

The Redstone Rocket

VOL. 1: NO. 11

REDSTONE ARSENAL, HUNTSVILLE, ALABAMA

APRIL 15, 1952

MAY DANCE ENTERTAINERS—Here are the principal entertainers who will perform for Redstone Arsenal's civilian personnel at the Civilian Welfare Council sponsored May Dance, May 2 at the Huntsville Armory. At left is Miss Chris Conner who can sing as prettily as she looks. At right is Jerry Wald, well-known East Coast and Midwest orchestra leader. Jerry will bring a 14-piece band with him. Arsenal employes will be admitted to the dance on presentation of their badge or pass.

Harton Is New Post Engineer

Brenneman Leaves For 3rd Army For New Assignment

Lt.-Col. Thomas C. Harton, Nashville, has assumed duties at Redstone Arsenal as Post Engineer, Col. Carroll D. Hudson, arsenal commander reports.

Col. Harton, takes over from Capt. Robert C. Brenneman, who has been Post Engineer since July, 1950. Capt. Brenneman, will report to Headquarters, Third Army, Ft. McPherson, Atlanta, Ga., for a new assignment.

B-50 Lands Unexpectedly At Red River On April 1

Red River Arsenal, Texarkana, had a bit of excitement recently, according to April 1 issue of The Red River Bombshell, when a B-50 landed in the middle of one of plants areas.

According to the story, the pilot, Capt. Journee De Tousfous, stationed at Aries, Mich., was there to inspect strato-blue paint being manufactured at Red River. Part of a new aircraft paint color scheme, strato-blue, with sea foam interiors.

Col. S. P. Huff, commanding officer, and his civilian assistant, V. O. Beede, viewed the visit with a wary eye. Seems the captain's name translates from French in to April Fool.

E. U. Section Is Formed In Reorganization

A reorganization of portions of Civilian Personnel has resulted in the formation of the Employee Utilization Section, designed to aid arsenal supervisors in the effective use of employes, Stuart H. Jones, Civilian Personnel Officer, reports.

The new section incorporates all of the functions of the now eliminated Recruitment and Placement Section. It also takes over the employment relations and on-the-job training functions of the Training Section.

The Employee Utilization responsibilities will include personal recruitment and placement, in-service placements, disciplinary matters, on-the-job training, leave problems, standards of performance, employe evaluations, working conditions, and employe incentives.

Under the new organization, specialists in EU Section will be assigned to specific arsenal organizational segments. Supervisors in these segments will have only one person to deal with in handling a wide variety of personnel problems.

The EU program is being installed first in those organizational areas where the civilian personnel recruiting and staffing problems are considered near complete. Among the first sections in the EU program are the arsenal's support and staff activities.

The EU Section will provide better employe utilization through coordinated assistance to supervisors by helping the supervisors to consider all essential angles in handling personnel problems.

Credit Union Will Borrow \$10,000 To Make Loans

Loan Requests Beat Deposits

More Representatives Approved By Board; Smith Elected To Board

Loan features of the Redstone Federal Credit Union are going over so big with arsenal personnel, that are RFCU board of directors recently authorized the borrowing of \$10,000 to cover outstanding loan applications.

In the RFCU's first month-and-a-half of really active life, Thurman Smith, RFCU treasurer, says about \$10,000 in loans have been made. On hand are applications for another \$10,000 in loans. But only about \$11,000 have been invested in savings in the credit union.

Stuart H. Jones, president of the board of directors, said the board authorized the borrowing of \$10,000 from another credit union, if the money can be had at no more than 4 per cent interest.

Smith said that arsenal personnel don't seem to realize the value of the savings and investment features of the credit union.

The rush for spare money by arsenal personnel has necessitated a priority system in which only emergency loans are being granted. Even these are subject to a "first come first served" basis, the treasurer added.

"What arsenal personnel need to realize, is the excellent opportunity they have of saving money, and of making their savings earn interest." (Continued On Back Page)

Insurance Survey To Begin April 21

Headquarters, W-441 To Be First Places Visited By Agents

Arsenal employes will get their first chance to take part in the group hospital insurance recently authorized by the Civilian Welfare Council on April 21, when the first canvassing is made.

A group of about ten Service Health and Life Insurance representatives headed by B. K. Chreitzburg, state manager, will talk to employes in the headquarters area and in the Bldg. W-441-442 area on April 21. On April 22 the canvassers plan to move into the Post Ordnance area, Stuart H. Jones, executive secretary of the Civilian Welfare Council, says.

Plans call for group meetings in the areas to be followed by individual interviews with employes.

The headquarters area will include personnel in Bldg. A-101. The Rocket Laboratory, Signal Office, and USA Infirmary. The meeting will be held at 2 p.m. in the A-101 cafeteria. Time and place of the 441-442 area meetings will be announced.

The council announced last week that hospital plans offered by the Service Health and Life Insurance Co. had been selected by the council and approved by Col. Hudson.

The plans are generally based on either semi-private room and benefits, or private rooms and benefits. Schedules of rates are provided for single arsenal employes, married arsenal employes, and family rates.

Master Masons Will Meet To Organize Sojourners

Master Masons interested in forming a chapter of Sojourners, a military order of Free and Accepted Masons, will meet tonight at 7:30 at the Conference Hall to elect temporary officers, apply for a charter, and prepare for initiation of new members.

The group held its original meeting last week.

All Master Masons, who have held or now hold active or inactive commissions or warrants are eligible for membership, according to 1st Lt. A. T. Tovey.

A petition for charter is now being signed by interested members.

Honor Guard Is Recognized By 3rd Army

Redstone Arsenal soldiers who assist with military honors for Korean war dead returned home for burial were recognized by a certificate of achievement presented by Col. Paul M. Singer, chief of the Alabama Military District.

The certificate was given by Col. Singer in a brief ceremony in front of arsenal headquarters, Thursday afternoon. Capt. Lyle E. Barker, Provost Marshal Office operations officer, received the award in behalf of the soldiers.

The eight-man detachment of honorary guards is chosen from about 20 crack soldiers of the 3523 Area Service Unit. When pallbearers and buglers are required, they are normally supplied by the 9330 Technical Service Unit.

The award, authorized by the commanding general of Third Army, Atlanta read in part:

"It was only through their untiring efforts and personal sacrifice that military honors were rendered properly to the men of Alabama who gave their lives (in Korea) for their state and their country."

The ceremony was witnessed by Col. Carroll D. Hudson, arsenal commander; Lt.-Col. Daniel R. Thoma, S-3; Maj. Paul McCune, S-4; Capt. James F. Fall, Provost Marshal.

Column Capsules

The Post Special Services will present Tip Tap Revue, April 18 at 7:30 p.m. at the Post Theater. The show will be a musical variety show, featuring dancing students of the Irene Jones Dancing School. Individual dancers, singers, musicians, and entertainers will also appear on the program.

What's up for the week--Monday began National Sunday School Week, and Sunday will begin National Garden week, Jewish History Week, and World Fellowship Week. Wednesday is Wilbur Wright's birthday (1867), and Friday will be the third anniversary of the Irish republic. April 21 is the starting date of the Spanish-American War.

Three Redstone Soldiers Hope To Make Junket By Air To Sweden This May

Three Redstone Arsenal soldiers will take a vacation to Sweden—all things being equal.

The three are Cpl. Sanford I. Green, Pfc. Rogers C. Hunt, and Pfc. Donald C. Johnson. All are members of the 9330 TSU.

The trip grew out of a successful vacation taken last year by a buddy, Cpl. John Aberg, who was reared in Sweden. Aberg on his return, invited his three barracks-mates to join him this May.

Unfortunately, when higher authorities' approval for the trip came back, Aberg's name was omitted as his 13 days of leave was not considered time enough for such a trip. The three soldiers going have either 22 or 23 days accumulated furlough time.

Plans of the three are to leave Redstone May 12 for New York

where they will visit for a day with Green's parents. From there, they will go to Westover Field, Mass., one of the Air Force's overseas terminals, and hitchhike a ride to Frankfurt, Germany.

Once in Europe, the trio will use surface transportation, to see as much of the Continent as they can before arriving in Stockholm.

The trip will be the first overseas venture for any of the three. Green and Hunt have each spent two-weeks vacations in Canada.

"Exactly what we'll do, if and when we get across the Atlantic depends on how long it takes us to get there," said Green. "We may have to wait several days for a plane, which will cut down on the amount of time we can use."

Johnson, explained there is a regular procedure by which armed

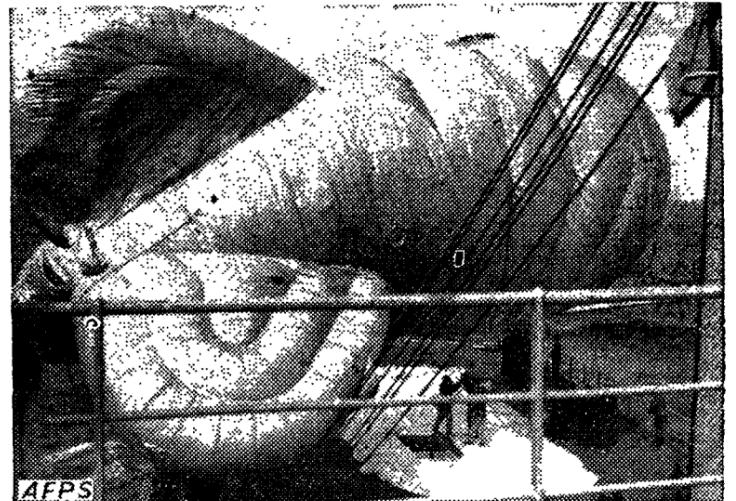

forces personnel may be carried by the Air Force, providing space is available, and operations are in no way interfered with.

