

COMMUNITY CHEST CAMPAIGN LAGS

Funds Are Sought To Help Agencies

There is a lag in the way contributions are coming in for the Community Chest drive, according to Lt. Col. Edward Weatherford, arsenal chairman.

The colonel pointed out that people are missing an opportunity to show their pride in the community by supporting such activities as the Crippled Children's Clinic where the once-neglected are now taught to be useful citizens.

One of the instructors at the clinic is a cerebral palsy victim whose speech was extremely blurred. Through help at an early age, he obtained his master's degree in speech and education at the University of Alabama and is now able to teach other victims of physical handicaps.

Children are not the only victims supported by the Community Chest, Weatherford said. Every citizen unable to pay for treatment of tuberculosis is eligible for help from the Community Chest which maintains beds at the sanatorium at Flint.

According to Arthur Rudolph, co-chairman for the Chest drive, not everyone is lagging in their attitude toward the Community Chest. In the Administrative Branch of the National Procurement Division, 20 girls purchased and prepared ham plates with trimmings. They donated the food and bought their lunches. They served 114 NPD employees at \$1 a plate. The proceeds filled the NPD goal for contributions.

Not to be outdone, six girls in the Technical Engineering Division prepared barbecue plates in the same manner and sold them for lunch in the division.

Jeff Darwin, co-chairman with Rudolph for the drive, announced that approximately \$4400 has been collected—more than \$3,000 less than was turned in last year.

Therefore, the drive will continue for another ten days. However, it was predicted that receipt of checks by the class act employees on Thursday rather than Friday and the collection from the Troop Command yesterday, would help swell the figure to within a closer figure of last year's.

Among the nine agencies supported by the Community Chest are recreation centers for the use of both youths and adults. Without Chest support such agencies as the Y's could not carry the expenses of the underprivileged as active members of the organization.

At the Rohm and Haas Company, a combined Community Chest and Red Cross drive has been completed. Employees residing in Madison County gave a record \$1367.56 for an average contribution of \$8.40 per person. The Madison County contribution this year was 20 per cent greater than last year's contribution of \$1139.59. In addition to the employee contribution to the Community Chest, the Rohm and Haas Company gave \$250, making a total contribution of \$1617.

Employees living outside Madison County could contribute to their own county's Community Chest or charities and did so. The maximum increase was registered by employees living in Marshall County, where the amount given

(Continued on Back Page)

WORK SIMPLIFICATION PROGRAM IS UNDER WAY FOR SUPERVISORS

Work simplification is being studied by first and second line supervisors at the arsenal.

Classroom work is directed by W. C. Dunlap, chief of the work simplification section, W. G. Milten, and C. R. Sandlin.

"Training is given to these supervisors because they are the ones who can do the most with it," Dunlap said.

Better methods, improved tools, better working conditions and shorter procedures are the aim. These are devised by the worker and the supervisor when they pool their efforts.

According to Dunlap, improve-

GATHERING MOMENTUM — Your dollars are the extra thrust needed to send the Community Chest rocket on its way. Two new civil service employees, Mrs. Martha Prosser (left) and Mrs. Sally Ann Culver, got right into the swing of things with their donations. Now it's your turn. (Photo by Billy Smith)

TOURS, TALKS, MOVIE PLANNED FOR LIBRARIANS' MEETING HERE

Redstone Arsenal will be host Saturday to the fall meeting of the Alabama Chapter of the Special Libraries Association. Some 50 librarians and assistant librarians from throughout the state are expected to attend.

First on the day's schedule will be browsing in the Rohm and Haas Library. Following that the group will tour Gorgas Laboratory and hear a short talk by Norman Harberger, personnel director of Rohm and Haas Co.

Next on the agenda is a tour of the Redstone Arsenal Technical Library. Then the group will go to Rocket Auditorium to hear a description of arsenal activities by Louis Grabensteder, executive assistant to General Toftoy. His talk will be followed by the showing of an unclassified film, "The Big Picture," which deals with progress made by the Army in guided missile research and development.

The group will then go by bus to OGMS to see a Nike missile and a demonstration of the launcher.

Following luncheon at the Of-

ficers' Club, the librarians will hear an address by Allen R. Deschere, director of research at Rohm and Haas.

The special libraries organization represents such libraries as the one at the University of Alabama Medical School at Birmingham, the rare-books library at the University of Alabama, the Air University library at Maxwell Air Base, the Science and Technology Division of the Mobile Public Library, and the Library of the VA hospital in Tuscaloosa.

Miss Willie Mae Deering, head of the Rohm and Haas library, served as chairman of arrangements for the group's fall meeting.

MORE CHECKS ARE PRESENTED FOR EFFICIENCY SUGGESTIONS

Awards totaling \$120 were presented to employe suggestion winners during the past week. An estimated annual savings of \$1,025 was realized by the arsenal for the use of these ideas, and many safety hazards were eliminated.

The largest award of the nine presented went to Oscar Speegle, Ammunition Division Line No. 2. Speegle won \$25 for suggesting a method of cleaning tube racks and slats used in the processing of ammunition. The arsenal was saved \$491 by the use of this idea.

The Post Engineer Division was represented by three employees. John Jackson, Steam System Section, received \$10 for pointing out a safety hazard at the railroad spur track by Building No. 425. Derailers were installed to eliminate the hazard.

Smith Ledbetter, Special Projects Section, was presented with \$20 for suggesting a method of installing semi-automatic safety latches on arsenal salt water spray cabinets.

James C. Rosser, Service Shop Branch, received \$10 for his idea

Arsenal To Sponsor Program For Youths

'See It Yourself' Theme of Project

MEDALS AWARDED THREE

Cpl. Leland W. Lee and Cpl. Donald Koppel were awarded the Good Conduct Medal. Both men are in Detachment "B" of the 9330th Technical Service Unit.

The award of a clasp with three loops went to M/Sgt. Philip R. Hugel of Headquarters and Headquarters Detachment.

PERSONNEL CITES 'DETAIL' POLICY

BY H. B. CARPENTER

Civilian Personnel Regulations D2 defines a "detail" as a temporary assignment of an employe to perform duties not covered by the official job description of the position he presently holds, without formal personnel action and with no change in pay status.

The local policy and procedure covering such assignments at this arsenal are contained in Civilian Personnel Bulletin Number 28, dated September 15, 1954. Distribution of the Bulletin has been completed.

Briefly, the Bulletin provides that details may be utilized by supervisors, but it also points out that the assignment of an employe to duties other than those covered by his official job description is illegal unless accomplished in the manner provided by regulation.

Details may be used where temporary shortages of personnel exist and/or an exceptional work load must be reduced; when a new position is being created or reorganization requires temporary reassignment; when the incumbent of a position is in a leave-without-pay status; for short-time training assignments; to test fitness of employe for continuing assignment; and, under certain conditions, an employe may be detailed to a higher grade until they satisfy all requirements for formal promotion.

