

# The Redstone Rocket

VOL. 1: NO. 9

REDSTONE ARSENAL, HUNTSVILLE, ALABAMA

APRIL 1, 1952

**RECEIVES CERTIFICATE**—Chief Oliver L. Green of the Redstone civilian police (right) receives a framed diploma for completing a Camp Gordon, Ga., course from Lt.-Col. T. G. Thrasher, arsenal executive officer. He finished a four-week, 172-hour class entitled provost marshal and security supervisor course at the Provost Marshal General's School at the Georgia post. (U. S. Army Photograph by Mrs. Jean W. Walker.)

## Blood Donors Give 209 Pints

**Contributions Passes Largest Quota Set In 3 Arsenal Visits**

Redstone arsenal people surpassed themselves during the third visit of the Red Cross Bloodmobile when their 209-pint donation went over the highest quota set in Madison County in the Armed Forces blood drive.

During its visit here, the Bloodmobile received 235 potential donors, and rejected only 26, one of the lowest rates in local experience.

Some of the blood will be processed and turned into the easily handled plasma, while some will be retained as whole blood. A portion of the contribution will be kept at Redstone, in the event of a disaster at the arsenal.

The first Bloodmobile visit in September saw 138 pints collected on the 125-pint quota, while in December, 184 pints were given in a drive for 165 pints.

The donors were required to be at the Bloodmobile station at Branch Dispensary No. 1 about 45 minutes. During this time they gave medical histories, had their blood typed, and donated blood. Afterwards volunteer workers provided snacks for the donors.

The Bloodmobile is manned by a trained crew of doctors and nurses who supervised the volunteer workers assisting at all stages of the program.

(Continued On Page 8)

## Scrap Kindling Sales Now Open At Salvage

Almost unlimited quantities of scrap kindling are available for sale at fixed prices through the Post Salvage Section at Redstone Arsenal, authorities at the local installation said today.

Arsenal employees are eligible to purchase the scrap lumber which is only suitable for kindling. The cost is as follows: 25 and 50 cents for a car-load; \$1, one-half ton pick-up truck; and \$2.50, one and one-half ton truck.

The kindling may be obtained from 8 a. m. through 4:30 p. m. on week days by contacting J. B. Engle, salvage property disposal officer, or Mrs. James Blackburn, salvage office employee. The office extension phone number at Redstone is 3-1250.

## Green Receives Certificate Award

Chief Oliver L. Green, former Huntsville policeman and head of the Redstone civilian police force, has recently completed a four-week provost marshal and security supervisor's course at Camp Gordon, Ga.

During the 172-hour course taught at the Provost Marshal General's School at the Georgia post, Chief Green received instruction in criminal investigation, various types of firearms, traffic, criminal law, security observance, fingerprints, sabotage prevention, and use of the lie detector.

It marks the second school that the Redstone chief has completed in the last five years. While on the Huntsville police force, he participated in a course given by agents of the FBI.

Originally from Riverton community, Chief Green was a municipal policeman for two and one half years. He is a retired Army sergeant of 26 years service and was appointed Redstone chief in September, 1950. The Greens reside at 1027 Vanderbilt Dr.

## Lightning Bolts Jolt Gate One

Civilian Personnel interviewers at Gate One have no faith in the so-called adage that "lightning never strikes the same place twice since two of their interviewers have been jolted by bolts there.

The latest is Barron Currin, who was shaken up slightly when lightning "ran in on the telephone lines" at Gate One during a rain-storm March 21.

"It knocked a hole in the top of the desk, and made me a little woozy, but that was all," said Currin. At the time he was writing a pass for two potential employees, Charles Thomas and Paul McGriff.

"McGriff, had just come through a tornado at Decherd, Tenn., and when the bolt hit he was about ready to go out the door," Currin said.

The interviewer said a second bolt flashed through the gate office shortly afterwards, "but it was light and nothing happened." When the first bolt struck, Currin said his leg was against the steel desk's leg which explains his shock.

Willie Wilbanks, a former Civilian Personnel interviewer, was also affected by lightning at Gate One about one and one-half years ago. Wilbanks is now in the Technical and Engineering Division.

## Student Adventurers Are Eager To Join The First Interplanetary Ventures

### Inquiries Are Sparked By Recent Magazine Space Travel Articles

This interplanetary flight business is "catching", and if you have any intentions of getting on board, you should file your application now!

At least that seems to be the reaction judging by letters received recently by Redstone scientists from several high school students. The prod which spurred the teenagers to take pen in hand was the March 22 issue of Collier's containing the series of articles on space travel.

These letters indicate that the American youth today as always is intensely energetic, still possesses a love of adventure, is extremely curious, and above all — wants on the ground floor.

One such letter, sent to Dr. Wernher von Braun, writer of one of the Colliers articles, is from an enthusiastic 16-year-old, Edwin Garver, of Harrisburg, Pa. Young Edwin, an 11th grader, has hopes of joining the construction crew which will build that space station and rocket ship.

Parts of Edwin's letter are as follows:

"I am a 16-year-old boy in 11th grade at senior high school. After I complete my high school course, I have no definite plans for the future. "While reading your material in Collier's, I came to the conclusion that I myself would like to be a member of a construction crew which will build either the space station or the rocket ship;

(Continued On Page 8)

## Column Capsules

No foolin'—and a day is a good day for it—but the first week of April is loaded for celebration possibilities. For instance, today is the birthday of the first Pioneer Bookwagon, it's the beginning of both National conservation Week, and National Laugh Week. April 3 is the anniversary of the first Pony Express (1860.) Washington Health Week. April 4, 1949 the north Atlantic Treaty was signed, and in 1790 Alexander Hamilton established the Coast Guard. Booker T. Washington was born April 5, 1850. April 6 is Palm Sunday, its the anniversary of Peary's 1909 discovery of the North Pole, Daughter's Day, and the beginning of Holy Week. April 7, 1880 is the opening date for the Metropolitan Opera.

Redstone accountants and auditors who recently attended the regular meeting of the Tennessee Valley Accountants Association at Athens College, include: Ed Atkinson and Frank Hayes, Rohm and Haas; Al Snyder, Ralph Lambert, and James Medlock, of Thiokol; Stanley Veatch and C. A. Stambaugh, of Army Audit Agency. The group heard a trio of speakers from the University of Alabama's School of Commerce and Business Administration.

A single accident at the arsenal last week marred another chance to improve the traffic safety record, according to Provost Marshal reports. The accident occurred on Warehouse Rd. as a government sedan attempted to pass a tractor and trailer. The sedan collided with a ton-and-a-half truck. Damage was minor, and no injuries incurred.

## 3 Redstone Wives Now U. S. Citizens

By HELEN HANSMEIER

Three women, whose husbands are associated with Redstone, became American citizens March 27 during a ceremony at the Federal district Court in Birmingham. They are Mrs. F. G. Broyles, Mrs. George DeWitt, and Mrs. Charles C. Hurt. A total of 47 Alabamians, originally from many countries, were in the group receiving American citizenships.

Mrs. Broyles' husband is employed in the Technical and Engineering Division. She is a native of Canada, and first came to the United States to live when her father, a Presbyterian minister, received an appointment in Boston.

The family later moved to Montgomery, Ala. where they have lived for the past 21 years.

Mrs. Broyles, who is the former Miss Jessie D. MacGuire, daughter of Dr. and Mrs. Donald C. MacGuire, first applied for her citizenship 10 months ago. She expects to be employed at the arsenal in the near future, her assignment awaiting the time when she would receive her citizenship.

A native of Germany, Mrs. DeWitt came to the United States in 1947 after her marriage to Capt. DeWitt, company commander of the 9330 TSU. She met her husband while she was employed by the American Military Government in Germany, where she worked in the same office with him.

While living in El Paso, she first applied for citizenship but a move to Alabama in the Spring of 1950 made it necessary to re-submit her application. Completion of the process has taken two and one-half years. The Dewitts have a daughter.

(Continued On Page 8)

## \$3,536 Is Donated For Red Cross

**Arsenal Campaign Call Success By Col. Hudson Chairman Are Praised**

The Redstone Arsenal Red Cross appeal was regarded as a complete success today by volunteer chairmen who have turned over \$3,536 contributed by civilian and military personnel, contract companies, and leases, Col. Carroll D. Hudson, commander, reported.

Originally, it was estimated by Madison County Red Cross officials that about \$2,500 would be contributed by Redstone employes. This estimate was exceeded by more than \$1,000. The success of the appeal was praised by Col. Hudson who emphasized that Redstone personnel have never failed to do their part in every campaign held.

As would be expected, the bulk of the contributions were made by civilian employes. Workers in the Manufacturing Division and other civilian employes gave a total of \$2,576.65. Capt. John J. Horan, appeal chairman, also cited the efforts of all volunteer workers who were instrumental in labeling the campaign a success.

Other donations by the respective arsenal groups are as follows: Algonquin Co., \$77.50; Calabamba Chemical Co., \$68; John Powell Chemical Co., \$36.45; Redstone Officers, \$123; 3523rd ASU, \$87.58; 9330th TSU, \$87.27; Thiokol, \$265.55; and Rohm and Haas, \$214.

All appeal canvassers who assisted in the Redstone campaign will receive certificates of merit signed by E. Roland Harriman, national Red Cross chairman.