All of the soldiers are eager for the trip. Green summed up their feelings:

"It is something that a fellow doesn't often get a chance to do. People don't usually have a whole month off for such a trip, and if they do, they don't have the money to take it. If we can get a plane ride, it will really be great."

The group, although ready to go, are also a little hesitant at the thought that Aberg who is familiar with Europe won't be with them. Aberg, although born in the U. S. lived in Sweden from the time he was four years old until about

(Continued On Back Page)

BEAMING BALLOON—With antenna wire attached, this 69x35 foot balloon will soon head skyward to assist in beaming "Voice of America" broadcasts aboard the sea-going radio station USCGC Courier. Coast Guardsmen control the ascension with guy lines until the balloon has cleared the super-structure of the ship. The balloon contains 150,000 cubic feet of helium and is held by a winch-operated line through the hatch opening seen in the center of the flight deck.

CALABAMA WINS 2nd AWARD—Col. Carroll D. Hudson, Redstone Arsenal commander (left) presents a plaque to William B. Russell, 507 Harrison Ave., Huntsville Calabama Chemical Co. shop foreman, for the employes' top contributions to the 1951 Community Chest campaign at Redstone. Mr. Russell as the Calabama Community Chest sub-chairman saw to it that the employes participated 100 per cent. Their average of \$8.40 per person was the highest on the arsenal. This is aside from what the company pledged. Last year, Calabama employes won a similiar plaque with contributions averaging \$10.06 per person. (U. S. Army Photograph by O. B. Schlotterbeck).

Post Engineer

MECHANICAL TRADES

By **DIMPLES LUSK**

Robert Fuell and Alvin Graham have gone into the coonhound business. They have made application for their coon hunting license through the Coon Hunter's Association. These boys are especially proud of their registered redbone hound pups which they recently purchased from Howard Burleson.

Welcome to Melvin Olney from Corinth, Miss., and Riley Lovvorn from Chattanooga.

William Kerr moved his family to Huntsville recently from Corinth. They have an apartment at 120 Smith St.

UTILITIES BRANCH

By **RUBY ATHEY**

After waiting approximately two weeks, Andy Anderson finally received his new car. Andy ordered a black coupe but it seems Memphis just sin't assembling any coupes any more, so he and his wife decided to take a tudor sedan. Andy is very proud of his beautiful new Ford.

We were sorry to hear of the death of Joe Wilburn's mother. The family has the sympathy of the entire Utilities Branch.

John T. Hopper spent two days fishing and got 'nary a nibble. He visited Guntersville Dam and Paint Rock River. Not to be outdone he used a "silver hook" and got a good mess of catfish.

Cecil Belton went on a night fishing recently and caught a cold.

Frank Speer's children are confined to their home with measles. We wish them a speedy recovery.

Mr. Silva Saxon was involved in an automobile accident in Anniston, Ala. April 6. He escaped without injury, but his wife and daughter Margaret, were treated for minor injuries at the Anniston hospital.

Sgt. James A. Daily of Fort Knox, spent the week-end with his parents, Mr. and Mrs. Alfred L. Daily.

Mr. John Scarbrough, better known as Uncle John, has returned to work after an appendectomy. Welcome back, Uncle John.

Kindness doesn't always pay. Cleo, janitor at Bldg. 711, let a friend borrow his car, and the friend wrapped it around a telephone pole. Seems there are exceptions to all rules.

Fred Swaim has been sick for the past week. The flu kicked all enjoyment out of the ball game he was attending at Birmingham,

March 29.

Posey Quick is recuperating after a tonsillectomy on March 28. The mechanics at the Steam Plants are very anxious to have him back on the job to help lighten the work load.

Charlie Cornelson, Hassel Moore and Dewey Smith tried their luck at fishing at Whitakers Lake last week, and returned with one fish each.

Mrs. Ruby Athey, field clerk in the Utilities Branch, Post Engineer, joins the ranks this week of Rocket correspondents from Post Engineer.

She is a native of Huntsville, and has been at the arsenal for about 11 months. Home address, 1316 Tenth Ave. West.

When not taking care of her two sons, Larry 3½, and Chester, 1½, she likes to read whodunnits. She has a "mile high stack" of mysteries which she has read, and to which she adds to regularly. She also likes to watch basketball and football.

FIRE DEPARTMENT

By **AUSTEN COUCH**

This department was recently visited by Mrs. Schwartz from the Office of the Chief of Policies and Regulations Branch, Washington, D. C.

Mrs. Schwartz was attracted by various interesting items at the fire department, especially the chow. During her stay she was invited to lunch, and our head chef, A. W. Davis was assigned to the detail of preparing the food.

He was amply rewarded when the guest requested a fourth serving of baked ham a la fire station. Jesse Stutts, Personnel Division, escorted Mrs. Schwartz to the dining room, but refused to stay for lunch. "We're still wondering if he was shy, or afraid of aggravating his stomach."

Chief Pat Pruitt was well pleased that his department responded 100 percent during the recent Red Cross Drive.

Crew Chief Jesse Malone is back home from the hospital in Memphis, Tenn. A few days at home and a lot of the Good old Huntsville Spring water should make him as good as new.

OFFICE SERVICE UNIT

By **ELLA TYSON**

Margaret Meals is leaving Post Engineer to go to work for Hills

Civilian Personnel

By **ROY MUMMERT**

Thurman Smith is a mighty busy man these days in getting the Credit Union running in high gear. For those who have not yet joined you are missing a wonderful opportunity to build financial security for yourself and family.

Rufus Porter, Del Spears and your reporter journeyed to Birmingham on April 5 to attend the Southern Relays at Legion Field.

Harry Smith proudly boasts of a "new addition" to his farm family in the form of a bouncing baby calf born recently. According to Harry "farm life is really the life."

Louise Amos has returned from a short vacation in Florida.

Our best wishes are extended to Dorothy Hodges' mother for a speedy recovery from a recent operation.

Henry Kennon, Woodrow Burk, and James Goodwin of the Training Unit have moved their offices from the Civilian Personnel Office, Bldg. 441 to Bldg. 814.

Spring must really be here at last, Jesse Stutts has got the "Fishing Pox."

Chevrolet in Huntsville. She says to come up and see her some time.

Theresa Shelton, Engineering Dept. has had her vacation already. She spent almost two weeks in Tucson visiting relatives.

While there, she visited old Tucson and saw where a lot of movies are made.

She also went to Nogallas, Mexico to buy perfumes, purses, Mexican blankets, at a fraction of the price they would cost in the States.

Her trip was most enjoyable, but she was glad to be back. Theresa was accompanied by her husband Willard, Foreman in Field Service, and son Dan.

We here welcome Corrin McGehee, new to our group, and a definite asset.

All of the employes here wish to say a hearty "Hello" to Lt.-Col. Harton, and to assure him that we will do everything in our power to make his assignment here a happy and successful one.

Cora Bright, Property, is back to work after an enforced week of leave.

UTILITIES SERVICE

By **NITA FLOWERS**

'Tis Spring, and here the young men's fancy turns to fishing. Dick Lawley reported a wonderful catch at Guntersville Dam on April 7.

Jasper Pogue, laundry foreman at Bldg. A-115, is one of the most ardent fans of band music. Every Thursday night he goes to a local furniture store for rehearsal with the band. Several years ago Mr. Pogue was with a band that for afternoon concerts.

If you live in Guntersville, Union Grove, Oleander or Morgan City, and need a ride, call Henry Mason at the laundry. He is looking for two riders from one of those areas.

If you are familiar with the noise from the old fashioned grist mill, (a place to grind corn into meal or wheat grains into flour), you can give Johnny Dunn a little sympathy, for he has recently moved into a comfortable home, and then a grist mill moved in next to him. He says he can not compete with the mill favorably.

Mr. Moon in this office told us to expect a full moon one night last week. The calendar didn't say so, but Mr. Moon's wife had prepared an extra special dinner, and there really was a "full Moon."

3523 WINS BISCUIT BOARD—CWO Benjamin C. Reece, mess officer for the 3523 ASU (center) and Sfc. Hubert E. Bridwell, mess sergeant, receive the second monthly awarding of the Redstone "biscuit board." Capt. J. W. Burnett, post quartermaster officer, made the presentation for Capt. Vernon E. Hight food service officer. The plaque is awarded each month to the military mess hall having the highest rating for the past month. (U. S. Army Photograph.)

Budget & Fiscal

By **ELSIE HUGEL**

We are expecting Budget and Fiscal to be quarantined any day now, it seems the entire branch has a bad case of "spring fever." The urge to plan vacations and honeymoons is taking hold.

From what we hear over the radio, another payroll clerk will soon be making plans. Could it be the weather?

The gleam in Mona White's eyes is caused by the return from service of her boy friend. Remember, this is Leap Year, Mona.

The new green Pontiac that is seen around Bldg. A-101 these days belongs to Leslie Fisk. Girls, are we going to let him remain single?

Mrs. Lillian Archer had a surprise visitor last weekend—her Navy husband!

