

JUST A LITTLE—After a bit of hard work, several Redstone Arsenal office workers were able to scrape up enough snow for snowballs after the light fall last Wednesday. Throwing the already-melting balls are (left to right) Mary Johnston, Ellie Maccomb and Clara Warren.

Credit Union Holds Its Annual Meeting

At the annual meeting of the Redstone Arsenal Credit Union, January 17, the members voted a four and one-half per cent dividend for themselves and selected members to fill vacancies on the board of directors, the supervisory committee and the credit committee.

At the board meeting last Wednesday, James P. Lutz was elected president of the credit union. Other officers selected were Cecil Jackson, vice president, Lawrence Craig, treasurer, and Stuart Jones clerk.

Principle speaker at the annual meeting was Louis Brabenster, civilian executive, the personal representative of Brig. Gen. H. N. Toftoy, arsenal commander.

Brabenster said that both he and General Toftoy have noticed the steady increase in both membership and in volume of credit offered to the regularly employed people as members of the credit union.

He pointed out that managing government is hard enough, but that managing other peoples money with their eyes on you is a great deal worse, and that the credit union officials have managed to do this job with a very creditable record.

Brabenster also said that the service of the credit union is vital to the employes of the arsenal. It offers more than personal relations, more than human relations for it provides the employes with a sense of security in that this employes organization will back them up and save them from suffering unnecessarily during a period of financial pressure.

Supervisory board members elected to serve two year terms are Dr. D. D. Duncan, Mrs. Ophelia Mitcham, Lawrence Craig, and Mike Foster. The two vacancies on the credit committee were unanimously filled by the men whose terms had expired. They are Abner McNaron and Winbern Sisco. Supervisory committee members selected were Lawrence Cooper, Andrea Chiles and Gus Brown.

President Lutz said that he expects the credit union to continue operations on the same sound basis that they have in the past.

Lutz is the chief of the Army Industrial Fund office under the arsenal comptroller.

Previously, he was the chief of the Budget and Fiscal Office.

He is a charter member of the credit union and has served several terms on the board of directors. Last year he was the vice president.

INTERESTED IN BASEBALL?

Military personnel interested in trying out for the Post Baseball Team are requested to contact Sergeant McNamara, Special Services, Bldg. T-161, telephone 2501.

Redstone Institute Slates Registration

Registration for classes to be held during the Spring Semester in the Graduate Institute began on Monday, Jan. 24 and will continue through this week.

A tenth course has been added to the nine which were advertised in the published schedules and last week's Rocket. This is the course "Introduction to Rocket Engineering I" (description of course on page 36 of the Institute Bulletin).

It will be taught by Mr. D. H. Shenk, phone 3426. Registration for this course will be at 9 a.m. Thursday Jan. 27. The course is to be held in the evenings at a time to be determined at this first meeting. Tentatively, the time has been set at 7 p.m. on Thursdays.

All registration meetings (except those indicated) are being held in the Graduate Institute office, Bldg. A-132, and are scheduled for the following times:

Aerodynamics of a Compressible Fluid I, 1 p.m., 24 Jan.; Advanced Calculus, 1 p.m., 25 Jan.; Intermediate Differential Equations, 1 p.m., 25 Jan.; Intermediate General Mathematics I, 1 p.m., 25 Jan.; Introduction to Mathematical Statistics, 9 a.m., 26 Jan.; Introduction to Rocket Engineer I, 9 a.m., 27 Jan.; Mechanics of Materials, 1 p.m., 26 Jan.; Advanced Survey of Organic Chemistry II (Thio-kol), 4:30 p.m., 26 Jan.; Machine Computations II, (Bldg. 491), 2:30 p.m., 8 Feb.; Servomechanisms II, (Bldg. 111) 4:30 p.m., 8 Feb.

Any questions regarding registration should be directed to the Institute office, phone 2942

MARCH OF DIMES DRIVE IS LAGGING

Colonel Ruemmele Issues New Appeal

We're not even close to last year's goal in the March of Dimes at Redstone Arsenal, according to Lt. Col. Albert A. Ruemmele and his co-chairmen, Will Lewis and Hans H. Maus.

In the regular march last year, \$6500 was collected for the National Foundation for Infantile Paralysis in their search for a polio control.

Later, in the Emergency march, \$5700 was sent to the Foundation from the arsenal for support of research in this field.

Col. Ruemmele pointed out that there is no goal on polio funds. The life that is saved, however, through research and patient aid in this field, may be that of one of your family or your next door neighbor.

In the sixteen years since the Foundation was established, more than \$200,000,000 has gone into direct financial aid for patients.