(Continued On Page 8)

## Nurse Is Assigned To Redstone For Second Duty Tour

Capt. Thelma Crowell, originally of Tuscaloosa, has been reassigned to the Infirmary at Redstone Arsenal, Ordnance Corps rocket and guided missile center, for the second time in her near 14 years of Army Nurse Corps service.

The Army nurse came here from Korea where she spent 17 months with the 68th Field Hospital. She arrived in Inchon in September, 1950, with the 121st Evacuation Hospital and made 18 moves during this time. Capt. Crowell also spent two months on the General Ainsworth hospital ship, in Hungnam harbor taking care of soldiers wounded in November and December.

It also marked her second tour of duty in Korea. She was there for eight months in 1946 with the 68th Field Hospital at Seoul. The Army nurse was stationed at Huntsville Arsenal, now a part of Redstone, in 1948 as a general duty nurse.

During World War II, Capt. Crowell spent a year in Okinawa. She entered service in 1938 after graduation from the Hillman Hospital in Birmingham in 1937. She is the daughter of Mr. and Mrs. Perry A. Crowell, 1724 Fifth Ave., Tuscaloosa and a member of the American Nursing Association.

## April 22 Picked For Rocket Meet

**9 Directors Are Elected By Chapter; James Gives Space Ship Talk**

The next meeting of the Alabama chapter of the American Rocket Society is scheduled April 22 at the Huntsville City Hall annex, Martin Schilling, chapter president, reported yesterday.

Plans are being made for a lecture on the governmental point of view in rocket development, other club officials explained. During a meeting on March 26, society members heard Pfc. George S. James, assistant technical editor in GMDG, describe the part such civilian groups must play in space travel.

During the meeting, members elected nine to the board of directors. They, and other officers will serve until the society's general election in November. Those named were George Handerson, James J. Fagan, Dr. H. W. Ritchey, Dr. George H. Messerly, Dr. W. M. Mebane, Dr. Kurt Debus, Dr. Krafft A. Ehrlicke, Dr. Wernher von Braun and Gerhard Eller.

The chapter also adopted a constitution and by-laws, which opens the membership to anyone living in an area not served by another group. The membership is not limited to those who are actively engaged in rocket work. Associated memberships are open for all who are interested.

Applications can be made by contacting Arthur Andrews, Guided Missile Development Group, at Ext. 5374.

**FIELD SERVICE EMPLOYEES RELAX OVER MILK, POP**—The men assembled around the table, all Field Service Division workers, have donated a pint of blood for defense during the visit of the Red Cross bloodmobile to the arsenal on March 25. Red Cross volunteer canteen workers from left

to right include: Mrs. Abe Goldstein, chairman, Mrs. A. F. Britnell, Mrs. Edgar Davis, and a volunteer nurse. During the day, 209 pints of blood were donated at the Branch Dispensary No. 1, in the 9330 TSU troop area. (U. S. Army Photograph by Jean W. Walker.)

**BLOOD SAMPLES TAKEN**—In this shot, Mrs. Hugh Doak, Jr., lab-technician and registered nurse at the Huntsville hospital, obtain blood sample analysis from Miss Eleanor Cockes, nurse employed at the Redstone Arsenal infirmary. Other officers and enlisted men assigned to the infirmary are shown in the background. They include Maj. John O. Tallman, medical administrator (center background) and Pvt. Philip Keenan. (U. S. Army Photograph by Jean W. Walker.)

## Post Engineer

### FIRE DEPARTMENT

By AUSTEN COUCH

Fire fighters McVey, Haines, Carr, and Fred Malone visited Jesse Malone at the Old Marine Hospital, Memphis, March 21. Jesse was recovering from a major operation and apparently was in very good spirits in spite of the fact that a second major operation is scheduled for him next week if his physical condition permits. All of his buddies wish him the same good fortune and a speedy recovery.

C. A. Burns has reported for duty at Fire Station No. 5, and is assigned to "C" shift. Burns is a veteran firefighter and hails from Red River Arsenal, Texarkana, Texas. He fills the vacancy created by the transfer of Austin J. Smith, who is reporting to the fire department at Parris Island Marine Base, Beaufort, S. C.

### UTILITIES SERVICE SECTION

By NITA FLOWERS

W. H. Matthews is very happy these days over the recent appearance of his daughter, Irene, the "Trippin' Around" show held at the Huntsville High School Auditorium. Irene, young, blonde, and very pretty, sang in a specialty act.

Howard L. Bursleson has replaced Hank Matthews as structural inspector. Matthews has recently taken over our duties as operations planner specialist.

### OFFICE SERVICE UNIT

By ELLA TYSON

During the week of March 17, a training course was conducted for the superintendents and employes of the field offices, under the supervision of John A. Dyer, Chief of Budget & Cost Section, P. E. The first part of the course was conducted by Mrs. Lucile Adams, the second by Tom Wooten. The purpose of this course was to better acquaint the employes with the processing of each work order request,

the procedure for issuing work orders, and the necessary costing during and after completion of work.

It began with the origin of the R & U work order request, with exhibits showing the number of places this request must be sent in the process of being approved. After approval, the procedure for issuance of work orders was explained. The importance of reporting accurate cost information so that office records will be correct was stressed.

It was explained that each employe acts in the capacity of an accountant in reporting cost on each job, and the Cost Section becomes auditors.

We feel that the school was very beneficial as it enabled new employes to learn proper procedures and old employes had the benefit of a refresher course.

On March 20, the Post Engineer softball team had their first practice session. Hank Matthews, manager, said there was a lot of good "material" there, but in order to fill out the roster no later than April 14, it will be necessary to have five or six more men. If any of you are interested in trying out for the team call Hank at 3-1105 or Loyd Tallent, at 3-1185.

Needless to say, Hank says we will have the best team ever. Hank asks for the support of the fellow workers here, for he says in order to be spurred on to play an even better game, the players would like to have their fellow-employes present.

Post Engineer welcomes Mrs. Eleanor Patten, who has just moved to Huntsville, from Aberdeen Proving Ground, Md.

## Post Headquarters

BY MONA KING

Headquarters is a fascinating place. It is always filled with beehive activity - the rustling of paper, the clattering of the mail cart, the staccato sound of typewriters and the brisk footsteps of important visitors following the receptionist to their respective places of appointment.

Then there are the newcomers from 'way up North or 'way out West who have come to Redstone to add to the cosmopolitan atmosphere.

The latest newcomer in Management Improvement is Mrs. Gervaise Wyss, better known as Gerry. She is from Toledo, O. originally, but more recently South Bend, Ind. During her service with the government she has spent 4 years in Germany and 2 years in Honolulu.

While she was with Headquarters, European Command in Germany, she frequently took weekend jaunts to France, Luxembourg, Switzerland or Italy and learned a lot of interesting facts about the people as well as their language. We're glad to have her with us and hope she will enjoy working at Redstone.

Miss Nancy Orgain was one of the fortunate ones who went to the gay, colorful Mardi Gras at New Orleans. She breathlessly described the pageantry of the parades, costumes and revelry that prevailed during the reign of King Rex. After all the adjectives she used in describing the event she added, "It was all wonderful and I want to go again, but - oh, it was so good to get home to my own little bed and just sleep."

Nancy, formerly of the Adjutant's Office is now gracing Cole Reasin's office.

She replaced Mrs. Nell Chreitzberg who replaced Mrs. "Teensie" Stroupe now on "Stork Leave." With all the ladies who will be leaving soon for similar reasons, it might be a good idea for the government to install a nursery. Then the mothers could stop their typing, etc., to go give baby the 10 o'clock bottle etc. Well, it's just a suggestion.

Ann Schrimsher recently resigned from the Adjutant's office when her soldier husband landed state-side from Korea.

The replacements for Nancy Orgain and Ann are Mrs. Margie Gre-

KING

**CONTRIBUTES BLOOD FOR DEFENSE**—B. O. Patterson, (left) Field Service Division employe, donates a pint of blood on March 25, during the third visit of the Red Cross bloodmobile to Redstone Arsenal. Nurses shown above from left to right are Miss Roberta Harris, Red Cross bloodmobile nurse from Birmingham, and Miss Emily Heard, registered Huntsville nurse who was a volunteer worker. During the day, 235 arsenal civilian and military personnel were processed and Red Cross authorities cited the law rejection rate . . . only 26. The assigned quota was 200 pints of blood. (U. S. Army Photograph by Jean W. Walker)

uel from Toledo, Ohio, who is a new employe, and Mrs. Mary Frances McCalmon who transferred from Budget and Fiscal.

The first signs of Spring are the chirping of the birds, the whirring of lawnmowers and above all - the wedding announcements in the papers.

Two girls who are contributing to vital statistics of the Marriage Bureau are Lula Frances Smith and Catherine Pylant. Pert "Lulu" became the bride of Vernon Gridler, March 17 in Rossville, Ga. After a short wedding trip, Lulu will return to the arsenal and her husband will return to camp at Clarksville, Tenn. With this arrangement, the bus company should reap fabu-

lous profits this year.

Mona King, one of the friendliest folks in Management Improvement is taking over the regular appearance of the Headquarters column.

Besides an innate interest in people, Mona has the additional background of being a correspondent for Rison High School to The Huntsville Times.