Mrs. Anna Belle Ricks spent the past weekend in Selma, visiting her parents.

We welcome as recent new employe Bernard Clark and Ross Lovell to Payroll, Mrs. Christine Stevenson to Commercial Accounts, and Mrs. Jessie Broyles to Fiscal.

Our sick list this past week included Mrs. Hilda Dickery who has returned to work after a week's illness, and Mrs. Mildred Busbin who is recovering from an accident.

Howard Lee and Lawrence Potter have transferred from Payroll Section to Post Ordnance. We wish them luck in their new jobs.

Miss Novelene Freeman attended the Ice Show in Birmingham recently.

Most any week now you can find Mrs. Irene Warden looking over a certain hill near Guntersville. We hear she is planning to build a new home there.

Mrs. Doris Neville has been busy planting her flower garden. Budget and Fiscal was often awarded by her efforts last year, when she brought beautiful flowers to the office. We know we can depend on her to brighten our office again this year.

Mrs. James K. Hoey, Sr., Medford, Ore., is visiting at the home of her son, Capt. James K. Hoey and Mrs. Hoey on the arsenal.

Purchasing & Contracting

By **MILDRED WILKINS**

Your correspondent hears nice comments from Purchasing and Contracting personnel about our new home in Bldg. 111 . . . feel like we've moved back to town.

Purchasing and Contracting is sweatin' it out six days a week, and hour on hour in the evenings. This reporter is quite sure that come July, Redstone will be there "the fustest with the mostest".

Incidentally, if any of you girls in other segments of Redstone want to work overtime on Saturdays or in the evenings, call Luther Adams in Civilian Personnel, Exten. 3-21-36; he is coordinating the overtime needs for Purchasing and Contracting . . . fast typist and good stenographers are urgently needed.

Mrs. Eunice Danner and Mrs. Irene Adams got in the rush at Purchasing and Contracting April 5. Mrs. Danner worked for Bill Nestor and Mrs. Adams worked for Bob Broun. Yep girls, we work like that every day.

Beth Waggoner brought a sample of her culinary art to the office this week. We've concluded the rest of the cooks in the section should follow her example. How's about a cake baking contest someday right before coffee time?

Purchasing and Contracting welcomes Miss Dorothy Hill. Miss Hill hails from Arab, Ala., and is a stenographer in the Expediting Unit.

"Makes ya feel like John Wayne, Doesn't it?"

USA Infirmary

By C. L. BISHOP
AND SGT. HENRY CARDIN

Mrs. Yvonne Matsker, wife of Cpl. Ralph Matsker, 9330 TSU, has been welcomed as laboratory technician to replace Bill Howard who recently transferred to Rocket Development Group.

Mrs. Martha P. Rudd has returned after undergoing a minor operation at Whitakers Clinic.

Sgt. Charles S. McCutcheon is a patient at the Walter Reed Army Hospital undergoing an eye operation. We expect him back soon.

Cpl. and Mrs. Sylvester Michiels had as their Easter guests Mr. and Mrs. S. J. Michiels and family, from Alexandria, La.

The Army Nurses are very proud of their new mascot, named Tip.

Reading material at the infirmary consists mostly of magazines, most of which appear too old for even a doctor's office. If anyone has any pocket books or comic books they have read, they would be greatly appreciated.

Many of the persons appear very grateful for the periodic physical examinations. Since many minor defects are turning up early correction is therefore possible. A complete physical examination for free is not to be sneezed at!

Maj. J. O. Tallman, hospital administrator, has been alerted for FECOM duty. His presence will be missed 100 per cent.

Lt. and Mrs. Aldridge and family spent the Easter holiday with relatives in Chattanooga, Tenn.

September Air, a 12-year-old steeplechaser dropped dead a few years beyond the finish line after winning the 2½ mile Sandown Park race.

ROCKET SOCIETY OFFICERS—Above are the four men elected by the newly formed Alabama Section of the American Rocket Society to administer the group for its first year. At left is Arthur Andrews, of the Propulsion and Fuels Branch, Guided Missile Development Group, who is secretary. Next is Dr. Martin B. Schilling, chief

of the Propulsion and Fuels Branch, who is president. Hans Hueter, vice-president, and James L. Stamy, secretary, are seated to Dr. Schilling's left. Hueter is chief of the Launching and Handling Branch, GMDG, and Stamy is a project engineer in Launching and Handling. (U. S. Army Photograph by O. B. Schlotterbeck.)

RPO School

By LT. RICHARD PLAT

The Provisional Redstone Ordnance School has been at this arsenal just about one month and several classes are now in progress. A repairman course for enlisted personnel will begin on April 21.

All provisional School detachments of the 9333 TSU are now under 1st Lt. Glasgow will continue to be Personnel and Administrative chief. Other company officers era 1st Lt. Culbert, executive officers: 2nd St. Stewart, mess officer; 2nd Lt. Werner, supply officer; 2nd Lt. Ellsworth, A and R. officer; and the first sergeant is Johnson.

Major Graham, assistant commandant of the school, returned recently from Aberdeen.

The school has a distinguished soldier in its second class, Capt. O'Dellis is Silver Star holder who was an infantry company commander in New Guinea during World War II.

Joining the school's staff and faculty last week was Capt. Numbers who is Service and Supply chief. He held the same position in the organization at Aberdeen. Also arriving recently was 2d Lt. Caruso who is chief of the Technical Intelligence Library. Another recent addition to the staff and faculty is 2d Lt. Symons who was in research and development work in electronics in the Bureau of Standards, Washington, D. C.

By now 1st Lt. Hammersla is a civilian, this was the second tour of duty for the lieutenant, who was chief of the Guidance Branch. Hammersla intends to return to his home in Maryland and continue his engineering career with Western Electric.

Easter was a double celebration for 2d Lt. Paul Gehman, for on that day he married in Pennsylvania. Congratulations and lots of best wishes.

Mrs. Wright recently joined Pvt. Wright to make their home in Huntsville.

from commercial teachers who would be interested in teaching these classes.

Group study classes in intermediate (8th grade) mathematics are also offered. We, at the center, are very anxious to assist military personnel, officer or enlisted, in any of their educational problems. We can enroll you in correspondence courses, administer GED and end-of-course tests, and furnish you with certain reference books for home study.

Air Parcel Post Has Weight Limit

WASHINGTON—(AFPS) Limitations have been placed on the size and weight of air parcel post mailed to military and civilian personnel served through military post offices overseas and on naval vessels, the Department of Defense has announced.

These limitations apply only to air parcel post and do not affect parcel post packages sent by surface transport.

Under the new regulations packages must not exceed 30 inches in length and girth combined and two pounds in weight.

Some of the giant California redwoods were alive in 1,000 B.C.

Senate Passes Military Pay Bill

Washington (AFPS)—The Senate has passed its version of the Armed Forces Pay Bill with two important changes. It tacked on an amendment that would give officers and enlisted men under fire in Korea \$45 extra a month. The amendment is retroactive to June, 1950. The raise, averaging approximately five percent, would go into effect April 1, 1952 instead of the first of the month following final passage. The bill now goes to a joint conference of both chambers.

The combat pay amendment gives officers and enlisted men attached to units no larger than regiments on the front line for six days out of the month \$45 additional monthly pay.

Naval officers and men aboard ships that are subjected to hostile fire also would be eligible. Pilots and submariners, however, are not eligible since they now receive flight and hazardous duty pay.

Former members of the Armed Forces would receive the bonuses and the next of kin of anyone killed in action would get the pay due them. Men hospitalized for wounds or injuries received in combat would get the bonus for three months while in the hospital.

The Senate bill provides a three percent increase in base pay and the following adjusted allowances:

1. Subsistence allowance for officers—\$54.
2. Subsistence for enlisted personnel authorized to mess off the post—\$2.75 a day.
3. Rental allowances for officers without dependents—no increase; with one or two dependents, \$10 a month increase, with three or more dependents, \$20 a month increase.
4. Quarters allowances for enlisted men not furnished housing—\$51 a month in all grades for men without dependents. (This also applies to men in pay grades 1, 2, and 3 with one dependent.)

For enlisted personnel in the lowest grades with two dependents or those in the top grades with one or two dependents—\$80 per month. Enlisted personnel with more than two dependents, in all grades—\$100 per month.

VA Home Loans Reach New High

(By Armed Force Press Service)

Officials of the Veterans' Administration announced recently that during 1951 more than three and a half billion dollars in veteran's home loans were made by private lenders. This sum topped a previous high of \$3,286,000,000 set in 1947.

Although the amount of money loaned hit a new peak, the number of loans made totaled 447,373, in comparison with a record-breaking 542,922 loans made in 1947.

Home loans are available to eligible WWII veterans and to unmarried widows of men who died in Service during WWII or as a result of a Service-connected disability.

Under present regulations those eligible for home loans have until July 25, 1952 to apply.

Transportation

By EVELYN COFFMAN

Cpl. Edison E. Rose has returned to duty after a 20-day furlough in Columbia, S. C. He purchased a new "Buckeye" trailer which he has parked at the Redstone Trailer Park. He says he likes living in a housetrailer fine.

Our sympathy goes to B. W. Vann, Motor Vehicle dispatcher, whose grandmother died in Albertville on April 5, and to Lee D. Wall, railroad engineer, whose mother died on March 25 in Maysville.