This is quite a chunk of money considered all at once, but it is distributed in almost every community in which polio strikes and that covers a lot of territory.

Some of the things being done at Redstone Arsenal to help keep this work going are a Miss Industrial Division contest, in which girls from various units in the division are chosen to represent the unit. Their votes are counted in the amount collected from people working there.

Two other projects in the division also helped to swell the fund. The Technical Services Branch donated and sold coffee and slaw dogs for lunch. They also plan a confectionery sale with cakes, pies, candy and cookies donated by the girls who made them. The men in the outfit donated money for the coffee and then, instead of the regular five cent price, they boosted it to a dime in order to swell the coffers for the March of Dimes.

Other unit and division representatives on the arsenal are also pushing unique plans in order to make the March of Dimes drive a success at Redstone.

Cpl. Doyle Rogers Named MP of Year

Pfc. Doyle L. Rogers received a promotion to corporal and a plaque as a reward for his outstanding work on the military police force. He was chosen the MP of 1954.

Cpl. Rogers was made MP of the month in April and again in August.

Meantime, in addition to being a military policeman, he has been loaned to the Special Services office to work as a lifeguard at the swimming pool, and he played halfback on the Redstone Rocket football team.

Rogers is a native of Texas and has played baseball, football and basketball in his home town of Bay City.

He's also been a member of the Bay City Aquatic Club and the

Higgins Cites Duties Of Redstone Arsenal

Army Activities Within Alabama Noted In Speech

HON. F. H. HIGGINS

What he termed "the Army in Alabama today" was discussed by the Hon. Frank H. Higgins, assistant secretary of the Army for logistics, research and development, in a speech before the Alabama Press Association last Friday night in Huntsville.

Pointing out that the Army has seven installations in this state, Mr. Higgins said that the more than 13,000 civil service personnel and more than 9,100 military personnel of these installations receive a total of about 85 million dollars a year.

The combined area of these installations, he said, would be more than 170 thousand acres, with a real property cost of more than 291 million dollars.

He listed the installations (Redstone Arsenal, Fort McClellan, Camp Rucker, Anniston Ordnance Depot, Theodore Ammunition Loading Terminal, Alabama Ordnance Works, and Phosphate Development Works) before saying a few words on the mission of each.

In regard to Redstone, he pointed out that "this arsenal is responsible for research, development and procurement in the field of guided missiles and rockets for the Army—a highly important installation!"

He also explained the function of the Ordnance Guided Missile School here, and went over briefly the duties of the Ammunition Division.

Mr. Higgins and his party visited Redstone Friday afternoon prior to addressing the press association.

Earlier Friday, General Toftoy spoke to the press group on the research and development work being carried out at Redstone. He cited, also, the cooperation extended to the arsenal by the people of this area and by the newspapers.

In his closing remarks General Toftoy said he'd "heard it said we are now in era where science-fiction is hard pressed to keep up with fact—I've been in this business since its inception, and I'll go along with this. . . We have made great progress and I look to the future with great anticipation, for guided missiles as such are still in their infancy."

Georgia Tech Alumni To Hear Bobby Dodd

Bobby Dodd, the head football coach at Georgia Tech, will be the guest speaker at the local chapter of the Georgia Tech Alumni Association meeting at the Country Club, Feb. 15, it was announced by Gregory S. Moshkoff, president-elect of the local chapter.

In addition, a film, "Highlights of the Current Football Season," will be shown. Coach Dodd is expected to bring two members of this year's Tech team with him.

The Georgia Tech Alumni are planning a dinner meeting and also plan to include wives of the members.

Committees appointed for the year by Mr. Moshkoff are: Planning—Pres. Moshkoff, Carl Jones, Hugh Camp, and Herman Libbe. Reception—C. W. Smith, R. M. Orr, Col. James P. Snooks, Jr., El Sparkman and Fred Marton.

Members—Steve Johnston, James L. Cheille, W. D. Fisher, John H. Kastanakis, David H. Newby, Bert Stumberg, Jr., and John R. Cook.

Education—G. W. Wilde, Carl Jones and David H. Newby. Publicity—Maj. Ben H. Keyserling, Paschal E. Riddig, Monte Korbe, James T. Powell and James H. Whitfield. Meetings—John H. Heger, Joseph W. R. and W. W. Varnedoe, Jr.

Georgia Tech Alumni who are not on the present mailing list are invited to write Carl L. Jones, secretary, Box 295, Huntsville. Jones said, "We're anxious to include all alumni in the area—both military and civilian."