Off duty, Mona has a deep interest in theatrical work, viz. Little Theater; reading, sports and roller skating.

Besides attending Florence State Teachers College, she is now studying at the University of Alabama Center, Huntsville.

## First Wherry Homes Footings Are Poured - Five Days Ago!

The first of the Wherry housing units scheduled for Redstone Arsenal on Goss Road near Bldg. 111, are already under construction—within three days after the builder—operators V. and M. Homes, Inc., Memphis moved in.

The first footings were poured by the Tennessee construction company Friday noon. Bulldozing of the hillside military housing site began Tuesday, along with erection of construction shacks.

Above are scenes of the swift progress being made on the building of the 120-unit project.

At left H. F. Van Nieuwenhuyze, the V. in V. and M. Homes, Inc., checks the surveying with a transit while W. W. Mink, the M. in V. and M. watches.

At top right is a general view of the construction structures being erected for the project. In the foreground is the framework for the construction offices. In the background at right is the tower of the portable concrete mixer to be used on the job.

Bottom right, E. E. (Gene) Allford, Post Engineer, the arsenal's project engineer for the project, Van Nieuwenhuyze, and Mr. Fowler of FHA watch as the first footings are poured Friday afternoon.

Earlier the Memphis concern representatives said the first units will be ready for occupancy within four months. The 120-units are expected to be finished completely within nine months to a year.

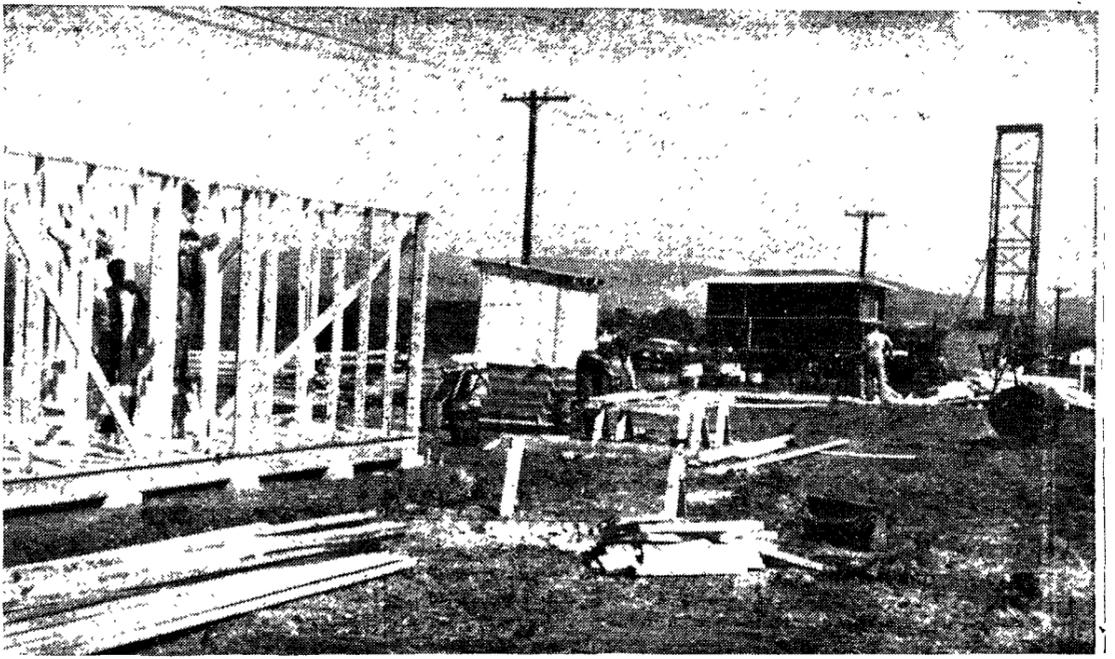

Modernly designed, the one-story brick veneer homes will be two and three-bedroom accommodations. They will be arranged in multiple units, duplexes, and single units.

The homes were designed by Van Keuren, Davis of Birmingham.

The Memphis company obtained the construction rights with a bid of \$945,720.

The homes are designed primarily to relieve military housing problems in the area.

Chief: "A ship's bottom is one of its most important parts."  
Midshipman: "The hull you say."

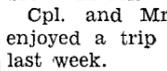

## USA Infirmery

By C. L. BISHOP AND SGT. HENRY CARDIN

Capt. Thelma Crowell has been assigned to the USA Infirmery after serving with an Evacuation Hospital in Korea.

Cpl. Jeff Thompson has been assigned to the USA Infirmery after serving two and one-half years in Japan. The Infirmery personnel enjoyed a nice party at Camberton's March 21.

Cpl. and Mrs. Fred Stevenson enjoyed a trip to Pensacola, Fla., last week. John Kmetko and Sfc. Saxon attended the funeral of Sgt. Newt Ragle, husband of Mrs. Jean Ragle, nurse at Infirmery, in Chattanooga last week. Our deepest sympathy is extended to Mrs. Ragle.

Quite a few of the Infirmery personnel were blood donors for the second time this week. The Infirmery is very proud of its newly painted interior walls.

1st Lt Cecil D. Aldridge is very much pleased with his new 1952 Plymouth. Stalemate: Husband who keeps telling the same jokes. (AFPS)

## Veatch Heads New Contract Section

Stanley A. Veatch, 1706 Alabama Ave., has been appointed as chief of the Contract Administration Section at Redstone Arsenal.

Veatch, who prior to the new assignment was resident industrial auditor for the Army Audit Agency at Redstone, says the new section will eventually effect a centralization of all contracting activities in the Purchasing and Contracting Division. He will be the contracting officers' representative on all "cost type" contracts.

Succeeding Veatch as the Army Audit Agency chief is E. O. Tolonen, 1918 Thornton Cir. Huntsville. Veatch, a native of Bedford, Ind., has been in government service for 11 years as an auditor and accountant. He was formerly associated with the Ordnance department. He has been at Redstone since February, 1950.

Tolonen, the new resident industrial auditor, has been at Redstone working with the contract companies for the Army Audit Agency, for about two years. He has had about 18½ years previous experience with government agencies as an auditor.

Holmes: "Ah, Watson, I believe you have on your winter underwear."

Watson: "Astounding, Holmes. How ever do you know?"

Holmes: "Elementary, my dear fellow—you've neglected to put on your trousers."

Wool allergies in infants are being circumvented by the manufacture of tiny tots things in a non-allergic fabric.

## Rocket Research Aids Development Of Anti-TB Drug

Washington (AFPS) — The battle of medical science against tuberculosis has found unexpected aid in a chemical used by the Army Ordnance Corps for research on rockets.

The chemical compound, hydrazine, originally was manufactured as an improved explosive for propelling projectiles. Recently, development of a family of new anti-tuberculosis drugs was announced, with hydrazine an essential part.

As a result, the Army Ordnance Corps voluntarily deferred deliveries of the chemical for its own investigations to enable medical researchers to continue tests on the new drugs.

More than 200 patients, whose advanced TB cases appeared to be hopeless, have been treated with the new drugs. Almost all are improving. While tests are most encouraging, the new drugs are not yet considered a cure for tuberculosis.

"Is kleptomania catching?"  
"No. it's taking."

# The Redstone Rocket

The Redstone Rocket is a civilian enterprise newspaper published every Tuesday in the interests of Redstone Arsenal personnel. It is published by special agreement between Jay Thornton, Haleyville, Ala. printer, and the Central Post Fund and Civilian Welfare Council, Redstone Arsenal, Huntsville, Ala.

The Rocket is NOT an official or semi-official Army or Ordnance Corps publication. Policies and statements reflected in the news and editorial columns represent the views of the individual writers and under no circumstances are they to be construed as those of the Department of the Army.

All editorial material for publication must be submitted to the Public Information Section, Bldg. A-101, Tel. 3-2123 and 3-2201.

All advertising and ad payments are handled by Jay Thornton, Haleyville, or his representative, Fred M. Montgomery, 324 Walker St., Huntsville, telephone 2810. Appearance of advertisements of products in The Rocket does not constitute an endorsement by the Department of the Army.

Armed Forces Press Service material is used in compliance with AFPS policies. Civilian newspapers are not authorized to reprint AFPS material.

## Post Surgeon --- Penicillin Discovery Is Modern Miracle

By CAPT. T. C. McOSKER

A little over a decade ago a man named Fleming made a discovery which has saved an untold number of lives.

The story is told that a fungus called penicillium notatum accidentally fell on a little bed of streptococcus germs that were growing in his laboratory and he noted that the germs could not grow in the same bed with the fungus.

From that observation has proceeded penicillin and eventually all the wonderful drugs we call antibiotics. Actually, the importance of this discovery was not realized at first, but by 1944 doctors were amazed as previously fatal diseases proved to be push-overs for the new drug.

Within a few short years the whole course of treatment of many infections changed. Surgeons found that some formerly common conditions requiring surgery were virtually abolished and that they could dare to do longer and more complicated procedures since the fear of infection was so lowered.

At first penicillin was reserved for the men who were fighting the wars. Wounded men, who surely would have died 5 years before, lived and were healed.

As it became more available to the general public, pneumonia death rates already lowered by the sulfa drugs fell even faster and patients who could not have worked for months were back earning their livings in a matter of days.