Cpl. James L. Sapp is on a three day pass. His mother is visiting Huntsville from Augusta, Ga.

Mr. Ancil L. Kent and Roy Graves railroad employes, went fishing April 8 in Flint River. They caught three fish, weighing the whole of eight ounces. For the benefit of other anglers who might be interested, they used minnows as bait.

George Hardy is welcomed as a new employe at the Headquarters Motor Pool. He transferred from the Heavy Equipment Shop, Post Engineer, to Post Transportation.

Boyd R. King, Organizational Maintenance Shop has returned to work after an illness which kept him from work eight days.

Billy R. Poe, Organizational Maintenance Shop is still receiving treatment at the station dispensary for his injured hand. Could it be possible that he had interests at the station dispensary other than his hand?

Mr. William W. Brown of the Organizational Maintenance Shop has just returned to work after undergoing an operation at the Veteran's Hospital in Nashville, which kept him away from his duties for 18 days.

Congratulations to Thomas Frazier and Lonnie Davidson (They deserve it!), Materials Handling Equipment Shop. They have just completed ten years of service at Redstone Arsenal.

Happy Birthday to Flora Gibson, Administrative Office. She tried so hard to keep it a secret, but the news just slipped out. She was presented with a luscious cake which we all enjoyed.

"Unified Marriage"

San Francisco (AFPS) — An Air Force captain recently married an Army major with a Navy lieutenant commander as maid of honor and a Marine captain as best man.

This new high in Armed Forces unification took place in the Presidio Post Chapel here when Capt. Marguerite L. Vandever, USAF, married Maj. John T. Alstrom, Jr., AUS.

Maid of honor was LCDR Linnea Alenius, USN, and Capt. Walton R. Fowler, Jr., USMC, was best man.

Since the start of the Korean rotation program in April, 1951, about 225,000 troops have been rotated, the Defense Dept. announces.

Military Personnel

By SGT. R. E. DAWSON

The calendar says spring has sprung, but at this writing it seems to me that summer has arrived. Electric fans have been brought forth from storage and turned on at high speed.

Any body got spring fever? To my knowledge I am the only person known to have spring fever the year around!

Sfc. Frank E. Estelle is back from leave. Claim he caught all kinds and all sizes of fish.

Best mess of the post now is 3523 ASU. Congratulations to mess officer, CWO Benjamin C. Reese; mess steward, Sfc. Hubert E. Bridwell, and to all the mess personnel.

The military personnel and finance office party at the NCO mess on April 3, was a huge success. A good time was had by all.

I understand that the catsup bottle which contained not catsup but hot sauce for the barbecue sandwiches was used liberally. The after effects was something to be reckoned with!

Ho hum! Time for another seista.

Education Center

By B. WILLIAMS

Plans are being made to start two group study classes in Beginning Typing in the very near future—possibly within the next three weeks.

All military personnel desiring this type training should make application at the Education Center, Bldg. 6513, or call Exten. 5243.

It is proposed that classes will meet for one group on Monday and Wednesday, and for the other class on Tuesday and Thursday. The hours of meeting will probably be from 6:30 p. m. to 8:30 p. m. All the books and equipment will be furnished, and there will be no charge to the student. The classes will be of ten weeks duration. Applications are also desired.

The Redstone Rocket

The Redstone Rocket is a civilian enterprise newspaper published every Tuesday in the interests of Redstone Arsenal personnel. It is published by special agreement between Jay Thornton, Haleyville, Ala., printer, and the Central Post Fund and Civilian Welfare Council, Redstone Arsenal, Huntsville, Ala.

The Rocket is NOT an official or semi-official Army or Ordnance Corps publication. Policies and statements reflected in the news and editorial columns represent the views of the individual writers and under no circumstances are they to be construed as those of the Department of the Army.

All editorial material for publication must be submitted to the Public Information Section, Bldg. A-101, Tel. 3-2123 and 3-2201.

All advertising and ad payments are handled by Jay Thornton, Haleyville, or his representative, Fred M. Montgomery, 324 Walker St., Huntsville, telephone 2810. Appearance of advertisements of products in The Rocket does not constitute an endorsement by the Department of the Army.

Armed Forces Press Service material is used in compliance with AFPS policies. Civilian newspapers are not authorized to reprint AFPS material.

Post Surgeon -- Penicillin Is Good If Used Properly

By CAPT. T. C. McOSKER

The death rate from most infectious diseases has been reduced to the minimum by penicillin and other antibiotics. Operations have been made similarly more safe. In some cases, these medicines have been used to ward off infection with spectacular success.

However, these miracle drugs are two edged swords. Many people, unhappily including a few doctors, have come to look on these medicines as cure-alls. The result is that now many people are allergic to one or more of the drugs and if the drug is needed in some later serious situation, either it cannot be given or if given it causes disabling side effects.

The sad part is that in many cases the medicines may have been given the first time for diseases which are unaffected by it.

The prime example of a disease which is unaffected by penicillin or other antibiotics is the common cold. This is a disease which is due to a small virus and penicillin is utterly useless in the treatment of it.

On the other hand, after a cold has existed for some time, there may be complications due to bacteria which are susceptible to antibiotics. Thus we see that pneumonia, acute bronchitis, acute sinusitis, tonsillitis and inflammation of the ear are usually rapidly and completely cleared up by the drug.

As time goes on, our knowledge has increased and the methods of administration of penicillin have changed. In the very beginning it was given in the veins almost exclusively. After it became more common and cheaper, it was given by every possible route of administration - in pills, by needle in the muscle, by inhalation and in ointments.

The pendulum has again swung back as it was found that only a comparatively small amount of the medicine taken by mouth ever got into the blood stream and that if it was given by ointment the chances of a rash and other allergies was much greater.

With the addition of the other great antibiotics, many of which can be given by mouth and all of

By CECIL JACKSON

New additions to the Rocket Development Section include E. S. Palasthy, Jack Waite, Julius Morgan and Alvie Hoover; all former members of the Ballistics Design Group.

Best of luck to Harold Greenwald who recently transferred to our Philadelphia office. His friendliness and good humor will be missed by all.

Mr. and Mrs. Norman Harberger are the proud owners of a new home located at 911 Hermitage St. Norm works with the Interior Ballistics Research Group.

Ann Logel vacationed in Florida during the month of April. She reported back hale and hearty except for the usual symptoms of severe sunburn, near-drowning and financial chaos.

The fishing fever is spreading like the warm weather. Ellis Payne of Transportation reports several nice catches, but Don DeYoung of Accounting says the only thing he has gained is a little experience.

Kenyon Stevenson of the Engineering Dept. is rapidly approaching the end of his bachelor's regime. Even though Ken has until May 29, we venture to say he will soon possess the well-known qualities of extreme nervousness and frustration in general. We humbly request that both Bob Adams and Tom Gilbert of Engineering give Ken a helping hand through these last few trying weeks.

Tom Anderson of Popellant development and Hank Rolewicz and Dick Cahill of the Chemistry Section recently attended a meeting of the American Chemical Society in Milwaukee, March 31-April 3.

A glad welcome to the following new employes: Henry A. Nappier, Lloyd V. Prince and Charles B. Whitworth of Interior Ballistics; Donald L. Smith, James R. Lowery and George M. Stevenson of Chemistry; Alton P. Jensen of Rocket Development; and Obadiah Johnson of Plant Engineering. Glad to see Dick Worley back with the company after a tour of military duty.

A closing note of thanks to Willie Mae Dearing for her splendid efforts and contributions in behalf of this column.

Rohm and Haas' comparatively new personnel technician, Cecil Jackson has taken over the bi-monthly writing of Rohm and Haas doings for the Rocket.

Cecil is a Tuscaloosa, Ala., product. Besides attending high school and the University of Alabama there, he was also connected with the Central Foundry at nearby Holt, Ala. He is married to the former Miss Martha H. Jackson, also of Tuscaloosa.

In his spare time Cecil likes softball, golf and fishing. He may be one of the second or third basemen for the Rohm and Haas team in the arsenal softball league.

which are different to a greater or lesser degree, the necessity of making an exact diagnosis grows stronger so that the correct medicine can be given.

The search for new antibiotics goes on. It may be that one will soon be discovered which will cure a cold.

From The Chaplain

By L. A. WILLIAMS

On a Sunday morning almost 2000 years ago two women, each named Mary, one the mother of Jesus, the other a friend, came to the tomb of Jesus to anoint His

body. As the women neared the tomb, they were concerned about the problem of removing the heavy stone which sealed the entrance.

As the morning light dispelled the darkness of night, the women were surprised to see that the stone had been rolled aside, and coming to the doorway they saw that the tomb was empty. The linen that had been wrapped around the body of Jesus was folded neatly and laid where He had lain.

The biblical account further tells that two young men in shining raiment were standing inside the tomb. As the women inquired, "Where have ye laid Him?" The young men replied, "He is not here; He is risen."

These words, "He is risen," transformed lives of the women, and have influenced the lives of untold millions down through the ages.

The resurrection reveals victory. As God reveals to us in nature, the new life in the budding of trees, and awakening of the grass and flowers, we are made conscious of victory over death.

The resurrection dispels sorrow and brings joy into the hearts of men. The two women who came to the tomb oppressed with sorrow went away with gladness. He whom they loved was alive! Down through the years the Christian world has rejoiced with these women in the proclamation, "He is risen."