GENERAL HICKMAN VISITS—Brig. Gen. George W. Hickman, assistant judge advocate general for civil law, visited Redstone last week to get a first hand picture of the legal and procurement activities of the arsenal. Discussing the arsenal work are (left to right) William Sayre, General Toftoy, General Hickman and James Cleary.

The Redstone Rocket

The Redstone Rocket is a civilian employe newspaper published every Tuesday in the interests of Redstone Arsenal personnel. It is published by special agreement between Jack W. Hoffhaus, Huntsville, Ala., printer, and the Civilian Welfare Council, Redstone Arsenal, Huntsville, Alabama.

The Rocket is NOT an official or semi-official Army or Ordnance Corps publication. Policies and statements reflected in the news and editorial columns represent the views of the individual writers and under no circumstances are they to be construed as those of the Department of the Army.

All editorial material for publication must be submitted to the Public Information Section, Bldg. A-101, Tel. 2212 or 2704.

All advertising and ad payments are handled by Mrs. Zillah Newsome, 308 E. Holmes, Huntsville, Ala., Tel. JE-4-4701, as representative for Jack W. Hoffhaus. Appearance of advertisements of products or services in The Rocket does not constitute an endorsement by the Department of the Army.

The Redstone Rocket is distributed free of cost to personnel at Redstone Arsenal. Mailing rates for The Rocket are \$3 a year, or \$1.75 for six months. Mailing arrangements must be made with Jack W. Hoffhaus.

WASHINGTON ON DEFENSE

"To be prepared for war is one of the most effectual means of preserving peace," said George Washington in his first annual address to both houses of Congress in 1790.

His views on strong peacetime defense were also revealed earlier at the Constitutional Convention when a delegate moved that "the standing army be restricted to 5000 men at any one time."

Washington, presiding at the convention, was unable to take part in debate. Instead, he whispered to another delegate:

"Amend the motion to provide also that no foreign enemy shall invade the U. S. at any one time with more than 3000 troops." (AFPS)

MP OF 1954—Doyle Rogers became a corporal and received a plaque from Brig. Gen. H. N. Toftoy, arsenal commander, (left), during a brief ceremony in which Gen. Toftoy commended Cpl. Rogers for his proficiency as a good soldier. At right is Capt. Milton W. Sweat, commanding officer of the 803rd Military Police Co.

Lt. Gerst Receives Commenda'n Ribbon

First Lt. Paul H. Gerst, who was assigned to Redstone in December, 1954, was presented a Commendation Ribbon with Metal Pendant on Jan. 14, by General Toftoy for meritorious service while serving with the 65th Regi-

ment, 3rd Division in Korea during the period Sept. 5, 1953 to July 27, 1954.

According to the citation, Lt. Gerst, serving as Medical Officer, performed his duties in a superior manner. Possessing a high degree of professional skill, he rendered invaluable medical treatment to the regiment, and served in a large measure in maintaining the morale and well-being of all. Through his professional supervision of environmental sanitation control, Lt. Gerst contributed greatly to the reduction of hemorrhagic fever problems and considerably lessened the danger of an outbreak of any communicable disease. His patience in dealing with the most trying problems, his devotedness in administering treatment to those in need distinguished him and exemplified the highest tradition of the Medical Corps.

The son of Dr. David Gerst of New York, Lt. Gerst graduated from Columbia University in 1943 with a A. B. degree and received his M. D. degree in 1952 from Columbia.

FABRICATION LABORATORY

BY CAROLYN E. NOLTE

Everyone is very glad to see Gene Davis back after he was out with that bad throat. We hope it's all well now.

We hear that Jimmy Marchant was painting the walls of his house. He has now decided to paint the floor also, since he kicked over a gallon of paint on it.

Awfully glad to see John Sapp back after he was gone almost two weeks. John was in Bryan, Texas where his mother is very sick at St. Josephs Hospital. We're all hoping that she will be okay, so John will not have to go back, but he is doubtful.

The Electrical Shop got a new coffee pot lately. They decided that the one they had wasn't large enough.

The Tail Section in 411 was sorry to lose Charles McDonald, who is now working in 412 as a Production Specialist.

We hear that wedding bells will soon ring for Harvey Tipton and his lucky girl. Lots of luck, kids.

The Welding Shop in 411 has adopted a new slogan. It runs thus: "The difficult, we do immediately. The impossible takes a little longer."

Well, it's time for Joe Broome to buy a new car. Everyone thinks it is going to be a Nash this time.

Sorry to see that Steve Little has been sick. We sure do miss him, and hope to see him back to work soon.

Tool Engineering in Building 412 is trying to form its own Navy. Almost everyone in there has either a boat or motor, and in most instances, both.

Glad to see J. D. Smith back after being out ill.

