning, Project and Activity Review and Impact Assessment. Provides for timely and accurate review of installation plans, projects and activities for potential impacts related to environmental laws and regulations. Includes review of installation plans, projects (i.e., 1391s, work orders, planning charrettes and design reviews) and activities for potential environmental impacts and advise customers.
2. Provide for Recurring Installation Environmental Permits. Allows the customer to accomplish their mission by successfully acquiring and maintaining the appropriate permits. Includes the following: Apply for, renew, modify, comply with, and terminate all environmental permits required for the installation. Gather, maintain, and report data required by the permit (includes inventory, sampling, analysis, etc.); negotiate with regulators; participate in or conduct public meetings as required by permit; fund required fees, provide recordkeeping and training required by permit related to compliance; conduct inspections required by permit. Create, update required Management Plans (e.g. Storm Water Pollution Prevention Plan) and other action required specifically by the permit. Establish components of the Environmental Compliance Officer Training for Permit Compliance.
3. Provide Regulated Waste Management Services. Provides management and disposal services for hazardous waste and other waste that requires special handling, for customers as defined by HQDA's Environmental Policies and Guidance.
4. Provide Non-Permit Environmental Statutory Requirements Services. Provides technical oversight, developing management strategies, and preparing/updating or reviewing management plans for non-permit environmental statutory requirements for customers as defined by HQDA's Environmental Policies and Guidance.
5. Support Overall Environmental Goals and Objectives and Sustain Environmental Stewardship. Provides the customer with increased awareness of installation environmental programs; the ability to incorporate best business practices and activities needed to support overall planning based assessments, requirements, and results of audits to enhance execution of the Environmental Programs beyond compliance; and training and educational activities including community outreach not required for compliance.

Hours of Operation: 0700-1630**

Common Level of Support for All Customers:

Clean up contaminated, protected, disrupted sites on the installation. Includes management and administration of DERA funded projects.

<http://aec.army.mil/usaec/cleanup/index.html>

Customer Responsibilities:

- a. The Chiefs of the primary organizational elements are responsible for providing access for sampling and cleanup activities as necessary to comply with the Hazardous Waste Permit. The organizational elements are also responsible for complying with all Land Use Controls established as part of the cleanup provisions as stated in the Hazardous Waste Permit. Finally, the organizational elements are responsible for complying with the provisions and procedures of RSA Regulation 200-7; Redstone Arsenal Environmental Site Access Control Program by appointing points of contact in writing to the EMD to facilitate the control of activities on or adjacent to environmental sites within their area of control and other areas used by their organization for training.
- b. The Chiefs are responsible for ensuring that all entry or activities on or adjacent to environmental sites are consistent with the required controls contained in the current hazard ranking and required controls matrix (see RSA 200-7 Appendices).
- c. Ensuring that all MSOs or IJOs conducted at environmental sites within their area of control and other areas used for their mission are implemented IAW RSA Regulation 200-7. Any physical alterations to real property or land use must be coordinated through the Directorate of Public Works to ensure environmental project review procedures are met.
- d. Reporting any adverse human health or environmental incidents during the course of environmental site entry, including, discovery of any unexploded ordnance (UXO); personnel injuries or illness; unexpected tanks, vaults, or piping; or discovery of any signs of the presence of Chemical Warfare Material (CWM), immediately. Work shall be stopped at the point of discovery/incident. Because of this potential hazard or impact, an Environmental Site Work Plan Evaluation Checklist (Appendix C, RSA Reg. 200-7) must be completed by Public Works -

Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

Environmental personnel before any activity commences on or adjacent to an IRP environmental site. MSO repairs may be authorized by ISS/Utility Provider contractor environmental or safety personnel.

Funding Responsibilities:

If the project must move forward based on mission requirements, then immediate site actions may be required. These actions may include but are not limited to implementing the defined controls with or without modification, implementation of a interim measures action, or reprioritization of the cleanup action to meet project requirements. This could result in a request for funds from the project proponent to offset the difference between the funding needed for the action necessary to accommodate the project and the action that has been programmed under the IRP. All approved actions, contingent on the controls noted being implemented, must be properly coordinated through the Installation Restoration Division and the Alabama Department of Environmental Management (ADEM) before they begin.