It is truly one of God's greatest gifts to man. It is interesting and somewhat fitting that, as is the case with most all medical discoveries, Fleming received only a knighthood from the King of England. He could have become immensely rich but he gave his discovery free of charge to mankind. Most people do not even know his name.

## Clerk-typist Exams Are Announced By Examination Board

The U.S. Board of Civil Service Examiners at Redstone Arsenal is seeking applicants for clerk-typist positions paying from \$2,500 to \$2,950 a year.

Applicants must be at least 18 years old, and must pass a two-hour written examination. The test will examine learning aptitude and occupational adjustment ability as well as typing and clerical proficiency.

Appointments for successful applicants will be on an indefinite basis and will not confer a competitive Civil Service status. Successful applicants will be notified when their services are needed.

Each applicant will be notified of the time and place of the examination. The applicants must furnish their own typewriters for the

## Rohm & Haas

By WILLIE M. DEARING

Several new employes have been welcomed to Rohm and Haas in the last week:

George B. Pittman of Redstone Park came to work in the Engineering and Maintenance Dept. as a plumber and pipe fitter on March 10; William C. Sweetland of Athens, began work March 12 as a laboratory helper in the static range area; Mrs. Margaret E. Smith of Huntsville is now working in Property and Stores; and Cecil Jackson of Tuscaloosa is new on the job as administrative assistant to the personnel manager.

Tentative plans for a ping-pong tournament were announced by Charles O. Metzger of Propellant Research Lab in an interview March 12. Any man who works for Rohm and Haas is eligible to enter, as no qualification trials are to be held.

Metzger stated that definite arrangements about the time and place have not yet been made, but the date will probably be in April.

To cover the cost of a trophy and beer, the organizers have set an entrance fee of 50 cents per person. The people to see for registration and for further details are Metzger, Robert B. Adams of Engineering and Maintenance Dept., and Edward S. Palasthy of Research Engineering.

Another organization just getting on its feet is a men's chorus which is being promoted chiefly by Norman Harberger of the Computing Section and Dr. Henry Shuey of the Ballistics Section. The first meeting and rehearsal was attended by approximately 15 men on Feb. 5. Since that time, several other people have expressed interest, and it is planned that weekly meetings on either Tuesdays or Thursdays will begin soon.

A cooperative plan has been worked out with the Men's Glee Club at R&H Bridesburg, whereby the local group will use music owned by the established Bridesburg group.

### Ballistics Section

Perhaps you noticed in the last edition of The Redstone Rocket the item mentioning that Euclid Womack is only too glad to accommodate "late workers" with a ride home. Just as a matter of interest, girls, Janet McWhorter accepted this accommodation and is now sporting a red eye. No, we don't mean black. Accidents will happen, you know.

March 10 was Ballistics Section's "stay-at-home" day. Bernie Iwancio and Cliff Black had to play nursemaids to their respective families who were ill; Bill Good spent the day in bed - just being sick; and Hank Shuey was in Tuscaloosa training to round up some erstwhile specimens (engineers, physicists, etc.) to add to the technical staff of Rohm and Haas.

To all who have not seen our pride and joy (newly arranged secretarial office, with a scattering of new furniture thrown in), we extend an invitation to take a look. We are as proud as punch.

We are glad to report, however, that all have returned, and things are again running smoothly.

### tests.

Forms for application can be obtained from the Executive Secretary, U.S. Board of Civil Service Examiners, Redstone Arsenal, or from any first or second-class post-office.

The applications should be filed with the Redstone board.

**TOPS IN PROJECTION COURSE**—O. B. Schlotterbeck, Technical Services Group, stands a fair chance of being the only one of about 40 persons taking the Signal Corps projection training course of passing the quiz 100 per cent. So far, the Redstone photographer is the only one in 27 graduates with a 100 per cent final, according to M-Sgt. Harold E. Hollis. (U. S. Army Photograph by Cpl. John Campoy.)

## From The Chaplain

By L. A. WILLIAMS

Just outside the gates of Jericho on the road that led to Jerusalem sat a blind beggar named Bartimaeus. It was the desire of Bartimaeus to gain a meager existence through his affliction.

One day a new influence came in to the life of Bartimaeus that created a deeper desire in him. As the Lord passed by a hope came to Bartimaeus that awakened a greater desire within him, a desire to be freed from darkness to the glorious light that revealed God's handiwork. So great was this desire that it led Bartimaeus to action. He arose, came to Jesus expressing his greatest need, "Lord, that I may receive my sight."

We too, can profit from this experience of Bartimaeus.

1. We must have a desire to rise above the commonplace in life. We do not need to remain in the valley when, with a little effort, we can gain the mountain top where the sun is brighter and vision is greater.

2. We must initiate action to fulfill that desire. Nobody stops to help the man who makes no effort to rise.

3. Our deepest longing can be made real. No goal in life need be impossible. The more we strive to reach that goal the smaller the obstacles will become. Bartimaeus succeeded. Will you?

## Purchasing & Contracting

By MILDRED S. WILKINS  
Our appreciation goes to all Purchasing and Contracting personnel for their excellent cooperation in the Red Cross drive.

We are happy to have Mrs. Burmah McCrary join P & C Selection. Mrs. McCrary recently transferred from the General Accounting Office, Washington, D. C. C. D. Hopkins, chief, Purchasing and Contracting, made a flying trip to Jacksonville, Fla. the week-end of March 7 to be best man in his niece's wedding.

Mrs. Mabel Harwell spent the week-end of March 15, in Birmingham.

## Civilian Personnel --- Probation Period Is The Final Exam

By H. B. CARPENTER

The Civil Service Commission regards the probationary or trial period as a final and highly significant step in the examining process. It provides the final and indispensable test, that of actual

performance on the job, which no preliminary testing methods can approach in validity.

During the probationary or trial period, the employee's conduct and performance in the actual duties of his position may be observed, and he may be separated from the service without undue formality if circumstances so warrant.

Thus, the probationary period, properly utilized, provides protection against the retention of any person who, in spite of having passed preliminary tests, is found in actual practice to be lacking in fitness, and capacity to acquire fitness, for permanent Government service.

Properly used, the probationary or trial period affords an opportunity for fostering the interest of the probationer as well as of the first contact with the federal service.

Intelligent and considerate treatment during the probationary period will often have a lasting effect on the career of the employee, and will often save, for useful and efficient federal service employees who would otherwise be separated, or retained in positions in which they have little prospect of success.

During the probationary or trial period, the supervisor should take the following action:

1. He should observe the employee's conduct, general character traits, and performance closely.
2. He should try to understand the employee's problems and give him proper guidance.
3. He should study the employee's potentialities closely and try to determine whether he is suited for successful government work.
4. If it becomes apparent, after full and fair trial, that the employee's conduct, general character traits, or capacity are not such as to fit him for satisfactory service, the supervisor must initiate action to separate the employee.

Such action should be taken as soon as these facts become apparent, and should, in any event, be taken in sufficient time for the employee to be notified, prior to the expiration of the probationary or trial period, that he will not be retained.

**PALM SPRINGS**—Lifting-voiced Dinah Shore is an accomplished "paintbrush" artist, as well as a singer. The Tennessee-born songstress paints as an avocation. She has sold two of her works for substantial sums. Actor-husband George Montgomery, also a skilled craftsman, makes the frames for Dinah's artwork. "The trouble is," moans Dinah unlyrically, "his frames are so much better than my pictures."

## Trained Projectionists Are Provided By School

Graduates from the third class of the Signal Corps projectionist course at Redstone Arsenal brings to 27 the number of persons qualified to use arsenal-owned movie and still projectors, M-Sgt. Harold E. Hollis, reports.

The course was initiated to provide training and licenses for those persons who will be using the projectors at Redstone. The classes last for 20 hours and include operation instruction in two 16 millimeter motion-picture projectors, and in three still-picture projectors. According to Army regulations, Hollis said, no one but a regularly licensed operator may use the projectors.

The training course at Redstone is open to personnel from any division or work unit where use of projectors is necessary. The classes are held at the Conference Hall.

The fourth class is scheduled this week. Persons desiring further information may contact Maj. Henry Kincaid, post Signal Officer, or Sgt. Hollis at 3-1126.

ham. Mrs. Hazel Oakes, Mrs. Martha Wright and Miss Virginia Holly are among those who attended the Ice Follies in Birmingham.

Everyone regretted the resignation of Mrs. Grace Keith. Mrs. Keith has returned to her home in Memphis.

Mrs. Mary Garrison is back at work after several days illness.

**WASHINGTON, (AFPS)**A total of 107,699 awards for heroism or outstanding service have been awarded U.S. soldiers during the first 18 months of the Korean fighting. This includes 28,000 Bronze Stars, 62,168 Purple Hearts, 6,499 Silver Stars, 441 DSCs, 249 Soldiers' Medals, 50 DSMs, 834 Legions of Merit, 4,226 Air Medals, 480 DFCs, 4,233 Commendation ribbons.