A certain tool engineer would like to know from a certain corporal in Building 405 how the corporal can park a Packard and drive a Cadillac. The engineer doesn't think the Army pays that much.

Everyone is wondering what Mrs. William Clark will say when her boy goes to Florida with Johnny Argo. Don't have any idea what Mrs. Argo's comment will be either.

Would like to announce that Mr. Walt Mattern has gotten back from his last trip to Detroit safe and sound. Says his new grandson is a doll.

We're all glad that Melvin D. Bowman's father-in-law is much better, so Bowman can return to work.

Cecil Spence is back after going up to Dalton, Georgia to get his car back, after his accident with the horse. We're wondering if he sued the horse.

Robert L. Wright is moving into their new house in Colonial Hills. Anyone wishing to help him move is invited. He commented that he needed strong backs and weak minds.

Everyone's glad to see John Lake and Jimmy Cotren back from White Sands where they have been on TDY.

We're very proud of a few of our Fab Lab men who were elected to offices in the Disabled American Veterans. They were: Thomas Barksdale, treasurer, Robert Cox, chaplain and Buford Stidger, Sgt.-at-arms.

Glad to see Sam Coke back after his car wreck.

Since I've been at Redstone I've noticed in the Rocket the "Salute to Secretaries" and have thought to myself, that along with saluting good and thoughtful secretaries we should also salute swell bosses. Well, in my opinion A. D. Hargrove and I have the smallest and sweetest boss on the arsenal. Her name is Joy Simpson Booth, and she has married a good-looking Yankee, and we're to lose her soon. We've hoped all along that she and Doug would change their minds and stay with us, but last Monday she turned in her resignation, so we are doomed. Joy is just about an even five feet, and has blue eyes, dark blonde hair, and a most charming smile. I've never known her to be so blue and disappointed and believe me, in her job she's had a lot of it! That she couldn't laugh with us. No one will ever be able to fill Joy's vacancy in many ways, when she leaves us to go up North, but we have the consolation that she will be back here in Huntsville to visit her folks. Fab Lab salutes you, Joy, for being a fine and wholesome person—and a wonderful boss. We'll miss her, but hope we'll be seeing a lot of her yet.

Everyone is about settled in 412 now. The painting of the older section of the building is about completed and everyone is moving into their "new" offices. We are all thrilled about the extra space. We do want everyone to

WARMING UP—Mrs. Arthur (Tweak) Harvey and Pvt. Benjamin Svrjcek practice for their act in the March of Dimes Variety Show scheduled at the Huntsville high school auditorium Jan. 27. Curtain time is 7:30 p. m. with a variety of acts, including the Redstone Arsenal Missilemen, on the program.

38 Refuge Violators Apprehended in 1954

Wheeler Refuge patrolmen have gotten up early and stayed out late this past year. Refuge violators have had a rough time. Manager C. M. Parker reports that during the calendar year 1954 thirty-eight arrests were made on the refuge for hunting or possession of firearms. This number included all such cases made by refuge employes and Federal and State conservation officers, but does not include fishing cases or those made outside the refuge by its employes.

While a number of these 38 cases are still pending, those that have been tried have resulted in fines and court costs totaling

know, though, that Bill Birmingham is not a draftsman.

The new coffee urn is quite a hit, although it has never worked exactly right. Guess that the Coke machine has lost out until summer.

Max and Una Siebigteroth were visited recently by Mr. and Mrs. Moreau, former neighbors in Detroit. Maxie had bragged about the warm weather here in Alabama so the Moreaus brought the Northern weather with them. It turned nice again after they went back to Detroit.

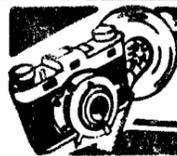

\$1037.00. Except for a brief period in the fall when a squirrel hunt was in progress, the refuge is closed to the possession of firearms.

RATED 'OUTSTANDING'— Mrs. Dorothy T. Durham, a clerk-typist in the Internal Branch of Ordnance Guided Missile School, has received a performance rating of "outstanding." She is the second on the arsenal to receive such a commendation.

She is the only typist in the Surface-To-Air-Missiles Section of the Internal Branch, and as such is responsible for the typing requirements of about 25 employees.

TROOP COMMAND

DET "B"

By Bill Pulver

Now that we have had about four weeks of the "new" TI&E system, I think M/Sgt. Cato and his able aides should be congratulated. I don't know whether it is just the novelty of the idea or what, but the opinions I've heard are all favorable and the men seem to be taking a greater interest in this program. Keep up the good work men this is a start to-

wards a much more interesting and enjoyable way of presenting our TI&E program.