Violations:

a. The US Army Garrison – Redstone has the authority to issue a Stop Work Order as per the Occupational Safety and Health Act (OSHA), 29 CFR Part 1910.120 (Hazardous Waste Operations and Emergency Response) and the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR Parts 300.150 (Worker Health and Safety) and 311 (Worker Protection) for any unauthorized intrusive activities ongoing within any IRP site access control boundary.

b. In the event there are regulatory fines or penalties resulting from non-coordinated intrusive activities within an IRP site boundary the Redstone Arsenal Garrison will act as principal negotiator with regulatory agencies to determine specific fines and penalties. Redstone Arsenal Garrison will determine tenant culpabilities pertaining to regulatory NOV's.

Common Level of Support for Army Customers: Assigned Capability Level: 3

Provides the core expertise to implement an Indoor Pest Management Program.

This program provides response and completion of service orders to evaluate and correct pest problems that are a threat to mission, health, safety, and to prevent property damage classified as emergency or routine based on pest type. Includes venomous arthropods (e.g., spider, scorpions, and wasps); non-venomous arthropods (e.g., cockroaches and ants); vertebrate pests (e.g., rats, mice, & snakes); and wood destroying insects and fungi.

Includes:

- Annual surveillance and control of termites and other wood destroying pests
- Animal control by trapping, netting, applying toxicants for removal of snakes, squirrels, skunks, bats, starlings, or other pests as requested.

All Pest Management service requests for both Army and Non-Army customers must be called in to the Minor Service Order (MSO) desk at 256-876-2801 or 256-876-9881.

Non-Army customers must reimburse for this service.

Hours of Operation: 0700-1600

Fingerprint Hours: 0730-1530 Tuesday, Wednesday, and Thursday

Common Level of Support for Army Customers:

Assigned Capability Level: 3

Personnel Security - Program facilitates unit readiness by ensuring that appropriate personnel have been vetted and cleared for accessions, employment, deployment, information systems access, and other mission requirements. This service includes administration, investigation and analyses of personnel security investigations conducted as the bases for both suitability for military, civilian and contractor personnel for base and IT accesses and personnel security clearance eligibility for military and civilians. Fingerprinting services will be provided to organizations that utilize the Garrison Personnel Security Office to submit their investigations for processing. Fingerprinting services will be provided on a reimbursable basis to organizations that do not utilize the Personnel Security Office to submit their investigations for processing. Contractor personnel must contact their Facility Security Office for fingerprinting requirements.

Customer Responsibilities – Provide a single security point of contact for ensuring compliance with providing in and out processing forms, notification of an employee's transfer, resignation, retirement, or other changes in employment. Customers must ensure employee's timely submission of periodic reinvestigations and timely reporting of adverse issues regarding their employees. Customers shall provide prompt notification of special investigative requirements, i.e., Special Access Programs.

Security Education, Training, and Awareness (SETA) - Promote work force understanding of security program policies and procedures and their contribution to mission success. Develop and facilitate the implementation of a security training programs.

Customer Responsibilities – Provide a member to the Garrison SETA Working Group Meeting to provide their unique organizational requirements for annual mandatory SETA Training. Ensure employees attend mandatory SETA training sessions and update attendance in the Training Information Program System (TIPS).

Information Security - Protect classified and sensitive/controlled unclassified information that safeguards Army operations and activities, critical infrastructure, equipment and military, civilian, and contractor personnel. Program ensures access to classified and sensitive/controlled unclassified information is limited only to authorized persons and that all classified and sensitive/controlled information is properly marked, stored, reproduced,

Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15

transmitted, transported, and destroyed. Includes the identification, control and protection of classified and unclassified sensitive information from unauthorized disclosure or release to the public, i.e, public release reviews, freedom of information reviews and other activities.

Customer Responsibilities – Provide written requests for security assistance visits, open storage approval requests, and other information security services.

Industrial Security - Execute and oversee industrial security **User Agency** management and responsibilities for classified contracts awarded through either installation or centralized regional authority. Ensure that appropriate safeguards are in place and followed throughout the acquisition lifecycle and includes conveying classification and declassification requirements, completing DD Forms 254, providing suitability adjudications for base and IT accesses, assisting the contractor in investigation security violations and providing advice and assistance to contractor Facility Security Officers and employees.