Through the resurrection, hope springs from despair. We hope for a better tomorrow, and for finer things to come in life. We hope for an enriched life, and the contentment that comes from gracious living. Finally we hope for a new life through the resurrection of Christ.

Civilian Personnel -- Final Pay Requires Proper Clearance

By H. B. CARPENTER

A number of checks are held by Payroll each month because employes fail to properly clear from their arsenal jobs. Before final

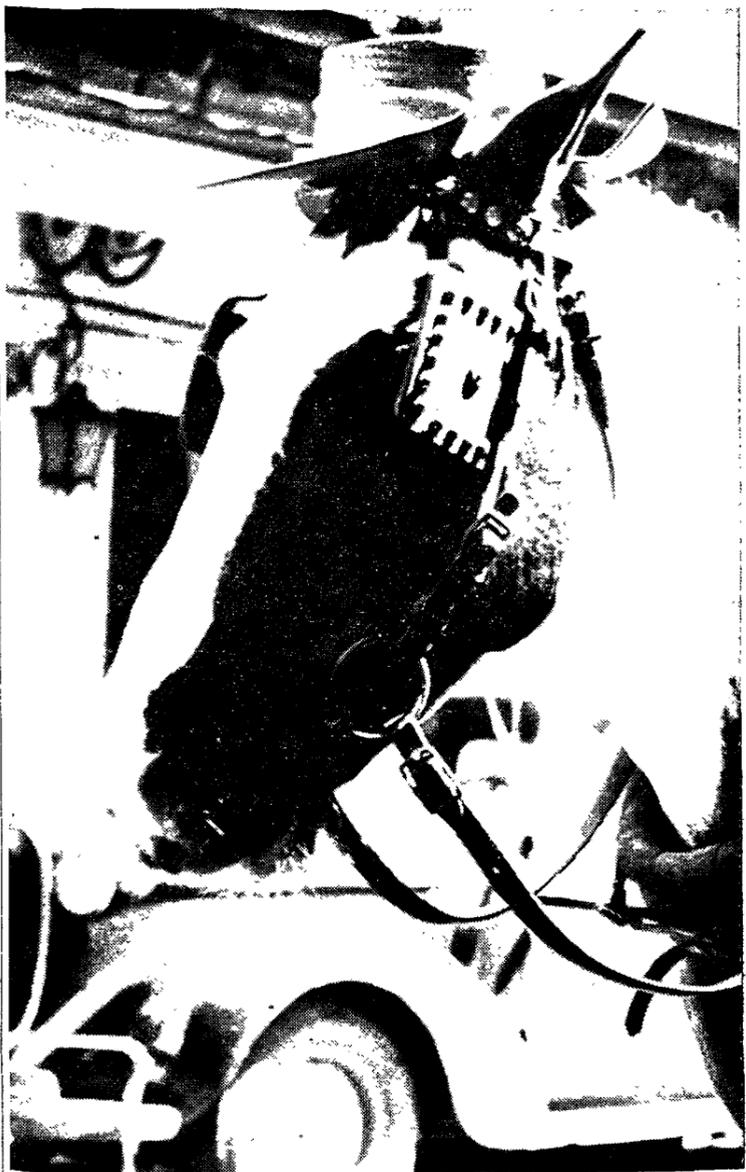

checks, to employes leaving the arsenal, may be released, the individuals affected must go through certain required procedures.

In order to take any person's name off the rolls of this installation, a Request for Personnel Action, Standard Form 52, must be processed. In order to effect release of this final check, an Ordnance Corps Form 684, entitled Employee Clearance, must also be processed. Such action must be carried out in resignations, transfers, separations, terminations, removals, and deaths.

Any indebtedness to the government may be taken from the final checks due an employe. If he refuses to settle the indebtedness prior to leaving the arsenal. It is the responsibility of the division or section supervisors to note such indebtedness on the final clearance forms.

Thus any employe who leaves the employment of this installation should and must follow the prescribed procedures outlined above or his final pay check will be delayed until such procedures have been completed.

DEGRAFF, OHIO (AFPS)—Virgil Farr has been hired by the village council at \$3,000 a year to be: police chief, water superintendent, street cleaner, fire department janitor and city hall cleanup man.

REFUSES BIT FOR POLITICAL RACE—Henrique Equerry, sometimes called Harry the Horse because of the similarity, told reporters recently he refused to throw his hat into the 1952 political race. "I got too many relatives in politics already to trust my Easter bonnet in any races," he snorted. "Besides with my complexion I wouldn't make a good darkhorse." Friends have urged Harry to enter politics saying he could win any race in a gallop. They point out he is a strict middle-of-the-roader who wouldn't be blinded by flashy propositions from either left or right. Opponents, however, feel someone behind the scenes would be in the driver's seat should Henrique win. They say he would be influenced too much by pull.

Butte, Mont. (AFPS)—Dennis Lambert doesn't like onions on his hamburgers and he's filing a \$16,500 damage suit to prove it. Recently he ordered a hamburger in a local restaurant. When he got it, he removed the onion. This resulted in a free-for-all with the owner.

Arsenal Softball League Swings Into Action

Time-In At 4 p. m. At Three Fields

Six Teams Are Slated To Meet Today With Final 6 Up Tomorrow

Today's the day the arsenal's softball season is due to get underway!

This afternoon at 4 p. m. on softball diamonds near the 9330 area, the Provost Marshal's office, and Rohm and Haas, umpires will sing out the annual warcry, "Play Ball!" as the first games of the 1952 softball season are played.

Six of the teams will go into action today, with the rest of the 12-team league making their diamond debuts Wednesday afternoon. Thursday the new will be off as six of the teams come around for their second competitive looksees.

This afternoon at Field One, near the 9330 TSU area, the 3523 team will meet Post Ordnance's aggregation.

At Field Two, near the Provost Marshal's, Post Engineer and Bldg. 781 will tangle.

And at Field Three, near Rohm and Haas, teams from the Manufacturing Division, and Thiokol will be seeking their first wins.

Wednesday at Field One, the two 9330 teams square away. At Field Two, GM-1, one of the Provisional Ordnance School teams, will meet Rohm and Haas, and at Field Three, GM-2 will vie with the Officers teams.

Thursday at Field One it is Post Engineer v. Manufacturing; 9523 v. Thiokol, and Post Ordnance v. Bldg. 781.

Practice for the season has been hot and heavy by most of the teams, and the coaches and managers gloomily say their respective teams, "might be ready to take the first lickings."

Yesterday the coaches and managers of the 12 teams met at the Special Services office to determine last minute ground rules, and to be sure the league is ready to function.

Games will be played everyday except Friday during the first round. The first round is scheduled to end May 21.

Yogi Berra, New York Yankee, catcher, who has been known many times to swing at anything, proves a point here as he gets set to tee off with a baseball bat at the Miami Springs Country Club, Miami, Fla. Scene was made as Berra and other baseball players warmed up for the annual baseball players golf tournament. Looking on in wonderment are Ed Lopat (center), Yankee pitcher, and Ralph Branca, pitcher for the Brooklyn Dodgers.

Yamashita And Holtzman Receive Athlete Awards

Redstone Arsenal's military athletes were honored last-night at a banquet at the Russel Erskine Hotel when trophies for the best all-round athlete, and trophies for team performance were awarded.

Sgt. Kenneth Yamashita, and Pfc. Allan Holtzman, both stalwarts in the arsenal basketball picture, received identical awards for the best all-round athlete. Capt. John J. Horan, said original plans called for only one award, but the qualities of the two men required two individual trophies.

For basketball team play Pfc. Frank Carlborg, received a trophy as the best all-round man on the Redstone Eightballs. Lt. James Lynch, in absentia, was awarded a trophy as the Cottonbalers top man;

Pfc. Edward Ruetz, was the best for the Bulldogs, and Cpl. Charles Ethridge, received the high honors on the Redstone Rebels.

Sfc. Kenneth Womack was selected as the top man in volleyball. In bowling Maj. John Tallman received a dual award for his high singles score (278.) and for his high series score (678.) Capt. Charles Monyak was recognized for his high average in bowling, 176.

Members from four bowling teams, four basketball teams and one volleyball team attended the banquet.

First Farmer: "What was that explosion over at Zeke's place yesterday?"

Second Farmer: "Oh, Zeke started feeding his hens some of that 'Lay or Bust'...and one of 'em was a rooster."

Volleyball League Plays First Games

Team Positions Open For Anyone Wanting To Play; Call 66

The Summer Volleyball league opened April 7 with Redstone's Missilemen taking its first two games for its first series win from the Cumberland Presbyterian church team.

The 3523 also won its first games, but on a forfeit when only five men for the YMCA Ramblers showed April 8. The Ramblers, however, made up for the loss April 9, when they downed Cumberland two straight for its first series win.

April 10, the 3523 was scheduled for a go against the Missilemen.

The first round in the four team league will be completed tonight with the Missilemen and Ramblers playing. Last night Cumberland sought its first victory against the 3523.

Russel Barber, Y secretary, says there is plenty of room in the league for people who would like to play. He said anyone wanting to play, but having no team, to call Huntsville 66, and they would be placed on a team.

Barber pointed out that summer leagues usually require larger team rosters due to absences for vacations.

Games are played at the Y outside court Monday, Tuesday, Thursday, and Friday at 5:30 p. m. In case of rain, games can be played on the inside court.

Did You Know...