Congratulations to Pfc. Pearce on the new addition to his family, a bouncing boy weighing in at 10 lbs., 6 ozs. The best of luck and may there be many more to follow.

Welcome to Sfc. Domingue, Sgt. Kendra and Pvt. Whittum. Glad to have you all with us, and I'm sure that you will enjoy your tour of duty here. Sfc. Domingue, formerly with the MPs, has completed the course at the Ordnance Supply School and will follow that field of work.

Sgt. Kendra has just returned from France; how do these Southern Belles compare with their French counterparts, Sarge? Pvt. Whittum has just completed basic training, and I'm sure he will find this station and assignment more enjoyable than the last.

Our detachment basketball team now has a record of 3 wins and 3 losses. The boys have beaten the Post Officers, 45-26, and lost to the 1st ETD, 74-52, in the past week. In their loss to the 1st ETD, the boys were short five of their better men, namely Gantman, Noyes, Payne, Gleim and Glorfield. Gantman and Noyes are lost to the team for the remainder of the season. Tom Noyes has an injured back that will keep him on the inactive list for some time to come. Hope nothing serious develops from this. Tom Sy Gantman injured his knee in the opening minutes of the 1st ETD game and he is now in the Infirmary. We all wish Sy the best of luck and a speedy recovery. Let's all get out and support our team. The boys are working very hard and spend a lot of time in practicing. The least we can do is come out to the Armory and cheer

them on to more victories.

Oh yes, a Detachment Rifle Team is being formed and some keen competition is being planned between the various units on the post. All you sharp-shooters and expert rifle men take note and come on out. Further information can be obtained through the orderly room. Let's get out there and show up these other units.

They tell me that the difference between war and peace is that there has never been a good war!

Every girl waits for the right man to come along but in the meantime she gets married.

THE REDSTONE ROCKET

JANUARY 25, 1955

OML

The employees of Headquarters, OML, are the most fleet-footed on the arsenal. (Point of order) Sylvia Bowers, Elizabeth Gardiner, Bill Davis, Roswell Newman, and many other are tripping the light fantastic at the local dancing school. Paul Kane is also contemplating joining the class.

The Administrative Branch has a new employe—she's Annie Taylor. Annie just transferred from Military Personnel Division. She

lives in Fayetteville where her husband has a radio repair shop.

Warren Jenkins is training to be a good supervisor at the Supervisory Development Program this week. Warren will be using psychology on everyone next week.

A hearty welcome is also extended to Cpl. Isaac Webb, who is a new GI employe in the Photo Lab. At the present time he is in the Infirmary recuperating from an operation. Here's hoping he is back on his feet in the next few days.

Ralph Jennings is looking for the stork and a two-bedroom house. Anyone able to help him?

Hugh Mason Victor In McClellan Bout

Pvt. Hugh Mason fighting at 159 lbs. won his first bout of the season by taking a three-round unanimous decision over his opponent from Fort McClellan at Fort McClellan on Jan. 18.

Mason, putting on a masterful exhibition of boxing skill, was in command from the opening bell and was never in trouble at any time.

According to boxing coach Al Tillman we can expect to hear a lot more from Hugh Mason in future bouts.

In the second bout of the evening Sgt. Hubert Davis lost by a TKO at the end of the first round to Rollins of McClellan.

Sgt. Davis, a welterweight at 141 lbs. was hit about 10 seconds after the bell as he was walking away from his adversary. As a result of the blow he was unable to answer the bell for the second round.

Davis, a good fighter, was over-matched and much better results are expected from him in future fights.

Lt. Stewart Evans, a light heavyweight, was a victor by TKO over his opponent without even landing a punch.

A last minute check in the ring by the doctor resulted in the fighter from Fort McClellan not being permitted to answer the

Organization Starts For Baseball Team

Hoping to field a team which can better the mark of 47-18 mark of last season's edition of the Baseball Rockets, the sports section of Special Services is now issuing a call for candidates for the baseball team.

Missing from the scene this season will be several stars of last year's Third Army Baseball Tournament in which Redstone took fifth place.

Gone from the infield will be first baseman Rip Collins and the Keystone duo of Dick Barone and Ben Cavalier. Also missing will be the familiar face of Dan McDevitt, the "Rockets" outstanding pitcher last year.

Barone is going to spring training with New Orleans, the Pittsburgh Pirates top Farm Club. McDevitt is rated a top hurler in the Dodger organization and is going to an early training school being conducted by the Brooklyn Club for their minor league prospects.

Back to compete for Redstone again will be Jim Bohlman a hard-hitting infielder who filled in at third and first base last year.