Details may not be used for the purpose of evading the intent of any law, rule or regulation, and details will not be used to fill positions that should be filled by formal personnel action.

Generally, the following procedure is to be carried out in the detailing of civilian employes: (1) Employe may be detailed by the supervisor, for not to exceed 30 days, by memorandum; (2) If detail is to continue more than 30 days, a Standard Form 52 must be submitted to the Civilian Personnel Division for approval. It is suggested that supervisors discuss such actions with their Employee Utilization Representative prior to taking action.

Selected groups of Huntsville boys and girls will be invited to Redstone Arsenal during the coming year under a new Army program aimed at acquainting youngsters throughout the country with military installations near their homes.

"Operation See-It-Yourself" will be reciprocal. Students in science classes, for example, may have the opportunity of seeing theory translated to practice. Technical personnel, if their schedules permit, may enjoy explaining certain natural phenomena to enthusiastic youngsters.

But the major purpose of the program will not be educational in any strict sense of the word. The primary idea is to show the youngsters how an Army installation goes about its business in general and how this installation works in particular.

All the explanations will be on a see-it-yourself basis. Younger people will be told about Army life and then they will see for themselves. Groups will be invited to eat dinner on special occasions in Army mess halls with the various technical military units here. They will be invited to Army shows and to programs by the "Missilemen" choral organization.

As a first step in the program, a group of Huntsville and Madison County Boy Scouts attended the Redstone Rockets football game last Saturday as the guests of Detachment A, 9330 TU.

More plans, with emphasis on enjoyable activities for youngsters, will be made in the near future.

Tomorrow, Redstone Arsenal authorities and Huntsville businessmen, school principals and ministers will meet to discuss ways in which the program can be organized so that maximum benefits can be obtained for the younger people.

Among those attending the meeting tomorrow will be Mayor R. B. Search; Capt. Harry P. Schoenman, Troop Command; Robert Haskins, Claude Ratliff and Howard Hinshaw, Boy Scout workers; Dr. J. S. Burbage, principal of Huntsville High; Homer Crim, principal of Butler High; Russell Barber, executive secretary of the Central YMCA; Mrs. Hammond Carpenter, Girl Scout executive; the Rev. James Krahenbill, president of the Huntsville Minister's Association; James Walker, secretary of the Chamber of Commerce; William F. Haite, Huntsville Jaycees; David Archer, president of the Sertoma Club; Jack Wherry, director of the Madison County Department of Public Welfare; Police Chief Grover Pylant; the Rev. T. L. Flynn, pastor of the Church of the Visitation; Dr. Alvin Hopson, pastor of the First Baptist Church; and the Rev. George Hart, pastor of St. Mark's Lutheran Church.

Things Happen Fast For Young Lieutenant

Lt. Norman A. Moffett had three things happen to him almost simultaneously.

He was appointed aide-de-camp to General Toftoy, received a Good Conduct Medal which he earned while a sergeant in the Air Force, and was promoted to First Lieutenant.

The promotion ceremony was held in General Toftoy's office with Mrs. Moffett, the former Miss Iris M. Towery of Seattle, Wash., attending.

Lt. Moffett has been in the armed forces since April, 1948 and has had various assignments at Redstone. He joined the staff in May, 1953.

Among his assignments has been that of Officers Mess officer and a staff member of the Troop Command.

for reclaiming paint brushes for cleaning cuttings from machinery in machine shops. Enough brushes can be reclaimed to supply the Post Engineer Division machine shops.

For his suggestion of a tool to be used to cut external radius on latches, Doris Coker, Fab Lab Model Shop, No. 2, received \$15.

Another Fab Lab employe, Max NeSmith, Precision Mechanics Section, earned \$10 for recommending the placing of precision tool holders on lathes in his area.

Two Launching and Handling men received \$10 each for safety suggestions. Hestle Johnson, Special Vehicle Shop, received his award for pointing out the need for painting of rails protruding from the rear of certain arsenal vehicles. Marvin Parrish, Launching and Handling, Special Equipment Shop, recommended the use of safety discs on power driven grinders.

William C. Adams, Consolidated Supply Division, Warehousing Branch, received \$10 for pointing out the need for the immediate paving of a ramp at Bldg. W-446.

The Redstone Rocket

The Redstone Rocket is a civilian employee newspaper published every Tuesday in the interests of Redstone Arsenal personnel. It is published by special agreement between Jack W. Hoffhaus, Huntsville, Ala., printer, and the Civilian Welfare Council, Redstone Arsenal, Huntsville, Ala.

The Rocket is NOT an official or semi-official Army or Ordnance Corps publication. Policies and statements reflected in the news and editorial columns represent the views of the individual writers and under no circumstances are they to be construed as those of the Department of the Army.

All editorial material for publication must be submitted to the Public Information Section, Bldg. A-101, Tel. 2-2123.

All advertising and advertisements are handled by Mrs. Zillah Newsome, Twickenham Hotel, Huntsville, Ala., Tel. 470, as representative for Jack W. Hoffhaus. Appearance of advertisements of products or services in The Rocket does not constitute an endorsement by the Department of the Army.

The Redstone Rocket is distributed free of cost to personnel at Redstone Arsenal. Mailing rates for The Rocket are \$3 a year, or \$1.75 for six months. Mailing arrangements must be made with Jack W. Hoffhaus.

Drill Group Performs At Arsenal Reviews

The 9330 TU Drill Platoon is looking for new members.

The precision group, formed here in the fall of 1953, is set up to resemble the honor Guards that are found on most military reservations. As such, its duties are to perform at parades, military funerals and Army functions of various types.

The Drill Platoon has participated in such varied assignments as the Armed Forces Day parade in Huntsville, the ceremony at post headquarters when General Vincent retired, the demonstration at the Madison County Fair, and the reception ceremony at the Huntsville airport and in town for Capt. Benjamin Wilson, holder of the Congressional Medal of Honor.

Capt. James Black was the

first commander of the drill group, with Sgt. Paul E. Turner as platoon sergeant. Lt. Norman Moffett, who is now General Tofrey's Aide-de-Camp, is also a former commander of the group. Lt. Tommy Lindsey is the present commander.

Any soldier interested in becoming a member of the platoon is requested to contact any of the drill platoon members for further information.