By BILL FLEMMING

... That Ty Cobb "may" have been wrong when he picked Phil Rizzuto, peppery Yankee shortstop and Stan "The Man" Musial as being the only two money players of today, or was it the only two ball players of today?

Most sport writers say he doesn't know what he's talking about. We uns, not being what you would call a sports writer or even a reasonable facsimile of one of the "things" won't even venture an opinion.

All we've got to say is that he "may" have been wrong, but for a person such as Cobb, who was around in the American League for 24 years, had a lifetime batting average of .367, hit over .400 three times during his major league career, stole 427 bases, and scored 2,244 runs. The guy has at least the right to voice his opinion. And if he were wrong, is there any sports writer who does not play the game but only writes of it, in a position to ridicule him for his choice. Differences of opinion do make the the world go round you know. What's yours?

... That there's rumors of a trade between Detroit and Boston concerning a couple of gentlemen by the names of Gerry Priddy and John Michael Paveskovich. Who is this guy Paveskovich? Why that's Johnny "Pesky," Boston infielder of course, or at least that was his name before it was cut down a bit.

... That Lou Boudreau, who is presently piloting the Boston Red Sox, was appointed manager of the Cleveland Indians in 1941 and the "old guy" was only 24 years old at the time. That as player manager he led the Indians to their second pennant in 1948, their other pennant win being back in 1920—and on to win in the World Series. Could be he's just what Boston needs. Being an ole Red Sox fan myself, here's hoping.

An Albuquerque, N.M. man wonders who was mad at him. He returned home after touring several bars to find he'd been stabbed in the back.

RECEIVE WEDDING GIFT—Mr. and Mrs. Rudy Barraza, arsenal employees who were married March 29, are presented a card representing a collection made in their respective offices for use in buying a gift of their own selection. The presentation took place April 7 at the cafeteria in Bldg. 111. Carl Mudd, employe in the Guidance Design Branch, where Mr. Barraza, (left) is also employed, is shown giving the card to Mrs. Barraza, an employe in the Personnel Section of the Guided Missile Development Group. (U. S. Army Photograph by Sgt. Richard Coddington).

Hammon - Barraza Wed In Recent Ceremony

Two arsenal employes, Miss Jean Hammon and Rudy Barraza, were married in a ceremony performed March 29 in Corinth, Miss. The bride is employed in the Personnel Section of the Guided Missile Development Group, and the groom is employed as a design engineer in the Guidance Design Branch, GMDG.

Mrs. Barraza is the daughter of Mr. and Mrs. Ross Hammon of Tanner, Ala., and Mr. Barraza's parents are Mr. and Mrs. Louis Barraza of El Paso, Tex.

Miss Louise Peers and George E. Hartwell attended the couple.

At present, the Barrazas are residing at the Maple Grove Tourists Cottages.

It is unlawful to send firearms through the mails. Soldiers in Korea and relatives with soldiers in Korea, have created a postoffice headache by insisting on sending side-arms through the mail.

Mrs. Hudson Is Honored With Luncheon At Mess

Mrs. Carroll D. Hudson was the guest of honor at a bridge luncheon April 8 at the Officers Open Mess with Mrs. Benjamin Beach and Mrs. Tom G. Thrasher as hostesses.

During the afternoon five tables of bridge and one table of canasta were in play. Mrs. Stanley Smolensky won the prize for high score at bridge, and Mrs. Hudson was low score prize winner. High score prize for canasta was won by Mrs. Charles E. Barrett.

The luncheon table was decorated with orchid and white iris in a silver bowl, and silver candleholders held lighted white tapers. Mrs. Hudson was given a corsage of orchid iris by the hostesses.

Twenty-seven guests were included in the party.

Annegret Henning Has Birthday Party At Home

On April 6 Annegret Henning celebrated her tenth birthday at the home of her parents, Mr. and Mrs. Alfred H. Henning, 705 Locust St.

All the children present received prizes for games and contests. The refreshments were cakes, pies, soda pop, and ice cream.

The children who were present included:

Ingeborg and Juergen Haukohl, Karin Gruene, Dorothea Henning, Pauline Rossen, Susan Hamsmeier, Hartmut Schilling, Helga Tschinkel, Tommie Rosser, Linda Hunter and Rebecca Croft.

Heirs And Heiresses

Lt.-Col. and Mrs. William J. Durrenberger Quarters A-127, announce the birth of a son, Robert Scott, on April 6 at the Huntsville Hospital. The Durrenbergers also have another son, William Jr.

Sgt. and Mrs. Grady Perry are the parents of a son born April 9 in Siluria, Ala. Sgt. Perry is assigned to the Military Personnel Section.

strawberries on toasted sponge cake and coffee.

Ladies Bridge Club will meet April 17 at the Officers Open Mess with Mrs. Thomas C. McOsker and Mrs. William James serving as hostesses. Those on the post who plan to attend should call Mrs. McOsker, Extension 3-2229, and those in town may call Mrs. James at Huntsville 2259-W.

Mrs. A. O. Brock, 912 Cypress Ave., Huntsville announces the marriage of her daughter, Catherine to Mr. Carlton Phillips, son of Mrs. Sabina Phillips, Brownsboro, Ala., which took place Feb. 23 in Iuka, Miss. Mr. Phillips is employed as a cook at the USA Infirmiry.

Dr. and Mrs. William B. Mebane entertained at a cocktail party April 12 at their home 717 E. Clinton St., Huntsville, honoring Col. and Mrs. Carroll D. Hudson.

More than 25 persons were invited to call during the evening. Several of the group had dinner at Cambron's Aero Club after the party.

Personals

Miss Margaret Stewart, daughter of M-Sgt. and Mrs. Eugene Stewart, and Dick Brenneman, brother of Capt. Robert Brenneman, were among the Huntsville High School seniors who went to Washington, D. C. and New York last week. The group went in chartered buses.

Mrs. Samuel Comer, Boston, Mass., who has been visiting at the quarters of M-Sgt. and Mrs. Ecton Kile, will leave this week to visit other cities in the area before returning to her home. Sgt. Kile, who has been a patient at the Ft. Benning Station Hospital, has returned to his home. After 30 days convalescent leave, he will return to duty.

Mrs. Henry Thayer, Montgomery, is visiting her husband, Col. Thayer, this week.

Mr. and Mrs. Lloyd D. Greeson, San Diego, Calif. are visiting their daughter, Mrs. Harry Byington and Cpl. Byington at 425 Locust St., Huntsville.

Children of the Post Sunday School enjoyed an Easter egg hunt on April 11 at the quarters of M-Sgt. Eugene Stewart. The children of members of the Officers Open Mess met April 12 at the Mess to hunt Easter eggs.

Miss Dollie Campbell, New Market, became the bride of Cpl. Claude W. Holland 3523 ASU in a ceremony March 31 in Huntsville.

Cpl. Holland is the son of Mrs. Dessie Holland, Knoxville, Tenn., and is assigned to military police duty at the arsenal.

Michael Austin, son of Lt.-Col. and Mrs. Frank J. Austin, Jr., was ill with mumps last week.

Mrs. Jack Florence entertained with two tables of bridge April 8 at her home on the arsenal. Mrs. Ralph Bolvin won the prize for high score and Mrs. Ralph Robinson won the prize for second high. The hostess served ice cream and

WEDS THIS MONTH—Mrs. Jack Palmer, Post Ordnance employe, was married April 5 in Iuka, Miss., to Cpl. Jack Palmer 3523 ASU, who is assigned to the main motor pool of Post Transportation. The bride is the former Miss Wanda Limbaugh, daughter of Mr. and Mrs. A. L. Limbaugh, 309 Patton St., Huntsville. The Palmers are residing with the bride's parents. Mrs. Palmer is the Post Ordnance correspondent for The Redstone Rocket. (U. S. Army Photograph.)

Palmers Are Married During Iuka Ceremony

Miss Wanda Limbaugh, employe in Post Ordnance, became the bride of Cpl. Jack Palmer 3523 ASU, during a ceremony April 5 in Iuka, Miss., the Rev. Gober reading the vows.

Mrs. Palmer is the daughter of Mr. and Mrs. A. L. Limbaugh, 309 N. Patton St., Huntsville, and Cpl. Palmer is the son of Mr. and Mrs. Alton Palmer, Arlington, Ga.

Miss Velma Johnson of Huntsville, also a Post Ordnance employe, attended the bride, and Cpl.

Arsenal Employes Head Local Sorority Group

All of the officers elected April 8 to head Epsilon Sigma Alpha sorority for the next year are arsenal employes. Miss Betty J. Gooch, USA Infirmiry employe, is the new president, Mrs. Aldredge Stephenson, Post Ordnance employe is vice president-elect, Mrs. Dorothy Black burn of Salvage will be the corresponding secretary, Miss Helen Maddox of Technical and Engineering Division will be recording secretary, and Miss Chris Maddox of S-2 is treasurer-elect.

The officers were chosen at a meeting at the North Alabama College of Commerce, Huntsville.

Plans were completed at this meeting for attending the national convention April 25, 26 and 27 in Birmingham. One of the main features of the convention will be the "Sweetheart Ball" on April 27. At this time the "Alabama Epsilon Sigma Alpha Sweetheart Girl of 1952" will be crowned. Each chapter of the sorority selects an entrant for the "Sweetheart" contest.

The recently elected officers will be installed at the next dinner meeting April 22 at the Red Room of the Russell Erskine Hotel, Huntsville.