Also back will be pitchers Joe Parrotta and Dick Peterson. Parrotta was Redstone's top relief ace last year.

Coaching this year's team will be Sgt. Richard McNamara who has nine years of Army Ball experience.

All men wishing to try out for the team should contact Special Services immediately at extension 2501.

bell for the opening round due to a previously broken nose which had not properly healed.

Sgt. Larry Meenan, another light heavyweight, at 170 lbs. knocked out his opponent. Showing superior ring generalship and boxing skill, Meenan K. O'd his opponent in 1 minute and 29 seconds of the second round.

Meenan, a strong fighter, is counted upon to add plenty of punching power to the "Rockets" boxing team.

Off to a good start, we can expect to hear a lot more in future bouts from Sgt. Tillman's fine crew of boxers.

BASKETBALL

On Jan. 29 and 30 the Redstone "Rockets" Basketball Team will play Fort McClellan.

The "Rockets" season record now stands at 1-7, with it's one victory being a 35-34 win over Atlanta General Depot. A last second mid-court desperation shot by Jack Smith gave Redstone it's first win of the season.

Frank Calsbeek of the "Rockets" led both teams in scoring with 21 points. The "Rockets" sunk 13 out of 14 foul shots with Calsbeek sinking all 11 of his free throws.

CHESS CLUB MEETING SET

The next meeting of the Huntsville Chess Club will be held this evening at 7:30 p. m. Steps are being taken to obtain a centrally located public meeting place. Until this time, however, club members and friends will meet in various private homes.

Tonight chess players are invited to drop around to the home of C. D. Swanson, 504 Tunlaw Road.

The Tuesday following, 1 Feb., it will be held at the home of B. S. Isbell, 800 Randolph.

MP HI-LITES

BY PFC. JOHN WOLFF

Saw by the Army Times that the 803rd MP Company (Svc) is being re-designated. . . . Some think that it will be called the 291st MP Company as the Times stated, but, I know better. . . . In a recent interview with one of my connections in D. C. I have been informed (Thanks to my "Q" clearance) that our fabled stable (Jeeps, not horses) will be named the 291st Sergeant Company. . . .

The preceding paragraph was done by Cpl. Machine. Would have let him continue but for the sadistic sneer forming on his lips. Promised him he could have a free rein next week. Might be used for his epitaph if he becomes too caustic.

I am back again. . . . Sgt Willis R. (Mah Woman) Sims and PFC Robert C. (Milton) Tilton are forming a conspiracy in restraint of me. . . . First Milton tries to part my hair with a pistol, Semi-automatic, cal. 45, ACP, US Government Model, 1911A-1, and now old "Mah Woman" is trying to hit me with a blast of airborne cut plug. . . . came so close that I could hear it splash. . . .

Just can't stop that Hecker. Would really like him to write the whole thing but it seems that he just hasn't the time. . . . Too many dirty vehicles to this pool of motors. . . . Degradation to be sure, but they'll never break his spirit.

Old Sunny Brook is throwing in the towel. . . . Yes, the good supply sergeant put in for a transfer a short time ago. Seems he's got a bad case of the 803rd shakes. . . . Happens to the best of them.

Sgt. Horn, Matty's replacement has fallen right into the routine. But instead of "We ain't got none" it is now "We ain't authorized none." Same difference, I guess. . . .

Congrats to Sgt. Larry (Kid Kayo) Meenan. All that training he's been doing at the NCO Club, Hut, Golden Eagle, and City Cafe (to mention a few of his sparring locales) has paid off. He was awarded a TKO in the second round at Ft. McClellan a few nights back. Just keep in the pink Meegs and you may be able to knock off a few around Ft. Monmouth. It's been said that he is quite a lover too. . . . truth is. . . . it's a known fact. . . . Volunteers that he can teach anyone to "shake rattle and roll" in one lesson.

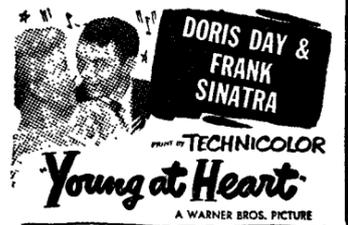

A few murmurings of discontent were heard around the Company quadrangle a few days ago. Most of all the low-ranking EM were blessed with Jeeps of their very own. (Gee Sarge, it's a Willys!) These vehicles formerly a tattle-tale grey will be an immaculate white in the future. Personal pride goes a long way, even to ¼ Ton 4x4 M 38 A-1s. . . . That's right, I read it in the SOP.