Members of the group are: Sergeant Turner, platoon sergeant; Sgt. Richard B. All, platoon guide; Sgt. George Johnson, first squad leader; Sgt. Johnny Miracle, second squad leader; Pfc Paul Weaver, third squad leader. R. H. Baker, C. F. Baldwin, C. R. Blatt, H. E. Blesch, T. H. Brown, P. E. Carson, T. C. Daniels, A. D. Otis, K. E. Stutville, J. T. Teal, Pfc; and J. M. Berry, A. C. Britton, R. L. Ellis, Jr., J. W. Ferris, E. Jenkins, R. Mathis, R. Taylor, J. Tepper and W. H. Wright, Pvts.

Officers Wives Meet To Discuss Business

The Officers Wives Club held a special business meeting at the Officers' Club on Thursday morning, Oct. 26, to discuss and vote upon its projects for the coming year.

Mrs. George H. McBride, chairman of the Welfare Committee, reported on her work with the special class at the East Clinton High School. She and her committee, Mrs. Otto P. Kohler, Mrs. Louis Rachmeler, and Mrs. Thomas C. Cooper have collected and delivered toys, books, and records for the instruction of the children and have arranged potted plants to brighten the room in which they are taught. The committee also has acquired, through a combination of appropriated funds and good-will, sufficient paint to decorate the room and appealed to the members for donations of rag rugs.

An arsenal nursery to care for the small children of members will be sponsored by the Wives Club under the direction of a nursery committee.

Fund raising efforts for these and other suggested projects will be concentrated in producing a carnival in the spirit of a Mardi Gras sometime in February before the beginning of Lent.

Louis Walker Named Supervisor of Month

Louis L. Walker, a warehouse foreman in Consolidated Supply, seems to have that certain something that makes foremen leaders.

Walker, whose right knee cap was smashed by the kick of a horse when he was seven years old, has been physically impaired for many years. Until a recent operation his right leg was warped causing him some difficulty in walking. After the operation Mr. Walker's right foot is still somewhat smaller than his left foot and his right leg a little shorter than his left leg. And of course, because of this situation, he has a certificate from the Infirmary which exempts him from the requirement of wearing steel-toe safety shoes.

However, because of the fact that he is sold on the need for foot protection on his operation, and because he feels that foreman should not ask anything of his men that he doesn't believe in himself, Walker, who is also a shoe-maker, has gone to considerable expense to make himself a pair of steel-toe safety shoes and is wearing them. Since one foot is smaller than the other, two pairs of shoes were needed to end up with one pair he could wear; and since his right leg is shorter than his left the right shoe had to be built up a little over an inch.

This sort of interest and action on the part of supervision begs cooperation, which results in getting the job done well. Hats off to Walker who receives the vote of the Safety Office for the supervisor of the month.

FHA Prepares Papers For GI Home Loans

HEADQUARTERS 3RD ARMY, Ft. McPherson, Ga.—Application forms for home-loan insurance will be available to eligible members of the Army no later than Nov. 15, according to Lt. Gen. A. R. Bolling, Third Army Commander.

This mortgage insurance is available to active duty personnel who have been on active duty for more than two years and who have a need for housing.

The law authorizes the Commissioner, Federal Housing Administration, to insure loans on homes purchased by members of the Army, as well as the other military services, up to 95 per cent of the FHA-appraised value of property and not to exceed an insured loan of \$17,100.

Certificates of eligibility will not be given to those servicemen, however, who have been called to active duty for training purposes only.

The mortgage insurance is available for the purchase of a one-family residence, for occupancy by the serviceman as his home. If a serviceman has acquired such mortgage insurance, he may be issued an additional certificate of eligibility only in those instances where, as a result of military orders or situations of an emergency nature, the denial of the certificate would cause hardship, or an inequity to the man.

The period during which the military departments pay the premiums on the insurance commences on the date on which FHA endorses a loan and terminates when the military department notifies FHA that it will no longer be liable. Termination may be due to death, discharge, or separation from active duty (except when reenlisted the next day), termination of ownership of the property, other termination of eligibility of the serviceman or at the request of the serviceman.

Redstone Rockets Set For 2nd Sewart Game

The Redstone Rockets will clash again with a Sewart (Tenn.) Air Force Base eleven on Nov. 6 at Sewart Air Force Base.

The Rockets defeated the Robins Air Force Base team on Oct. 24 in a close one at Macon, Ga. The final score was 18-13.

Redstone set up two of its touchdowns when Paul Cruden, who quarterbacked the entire game, connected twice with passes to Al Thelen. For the third TD, Ken Stuteville went through the Robins line.

Robins got its two TDs on a fumble recovery and a 20-yard pass.

'Project Frost' Set For Nike in Canada

Washington (AFPS)—Nike, the Army's supersonic antiaircraft guided missile, is scheduled to undergo cold weather tests in Canada during January and February 1955.

The tests will be carried out at an artillery range near Ft. Churchill, Canada, by a selected team of Canadian Army personnel trained at Ft. Bliss, Tex., this past summer.

A small number of U. S. Army technicians will be present for the tests. Ft. Churchill is used jointly by U. S. and Canadian Army groups for testing weapons and equipment under extreme Arctic weather conditions.

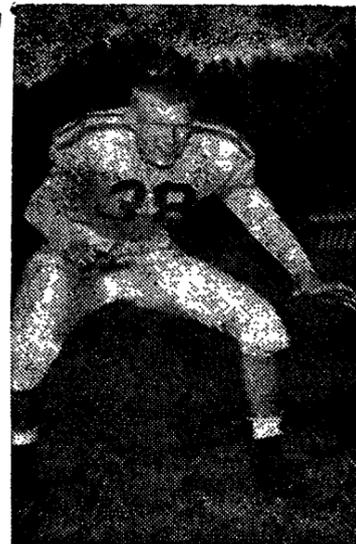

Rocket Society Meet Is Slated On Nov. 4

Field trips and guest speakers will take top priority in the program planning for the Alabama Chapter of the American Rocket Society.

The society will meet Thursday night at 7:30 at the Huntsville High auditorium to discuss activities for the coming year and to see a non-classified film on flight test of various rockets and guided missiles.

Refreshments will be served at the close of the program.

Keep acid foods out of direct contact with the enamel finish of your refrigerator, thus preventing the finish being eaten away.

HE CATCHES — Bob Collins, 190-pound lineman for the Redstone Rockets, specializes in catching passes from Quarterback Jake Bourg. Collins, who is playing on the team for his second year, hails from Aliquippa, Pa.

WORK SIMPLIFICATION—Supervisors spend time in a classroom learning work simplification methods before putting their knowledge to practical use in the shop. The program is used by the Management Office to simplify procedures and to acquaint supervisors of easier methods to get the job done.

OML

ANN RICHARDS

Last week I breezed out to California and relaxed in the Santa Barbara sunshine. In Los Angeles the people were having a terrible time with the smog, but in spite of a little fog, the weather in Santa Barbara was ideal.

At the time of this writing, the Administration and Management Office is in the midst of plans for a Halloween party on Saturday night in the Yarbrough Hotel. There is to be dinner and dancing along with an hour's entertainment.