Among the retiring officers are several women connected with the arsenal. They include:

Mrs. Leonard K. Schrieber, president, Mrs. E. H. Fohrrell, Jr., Miss Gooch, and Mrs. Albert To-vey.

James Lawrence 3523 ASU served as best man.

The bride wore a blue and white linen suit with matching accessories.

Cpl. Palmer is assigned to the main motor pool of Post Transportation.

The Palmers are residing with the bride's parents.

WEDS AT METHODIST CHURCH
Mrs. James Robert Sandlin is shown following her marriage April 6 at the First Methodist Church in Huntsville. She is the former Miss Catherine Pylant, daughter of Mr. and Mrs. James Leland Pylant, 1921 Whitesboro Dr., Huntsville. The bride is an employe in the Mail and Records Section at the arsenal, and the groom is employed in the Materials and Testing Laboratory of the Guided Missile Development Group. (Photo by Buel Case Studio.)

Speakers Describe Antiques At Officers Wives Luncheon

Did you know that the china you use was called "dough" and "biscuit" during the process of manufacturing it? That doesn't mean that it was once in edible form, but rather that these are the terms used to describe the clay from which china is made.

In the initial process the clay is kneaded as in bread dough, then when fired, it is in the biscuit stage. Glazing and decorating follow to produce the completed product. These facts were among the observations made by Mrs. Claibourne T. Geron, Huntsville, guest speaker at a luncheon meeting of the Redstone Arsenal Officers Wives Club April 8 at the Officers Open Mess.

Mrs. Geron's topic was "Old Glass and Imported China." She brought with her selections of glass and china from Noble's Antique Shop in Huntsville to illustrate her talk. Of especial interest too, were Mrs. Geron's pointers on ways of identifying authentic antique pieces.

Sharing the program with Mrs. Geron was Mrs. Dwight Beeson, Huntsville, who has one of the South's outstanding Wedgewood collections. Mrs. Beeson had with her

objects from this collection to aid in describing the history and origin of this type of pottery.

Mrs. James K. Hoey, president, introduced three new members, Mrs. Robert Howard, Mrs. Vincent Culbert, and Mrs. Guilio Panelli, and eight new arrivals on the post, Mrs. Henry Thayer, Mrs. Amedeo Nicolosi, Mrs. Seward Mott, Mrs. Keith Glasgow, Mrs. George Elmore, Mrs. George Montgomery, Mrs. Harold Mattice and Mrs. Andrew Galuszka. Mrs. James K. Hoey, Sr., Medford Ore., Mrs. I. D. Lewis, and Mrs. Elbert Parsons, Huntsville, were guests.

A silver ash tray given departing members was presented to Mrs. Robert Brenneman. Mrs. Stanley Smolensky will replace Mrs. Brenneman as hospitality chairman.

Mrs. Smolensky, Mrs. John Grace, and Mrs. Woodrow Crum, who were the hostesses at this meeting, arranged Easter decorations for the tables.

The next luncheon meeting is scheduled for 12:30 p. m. May 13 at the Mess. The hostesses will be Mrs. Ray Johnson, Mrs. David Lsne, and Mrs. Francis Nevils.

Forty seven members and guests were present for the meeting.

CUT WEDDING CAKE—Pfc. and Mrs. Andrew Wood are shown at the reception which followed their marriage March 29 at the Huntsville Park Baptist Church. Mrs. Wood is the former Miss Betty Hill, daughter of Mr. and Mrs. Curtis Hill, 370 Bradley Ave., Huntsville, and is an employe in the Rocket Development Group administrative office at the arsenal.

Pfc. Wood 9330 TSU is the son of Mrs. J. H. Porter, Spokane, Wash., and is assigned to the Propulsion and Fuels Branch of the Guided Missile Development Group.

The Woods are residing at 327 Walker St., Huntsville. (Photo by Gus Grace.)

Virtually all tactical Air National Guard units are expected to be released by January, 1953.

He had a head like a doorknob . . . any girl could turn it.

Redstone Officer Weds In April 13 Ceremony

Mrs. Mary Cooley, daughter of C. S. Moore of Dahlonga, Ga., became the bride of CWO Stanley Scott during a ceremony April 13 at the First Methodist Church in Conway, S.C. The Rev. A. R. Ragan read the vows.

L. P. Williams of Conway gave the bride in marriage. Her only attendant was her daughter, Miss Sandra Cooley. Lt.-Col. W. R. Woodward of Vienna, Ga. attended Mr. Scott as best man.

The out-of-town guests were Mr. Moore, the bride's father, and Mr. and Mrs. Charles R. Moore and children of Dahlonga, and Lt.-Col. and Mrs. W. R. Woodward of Vienna, Ga.

After a wedding trip to Myrtle Beach, S. C., the Scotts will return to Huntsville to reside at 124 Linwood Ct. Dr.

Mr. Scott is assigned as chief, general supply unit, Redstone Depot in the Field Service Division.

Employees Enjoy Outing On Monte Sano Mountain

Employees of Bldg. 412, Experimental Assembly Branch, and their guests enjoyed a weiner roast April 5 in Monte State Park. There were 19 persons included in the outing.

Those attending were:

Mr. and Mrs. Jim Pickett, Mr. and Mrs. Rod Chamberlain, Mr. and Mrs. Vance Harton, Mrs. Florine Campbell, Miss Kay Campbell, Miss Fay Fuqua, Charles Rushing, Al Holtzman, L. O. Jones, Miss Joy Simpson, Miss Wilma Billions, Miss Kitty Hollingsworth, Miss Betty Mathews, Frank Mullane, Jim Pusch, and Dave Hoppers.

The group ended the evening at the NCO club.

A Rockeville, Conn., octogenarian was granted a divorce after 54 years of marriage. His wife left, "nine years ago to go to mother's"

Board Honors Employee With Surprise Shower

Mrs. Pauline Michiels, employe in the Civilian Personnel Section, was given a surprise stork shower April 1 by members of the Redstone Civil Service Board, at the home of Mrs. J. W. Hiers, Walnut St., Huntsville.

The color scheme was pink and blue, and decorations included a life-like stork carrying a baby doll in a diaper. "Stork" games were played, among which the guests identified nursery rhymes. The refreshment table was decorated with a green cloth and ivy. A high chair was included among the gifts.

Mrs. Michiels expects to go on leave April 18, and will return to work in September.

a Fleet Reserve. However, authority for the policy always has rested with the secretaries of all the Services. Now all vagueness has been removed by the directive.

Military departments have been instructed to notify Assistant Defense Secretary Rosenberg by April 1 of action taken to place the policy into effect.

Florida Everglades Gets Face-Lifting

(By Armed Forces Press Service)
The U.S. Army Corps of Engineers is working on a project that will give the rich and lushly vegetated Florida Everglades, Uncle Sam's semi-tropical showcase, a gigantic face-lifting. The first phase of a \$208,000,000 master plan to tame the 'Glades is already under way.

A massive water-control scheme calls for drainage of swamps, control of floods, and reclamation for farming and pasturage of extensive reaches of grass lands. The plan encompasses the eastern part of Florida south from Orlando. The first phase will take in the Lake Okeechobee region, the lower east coast and the Everglades proper, often referred to as America's "last frontier."

For more than a century, the people of Florida have been trying to make part or all of the 4½-million-acre Everglades area productive. Although dominated by nearly flat and usually flooded grass marshes, much of the soil is rich organic muck capable of producing a crop in 60 days.

Fortunately for the region's wild life, the Everglades National Park was created in 1947. Here a part of the Everglades' exotic wilderness will be preserved forever in its natural state

Post Engineer Employes Will Wed In Town Creek

Mr. and Mrs. W. R. Garrett, Town Creek, announce the engagement and approaching marriage of their daughter Mary, to Donald Mitchell, son of Mrs. Theron Hendley, Mt. Hope, Ala.

Miss Garrett is an employe in the Post Engineer property office, and Mr. Mitchell is an employe in the Post Engineer plumbing shop.

The wedding date is set for June 1 in Town Creek.

Barretts Entertain With Party At Home

Maj. and Mrs. Charles E. Barrett were host and hostess at a cocktail party April 5 at their home, 115 Linwood Ct. Dr., Huntsville in honor of Post Ordnance section chiefs and their wives.

Hors d'oeuvres and canapes were arranged on a table covered with a green sharkskin cloth and centered with a bouquet of spring flowers. Silver candelabra held lighted yellow tapers. Assorted spring flowers were used for decorations throughout the house.

More than 35 guests called during the party.

Uniform Retirement Program For Old Soldiers Is Given

Washington (AFPS) Enlisted personnel of all Services who have more than 20 and less than 30 years service now fall under a uniform retirement policy.

A Defense Department directive establishes a policy which makes those who apply for inactive duty after 20 years of service subject to recall. Here's the way it works:

Upon application, enlisted personnel of the Army, Navy, Air Force and marine corps with over 20 years and less than 30 years service will be transferred to the Reserve, or, in the Navy and Marine Corps, the Fleet Reserve.

Depending on needs of the Service, personnel in this category may be recalled for a period of 24 months. The policy also provides for those who wish to volunteer for active duty. They may do so for any period of time depending on the needs of their particular Service.

The policy outlined in the directive always has been in effect in the Navy and Marine corps which has consistently maintained

Three Redstone Soldiers

(Continued From Page 1)
three years ago when he returned to America. His parents now live near Stockholm.