# Softballers Whoop-it, Wind-it; Scoop-em, Catch-um; Hit-um Up In Early Practice

It takes all kinds of diamond activities to make a successful softball team, and only practice will bring these needs into polish. Around Redstone these days members of the 12 softball teams are flexing their muscles, then rubbing on the liniment, all for the cause of a Summer of good sports. The league opens April 15. Above are a few shots taken recently of some of the league's potential diamond stars as they knock off the winter's coat of dust on their ball playing abilities. Pfc. Henry Weimann, Bldg. 781 shortstop, gets in rare form heckling the batter. Outfielder, Pvt. Dave Doynow, could be

measuring the distance to home plate from "deep" center field in preparation for a pick-off throw. Cpl. Joe Norris, pitcher-outfielder, picks up a hot one from the photographer during the recent practices. Both Doynow and Norris are Bldg. 781 teamsters. Cpl. Robert Lindstrom is ready to lay it away, and Bill Estes, captain-manager of the Bldg. 781 team is ready for those pitches that get by the batter. (U. S. Army Photographer by Pfc. Richard Bisbee.)

## Softball League Rules Are Given

Here are the rules by which the 1952 Redstone Arsenal softball league will be governed. The rules were formulated by Special Services and presented to coaches and managers of the teams in a series of meetings:

1. Each team will be allowed 18 players including manager. If there is a new player to be added, the player must sit out one game on

The softball league schedule appearing in last week's Rocket for April 29 should read:  
 Field 1. 781 v. Thiokol  
 Field 2. 9330-1 v. Off.  
 Field 3. P.E. v. Ord.

- the bench before he is eligible to play in the next game.
2. Each team will pay the umpires \$2.00 per game.
3. Each team will pay a \$5.00

## Summer Volleyball Play Starts Apr. 2

Play in the YMCA Summer Volleyball league is scheduled to get underway tomorrow night at 5:30 at the open air court of the Y in Huntsville.

Five teams will be competing in the new league, which will play in the long summer evenings, and possibly under lights for the next five months.

The teams include a group from Redstone's 3523 ASU; the Missilemen, a group of Redstone employees; the Ramblers, a team sponsor-

entry fee before April 14.  
 14. Rosters of all players will be sent to the Special Services office prior to the beginning of the league, April 14.

5. Each team will play two games a week.

6. Any postponement will be made by agreement of the managers of both teams and notification sent to the Special Services office 24 hours in advance.

7. All games are scheduled to start at 2-4 p. m. and a fifteen minute grace period is in effect before a forfeit is called.

8. In case of forfeit, the team that forfeits must pay umpire services of \$4.

9. Umpires will report the results to the Special Services office before 9 a. m. of the following day.

10. A three-round schedule will be played.

11. A Shaughnessy play off between the four top teams will be played at the end of the season.

12. Managers and team captains will discuss any situation that may arise and not by the team as a whole.

13. Protest will be governed by the rules committee and a decision will be reached and passed along the following day.

14. All playing rules will be covered by the 1952 Official Softball Rule Book.

15. No spike will be used at any time.

## Y League Finals Are Rescheduled

The YMCA, last week won its chance to play the league leading 9330 TSU volleyball team in the YMCA League finals last night with a double win in the quarter and semi-finals of the tournament.

March 14, the Y team downed the Missilemen three straight 15-2, 15-7, and 15-1. They took General Shoe the following Monday night 15-7 and 15-12.

Originally scheduled to play the first of the possible three games of the finals on March 25 with 930, the game was called when the soldier team was broken up temporarily by a Third Army basketball tournament in Ft. Jackson, S. C.

The game was rescheduled for last night.

## Cagers Defeated In Army Tourney

The Redstone Arsenal All-Stars went down to defeat, 80 to 65, March 26 in the final game of a double elimination Third Army basketball tournament held at Ft. Jackson, S. C., last week.

The Redstone cagers, playing off their customary pace, were unable to stop the fast-moving offensive thrusts of the Ft. McPherson quintet. In the opening game played by the Georgia cageters, they were trounced, 82-59 by a strong Ft. Bragg team.

Redstone team members also went down to defeat in their opening game against an Atlanta General Depot outfit, 70 to 43. Generally speaking, the first two days of the tournament were marked by wide open scoring with the final winning talliee in the 70's, 80's and 90's.

Arsenal squad members who made the trip were William Buss, Ralph Weitenbeck, Kenneth Yamashita, James Pusch, Roy Rogers, George Stephenson, Frank Carlborg, Allan Holtzman, Jerome Kassel, Jasper Keiser, Peter Perino, and Ralph Shymkus.

Ten teams participated in the tourney and the winner will repre-

ed by the YMCA; the First Presbyterian Church, and the Cumberland Presbyterian Church.

Two games a week will be played by the league. Referees and general league operation will be provided by the Y.

Scheduling for the year was decided last night when the team managers and captains met to draw for positions.

As a result of an earlier meeting, it was decided vacations might hamper the overall operation of the league. It was decided that teams could have as many players as they needed to keep up performances in spite of the summer absences.

Play will probably continue until the middle of September.

## Umpires Needed For Loop Games

An appeal was sounded yesterday by Sgt. Harry Martin, Special Services athletic instructor, for more Redstone civilians and military personnel to act as umpires in the arsenal softball league.

The pay is \$2 per game and only ten men have been signed up to date. They include: Bill Dinges, Management Improvement; Bill Fleming, management Improvement; Cpl. John Campoy, 9330; Pfc. Jack Keiser, 9330;

Pfc. Jerome Kassel, 9330; Pfc. Walton Elliott, 9330; Sgt. Harry Martin, 3523; Cpl. Raymond Jones, 3523; Sgt. Leon Abbott, 3523; and Reuben Sims.

In order to get things under way for the league opening on April 15, an umpire's clinic was held March 28 at the Special Services office. At this meeting, 1952 rule books were distributed and rule changes effective this season were explained.

Anyone desiring to umpire Redstone league games is urged to contact Sgt. Harry Martin at Ext.

sent the Third Army in the All-Army tournament at The Presidio, Calif., scheduled from May 27 to 31.

No. 5615 in the Special Services office.

## Miss Pylant Announces Plans For Her Wedding

Miss Catherine Pylant, employe in the Mail and Records Section, has announced plans for her marriage to James Robert Sandlin, employe in the Materials and Testing laboratory of the Guided Missile Development Group. The wedding will be at 5 p. m. April 6 at the First Methodist Church in Huntsville, with the Rev. A. H. Nabors reading the vows.

Miss Pylant is the daughter of Mr. and Mrs. James Leland Pylant, 1921 Whitesburg Dr., Huntsville, and Mr. Sandlin is the son of Luther Emmons Sandlin, 108 N. Grove St., Huntsville.

Mrs. Frank Ware, organist, and Nick Flood of Athens, vocalist, will present the nuptial music.

The bride-elect has chosen Mrs. Eddie Miller, Tampa, Fla., a cousin, as matron of honor. The bridesmaids will be Mrs. Jack Buchanan, sister of the groom, Mrs. Ted Hudson of Flintville, Tenn., Mrs. Jimmy Pylant of Fayetteville, Tenn., cousins of the bride, Mrs. F. B. Farris of Decherd Tenn., and Mrs. Floyd Sandlin.

Floyd Sandlin will serve his brother as best man. Raymond Wenger of Winchester, Tenn., Jimmy Pylant of Fayetteville, Tenn., Willard Miller of Birmingham, Jack Buchanan of Huntsville, and Howard Sandlin, brother of the groom will be ushers.

Following the ceremony, the bride-elect's parents will entertain with a reception at the Russel Erskine Hotel.

## Farewell Party Honors Employe Called To Army

Personnel of the office of the Fuselage Design Section of Aerodynamics and Structures Branch held a farewell party recently for Curtis McMinn, who has been employed there as a draftsman.

He has been recalled to active duty in the Army as a lieutenant, and will be assigned to Ft. Bragg, N. C.

The group first attended a cocktail party at the home of Mrs. Margaret Speake, 303 E. 12 St., Huntsville, then went on to Steadman's for a steak dinner. At the dinner, McMinn was presented with a pen and pencil set engraved with "Fuselage Design Section." The evening ended with dancing at Cambron's Aero Club.

**WILL WED THIS MONTH**—Miss Joyce Ann Jackson, daughter of Mrs. Edmond Clinton Jackson of Birmingham, has completed plans for her marriage April 5 to Lt. Thomas Edward Hurst, son of Mr. and Mrs. Dock S. Hurst, Decatur. Lt. Hurst was recently assigned to Redstone. The wedding will take place at the McCoy Methodist Church in Birmingham.

## Jackson - Hurst Wedding Is Set

The announcement was received here this week of the engagement and approaching marriage of Miss Joyce Ann Jackson of Birmingham, and Lt. Thomas Edward Hurst, Decatur. Lt. Hurst was recently assigned to Redstone. The wedding will be at 8 p. m. April 5 at the McCoy Methodist Church in Birmingham, with the Rev. Edward Branscomb officiating.

Miss Jackson is the daughter of Mrs. Edmond Clinton Jackson of Birmingham, and is a graduate of Ensley High School in that city. At present she is employed in the accounting department of the Tennessee Coal and Iron tin mill in Birmingham.