Customer Responsibilities – Provide statement of work requiring access to sensitive and/or classified information and DD Forms 254s for review and approval of security requirements. Provide notification of any adverse issues regarding contractor employees.

Reimbursable Service for All Customers

Garrison will:

1. Provide a preliminary cost estimate for customer approval.
2. Capture, store, analyze, manage, and present geospatial data.
3. Analyze data to support mission planning and development.
4. Produce reports, maps, and other documents to support mission requirements.

Reimbursable customers will:

1. Request services by submitting an electronic Job Order Request (JOR). Electronic submission can be accomplished at the Garrison homepage, https://garrison.redstone.army.mil/index_ext.asp. Select “Work Request” from the Frequent Links to access the DPW Homepage then select “JOR Submission.”
2. Provide all project details including clearly stated requirements and deliverables.
3. Provide funding for all reimbursable services in advance.
4. Provide additional funding if project requirements or quantity of type of deliverables is changed.

jerry.d.hinson2.civ@mail.mil
Hours of Operation: 0800-1630**

Reimbursable Support for Non-Army Customers:

Provide work management, planning, programming, and engineering support services for the real property inventory. Develop strategies and objectives for planning, prioritization, program integration, project acquisition strategy, and project prioritization system (PPS) to meet the organization's mission. Provide Engineering and Real Property Management advisory services to the Garrison Commander and tenant activities.

All customers must reimburse for:

Engineering design, supervision, contract/project management and inspection services for all customer funded and customer unique facility construction projects performed by the Garrison. The cost of these services is determined as a percentage of the total project cost. For FY14, these percentages are 5% for projects under \$100,000 and 10% for projects \$100,000 or more. The Garrison will provide a project cost estimate and a request for engineering service management funding once the project is accepted and approved by the Garrison. The purpose of this fee is to provide manpower/staff augmentation necessary to provide these above CLS services.

Customers must submit electronic Job Order Requests for all construction projects. Provide funding for engineering design, supervision, and inspection services as soon as funding is requested by the Garrison.

Fire and Emergency Response Services
Directorate of Emergency Services
Point of Contact: Chief Ragnar Opiniano, 256-876-1893
Building 4424 – Rideout Road
E-mail: ragnar.n.opiniano.civ@mail.mil
Hours of Operation: 24/7**

Reimbursable Support for All Customers:

- a. All customers must reimburse for overtime, equipment and supplies for response to hazardous material incidents and for all incidents determined to be the fault of the customer.

- b. Provide specialized services above initial emergency response and prevention functions (e.g. Standby/dedicated fires and emergency medical services for exercises, hot work permit training and other specialized training).

Customer Responsibility:

- a. In collaboration with DES Fire Prevention Inspectors, customers will furnish the initial purchase, installation and maintenance of fire extinguishers in newly constructed and existing facilities. The Inspectors will determine the type, size, quantity and location of portable fire extinguishers and inspect them following installation to ensure compliance with NFPA 10 standards.

- b. Provide funding covering estimated requirements prior to the beginning of work or services for overtime expended. This would include any request which would require the DES to bring in personnel above what is required for the common level of support. Customer may pre-coordinate requirements with Fire and Emergency Services Division but must submit support requests through Garrison Directorate of Plans, Training, Mobilization and Security (DPTMS) no later than 30 days prior to event.

Room A-312, Building 4488
E-Mail: howard.d.berryhill.civ@mail.mil
Hours of Operation: 0700-1600**

Reimbursable Support for Non-Army Customers:

Manage refuse removal program, providing core technical expertise and basic waste management planning, reporting, and community education.

Operate Construction /Demolition Landfill.

Collect and dispose of Food Services Waste, Bulk Waste, and Municipal Waste in a manner that is in compliance with Federal/state/local laws and makes sense from an environmental and economically advantageous perspective.

The Garrison will determine the appropriate dumpster size and pick-up schedule necessary to preclude an unacceptable build-up of waste. Normal everyday trash will be collected to ensure dumpster capacity does not exceed 95%. Food Services Waste will be collected daily.

Containers will be cleaned, repaired, painted or replaced as required.

The standard does not include services for roll-offs, compactors, mission unique, short-term, or one-time requirements.