The Technical Library has another male addition. He is Pvt. Robert League. Sue McBroom is a new member of the GM Branch. Rena Roman has returned to work after being on the sick list for a

week or so. We also received the welcome news that Nell Sharp has a little baby girl. Congratulations, Nell. We hope to have you back with us soon.

Mr. Richard D. McCoy of Ventura, Calif., has joined the Operations Analysis Branch. Cpl. Bobby Cipelle has returned to Texas to get his family. And Ann Wallace has a problem—both boy friends are coming home at the same time in November. How does one solve a problem like that? One suggestion is to switch to some other boy friend about that time.

We were all happy to see Dawn Massini last week. Dawn transferred to T&E after having been with us quite some time.

Mr. Kermit Day attended an Army Industrial Fund school in Toledo, Ohio, last week. Another Auburn fan has joined our ranks. He is Mr. Edmond Sahag of the Administration and management office. Pvt. William Moulcock is a newcomer to the Photo Lab, and Glenn Lancaster and Thomas Daniels have been promoted to PFC.

ROCKET DEVELOPMENT LAB
By Chris Cowley

Among the list of departed people from the lab are (CWO) Harold Pierce, John Powers, Charles Bowman, and Mortimer Lowenfeld. Harold Pierce transferred over to the Guided Missile School. Guess we will be seeing him around. Mortimer Lowenfeld plans were to enter the University of Texas. John Powers hasn't made any plans, but he will probably find something to do around St. Louis. We miss all of these people and wish them the best of luck.

Frank Malecha was on the missing persons list for about two weeks. After he returned to work

we found out that he had been in the hospital and no one knew about it. Glad to see you back with us, Frank.

A warm welcome is extended to the new enlisted men, John Winslow and Carl Eller. John is working in the Exterior Ballistics Section and Carl in the Interior Ballistics Section.

Sarah Mitchell has been in the hospital for the past three weeks, and was supposed to have been released Saturday. Bill Payne is also on the sick list. He was back with us for a few days last week, and was going to enter the hospital about Thursday. Best of luck to both of you, we are looking forward to having you back with us before too long.

Chester Huskins, Carol Bjork, Frank James, Robert Rudolph, Spencer Frary, and John Tate attended the American Chemical Society meeting in Birmingham.

Dr. Hans Walter, Jim Higgins and Dana Milburn were on TDY last week. Dr. Walter attended the Third Symposium on Temperature in Washington, D. C. Jim Higgins traveled to Chicago, Ill., to attend the X-ray Diffraction School. Dana Milburn attended the meeting of the JANAF Panel at Jefferson Proving Ground.

GUIDED MISSILE DEVELOPMENT DIVISION

A sincere welcome is extended to Pvt. Donald C. Watson who is assigned to Safety and Security.

In case the less fortunate individuals who are not privileged to work with SFC Leland are wondering why he is acting rather strange and peculiar lately—there is nothing to be greatly concerned about—he is making like a monkey and walking the floor over the expected heir which is slightly overdue.

Our condolences and get-well

wishes go to Lorraine Connally and Myron Downs. Mr. Wiesmann is still nursing a cold but improving. At least his smiling and cheery countenance greets us each morning even though he does hold his arm as though he is afraid someone will touch him where he has been punctured with various and sundry types of shots. Numerous methods have been explored for better and easier methods of taking medicine.

Congratulations and the best of luck to Katie Mudd and her husband, Carl, Guidance Design, who celebrated their 25th wedding anniversary. Katie had the surprise of her life when she arrived home from work to find that her husband had prepared dinner for some of their friends. She is still walking around on clouds from all the excitement. We wish them many more years of happiness.

Misses Billie Nix and Reita Brown departed for Florida on TDY. Naturally they will be mixing business with pleasure and we sure envy them. Jewell Smart and Janice Smith from Building 351 are the very talented and gracious pinch hitters in Missile Firing Lab.

We are happy that Nell Jones is back after attending the Supers school. She really is a super supervisor now although we thought so before.

Dixie Kelley wins the Medal of the Year. She suggests that we all contribute to an extended vacation for the Operations Office. Sure could use one.

If anyone has any interesting news items it would be appreciated if they would phone 2710 and pass the info along for our readers.

Your Community Chest--

For those who are interested in obtaining more information about the activities of the nine agencies of the Community Chest, the following information has been prepared by the agencies.

The activities of the Central YMCA and the Virginia McCormick Center will be listed in the next issue of The Rocket. More information also will be given on Boy Scout activities in general.

SCOUTING PROGRAM AT REDSTONE PROGRESSES

The Tennessee Valley Council, Boy Scouts of America, is making the Scouting Program available to all boys in Madison County.

In the Wherry Housing Project of the Redstone Arsenal there is in operation, a Cub Scout Pack of boys from 8 through 10 years of age and a Boy Scout Troop of boys from 11 years up.

These units are being sponsored by the Chapel Guild of the Redstone Arsenal Chapel.

Mrs. Gatwood is the Den Mother of the Den, meeting in her home each week with these members:

Curtis Crum, John Sheppard, Robert Heiser, Mike Detchemendy, John W. Diggs, Edward D.

Long, Pat Daugherty, Kenneth Reed, and Millard Gatwood.

Boy Scout Troop No. 234, organized in March, 1954, is participating in almost weekly Troop camping trips; in Madison District Camporee in May, Camp Westmoreland in July and have a functioning Advancement Program with boys regularly advancing in Scouting Ranks. The Adult Leadership is composed of:

Scoutmaster: Major B. H. Keyserling, Explorer Advisor, George Crockett, and Assistant Scoutmasters: Peter Brannan, Robert Easton, and Robert Campbell; Chairman of Troop Committee: Theodore H. Ebbert; and Troop Committee: E.B. Detchemendy, Woodrow W. Crum, Robert Bailey, Archibald E. Dean, and Robert C. Barthle, with these boys:

George D. Clary, Dennis R. McKinzie, John B. Gasper, Charles Keyserling, Pat Rigg, Jon Ebbert, Robert T. Detchemendy, John Pierce, John Wattendorf, Brendon Reed, Sidney Kirk, James Castellow, Stephen Warren, Joseph Davidson, Robert C. Barthle, and Weston Warren.

The opportunity for all these boys and numerous others to benefit from the Boy Scout Program is made possible through continued support of the Madison County Community Chest of which the Tennessee Valley Council is a Red Feather Agency. The money invested by each contributor is returned to these boys through training programs of adults, paying the overhead administrative cost of camps, maintaining a central office for keeping accurate records of boys registered, advancement and tenure, as well as stocking the badges and insignia, so they will be readily available to the Scouts when they have earned the various ranks.