FLORIDA FEDORA — This is the same ragged sombrero which has been pictured dozens of times perched on the tousled, blonde curls of various decorous dollies. Somehow or other, though, the pose always attracts attention — maybe because no one looks as far up as the hat. Oh yes, the girl's name is Barbara Laney, of Cypress Gardens, Fla.

Boy Scouts to Hold Open House Feb. 9

Redstone Arsenal's two Boy Scouts Patrols, the Eagles and the Apaches of Troop 234 will hold open house for their parents on Wednesday, Feb. 9 at 7:30 p. m.

Open House will be held at the Scout Hut, Bldg. 184 B and C in the troop area.

This is in conjunction with Scout Week held during the week of Feb. 6 to 12.

This year the Boy Scouts of America celebrate their 45th year. They were founded Feb. 8, 1910.

HAD 'BAD' NAME

Jersey City, N. J. (AFPS)—So far as Army-bound Howard Goldbrick is concerned, he definitely has the wrong name for the service.

The 17-year-old Goldbrick was granted permission by a county

MISS INDUSTRIAL DIVISION CANDIDATE—Miss Ophelia Campbell of New Market discusses the March of Dimes campaign with Will Lewis, arsenal co-chairman, just before the Industrial Division started a "Miss Industrial Division" contest for 1955. The chosen Miss will be the one who raises most funds in the March of Dimes drive within the division. Miss Campbell, who has only been on her job since December 7, suffered polio in 1950 and spent eight months at the Crippled Children's Clinic at Birmingham before returning to high school at New Market. She's a graduate of the North Alabama College of Commerce with a degree in executive secretarial training. Her favorite pastime is swimming. She's also a contestant for the division title. (Photo by Gil Edelstein).

REDSTONE DEPOT
By OLIVUS

Bill Cosden has been listening to TV again. He popped in this morning (yes, popped is the word) and philosophized thusly: "The mind is like a parachute; no good if not open." By the way, does one listen to TV or does one look-listen? We need a new word. How about see-hear? Let's try that out. As we were saying, Bill Cosden has been see-hearing again. Tell you what, Colonel Ebbert says he will personally award a genuine Australian penny to the person who coins a satisfactory word to express the combined act of seeing and listening to TV. He has the penny and this is a genuine offer. Some say it's the first penny he ever had, but he says he has more.

Rumor hath it that some of our safety-conscious people here in the Depot will soon receive lapel pins as a special distinguishing mark for individual performance. We are proud of our record and of every person who has contributed to it. We believe exemplary conduct is an important step toward good citizenship which in turn is the foundation for a respected nation.

The "Ides of March" is approaching and though it will not prove fatal, as in the case of the honorable Caesar, it is causing numerous headaches and quite a hub-bub in the private lives of Ammunition Branch personnel. "Is there anything else I can deduct?" they ponder. Better watch it! Of course everyone is aware of the scrutiny of the U. S. Treasury Department.

"The weather never gets too cold for ice cream," says one of our employes, who recently attended an ice cream supper. She enjoys it even more with a steam-

Radar Post Set Off
New England's Coast

Washington (AFPS) — A contract for the construction of the first early warning off-shore radar island, to be located off the New England coast, has been awarded by the Navy.

The "Texas Tower" system is a multi-million dollar program to build huge permanent radar stations as far as 100 miles off the Atlantic Coast from Newfoundland to Virginia.

The Navy's Bureau of Yards and Docks, acting as construction agency, said the cost of the struc-

ture will range between 5-10 million dollars.

ture will range between 5-10 million dollars.

Contract for the first Texas Tower went to the Bethlehem Steel Co., at Quincy, Mass. A development of the DeLong Corp., of New York, the Texas Tower derived its name from the vague resemblance to oil drilling rigs off the Texas coast.

The radar islands will be steel barges on which a series of steel tubes six feet in diameter are mounted. A barge will be towed out to a selected location, where cassons more than 100 feet long will be dropped through the tubes to the ocean floor.

Each radar island will have approximately 30 men for operating radar equipment and maintaining the island. All stations will include a landing dock for helicopters which will service the installations.

ing cup of coffee—she can eat more that way.

Our employes are bemoaning the cut in their checks upon becoming career or career-conditional employes. However, they reflect that after all, it is being saved for a rainy day; therefore, it is to their advantage.

Roscoe Cloud has just moved into his new home on the Hobbs Island Road. He says "Y'all come."

As reported in the Rocket last week our Coordinator for the March of Dimes Drive had a program all planned including a movie and a speech. Actually things didn't work as planned, Mrs. Collins was not available for the speech but the substituted speaker certainly obtained gratifying results. A total of \$140.62 has been collected from Depot personnel. Maybe the results are partially due to all the eye catching posters and signs that have been appearing day by day on the bulletin boards around the Depot as they have for the past week appeared to contain catchy clues to a "WHO DONE IT" mystery.