Lt. Hurst is the son of Mr. and Mrs. Dock S. Hurst, Decatur. He is a 1950 graduate of Alabama Polytechnic Institute, Auburn, with a bachelor of science degree in mechanical engineering. Prior to entering the Army, he was employed at the arsenal as an engineer in the mechanical branch of the Technical and Engineering Division. He came to Redstone from Aberdeen Proving Ground, Md. where he was enrolled in a student officer's course.

The bride-elect has chosen for her attendants Mrs. R. S. White as matron of honor, Miss Suzanne Jackson as maid of honor, Miss Zoe Williams, Miss Mary Ann Kincheloe and Mrs. S. E. Hanson, all of Birmingham, as bridesmaids.

The bridegroom-to-be will have his father as best man, and the groomsmen will be James R. Hurst, his brother, and J. P. Vaughan, R. M. Hill and S. E. Hanson.

Allen Orton Gibbs, organist, and Miss Mary Katherine Martin, vocalist, will present the nuptial music.

The altar candles will be lighted by Yvonne and Minnie Lee Moore. A reception in the small auditorium of the church will follow the ceremony.

Mr. and Mrs. Hurst, parents of Lt. Hurst, will entertain at a buffet supper April 4 before the rehearsal at the home of Mr. and Mrs. Earl Vaughan in Birmingham. Out-of-town guests will be entertained at the Jackson home following the rehearsal.

A few drops of camphor oil in a gallon of paint will prevent insects sticking to freshly painted surfaces.

## Party Features "Fashion Show"

A "fashion show" was the main feature of the evening March 29 when members of the Officers Wives Club entertained with an informal party honoring their husbands and other guests at the Officers Open Mess.

The husbands of several members served as models displaying the latest in men's sportswear for the Spring, Summer, and Fall of 1952. A baseball uniform designed by "Lotta Hoey" was worn by Capt. James K. Hoey. Lt.-Col. Frank J. Austin, Jr. appeared in a costume for tennis designed by "Lazy Fair." "Bunny Squat" designed the original gardening suit worn by Capt. Donald E. Brown.

A "Hugger Bottom" design in beach and pool wear for swimming was modeled by Capt. John Pedlar. Lt. Robert C. Bailey displayed a "Bale of Hay" original for picnicking. "Izzy Pitt" was the designer of Capt. Robert Merchant's golfing suit.

Lt.-Col. Daniel R. Thoma modeled as a hunter in clothing by "Fragrance Rare." The year around sport of being a kitchen aide was depicted by Capt. Charles Monyak in a suit by "Priss and Primm." The show ended on a formal note with the appearance of a "Gay Nineties" costume. Mrs. Thoma presented a running commentary during the show.

All men guests drew numbers for the door prize on arrival at the party. All guests were given cards with clues to the events of the evening printed on the back. The front of the card bore the picture of an animal.

Matching "animals" later formed three teams for a treasure hunt. During the hunt, the location of the "treasures" was noted by giving the sound made by the animal each person had pictured on his card. The number of beans in a jar, and for a "cake sale" contest.

The refreshments were "Dagwood Specials" served after the program.

Mrs. Tom G. Thrasher, Mrs. Thoma, and Mrs. Hoey made the plans and arrangements for the party.

More than 60 persons attended the event.

**Lewiston, Me. (AFPS)**—A scheduled snowshoe meet was cancelled recently. The reason: too much snow.

## Miss Betty Hill Marries Pfc. Andrew Wood March 29

Miss Betty Hill became the bride of Pfc. Andrew D. Wood 9330 TSU during a ceremony March 29 at the Huntsville Park Baptist Church with the Rev. G. D. Barrett reading the vows. The altar was banked with greenery, palms, and two large baskets of white gladioli. Four branched candelabra held lighted white tapers.

The bride is the daughter of Mr. and Mrs. Curtis Hill, 370 Bradley Ave., Huntsville Park, and Pfc. Wood is the son of Mrs. J. H. Porter of Spokane, Wash.

Miss Geraldine Sparkman sang "Because," and "Oh Promise Me" before the ceremony. Miss Betty Blackburn, pianist, furnished the other nuptial music.

Mr. Hill gave his daughter in marriage. Her dress of white satin was made with long sleeves pointed at the wrists, a high standing collar, and satin covered buttons down the length of the back. The finger-tip veil was held in place by a white satin cap. The bride carried a white Bible covered with a white orchid and satin streamers.

Miss Delores Sparkman, attending Mrs. Wood as matron of honor, wore a dress of blue satin designed like that of the bride. Her bouquet

was of pink and blue carnations tied with matching ribbon. The flower girl, LaRue Davis, wore a white satin dress made like the bride's and she carried a basket of flowers.

The groom was attended by Pfc. Vic Guerriero 9330 TSU, originally of Buffalo, N.Y.

The ushers were Sgt. Don Hill, brother of the bride, and Pfc. Leonard Morgan 9330 TSU, originally of Muldrow, Okla. They lighted the candles preceding the ceremony.

Following the marriage the bride's parents entertained at a reception at the church which was arranged by Mrs. Virgil Davis and Mrs. Ann Waldrop. A table covered with a cut-work cloth held the two-tiered wedding cake and punch bowl surrounded by flowers and greenery. Miss Faye Speck presided at the punch bowl, and Mrs. Juanita Swaim, Miss Ida Mae Sharp, and Miss Barbara Cunningham assisted with the serving.

Among the out-of-town guests were Mr. and Mrs. Sam Hall, Mr. and Mrs. Wilson Vanzant and Mrs. Josie Quarrells of Winchester, Tenn. and Mr. and Mrs. Thomas Hall of Birmingham.

Pfc. and Mrs. Wood are residing at 327 Walker St., Huntsville.

## Bridge Group Meets At Brenneman Quarters

Mrs. Robert Brenneman entertained with two tables of bridge on March 25 at her home on the arsenal. Mrs. Francis Nevils won the prize for high score, and Mrs. Jack Florence won low score prize.

The hostess served refreshments of pie, coffee, candy and nuts.

The group will meet at 7 p.m. April 8 at the home of Mrs. Florence Quarters 159-E on the post.

The Redstone Rocket is interested in receiving information about social activities of its civilian readers.

Information concerning such incidents as engagements, marriages, parties, club activities, births, and other social events should be telephoned, mailed or brought to Mrs. Helen Hansmeier, Public Information Section, Bldg. A-101, Ext. 3-2201, by noon of each Wednesday.

### Parties Honor Arsenal Employee

A series of pre-nuptial parties is underway for Miss Catherine Pylant, arsenal employee, and bride-elect of James Robert Sandlin, who is also employed at Redstone.

The first party was a dinner March 22 at the home of Mr. and Mrs. Charles Houston in Lewisburg, Tenn. Miss Pylant wore a navy blue suit, and was presented with a corsage of gardenias by the hostess. Ten guests were present.

On March 27, Mrs. Charles Cummings, Jr., and Mrs. J. S. Walls entertained with a desert bridge in the Blue Room of the Russel Erskine Hotel in Huntsville. Nine tables of bridge were in play, and the high score prize was won by Mrs. John Walker Phillips. Miss Pylant was presented with a piece of silver by the hostesses, and a white corsage. She wore a dress of green linen and shantung.

Mrs. Jack Buchanan, Mrs. Floyd Sandlin, and Mrs. Howard Sandlin were hostesses at a luncheon at 1 p. m., March 29 in the Blue Room of the Russel Erskine Hotel with 30 guests present.

A kitchen shower and bridge party in Miss Pylant's honor was given March 31 by Mrs. Ramon Wenger at her home in Winchester, Tenn.

The Huntsville Country Club will be the scene of a linen shower April 1 when Mrs. James Jackson and Mrs. John Phillips entertain for the bride-elect.

Mrs. Frances Morgan and Mrs. Paul Carter will give a miscellaneous shower April 3 at Mrs. Morgan's home at 500 Locust St., Huntsville.

The after rehearsal dinner is scheduled for 7:30 p. m. April 5 at the home of Mrs. T. C. Bagwell, 1404 E. Clinton St., Huntsville, with Mrs. L. E. Sandlin, Sr., as assistant hostess.

### Arsenal Personnel Are Invited To Y

Both civilian and military personnel from the arsenal are invited to attend a square dance at the Central Y. F. C. A. at 7:30 p. m. April 2 in the gymnasium featuring instruction and leading by Richard Chase. Mr. Chase was originally from Huntsville, but now resides in Abingdon, Va. Music will be furnished by records.

Mr. Chase has gained national fame for his research in folk dancing, lore, songs and costumes. He has had four books published on these subjects. "Wicked John and the Devil," "The Jack Tales," "Grandfather Tales," and "Jack and the Three Sillies."

During recent years, he has traveled throughout the country lecturing, teaching, collecting and writing on American-English folk traditions.

Mrs. Cleo Taylor, secretary at the Y, feels that his appearance offers an unusual opportunity for those interested in this field.

### Heirs And Heiresses

Mr. and Mrs. Stuart Been are the parents of a daughter, Deborah Gail, born March 22 at the Huntsville Clinic. Mr. Been is assigned as an engineer in the Technical and Engineering Division.

Mr. and Mrs. Ray Ward are the parents of a daughter, Dolly Elizabeth, born March 21. The baby weighed eight pounds and seven ounces. The father is employed in the Engineering Section, Technical and Engineering Division.