GIRL SCOUTS

The Girl Scout organization, which is a Red Feather agency of the Madison County Community Chest, has made rapid progress the past two years. The membership has grown within the two years from 12 troops with 220 girls to 51 troops with 771 girls now registered.

The Brownie Scouts are girls from 7 through 9 years of age. Their program emphasizes helping those at home, exploring nature, and learning to work and play together.

The Intermediate Scouts are girls from 10 through 14 years of age. Through their own planning they choose various program activities on a young adult level through community exploration and social activities.

Girl Scouting is also citizenship training. The Girl Scout Promise and Laws give young people a code to live by. This code lays stress on getting along with others, accepting responsibility and serving the community.

One of the highlights of the Girl Scout program in Huntsville and Madison County is the camping program. 180 Brownie, Intermediate and Senior Scouts attended the two weeks Day camp on Monte Sano this summer. Approximately 200 girls did troop camping during the year and 100 girls attended the established camp at Trico this summer.

In the community life program the Girl Scouts aid needy families during Thanksgiving and Christmas; fill envelopes with Red Feathers for the Community Chest drive, distribute posters for the cancer drive; help with the nur-

sery during Family Life Conference, make favors for hospital trays and help during the Crippled Children's clinic.

In the International Friendship program, kits are made and sent to underprivileged children in other parts of the world.

TB PATIENT CARE

Community Chest funds represent 51% of the total cost of maintaining 14 beds for the treatment of Madison County TB patients requiring financial aid at the District No. 1 Tuberculosis Sanatorium (Flint) in Decatur.

Due to new developments in the treatment of tuberculosis our dollars this year and in the years to come will purchase much more.

GRACE CENTER

The Grace Center under the sponsorship of the Grace Club, has functioned for over 25 years in its present location on Church Street. It reaches 150 families in this area and offers a variety of projects. An outstanding part of the program is the pre-school kindergarten held every week day morning during the school year and a playground during the summer months. Other important activities are—the Woman's club, Sunday school and church services, Boys club, and Girl Scouts. The Center furnishes the only meeting place in this section for any wholesome recreation and its influence for good has been widely felt. These facilities are available the year round and are used daily by one group or another.

CHURCH STREET CENTER

The Church Street Community Center provides supervised recreational opportunities for the Negro youth of the city and county. The building is used frequently by civic and social clubs, boy and girl Scouts, farm leadership council and houses the DeBerry Library. Negro churches and other organizations use the building for social gatherings.

The Community Center sponsors a Dramatic club, Arts and Craft club, Choral club. A Boy's club was organized during the past year. All programs are under the direction of a trained leader.

CRIPPLED CHILDREN

Twice yearly the Crippled Children's Clinic is held in Huntsville for physically handicapped children of Madison County. We have on record 565 crippled children here in the county. Cases may be referred to the clinic by health, welfare, and education departments or by your local physicians. Your contribution given through the Community Chest makes the following services possible: Treatment, braces, shoes, artificial limbs, hospitalization, convalescent and boarding school care and speech therapy of Madison County children. We have two local classes for spastic and handicapped children. The next crip-

YOUR RED FEATHER—Donations to the Community Chest are used in part to support the activities of the hundreds of Boy Scouts and Cub Scouts in Huntsville and Madison County. Here cubs from the Redstone Arsenal pack are shown working on wood-carving projects. Even the youngest boys make useful items for their parents and friends during den meetings.

pled children's clinic will be held tomorrow and visitors are invited to attend.

UNITED JEWISH APPEAL

Part of the money given to this agency is used at the famous non-sectarian tuberculosis hospital in Denver, Colorado. All patients in this institution are hospitalized without pay for the organization is supported by contributions. Several persons from Madison County have benefitted from the services of this splendid sanatorium. The balance of the allotment is sent for the relief of distressed Jewish people abroad.

VA Expert to Talk On Work Situations

Veterans in this area will be able to hear a regional veterans representative on the subject of Federal employment at the auditorium in the Elks building Nov. 3 at 7 p.m.

He is Frank S. Chalmers of the Atlanta office, an expert on matters pertaining to Federal employment.

Veterans expecting to be released from active duty as well as those in civilian status have been invited to attend the meeting, according to Frank Davis, commander of the local American Legion chapter.

The meeting is being sponsored jointly by the American Legion, the Veterans of Foreign Wars and the Disabled Veterans.

Individuals will have the opportunity to ask questions applicable to their personal cases if they are seeking Federal employ-

ment. Any information Chalmers does not have with him at the time of his speech may be obtained from the proper source which he will be able to refer to.

ure out the rest. Col. Weatherford is a married man. He shoulda known better.

REDSTONE DEPOT BY. LT. COL. T. H. EBBERT

You possibly recall I "never" answer the telephone. Well, it just goes to show one should follow one's convictions. Yesterday I did answer it—a very sweet feminine

voice said "hello". I said "hello, you certainly look good to me." The phone let out a shriek. You know, I never did find out who it was. Now what do you suppose would cause all that fuss? Won't it be "sump'n" when we really can see who we are talking to?

Well, it must be that time of year again. I notice Major Sheppard (doctor to you) is happy and contented as usual. Army doctors, after looking us old foggies over at the annual physical, probably discover their own troubles are really minor after all. (We get a chance to look at the doctor, too, you know). What I am trying to say is that having Major Sheppard as our surgeon makes for a pleasant association. He and Mrs. Sheppard are "real people" and I, for one, am glad they are here.

Dave Stephenson is busy "fondling" those machine tools (monstrosities, I call them). Only a mother could love children as thickly covered with preservative as those things are. I might say Dave is an outstanding branch chief, and I do mean outstanding. He can give a talk on storage that would make you think you had just bought a new Cadillac, paid for it and still had money in the bank. Say, that's quite a statement; I think I'll go back and read it again myself.

Irmagene Smith never did get her blood pressure up enough to write that article. You new readers will just have to find out from the old ones what I mean. She almost made a contribution today, then looked sorta startled and said, "Oh no, I couldn't say that;

I'd get an awful ribbing." "Mamma" Holden is with us again—looking thinner. She got that package unwrapped (a boy you may recall) then wrapped it again. Don't they wrap boys in pink or is it blue? How should I know, I've never been a girl. Col. Weatherford dropped in and "wrapped up" the whole subject; Mamma Holden: Col. Weatherford, don't I look slim now? C. W.: Well, there is a difference. M. H.: How much do you think I weigh? C. W.: Oh, about a hundred seventy five. Action. Lights! You fig-

Reeds Entertained At Informal Parties

A series of informal parties and small dinners were held in honor of Lt. Col. and Mrs. Prentiss B. Reed, Jr., before they left Redstone Arsenal for Col. Reed's new post at Frankford Arsenal, Philadelphia.