Service requests beyond the scope of those identified as the standard or not identified in an existing support agreement will require additional reimbursement and must be requested by submitting an electronic Job Order Request (JOR). Electronic submission may be accomplished by accessing the Garrison homepage, https://garrison.redstone.army.mil/index_ext.asp. Facilities and Surfaced and Unsurfaced Area Maintenance
Directorate of Public Works (DPW)
Point of Contact – Mr. Les Miller, 256-876-4245
Room A-307, Building 4488
E-mail: leslie.g.miller.civ@mail.mil
Hours of Operation: 0800-1600**

Reimbursable Support for Non-Army Customers:

Provide service order, preventive/recurring maintenance and facility sustainment projects necessary to keep real property inventory in good working order.

- Service orders are defined as maintenance and repair activities costing less than \$2,000 in materials and less than 40 hours in labor. These are maintenance and repair activities for lighting, heating, ventilating, air conditioning, plumbing, electrical and roofing system required to minimize the downtime associated with system and building defects.
- Preventive/recurring maintenance is scheduled maintenance and repair activities required to maintain the real property inventory at its present condition.
- Facility sustainment projects are maintenance and repair activities costing more than \$2,000 in materials and more than 40 hours in labor. These maintenance and repair activities include repairs or replacement of facility components, accomplished by Individual Job Order, that are expected to occur periodically throughout the life cycle of facilities.

For the Maintenance of Surfaced and Unsurfaced Areas, MSFC reimburses the Garrison a prorata share for the maintenance of the main road arteries which include Martin, Marshall, Neal, Morris, Fowler, Rideout, and Dodd Roads.

All customers must reimburse for the following services:

Non-fair, wear and tear repairs to facilities. This is the cost of repairing facility damage from other than normal usage.

Maintenance for Equipment in Place (EIP).

Customers will reimburse for all costs for leased trailers not provided as part of a construction project.

Service requests beyond the scope of those identified in the Garrison's Common Levels of Support (CLS) will require reimbursement and must be requested by submitting an electronic Job Order Request (JOR). Electronic submission can be accomplished by accessing the Garrison homepage, https://garrison.redstone.army.mil/index_ext.asp. Select "Work Request" from the Frequent Links to access the DPW homepage then select "JOR Submission." Services requested will be reimbursed by the customer on a case-by-case basis.

for FY 15**

**ISR Service 510 (CLS Service 58)
Indoor Pest Management
Directorate of Public Works (DPW)
Point of Contact – Ms. Jo Anne Miller, 256-955-0296
Room D-318, Building 4488
E-Mail: jo.a.miller36.civ@mail.mil
Hours of Operation: 0800-1600**

Non-Army customers must reimburse for this service.

Provides the core expertise to implement an Indoor Pest Management Program.

This program provides response and completion of service orders to evaluate and correct pest problems that are a threat to mission, health, safety, and to prevent property damage classified as emergency or routine based on pest type. Includes venomous arthropods (e.g., spider, scorpions, and wasps); non-venomous arthropods (e.g., cockroaches and ants); vertebrate pests (e.g., rats, mice, & snakes); and wood destroying insects and fungi.

Includes:

-
- Annual surveillance and control of termites and other wood destroying pests
- Animal control by trapping, netting, applying toxicants for removal of snakes, squirrels, skunks, bats, starlings, or other pests as requested.

All Pest Management service requests for both Army and Non-Army customers must be called in to the Minor Service Order (MSO) desk at 876-2801 or 876-9881.

ISR Service 600 (CLS Service 78)
Physical Security
Directorate of Emergency Services (DES)
Point of Contact: Kevin Dykema, 256-876-6815
Building 3623
E-mail: kevin.w.dykema.civ@mail.mil

Reimbursable Support for All Customers:

1. Intrusion Detection System (IDS) Services:

- a. Install, test and maintain Intrusion Detection Systems
- b. Respond to alarm activations

Customer Responsibility:

- a. Payment for actual cost of IDS installation and maintenance.
- b. Cost of guard response and clearing of alarms. Includes guard time responding to alarms, providing armed security awaiting organizational response to clear alarms, and guard presence awaiting repair of IDS systems.