### RPO School

By LT. RICHARD PLAT

The Redstone Ordnance School and its personnel are ready to start another course. On April 7, the Component Repairman course begins for enlisted men. These classes will be conducted in Bldg. 189 in the quadrangle reserved for enlisted men's classes. Familiarization is the keynote of the course and it will serve as a source of basic missile knowledge.

Congratulations are in order for Lt. Vincent Culbert who is now wearing the silver bar of a first lieutenant.

Several new secretaries have joined the school since its establishment here. Among them are: Mrs. Shirley Harris, Mrs. Effie Holder, Mrs. Lois Isbell, Mrs. Jewel Lemley, Mrs. Elsie Smith, Mrs. Marilyn Franklin, Miss Martha Magnusson, and Miss Dorothy Ringstein.

Sgt. First Class Harlowe recently returned from Korea has been assigned to the Mechanical Branch of the school. Sfc. Harlowe has had Army experience in teaching mechanical subjects in the Ordnance School at Aberdeen.

Stanley Logan, an electronic specialist, has been assigned to the Guidance Branch under Lt. Hammersla. Logan has had both Navy and Air Force experience in electronics.

For logistical and tactical information, Lt. Wode left early this week for Ft. Bliss. From this trip he expects to present the test developments on this subject.

Lt. Glasgow went to Iowa over the past weekend to move his wife and five-month-old child here with him. The Glasgows have a new home in Huntsville.

Last week Lt. Mott was welcomed back from his honeymoon spent in the Great Smoky Mountains. Lt. Elmore came back from his wedding trip two weeks ago with a new bride and a new car.

Lt. Wode has returned to the Bachelor Officers Quarters. His wife and son were here for a short visit and have returned to Oklahoma.

With the "Pineapple League" shifting into full swing, Redstone is getting baseball conscious. The School expects to field two teams for varied competition. Lt. Ellsworth is the player-manager assisted by Pvt. Shaw.

### Dance At Officers Mess Marks April Fool's Day

The entertainment committee of the Officers Open Mess presented an "All Fool's" dance March 28 at the Mess. Costumes in keeping with the theme of the evening were in evidence.

Hilding Holmberg's orchestra furnished the music for dancing, and more than 70 persons enjoyed the event.

Committee members who arranged the party are:

Lt.-Col. Stanley Smolensky, Capt. Leonard K. Schreiber, Cpt. Thomas McOsker, Lt. Walter Berke, and Lt. Robert C. Bailey.

### Library Employee Weds March 17 In Georgia

Miss Lula Frances Smith, employee in the Rocket library, and Pfc. Kelly V. Grider, Clarksville Base, Clarksville, Tenn were married in a double ring ceremony March 17, in Rossville, Ga. Ray Crowe of Rossville read the vows.

Mrs. Grider is the daughter of Mr. and Mrs. James L. Smith of Stevenson, Ala., and Pfc. Grider is the son of Mr. and Mrs. Kelly Grider, also of Stevenson.

The bride wore a dress made of white slipper satin with an overskirt of orchid lace. Her short veil was of orchid lace held in place by a cap of white satin. She carried a bouquet of gardenias and hyacinths placed on a white Bible, and showered with streamers of white satin.

The attendants were Miss Mary Lou Smith and Donald McCrary of Stevenson, Ala.

Following a wedding trip to Chattanooga, Pfc. Grider returned to Clarksville Base, and Mrs. Grider will continue her work in the library here.

### Budget & Fiscal

By ELSIE HUGEL

There can be heard much "wailing and moaning" around Budget and Fiscal these days. Seems the Fiscal Accounting and Commercial Accounts Units have learned that six days now compose a work week. From what I can find out most husbands don't have to work on Saturday!

I wonder if we could declare Saturdays as "Husbands Day" and bring them to work with us?

Then too, I have heard some muttering that sounded like "Should I look for a new job, or a new husband?" Oh well, life can be tedious! Can't even get spring fever in this division.

Maybe this is one of the reasons Budget and Fiscal is the only division on the post with its own chaplain! (Applications are now being taken for your cards). No kidding, we are proud of you, Leonard.

James P. Lutz, our chief, and Lacy Strong, payroll chief, have returned from a visit to Texarkana. It seems Lutz returned just in time to say bye to Claude Stockton, asst. chief, who has gone to Washington on TDY.

Could this traveling be contagious? Mrs. Irene Warden spent a day recently in Nashville. (I believe she said it rained).

Mrs. Vivian Raney spent the week-end visiting in Birmingham.

Mrs. Madge Covington spent the week-end in Gadsden.

Mrs. Helen Curtis attended the Ice Revue in Birmingham.

Mrs. Lottie Clem visited Craig Field, where she attended the graduation of her nephew.

Mrs. Frances Jacks was a recent visitor in Chattanooga.

Miss Helen Williams has been visiting in Lawrenceburg, Tenn.

Billy Joe Rowan and Tom Willis spent Saturday in Nashville, and Reynold Evane visited the scene of the tornado near Hartselle.

Vof the tornado near Hartselle. There are some interesting details connected with a trip Leslie Fisk made recently to Birmingham. Ask him!

Regardless, of all the traveling, the Division still has a sick list including, Miss Jan Warrick, Miss Bonnie Rigsby, Miss Jennie Ellett, Mrs. Kay Hopkins, and Mr. Lacy Strong. We wish them a speedy recovery.

James Brasseale is in Montgomery attending the bedside of his father who is seriously ill. We hope his condition is much improved.

Mrs. Lula Hollingsworth is on leave to be with her husband who is confined to the hospital, due to an operation. We wish him a speedy

### Personnel Hold Party At Cambron's Aero Club

Civilian Personnel Section staff members and guests and members of the Civilian Personnel inspection team from the Secretary of Army regional office, Atlanta, enjoyed a "Dutch treat" dinner March 26 at Cambron's Aero Club near Huntsville.

Informal speaking and group singing followed the dinner. Leon Reynolds, chief of the training unit, Civilian Personnel Section, made the arrangements for the party and served as master of ceremonies.

More than 45 persons were present.

### Military Personnel

By R. E. DAWSON

Things are popping at RSA now. The Provisional Redstone Ordnance School has gotten off to a good start. The military on the post are increasing daily

— both officer and enlisted. Needless to say, the work load has increased greatly for this hard working section.

We are expecting to lose Sgt. Grady Perry — that capable handler of officers' records to OCS. In our estimation he will make a good officer.

CWO Hubert L. Stone, military personnel officer, is on emergency leave to take his ill spouse to Walter Reed Hospital. We sincerely wish him a successful journey.

Sfc. Frank E. Estelle of Classification and Assignment is also on leave, and should be enjoying the fishing.

Cpl. James H. Currin from 9330 TSU enlisted records section is on emergency leave to visit his sick brother. Orchids to Cpl. Earl M. Davis Jr. of 9330 TSU EM section and Pfc. Edward H. Jones of the officers section who at this writing are at the dispensary donating blood for the blood drive.

### Personals

Robert L. Thrasher and Bruce Henderson of Michigan State College, East Lansing, Mich. are spending the spring holidays with Lt.-Col. and Mrs. Tom G. Thrasher at 1707 LaGrande Ave., Huntsville.

Mrs. James K. Hoey accompanied her husband, Capt. Hoey, on a business trip to Columbia, Tenn., this week.

Mrs. Hubert L. Stone, wife of CWO Stone, military personnel officer, was discharged from the USA Infirmary here March 22 and taken by plane to Walter Reed Hospital, Washington, D. C. for further treatment.

Indianapolis, Ind. (AFPS)—A thief relieved Mrs. Josephine Young, a department store policeman, of \$8 and her badge while she was on the prowl for shoplifters.

recovery. Mrs. Dale Leming has moved to her new home in Athens, complete with all new furniture. Congratulations!

Mrs. Martha Tribble's husband has been released from the hospital and we are glad to hear that he is doing fine.

The Division has said "Good-bye" to Mrs. Eileen Snyder, who returned to New York to be with her mother, who is ill and James Blakemore who resigned to accept employment in Detroit. Good luck to you both.

The Hugels entertained with a Nylon Party Sunday. Ever hear of one? It is really interesting up to the point of hysteria. Mrs. Louies Turner and Mrs. Elizabeth Williams can give the details.

### Dickenson - Mott Wed In Recent Ceremony

The announcement has been made here of the marriage of Miss Joyce Dickenson, daughter of Mr. and Mrs. F. R. Dickenson of Beaver Falls, Pa., and Lt. Seward H. Mott, Jr., son of Mr. and Mrs. Seward H. Mott of Washington, D. C.

The wedding was March 15 at the Episcopal Church in Beaver Falls, Pa.

Mrs. Mott is a graduate of Bennett Junior College, Millbrook, N.Y. Lt. Mott, who was recently transferred to Redstone from Aberdeen Proving Ground, Md., is a graduate of Massachusetts Institute of Technology. He is assigned as an instructor, officers branch, in the School.

The Motts are residing at 420 McClung St., Huntsville.

### Thiokol Head Is Host At Dinner Party Here

Mr. Joseph Crosby, president of the Thiokol Corp., Trenton, N. J., was the host to a group of arsenal personnel and other guests at a cocktail party and dinner March 27 at the Officers Mess.