Cpl. Green told of plans for the coming trip from a hospital bed. A diphtheria shot, one of a series of overseas shots required for the trip, backfired slightly on him.

Green, is from Brooklyn. His parents, Mr. and Mrs. Morris Green, live at 2106 Ave. R. Brooklyn, N. Y. His father is an engineer at the Port of Embarkation, New York.

The corporal is a mechanical engineer in Aerodynamics and Structures Branch of the Guided Missile Development Group. He has been in service about 18-months. He attended City College, New York.

Hunt, is from Louisville, Ky. His parents, Mr. and Mrs. Rogers C. Hunt, Sr., live at 3 Greenlawn Rd., Louisville. At Redstone, the University of Louisville, and University of Pennsylvania graduate works in the Methods Production Section, of Manufacturing Division's Engineering Group.

Johnson is from LeRayville, Pa., near Scranton. He is the son of Lyn Johnson. At Redstone he is a mechanical engineer in Technical and Engineering Division. He attended Syracuse University, Syracuse, N. Y.

Post Ordinance

By WANDA LIMBAUGH

Everyone has been feeling pretty good lately. Maybe it is because Ruby Fanning gave them something to laugh about. She started to sit down in her chair, but it kept rolling backwards and she sat in the floor. There was no injury to Ruby, but the floor seemed to sag a little.

Post Ordinance was well represented in Birmingham during a recent week-end. Among those attending the Ice Follies were Ruth Sharp, Jewel Kelly, Edwina Moreton, Eddie Pylant, Aldredge Stephens, and Katie Patterson.

Margie Pruitt's little boy and Ruth Sharp's little girl are in the same grade and the same room in grammar school. Both of them developed a speckled case of the measles.

Mary Sublett has energy galore since her husband is getting his discharge soon.

Another brave girl is Edwina Moreton! She came to work last Monday with a poodle hair cut. It is the second in our office.

Anyone wanting to make a little extra money could do it if they wanted to charge fees for lecturing on child care during the lunch period. The expectant mothers in our office would certainly appreciate it.

Kenneth Bliss suffered a great injury by hurting his finger while practicing softball one day last week. He hasn't learned how to use a glove yet. Most of the men use up part of their excess energy by pitching ball every day at lunch. They are getting in shape for the season ahead.

We want to welcome Verma Sewell, Zourie Light, Maritza Gersham, Myra Brownhartz, Geraldine Underwood, Raymond E Simpkins, Robert D. Ivey, Betty Scarbrough.

Building 781

By B. P. Cartwright

Mrs. Helen Chapman and Sonny Mitchell have completed a Quality Control Course at Frankford Arsenal, Philadelphia.

Dr. Ralph Donner and Mr. James R. Andrews have returned from Frankford Arsenal and Burlington, N. C.

Miss Annie Rodman and Mrs. Sara Alspaugh have transferred from Surveillance Section to Inspection Section on April 7.

Miss Betty Dunn and Mrs. Margie Hipp attended the Ice show in Birmingham.

J. B. Anderson and Howard Blair are away for a week's inspection activity at Cornhusker Ordnance Plant, Grand Island, Neb., Cecil Bishop has returned from Pine Bluff Arsenal. Where he visited for the interest of Inspection Section.

Ernest Hyatt, Jr. is the proud owner of a new tractor.

Inspection, Bldg. 713 is getting a face lifting with rubber run-ways being put down the aisle way and the parking lot is being enlarged.

William Stafford, in charge of the Testing Area, has returned to work after an illness.

The following personnel have transferred from Surveillance Section to Inspection Section: George Sublett, Albert S. Puckett, M. D. Bonds, Jr., Roy E. Cunningham, Lewis B. Kelly, Loyd A. Daly, Roy C. Whitsenant, Johnny E. Parker, and James E. Southers.

Mr. and Mrs. Henry Kircus, Mr. and Mrs. Lindsey Maples and Mr. and Mrs. Loyd Elledge were the dinner guest of Mr. and Mrs. Curtis Russell of Cullman, April 5.

The inspectors of Line Two welcome Mrs. Pearl Cooper.

Lt. Theodore A. Moore, Jr. and Frank Grace attended the Ice Show in Birmingham.

E. U. Section

(Continued From Page 1)
ling people, and in aiding both the people and the supervisors to do a job well.

The section representatives will supplement the supervisors know-how in selecting, training, evaluating, assigning of workers; in re-assigning them for best use, and in salvaging or eliminating personnel found not suitable.

The section gives operating assistance in locating, screening, re-assigning and adjusting people for work. It will also furnish information as to the qualifications and past performances of personnel.

Charles Barrineau, chief of the old Recruitment and Placement Section will be chief of the new EU Section. His assistant chief will be H. B. Carpenter, formerly of the Training Unit.

Harton Is Post Engineer

(Continued From Page 1)
assignment.

Col. Harton, came to Redstone after serving as executive officer for the repairs and utility unit of the Engineer Section at Third Army.

The colonel, who entered service in March, 1951, has also served for two years in Alaska, and during World War II served a year in the India-Burma theater of operations.

In civilian life in 1946-47, Col. Harton was principal engineer for the U. S. Bureau of Reclamation in the Department of the Interior. From 1933 to 1941 he was an engineer for Tennessee Valley Authority.

The colonel is a graduate of the University of Tennessee in civil engineering. He is the son of Mr. and Mrs. H. D. Harton, 4108 Brush Hill Rd., Nashville.

He is a member of a number of organizations including the American Society of Civil Engineers, American Society of Photogrammetry, the Society of American Military Engineers, Sigma Phi Epsilon social fraternity, Phi Kappa Phi, and Tau Beta Pi.

Capt. Brenneman came to the Ordnance Corps key guided missile and rocket arsenal from Kyoto, Japan, where he had been executive officer of the 11th Engineer (Combat) Bn.

The captain originally entered service in June, 1942. He was separated from service in April, 1946, and was recalled to active duty in November, 1947.

During the war he served in the Solomon Islands, Phillipines, and Japan. He has also served in Korea. He served overseas from 1943 to 1946, and from 1947 to 1950.

Capt. Brenneman graduated from Carnegie Institute of Technology, Pittsburgh, in 1941 with a bachelor of science degree in metallurgy. He was employed by Westinghouse Electric in Pittsburgh.

The captain is the son of George C. Brenneman, formerly of Wilkesburg, Pa., and now living in the Hotel Morrison, Phoenix, Ariz.

He is married to the former Miss June A. Gilson, daughter of Mr. and Mrs. Howard B. Gilson, 232 Elmore Rd., Forest Hills, Pa. The Brennemens' family consist of two children, Karl, 4, and Don, 2, and Cpt. Brenneman's brother, Richard, 17. At Redstone Capt. Brenneman and his family resided on the post.

1st. Lt. Delaney Is New Assistant Post Engineer

Redstone Arsenal's new assistant Post Engineer is 1st. Lt. Joseph H. Delaney, who reported here from duty as Post engineer in Hammelburg, Germany.

The lieutenant was recently joined by his wife, the former Miss Joan T. Fenton, Dorchester, Mass., and their four daughters, Sheila, Charlotte, Linda, and Dianne.

Lt. Delaney, is a graduate of Rindge Tech, Cambridge, Mass. He is the son of Mr. and Mrs. Joseph W. Delaney, 8 Day St., Cambridge. Before entering the armed forces, Lt. Delaney, worked as an aircraft engine tester for United Aircraft at Hartford, Conn.

During his military service, the lieutenant has also been stationed in Hawaii.

Lt. and Mrs. Delaney now reside at 105 Athens Rd., Huntsville.

Loan Requests

(Continued From Page 1)
good interest," Smith said.

"It only takes a quarter to join the credit union, and from then on they can put little sums and big sums alike in their savings accounts," Smith said. "It is a chance to establish a good savings habit, and to save money that might otherwise waste away."

Although the credit union is still too young to declare any dividends, Smith pointed out that the experiences of other credit unions with live wire activity indicate that dividends of between four and six per cent can be, and are declared after the first 12 months of operation.

As a convenience for arsenal people in contacting the credit union, Smith said, there are now 31 board of directors approved representatives strategically located throughout the arsenal organization.

The board recently approved the following representatives:

Post Engineer: C. H. Clark, Bldg. A-108; M. D. Sentell, A-112; M. H. Adcock, A-103; James M. Bates, Bldg. 448; Charlie Corneilson, Bldg. 425; James L. Anderson, Bldg. 711; Frank Speer, Water Plant, and Earl "Pat" Pruitt, Fire Dept.

For the Manufacturing Division, the new RFCU representatives are: Charlie Sneed, Line Two; E. L. Baucom, Line Six; O. E. Cribbs, Line Seven; William H. Key, Line

Eight.
Harris S. Moon, Bldg. A-171, is approved for Post Ordinance as RFCU representative.

Representatives previously okayed include:

M-Sgt. H. W. Baron, Almon Walker, Stanley C. Wilkins, C. C. Montgomery, James Medlock, D. R. DeYoung, Edgar King, Jr., H. D. Slayden, A. C. McNaron, Mrs. Mildred Pinion, Roy Mummert, John D. Stephenson, Mrs. Helen Blanton, Albert Whitaker, Ray Spier, Jeff Darwin.

Other actions of the board of directors included the electing of Smith to the board of directors and the credit committee.