The colonel has just returned from an 18-month tour in the Far East. Mrs. Reed remained at Redstone with her daughter, Susan, while he served overseas.

Among the party-givers were Mr. and Mrs. George Potts who entertained at a cocktail party for the Reeds and about 20 friends.

Others who entertained the family at small dinners and informal get-togethers included Mr. and Mrs. Otto P. Kohler, Mrs. Benjamin D. Beach, Mr. and Mrs. Louis Grabensteder, Lt. Col. and Mrs. Edward Weatherford, Maj. and Mrs. Robert Merchant.

Couples Bridge High Scored by Mrs. Elias

Col. and Mrs. M. L. DeGuire were host and hostess for the Couples Bridge and Canasta party held at the Officers' Open Mess at 7 p.m., Oct. 25.

High-scoring prizes were given to Mrs. Paul Elias and Maj. B. H. Keyserling. Second high was won

Garden Club Meets To Make Wreaths

The first meeting of the Redstone Garden Club to make Christmas wreaths was held at the Greenhouse on October 18.

The wreaths will be made of pine and cedar.

This project, under the direction of Mrs. Jack Horner, furnishes an excellent opportunity to learn flower arrangements, and color harmonization, as well as the making of wreaths.

Marion of Marion's Flower's, visited the club and assisted with the project. She will work with the ladies of the club until Christmas.

The members plan to make one wreath for themselves and one wreath to sell. Anyone interested in either joining the Garden Club or buying a wreath please contact Mrs. Horner, Telephone No. 1424-R.

The club meets every third Tuesday of each month at 9:30 a.m. in the home of one of the members, however, the next wreath project meetings will be held at the Greenhouse on Redstone Arsenal next Thursday, November 4, at 7 p.m.

by Mrs. M. L. DeGuire and Lt. G. M. Elrod, Jr., with low-score prizes going to Mrs. R. L. Frost and Capt. M. W. Sweat.

Canasta high-score prize went to Mrs. Frederick Sayers and low-score prize was given to Maj. A. J. Hogan.

Mr. and Mrs. Jim Fagan will be host and hostess for the next meeting which will be held at 7 p. m. on Nov. 8 at the Officers' Open Mess.

Surprise Shower Given Mrs. Long

A coffee and surprise shower were given for Mrs. Edward Long at the home of Mrs. Harry P. Shoenman, Jr., on Friday, Oct. 22. Mrs. John J. Wattendorf was co-hostess.

An umbrella, covered with pink and blue crepe paper, with baby dolls hanging from the spokes, served to hide the gifts.

The table was covered with a white cutwork cloth. A bowl of blue, pink and white carnations was used as a centerpiece to carry out the color theme.

Mrs. James C. Black, dressed in the costume of a seeress, predicted the fortunes of the 24 guests in attendance.

Mrs. Long was presented a corsage of blue, pink and white carnations as well as gifts to include in a layette.

GUESTS OF PINKHAMS—Mrs. Fred Pickens, Mrs. Larry Leonard and Mrs. Mildred Gardner (left to right) visited Maj. and Mrs. Arthur Pinkham last week. This was their first trip to Alabama. The ladies described the scenery around Huntsville in one word, "Beautiful."
(Photo by Major Pinkham)

Textile Stencils Will Be Studied by Club

Next Thursday, Oct. 28, at the Officers Open Mess, at 1 p.m. the ladies of the Handicraft Club will start the first class in stencil textile painting under the direction of Mrs. M. L. DeGuire.

Mrs. DeGuire, who has had quite a bit of experience in this art, will direct the members of this class in stencilling various designs on different types of materials.

The Handicraft Club meets every second and fourth Thursday of each month. Anyone desiring to become a member of this club may call Mrs. DeGuire, Extension 2956.

Another project handled by the Handicraft Club is the making of Christmas stockings for the Special Services organization on Redstone Arsenal. These stockings are given away on Christmas morning by Santa Claus at the arsenal theatre where a Christmas party is held for the children of the military personnel stationed on Redstone Arsenal. Anyone attending the Handicraft Club who doesn't care to paint may bring their needle and thread and sew on these stockings.

Missouri Ladies Visit Pinkhams

Maj. and Mrs. Arthur E. Pinkham entertained three house guests during the past week.

They are Mrs. Fred Pickens, Mrs. Larry Leonard and Mrs. Mildred Gardner, all of Neosho, Mo.

On Monday, Mrs. Ullman Reed honored them with a coffee at her home on Woodmont in Huntsville. Mrs. Reed also included her daughter-in-law, Mrs. Elwyn Reed of Birmingham, among the honorees. Twelve guests shared the coffee.

Capt and Mrs. Joseph Hinesley entertained the Pinkhams and their guests at dinner at the Officers Open Mess on Wednesday night.

Also on Wednesday, Mrs. Pinkham served luncheon to about eight guests to introduce Mrs. Pickens, Mrs. Leonard and Mrs. Gardner.

They arrived in Huntsville on Saturday, Oct. 23 by automobile and plan to go from Huntsville to New Orleans for a short stay before returning to Neosho.

Kindergarten Gives Mothers Surprise

A surprise Halloween Party for the mothers of the children attending the Post Kindergarten was given at 10 a.m. on Friday, Oct. 29.

The children and their teacher, Mrs. T. H. Ebbert, welcomed a new member to the class, Chic Schloss, son of 1st Lt. and Mrs. Charles M. Schloss, Jr.

Cookies and soft drinks were served to the guests and members of the class.

OML Headquarters Has H'ween Party

All OML headquarters personnel enjoyed a Halloween dine and dance party on Saturday, October 30. The affair was held at the Yarbrough Hotel.

The guests arrived about 7:30 p.m. and enjoyed a chicken dinner, followed by dancing.

Jack Nelson acted as Master of Ceremonies for the gala occasion.

Corporal McCabe Is 'Soldier of Month'

Corp. Douglas J. McCabe has been selected as Soldier of the Month at Headquarters and Headquarters Detachment, 9352 TU, for the month of October.

Corporal McCabe attended Seminole High School and Seminole Junior College in his hometown, Seminole, Okla. After junior college, he attended East Central State College in Ada, Okla., where he received his BS degree in Business Administration. Prior to entering the service he worked as a bookkeeper for a pipe and supply company in his hometown.

He entered the service in December, 1952. After basic training at Aberdeen Proving Grounds, he was sent to Redstone for instruction with the First Enlisted Training Detachment as a Guided Missile External Components Re-

pairman. He is presently assigned to the Corporal Doppler Maintenance Section.

Upon completion of his military career, Corporal McCabe intends to work as an accountant with an aircraft company.