The guests included: Dr. and Mrs. William Mebane, Dr. and Mrs. W. H. Ritchey, Mr. and Mrs. W. R. Ignatius, Mr. and Mrs. Jack Buchanan, Mr. and Mrs. John Lawrence and Mr. and Mrs. Mathew Weber, Jr. of the Redstone Division of Thiokol, Mr. and Mrs. Harry Furgeson, Thiokol Corp., Trenton;

Dr. and Mrs. Darrel J. Butterbaugh and Dr. and Mrs. Clayton Huggert of Rohm and Haas Co.;

Mrs. Carroll D. Hudson, Lt.-Col. and Mrs. Tom G. Thrasher, Lt.-Col. and Mrs. Frank J. Austin, Jr., Maj. Paul McCune, Capt. Arthur Wenborne, Col. and Mrs. Robert J. Walsh from the arsenal;

Col. Edwin H. Harrison of Washington, D. C. and Lt. W. C. Roberts of Wright-Patterson Air Force Base, Dayton, O. The military personnel were invited on a "Dutch treat" basis.

### Civilian Personnel

By ROY W. MUMMERT

The Civilian Personnel Branch for the past two weeks has been host to the inspectors from the Civilian Personnel Division, Office of the Secretary of Army. This was the regular annual inspection conducted by this office, and needless to say we hope everything was O. K.

Grover C. Weldon is a new addition to the Training Unit. Weldon hails from Montgomery, Ala., where his last employment was with the Veterans Administration.

Mrs. Mauvelene Troupe and Mrs. Jimmie Humphrey had an enjoyable time at the "Ice Follies" in Birmingham last week-end.

Joan Holmes passed through Henderson, Tenn., March 22, 30 minutes before a tornado struck that community.

A belated "Happy Birthday" greeting to Thelma Patterson from all in the Personnel Branch.

Thurman Smith reports that Credit Union membership is gaining every day. Each employe is invited to join, and share in the many benefits that Credit Union membership offers.

SAN FRANCISCO, Calif. (AFPS)—Service station attendant Jack Moody slammed down the hood of a car which had just driven in for oil and then decided to take one more look. Sure enough, a Pekinese dog was perched on the engine.

Washington Court House, Ohio (AFPS)—Hunters felled a flock of crows here recently and found one that was wearing a red sweater.

**Blood Donors**

(Continued From Page 1)

Vance Thornton, Madison County Red Cross chairman, and Earl Cloud, Madison blood program chairman, joined in extending their thanks and appreciation for the wholehearted spirit in which Redstone personnel have given blood. "It is wonderful to see people who are already engaged in the national defense program in one phase, such as those at Redstone, to so unselfishly contribute even more to the effort. The blood program is one way every person on the homefront can personally give direct aid," Cloud and Thornton said.

**Building 781**

By B. P. CARTWRIGHT

The following inspectors completed Basic Inspection Course on March 22 at Rock Island Arsenal, Rock Island, Ill. Frank M. Grace,

Theilma M. Good, Lizzie D. Blackburn, Eva B. Kirbus, Lorene W. Cooley, Estelle Ridgeway Estelle P. Russell Margie T. Hipp Veloris V. McCord, Joseph W. Moore, Herman C. Waller, Lindsey L. Maples, Robert L. Bradford, and E. Noblitt.

Wallace K. Thomas has returned from O.A.C. Headquarters, Joliet, Ill., where he has been studying technical phases concerning ammunition.

Mr. and Mrs. Glenn Test have returned from a visit to Iuka, Miss.

Mrs. Mary Gamble has been ill with the flu.

Thomas Waddell has returned to work after a three weeks illness.

Miss Dora Brazelton has been ill for the past week.

Miss Dora Sims has returned after an illness of flu.

Lt. T. A. Moore, Jr. has returned from a trip to Washington, D.C.

**Inventory Related On Machine Tools**

The methods used to inventory all machine tools, planned and in existence at Redstone, were described by Emmett H. Mayes, arsenal section chief, on March 26 during a regular meeting of shop superintendents at Bldg. 441.

Mayes, acting head of the machine tool and manpower section, Mobilization Planning Group, related how the survey was conducted. It was made under the direction of Lt.-Col. Stanley M. Smolensky, Procurement Group chief.

During the conference, each superintendent was given a 129-page brochure listing all the machine tools on the arsenal. Favorable comment was made on the distribution. Supervisors were quoted as saying it would mean speeding up of production work through utilization of proper tools.

In addition, supervisors explained that more machining work can be done on the arsenal because of the knowledge that certain types of facilities are available at Redstone.

A question and answer period followed Mayes' talk. During the forum, several production problems centering on full use of facilities were discussed and solved. In addition to the supervisors, several Redstone scientists attended.

**BEVERLY TYLER** leans against the ol' corral with thumbs hitched to her belt in true Western style. The 23-year-old curvaceous burnette has two rip-snortin' western movies just awaiting to be released. She recently appeared in "My Brother Talks to Horses."

**Girls Will Use Tax Methods In Dress -- Padding "Figures"**

A radical new trend in female attire is in full bloom. padding is on the downgrade—that is, it's gracing the classy chassis from the waist down rather than at higher altitudes.

Bearer of these tidings is Charles O'Curran, motion picture dance director.

"Padding is now used in skirts and dresses to round out hips and disguise lack of form. It gives a girl an hourglass figure when she really has a chassis like a lead pencil."

O'Curran's idea of the "happy medium" is Dinah Shore. "She's a young woman in full bloom, feminine and very appealing without being plump. When she's photographed, it's the genuine article. She doesn't need deception!"

**\$3,536 Is Donated**

(Continued From Page 1) Capt. Horan expressed his thanks for the cooperation extended by all arsenal personnel who made the appeal a success. He also praised the work done by the three sub-chairmen: Harold B. Carpenter, civilian personnel; John M. Geisel, Rohm and Haas; and Jesse Anderson, Thiokol.

**HOLLYWOOD (AFPS)**—Judy Garland's doctor sent her a bill for \$15,000 and his assistant one for \$7,500, as their remuneration for helping her shelve 20 pounds! That is \$1,125 a pound.

**HOLLYWOOD (AFPS)**—Marilyn Maxwell calls herself a brunette with a blonde personality. She looks fragile and defenseless but is loaded with old-fashioned courage. She has traveled more than a million miles with Bob Hope's entertainment troupe.

She wears glasses when not working. "Actually the only time they interfere with my life is when a man wants to kiss me and who needs glasses then?"

**Two Work Groups Move To New Arsenal Quarters**

Two more arsenal organizations have chalked up another moving day on the books following building changes for the Purchasing and Contracting Section and Guided Missile Development Group chief's and technical staff offices.

Effective yesterday, the P. and C. unit took over most of the first floor in Bldg. 111. The arsenal section was housed formerly in Bldg. 481 in the plants area.

Offices of the GMDG chief and the technical staff have been shifted from Bldg. 111 to Bldg. 421 in Plants Area No. 1. This particular change will result in additional work space for the Guidance and Control personnel of the group in Bldg. 111. In the past, they have been cramped for adequate work space.

It was reported that the overall GMDG move will provide a closer working relationship with the relocation more centrally placed to other operations of the group.

**Inquiries Are**

(Continued From Page 1)

"If at all possible, I would like information concerning qualifications of the members of the construction crews.

"I would also like to know how soon the space station project will begin and if I would have a chance to be a member of a construction crew considering my age and experience?"

This particular letter was one of the more interesting which have been received at Redstone. All of the inquiries are being answered. In one case, the writer, true to the age of speed, wanted to be sure that he was notified personally by the fastest possible means of communication.

Several other examples could be quoted, but young Edwin's letter serves to illustrate most of the points raised. As far as these teenagers are concerned—that last frontier hasn't been crossed—it's overhead, several thousand miles straight up.

**Capt. Smith To Have Same Redstone Job But As A Civilian**

Capt. Fred B. Smith, assigned to Redstone Arsenal, key Ordnance Corps rocket and guided missile center, for the past 17 months is being separated from active duty, at Ft. Sheridan, Ill.

At Redstone, Capt. Smith was assistant chief, Rocket Development Group. Upon separation, he expects to return to the Rocket Development Group as deputy chief in a civilian capacity.

During World War 11, Capt. Smith served in the European theatre with the Ninth Army.

Prior to his recall to active duty in 1950, he was employed at the Armour Research Foundation, Chicago.

Capt. Smith is a graduate of the University of California, Berkeley, Calif., with a bachelor of arts degree in mathematics and a bachelor of science degree in mechanical engineering.

He is the son of Mrs. Sarah B. Smith, 4134 Woodruff Ave. Lakeland, Calif., and is married to the former Miss Myrtle LaGrange of Schenectady, N. Y. In Huntsville, the Smiths and their nine-year-old son, Frederick, reside at 1413 So. Madison St.

**Three Redstone Wives**

(Continued From Page 1)

ter, Lana, age 4. They live in quarters on the post.

Mrs. Hurt is the wife of M-Sgt. Hurt, 9330 TSU, who is assigned to the Technical and Engineering Division. She is a native of Manila, Philippine Islands, and is the former Miss Lourdes Crame. She made her application for citizenship in June, 1951. The Hurts reside in Quarters 171-E on the post with their two children, Mary Ann, 4, and Richard J., 18 months.