2. Security Guard Services:

- a. DASG may be availed for special events as requested by customers.
- b. Conduct security checks of customer's activities at a frequency specified in applicable regulatory requirements.

Customer Responsibility:

- a. Provide funding covering estimated requirements prior to the beginning of work or services for overtime being expended. This would include any request which would require the DES to bring in personnel above what is required for the common level of support. Customers may pre-coordinate requirements with the Physical Security Division, but must submit support requests through the Garrison Directorate of Plans, Operations and Integration (POI) no later than 30 days prior to the event.
- b. Confirm organizational security check requirements annually. Provide funding covering the estimated requirements prior to the beginning of work or services being expended.

Service	Unit of Measurement	Method of Calculating Cost	Unit Cost	Installation Account Holder
ISR Service 900 (CLS Service 302) - Airfield Operations				
Tower Operations (after-duty hours)	Man hours	Full burden civilian rate	\$229.45/hour	Directorate of Plans, Training, Mobilization and Security POC: John Burkhead, 256-876-4300
Tower Operations and GCA (after-duty hours)	Man hours	Full burden civilian rate	\$367.13/hour	Directorate of Plans, Training, Mobilization and Security POC: John Burkhead, 256-876-4300
Flight Operations (after-duty hours)	Man hours	Full burden civilian rate, Contract labor rate and contract overhead	\$153.96/hour	Directorate of Plans, Training, Mobilization and Security POC: John Burkhead, 256-876-4300
Airfield Alert/POL Services (after- duty hours)	Man hours	Contract labor rate and contract overhead costs	\$129.62/hour	Directorate of Plans, Training, Mobilization and Security POC: John Burkhead, 256-876-4300
ISR Service 904 (CLS Service 305) - Range Operations				
TA-10 Range Control Support	Square footage	Full burden civilian rate divided by total square footage in TA-10 and operating expenses	\$1.61	Directorate of Plans, Training, Mobilization and Security POC: Lawrence Rogers 256-313-0956
R0400 Access/Proximity Cards	Number of personnel requiring access to the area	Actual cost per card	\$13 per card	Directorate of Plans, Training, Mobilization and Security POC: Lawrence Rogers 256-313-0956
ISR Service 905 (CLS Service 306) - Training Support				
Displays and exhibits, i.e., fabrication of 2 or 3 dimensional devices and simulators	Actual cost	Actual cost	Actual cost	Directorate of Plans, Training, Mobilization and Security POC: Steven Delcore 256-842-2351
Notes: (1) All utility service rates are subject to change based on actual commodity costs.				
(2) All contract costs are subject to change as contracts are renewed.				
(3) Airfield rates are estimates only. Number of personnel necessary will be determined by Airfield for services required.				
(4) Full burdened civilian rates = actual actual salary +operating expense.				

**Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

**Annex B
Instructions for Requesting Garrison
Services**

**Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

Annex B

1. Instructions for Requesting Garrison Services

a. After reviewing this catalog, customers determine their CLS requirements, and submit a completed Garrison Services Worksheet to the Garrison Resource Management Office (RMO) at least 6 months in advance of the required effective date. The RMO support agreement coordinator will notify each Garrison functional activity of the customer's CLS requirement. The Garrison functional manager and customer work out support details, as required. The customer updates their CLS requirement by submitting a new Garrison Services Worksheet to the Garrison RMO. Customers must notify the Garrison of any significant workload changes a minimum of 6 months in advance.

b. Recurring "mission unique" services that are not listed in this catalog and not commonly provided by the Garrison to Army customers will require a support agreement through the Garrison RMO Support Agreement Manager. Mission unique support is reimbursable for all measurable incremental direct support costs. Mission unique services are defined as the base support that is different from the kind of support services, supplies, and equipment commonly provided or maintained by the installation supplier as part of the CLS. To be mission unique, the support must be specialized to a particular operational assignment or task (e.g., specialized intelligence equipment maintenance; Special Operations Command-peculiar services or items; laboratory equipment maintenance for a medical unit; specialized environmental requirements for explosive ordnance or testing operations; unique security or intrusion detection requirements; unit level and DS/GS tactical equipment maintenance).

c. Increased levels of service, or "above CLS" services, also require a support agreement, but customers must first obtain approval through their chain of command before beginning the support agreement process. "Above CLS" services are also reimbursable for all measurable incremental direct support costs. "Above CLS" services are an additional quantity or frequency of a common base support service, beyond what all Army customers receive without charge. An example would be additional days of custodial service.

d. Use the Garrison Services Worksheet to notify the Garrison of the customer's support requirements. Garrison functional managers will use this data to plan, program and budget for the Garrison's CLS workload. The Garrison Support Agreement Manager will use it to develop any required agreements with estimated reimbursement costs for mission unique or above CLS services. We ask customers to tell us which services in this catalog they expect their organization to use and to what extent. These brief details will help Garrison Managers provide efficient and effective support to our customers.

**Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

2. Initiating a Support Agreement:

a. Customer reviews catalog.

b. Customer identifies support required on the Garrison Services Worksheet by placing an “X” in the appropriate column. Head of organization or his designated approving authority signs the Garrison Services Worksheet at the same time the support agreement is signed. This officially documents any Common Level of Support requested by the customer which is not included in the support agreement document.

(1) Common Level of Support: Functional managers are notified that customer has requested support in this area; however, the common level of support will not be included in the Customer’s Support Agreement.

Note to Customer: The common level of service is reevaluated at the beginning of each fiscal year, and is based on funding received by the Garrison. Should the baseline change, customers will be notified.

(2) Reimbursable Support Services: Services identified in this area will become part of the Customer’s Support Agreement, and customer funding will be required.

c. Customer must also complete or update a Customer Profile Worksheet if one has not been submitted to the Garrison within the last 12 months.

d. The completed Garrison Services Worksheet may be e-mailed to vera.m.ousley.civ@mail.mil or mailed to the US Army Garrison, Resource Management Office, at the following address:

US Army Garrison – Redstone Arsenal
IMSE-RED-RMM
4488 Martin Road
Redstone Arsenal, AL 35898

3. Staffing of Support Agreement:

a. The Garrison’s support agreement staff will prepare a draft agreement based on information received from the customer (Customer Profile Worksheet and Garrison Services Worksheet). The support agreement draft will be staffed with each functional manager when support is requested above CLS (and necessary approvals have been received) and to the Legal Office and Resource Management for coordination and concurrence. Standard staffing time will be 3 weeks.

b. Based on input received from the functional offices, Legal, and Resource Management, the agreement will be revised and forwarded to the customer for review and approval. Customers are asked to review and approve or return their comments to the Garrison within 5 weeks (7 weeks if approval is required from a higher headquarters).

**Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

4. Finalizing Support Agreement:

a. Once requirements are documented and costs calculated, a final copy of the agreement will be forwarded to the customer for approval and signature by their Comptroller and Approving Authority.

b. When the signed agreement is returned, distribution will be accomplished by the Garrison's Resource Management Office.

5. Annual Review of Agreement: An annual review of the Funding Annex will be accomplished by the Garrison's Resource Management Office, and the customer will receive billing statements with updated rates/costs.

for FY 15**

**Annex C
Timeline for Completion of Support Agreements**

Timeline for Completion of Agreements: In an effort to ensure that new agreements are processed in a timely manner and that agreements currently in place are revised in a timely manner, we have developed a tentative timeline for each step of the agreement process. We ask you, the customer, to work with us in staying within the established timeframes, if at all possible.

Please refer to the next two pages.

**Annex C
Timeline for Completion of New Agreement**

		# of Work Days (Does Not Include Weekends or Holidays)
Written contact (via e-mail, memorandum, etc.) from customer requesting support or notification from the DPW that a new customer is moving on post		
If customer has not identified specific services, send customer catalog of services and spreadsheet listing Garrison services. Ask customer to review and return Garrison spreadsheet indicating which services will be required.		
Upon receipt of spreadsheet from customer, review to determine if customer has requested support above the Common Level of Support. If support is requested above the Common Level of Support, prepare DRAFT agreement. Agreement number will be assigned on this day.	Day 1	14
Send DRAFT agreement to functional managers for review/input/concurrence/costs		14
Based on input received from functional managers, prepare revised DRAFT agreement		10
Staff to Legal Office for final review before submitting to customer		10
Submit revised DRAFT to the customer for their review/approval:		
Only local review required		35
Review required from higher headquarters		49
If customer has questions or requests changes, submit to the functional managers for their review		14
Final agreement in customer's hands for review and signature		14
Submit to Garrison Comptroller and Command Group for Final Signature		5
Total Number of Days to Complete New Agreement:		116

**Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15**

**Annex C
Timeline for Revising/Amending Existing Agreement**

		# of Work Days (Does not Include Weekends or Holidays)
Receive request from customer requesting that agreement be updated or Garrison determines that agreement needs to be updated	Day 1	
Prepare amendment or update agreement in its entirety		9
(Note: If agreement is updated in its entirety, the 180-day time period applies.)		
Send amendment to appropriate functional managers for review		15
Based on input received from functional managers, prepare revised DRAFT amendment		7
Submit revised agreement to Legal for review before submitting to customer		10
Submit revised DRAFT to the customer for their review/approval:		
Only local review required or		15
Review required from higher headquarters		21
If customer has questions or requests changes, submit to the functional managers for their review		7
If negotiations are necessary, schedule meeting to resolve		7
If negotiations are not successful, elevate to next level for resolution		7
Return amendment to customer for final approval and signature		5
Final amendment in customer's hands for signature		7
Submit to Garrison Comptroller and Command Group for Final Signature		5
Total Number of Days to Complete Amendment:		100

***If an agreement must be completely revised, the timeline for new agreements applies.**

Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15

Annex D
Reimbursable Policy

1. HQ IMCOM will direct-fund installation support to the maximum extent practical through the Base Requirements Model (BRM), with the goal of keeping intra-Army reimbursement transactions to a minimum.
2. Customers requesting services above the IMCOM-directed capability levels **MUST** provide funding for the incremental cost increase **QUARTERLY AND** in advance of services being rendered. The Garrison no longer has the ability to cash flow tenants above capability levels.
3. The Army funds facilities sustainment (i.e., the “S” of Sustainment, Restoration, and Modernization (SRM)) based upon the requirements earned through the Facility Sustainment Model (FSM) for facilities included in the installation real property inventory and maintained with installation appropriation funds. This excludes real property coded in the inventory as maintained through a separate customer appropriation (i.e., a non-Army customer). Reserve Component (US Army Reserve (USAR) and ARNG), receive the sustainment credit (and funding) for facilities that are used on a full time basis at an Active Component (AC) installation. The facilities must be coded in the real property inventory to reflect the actual funding and reimbursement responsibility for those facilities. Garrisons will correct, within 180 days from date of initial notification, any identified disconnects, such as a customer found to be funding routine maintenance and repair costs, but the facility is coded as being maintained by the garrison. See AR 405-45 and DoDI 4165.14 for additional guidance.
4. Facility maintenance and Base Operations Support (BOS) services for non-Military Construction Army (MCA) locally funded facility construction projects will be provided with a reimbursable charge for the first two years after the facility is constructed. The reimbursement rate for maintenance will be as established by the current Department of Defense Facilities Pricing Guide. The reimbursement rate for BOS Services will be based upon the current rates as published in this catalog.
5. Operating expenses are daily expenses, supplies, administrative and logistic services that all organizations fund as their overhead of doing business. These are items of supply and support for which Army leadership has deemed more practical for individual Army organizations to program and budget. The general rule is that the organization owning the mission and the people funds the daily operating expenses.
6. All customer commands and agencies must have adequate internal controls in place to prevent subordinate activities from using mission monies to purchase non- essential increased levels of common installation support services. Customer commands should not use the government credit card to bypass Common Levels of Support (CLS).
7. Non-Army Federal and DOD organizations fund all measurable and attributable incremental direct support costs.

Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15

8. Private and Commercial Organizations must have a reimbursable lease agreement and fund their expenses IAW the DOD Financial Management Regulation 7000.14-R, Volume 11A, Chapter 1, April 2013, Reimbursable Operations, Policy and Procedures; AR 210-22, Private Organizations on Department of the Army Installations; and AR 405-80, Management of Title and Granting Use of Real Property.
9. Bank and Credit Union agreements must follow the reimbursement policy in DOD 7000.14-R, DOD Financial Management Regulation – Volume 5, Chapter 34, May 2013, Procedures Governing Banks and Other Financial Institutions on DOD Installations.
10. Army Air Force Exchange Service (AAFES) – Per AR 215-1, AAFES operations are authorized APF for utilities at OCONUS locations and at CONUS locations designated as remote and isolated by AR 215-1. Utilities for all other AAFES facilities within CONUS are reimbursable; with the exception of wastewater (sewage disposal), which is a Garrison responsibility. Garrisons will bill AAFES for utilities supplied to facilities that are metered.
11. Reserve Officer Training Corps (ROTC) units, the Garrison follows HQ IMA Memorandum, IMAH-RMD-M, 6 May 05, subject: Guidance for Supporting US Army Cadet Command Organizations.
12. The customer is responsible for prompt payment of bills. All bills are delinquent when they are 60 days or more overdue. When bills remain delinquent over 90 days and the customer has not indicated a problem regarding delivery of services, the Garrison will not issue new orders or modifications to orders for the customer, and termination of existing services will be considered by the Garrison Commander.

**Annex E
Garrison Customers**

Redstone Arsenal Garrison
Common Levels of Support (CLS) and Reimbursable Services Catalog
for FY 15

The following pages document the customers eligible to receive the non-reimbursable services outlined in this catalog. We compiled this list using the installation's real property records and the Army Stationing and Installation Plan (ASIP).

Customers Eligible to Receive Non-Reimbursable CLS:

1. Alabama Industries for the Deaf and Blind (AIDB) – Building 3775
2. Army Audit Agency – Building 4488
3. Army Contracting Command – Building 7611
4. Army Materiel Command (AMC) – Building 4400
5. Army Materiel Systems Analysis Activity (AMSAA) – Building 7770
6. Army Research Lab – co-located with Aviation and Missile Research, Development and Engineering Center (AMRDEC) in Building 5400
7. Army Aviation and Missile Life Cycle Management Command (AMCOM) – Building 5300
8. Aviation and Missile Research, Development and Engineering Center (AMRDEC) – Building 5400
9. Army Corps of Engineers – Mobile District – Building 3213
10. Civilian Personnel Advisory Center (CPAC) – Building 3658
11. Colleges:
 - a. Athens State University – Building 3495
 - b. Columbia College – Building 3495
 - c. Embry Riddle Aeronautical University – Building 3495
 - d. Florida Institute of Technology – Building 3495
12. 81st Regional Support Command (units located on Redstone Arsenal)

for FY 15**

Customers Required to Reimburse for Support

As a general rule of thumb, Garrison customers not on the list above reimburse the Garrison for all measurable incremental direct support costs in accordance with (IAW) Department of Defense Instruction (DODI) 4000.19, Interservice and Intragovernmental Support. Customers who are not eligible for the nonreimbursable CLS defined in this catalog need to submit their support requirements to the Garrison Support Agreement Manager in the Resource Management Office (RMO) to develop a support agreement (DD Form 1144). The Redstone Arsenal Garrison has identified the following customers as falling in this category:

1. Alabama Space Science Exhibit Commission
2. Army Logistics Management University – 550 Sparkman Drive, Huntsville, AL
3. Army and Air Force Exchange Service – Building 3220
4. Army Central Reservation Center (ACRC) – Building 3205
5. Arrow Product Office (Missile Defense Agency) – 106 Wynn Drive, Huntsville, AL
6. Ashland Specialty Ingredients (formerly International Speciality Products) – Building 5565
7. Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) – Building 3756
8. Civil Air Patrol
9. Command Post Systems and Integration (formerly Tactical Operations Center) –
145 Research Boulevard, Madison, AL
10. Commissary – Building 3224
11. Defense Acquisition University – Building 3495
12. Defense Contract Management Agency (DCMA) (Headquartered in Dallas) – Building 3646
(south end)
13. Defense Contract Management Agency (DCMA) (Headquarters in Virginia) – Building 3646
14. Defense Logistics Agency, Defense Supply Center – Richmond – Building 5303
15. Defense Military Pay Office (DMPO) – Building 3494
16. Dental Clinic – Building 4100
17. Department of Defense, Inspector General (DODIG) – Building 3215
18. DLA Disposition Services – Huntsville (previously known as DRMO) – Building 7408
19. DLA Document Services – Building 5688
20. 81st Regional Readiness Command (units located off the installation)