OUR FIFTY-SECOND YEAR

AUTUMN RECREATION—Pretty Pat Elledge of OML hiked out to a backyard swing to illustrate one way to spend an out-of-doors afternoon. Photographers like their pin-ups in bathing suits, but Pat found the weather just a little too chilly. (Photo by Dee Bauer)

Tuesday again—these weeks are rolling around too fast for me—speaking in terms of work to be done of course—nevertheless, this column will be written, so best I take pen in hand and accomplish same.

Let's see, what happened here during the past week? A couple of cars turned back to finance companies (I'm anxiously awaiting the passage of a public law that would declare all automobile finance agencies—and their (in) human components to be legal game—the country would be swarming with jubilant hunters); a Troop Command Officers' get-together at the Annex (good time was had by all); and a fine company party ala Detachment "A", for which said organization is to be sincerely commended and thanked, on behalf of all who were there to enjoy it. The party was centered at the NCO Club and everyone seemed to enjoy themselves liberally—or maybe I should say immensely.

Lt. T. G. Lindsey is the owner of the shining new "sardine colored automobile" seen gliding around the Troop Command area of late. Your chances of staying single with a car like that are pretty poor, Tommy.

Our physical fitness tests proved that our cooks are in better shape than anyone else, how about that? M/Sgt. Vernon (Give-me-25 Miller really keeps those boys in shape over there—now we have to find out what kind of shape Sgt. Miller is in.

Redstone tackles Fort Benning this weekend. It should be a whirl of a game, so let's have a good turnout. The coaches and players out in a lot of overtime on this team, so how about backing them up?

Let's see, Hq & Hq Detachment came through with an article, along with Detachment "B", but no word from Detachment "A" this week.

HQ & HQ DETACHMENT
By Charlie S. Rogers

Congratulations are in order for Pvt. Bobby J. Ward, who left Redstone a single man and returned married, and a PFC to boot. Bob and his lovely wife, Nellie, enjoyed a honeymoon in the Smoky Mountains. Best of luck to the newlyweds.

Who said that miracles don't happen in this day and age? Through the grapevine it was learned that the legal eagle of Redstone, Pete Rado, was promoted to PFC. Where are the cigars, Pete? Keep plugging, boy, and who knows? Some day you may catch up with your buddy, Richard Ragazzo.

Beware to the women of Huntsville! Richard (Don Juan) Castillo has hit Alabama. Pvt. Castillo reported in last week from Fort Dix, N. J. In a personal interview he told me some of his past experiences, so I'm forwarding the information to all concerned. Watch out, girls, don't lose your heart to this young lover.

The following eight-balls finally shaped up and made the grade of Pfc.: John Champion, Peter Heller, Ernest Kemnits, Kenneth Layne, Frank Manuel, Neil Nielson, Judson Novins, Joseph Perrotte, Peter Rado, Gerald Rath, Charlie Rogers, Richard Ruemenapp, Kenneth Stuteville, Ralph Taylor, John Tobias, Melvin Wood and Bobby Ward. Congratulations, y'all.

DETACHMENT "B"
By Bill Pulver

With the coming of cool weather and the end of the physical training formation, the morale of the men seems much higher. I don't know why, though, because after that P. T. Test most of the men I talked with just wanted to roll over and die. Keep up the good work men—this test is only supposed to happen about every twelve weeks.

The men of Det "B" are to be commended for their charitable spirit in coming to the aid of a fellow soldier in a time of need. Sergeant Brooks wishes to say thanks to one and all for their help to him and his family at this time of distress.

Just received a hot flash. We have two new Pfc's by virtue of two allocations received. Congrats to Joe Benoit and Marion Pearce. They tell me Joe has been waiting around 12 months for this stripe. Glad to hear you made it Joe. Hope you get the next one quicker!

While on the subject of flashes, I understand our Det Flash—Ace Collins—after neatly unloading a certain Buick and buying a shiny

Ford, messed up the front end the very first morning he drove to work. (What did Lee have to say, Rip?). No one was hurt but that Chrysler and Ford will never be the same. Rip tells me he just doesn't understand it, but he thinks the other fellow must have backed up and hit him—a likely story. Rip probably was day dreaming about the big football game and was just crashing into an opposing linesman.

Speaking of football players, I am told that the great quarterback of Det "B"—Roy Graham—is laid up in the hospital. Sorry to hear that, Roy. We wish you a speedy recovery. The same wish is also extended to John Baur, Charles Fink, and Walter Wenger. From the looks of cripples limping around lately, those Sewart boys must have been rougher than the score indicated.

While on the subject of the Sewart football game, I want to congratulate the band and drill platoon on their fine showing out there. Realizing that it was rather chilly and both units were operating with a manpower shortage, I think they both made a fine showing. Keep up the good work, men. It sure added color to the game.

A big hand for our grievance committee! We are now the only Det with shower curtains. Come on, men, let's get rid of K. P. and y'all will be the next governing body of the U. S. The committee is now operating under a great handicap. Their most stalwart member has gone hunting out in the wild expanses of Utah. Good luck, on your hunting, John Tibma, and since you took Kofford with you as your able guide, treat him well and give him a little raw meat to keep his instincts sharp.

M/Sgt. Young has departed for Germany on a fifty day reenlistment leave. Replacing Sgt. Young as 1st Platoon Sgt. will be M/Sgt. Cato, and a very able man he seems to be—Good luck, men of the 1st Platoon with your new leader. You boys up there are sure hard on Platoon Sgts.; that is about the sixth one in as many months.

Welcome to the following new

men in our unit: Sfc. Bowar, Sfc. LeFreniere, Sfc. Dovlin, Sgt. Miller and Sgt. Redd. Sergeant Miller and Redd come to us from Hq & Hq Det—Hope you find things just as good if not better in this unit; glad to have all of you with us. Oh yes, Sfc. Bowar reported in from Camp Chaffee, and immediately went on leave to pick up his wife and six children. (That boy hasn't been fooling his life away).

Patrick AFB has some more of our men on TDY. I'm sure that Pfc. Paul, Cpl. Moser and Pfc. Wingham are among the most envied men in the Det right now. Have fun while you can, men. Some day you will return to the hardships of good old RSA. It seems that not all is rosy for the TDY boys; anyway in the case of Pvt. Marks, it would seem to be so. He no sooner gets back from a trip and he is processed for overseas shipment. Good luck, on your new assignment, Marks.

After the gubernatorial election of 1894 Kolb supporters threatened to march on Montgomery, seize control of the government and put Kolb in the governor's office. Nothing so violent happened, however.

Promotions Made In 9330th, 803rd

A new promotion list has been published for the men in the 9330th Technical Service Unit and the 803rd Military Police Company.

Clayton F. Hooper was made sergeant first class in the headquarters and headquarters detachment of the 9330th.

James G. Haire in the same outfit is now a sergeant. Bobby J. Cipelle of Detachment "A" and Donald Koppel of Detachment "B" also were made sergeants.

New corporals include Richard A. Barone, Marvin L. Florence and Robert E. Russell in Headquarters and Headquarters.

In Detachment "A", Richard A. Armstrong, Bobby P. Gore, Edward J. Leonelli, Ross D. Marshall, Asa D. Otis, and Glenn R. Farvin became corporals.

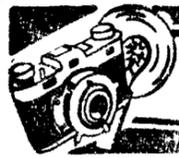

Detachment "B" promotions to

THANKS, REDSTONE ARSENAL

Notice of Appreciation: SFC V. E. Brooks and family wish to express our sincere and heartfelt appreciation to each and every person who so unselfishly assisted us in our time of need. As a result of your contributions, both financial, and material, we were able to find a place to live and replace many articles of clothing and furniture which were totally destroyed by fire on Oct. 15. We shall always remember how the people of Redstone Arsenal and Huntsville helped us when we needed it most.

corporal include Robert W. Allen, Charles L. Floyd, George Gleim, Jr., Nicholas J. Mangus, Richard O. Morris, and William H. Nolte.

In the 803rd MP Company, Billy W. Crowe, Richard M. Hector, Albin Jacobs and James J. Smith were promoted to corporal.

Community Chest

Continued from page one
 was increased 200 per cent. The total contribution for all counties was \$1604.58, an average contribution of \$7.47.
 Contributions to the Madison County Red Cross were increased from \$473 in 1953 to \$592 this year. This corresponds to an increase of 25 per cent.
 Tally by divisions at press time last Thursday stood as follows for the arsenal: NPD, \$480.00 (\$114 from plate lunches); Mission Planning, \$71.00; Contr. Administ. and Credit Union, \$35.00; Ammunition Division, \$279.00; Field Service, \$208.35; Safety, \$24.00; PIO, \$15.00; Civilian Personnel, \$82.00; Post Engineer, \$650.00; Medic Division, \$20.45; Signal Office (No report); Property Disposal (No report); Adjutant, \$93.00; Comptroller, \$160.00; Troop Command, (No report); Finance Division, \$48.25; OGMS, (not complete) \$175.00; Redstone Depot, \$75.00; Consolidated Supply, \$210.70; Army Inspec. of Ordnance, \$104.50; Legal Office, \$9.00; Transportation, \$205.95; Ammunition Surv., \$25.00; Provost Marshal, \$65.00.

Ideas of Military Civilians Aid Army

Washington (AFPS) — The Army saved more than \$15 million during the past fiscal year as a result of money-conserving ideas thought up during that period by military personnel and Army civilian employees.
 Officials of the Army Employe Suggestion Program said this was the greatest saving achieved through utilization of brand new employe suggestions since the days of WWII.
 According to the Department of the Army, civilian employees and military personnel contributed 13,200 acceptable suggestions during Fiscal Year 1954 for improving efficiency and cutting corners on duplication and waste. On the average, each suggestion proved to be worth approximately \$1,136 to the Army during the initial 12 months in use.
 Of the new ideas which were practicable, civilian workers dropped 10,744 into the box for an estimated first-year saving of \$9,958,000. Military personnel came up with 2,456 good ideas. The latter are credited with saving \$5,217,000.

BRIDGE CLUB MEETS NOV. 4

The Ladies Bridge - Canasta Luncheon will be held on Nov. 4 at the Officers' Open Mess. The meeting will begin at 10 a.m. and last until 2 p.m. with time out for lunch.
 It is requested that anyone interested in attending this luncheon please contact Mrs. M. L. DeGuire, Extension 2956.

SPORTS ROUNDUP

By JOE CELENTANO, JOI, USN (AFPS Sports Writer)

Willie Mays, who wears number 24 on his uniform, will be 24 on his next birthday and is the first Giant player to win the National batting title in 24 years . . .

Gene Conley of the Milwaukee Braves plays pro basketball with the Boston Celtics this season. He should be great on rebounds — all 6' 8" of him . . . Bill Niemantswerdriest, a Colorado A&M freshman, may have the longest name in football. His team mates have solved the problem—they call him "Niemy" . . . Look for a tie score in the traditional Army-Navy battle on Nov. 27.

SERVICE HIGHLIGHTS
 The Amateur Fencers League of America has ranked Navy seaman Sewall Shurtz of Hickam AFB, T. H., top man in the epee division for the 1954-55 fencing season . . . Sampson AFB, N. Y., lost a squeaker, 51-49, to the professional Rochester Royals in an exhibition basketball game . . . The Special Services Officer, U. S. Army, Alaska, reports that from January through mid-September, 360,202 athletes participated in intra-mural sports. A mighty fine showing! . . . Ft. Bliss, Tex., copped the Fourth Army softball crown by defeating Brooke Army Medical Center, Tex.

7,200 Rockets — 15,000 Readers

Lecture Subject Set By Dr. Haeussermann

Dr. Walter Haeussermann, Chief of the Guidance and Control Laboratory, GMDD, will be the speaker at the eleventh Technical Orientation Seminar to be held at 9 a.m. on Friday, Nov. 5, in Rocket Auditorium.
 The subject of the lecture will be "Control Design and Development Problems of Missiles."
 The talk will cover such items as the possibilities for control of a missile with respect to altitude

control, minimum drift, and flight path corrections, the adaption of a control system to the variation of aerodynamic factors during flight, the feasibility and reliability viewpoints for the design of a control system, and the development of a control system by means of simulated flight conditions.
 Dr. Haeussermann was educated at the technical universities at Stuttgart and Darmstadt. From 1937-39 he was an assistant professor at the Institute of Electrical Machinery, Darmstadt. In December of 1939 he began work at Peenemunde. From there in 1942 he went to the University of

Kaiser to Represent Redstone in Contest

Pfc. Raymon Kaiser will represent Redstone in the Third Army Dormstadt where he was technical consultant and assistant professor in the Department of Applied Physics. He came to the United States in 1947.
 The classification level of the lecture Friday will be "confidential." A lecture clearance card, properly filled out and signed by a deputy security officer, will be required for admission to Rocket Auditorium.

All-Army Singing Contest tentatively scheduled for next month. Kaiser won the contest with his vocalization of Chanson Etique by Ravel, and The Roving Gambler by Niles. Joe Morrow accompanied him at the piano.
 A graduate of Westminster Choir College at Princeton, N. J., Kaiser studied under Herbert Pate, Walter Johns and John Sibley Williamson. Williamson specialized particularly in choir work.
 Kaiser received his bachelor's degree in voice. He came to Redstone Arsenal in January, 1954, and is now working as a chaplain's assistant. Morrow is also a chaplain's assistant.