Coffee Is Given For 'Newcomers'

A "Newcomer" coffee was given by the friendship committee of the Officers' Wives Club on Tuesday morning, January 17 at the Officers Club. The party, which was planned for newly arrived wives to meet each other and some of the older club members, was attended by over forty guests.

Hostesses for the morning were members of the committee, Mrs. Harry P. Schoenman, Jr., Mrs. John J. Wattendorf, Mrs. William B. Hawkins, Mrs. James Black, Mrs. Raymond Hansotte, Mrs. William E. Lentz, and Mrs. John H. Boyes.

On the table, a centerpiece of silver leaves and red berries was flanked by tall red and white missiles.

Mrs. Wattendorf, Mrs. Hawkins, and Mrs. Black poured and Mrs. Clinton A. Waggoner, club president, closed with a speech of welcome.

Mrs. Axelson Takes High Bridge Prize

The Couples' Bridge Club met Monday night, Jan. 17, at the Officers' Open Mess. Taking high score for the ladies was Mrs. R. A. Axelson, second high score winner was Mrs. George M. Elrod, Jr., and low score went to Mrs. Nelson R. Liest.

High score prize for the husbands was won by Lt. Arlo L. Dixon, second high went to Major Paul Elias and Lt. George M. Elrod, Jr., took low score.

Two tables of Samba was played, Mrs. Madlyn Katz won high score and Mrs. Marie Hogan took second high, with Major Hogan winning low score.

The next meeting will be held Jan. 31 at the Officers' Open Mess at 7 p. m.

Host and hostess for the next meeting will be Lt. and Mrs. T. C. Cooper.

All newcomers are invited to attend. Reservations should be made by noon of Jan. 31 by calling JE 4-6553.

Regular members who do not plan to attend are requested to notify Mrs. T. C. Cooper at JE 4-6553.

Mardi Gras Group Goes Over Project

Mardi Gras committee chairman met with Capt. Marvin W. Shaw on Tuesday afternoon, Jan. 17, to arrange a floor plan for booths and decorations to be set up in the Assembly Hall for Feb. 5.

Among those reporting were Mrs. Theodore A. Ebbert of the handicraft committee. She displayed samples of the tote bags that will be on sale, and after some discussion of further possibilities, arranged to add men's barbecue aprons to her stock.

Mrs. Harry P. Schoenman announced that she and Mrs. Kenneth Ahana will drive from house to house collecting books of all kinds for sale in their book stall.

Mrs. Miles Chatfield reported, again, that invitations have been prepared and are available in any quantity to all members of the Officers Club to issue to their civilian friends. The invitations, signed by the club members, will serve as passes through the gates to the Assembly Hall area.

Luncheon Is Held For Mrs. Higgins

Mrs. Frank H. Higgins was entertained at the Officers' Open Mess by Mrs. H. N. Toftoy at a luncheon last Friday.

Mrs. Higgins, wife of the assistant Secretary of the Army for Logistics, was in Huntsville with her husband for the Alabama Press Association meeting.

Ten guests attended the luncheon.

Ladies' Bridge Club Holds Regular Meet

The Ladies' Bridge Luncheon Club held their regular meeting Thursday, Jan. 20, at the Officers' Open Mess.

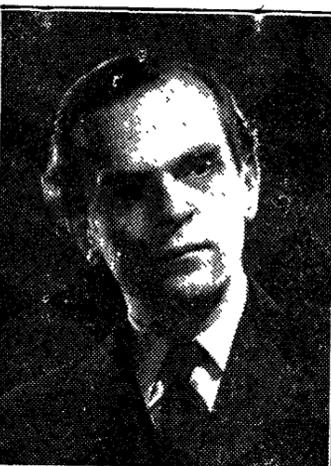

Mrs. Arthur G. Pinkham took high score prize, Mrs. Ben H. Keyserling took second high and Mrs. Paul Elias won third high score.

At the Samba table, Mrs. Marie Hogan took high score prize and Mrs. Penny Breedon won low score.

The next meeting will be held on February 3, at the Officers' Open Mess.

SINGING STAR TRIO—Ken Apple and his Singing Star Trio will be one of the groups to participate in the March of Dimes Variety Show to be held Jan. 27 at 7:30 p.m. at Huntsville High. All proceeds from the show will benefit the Dimes campaign.

MALCUZYNSKI

Malcuzyński Slated In Concert Jan. 29

Malcuzyński, well-known pianist, will give a recital under the sponsorship of the Huntsville Community Concert Association on Jan. 29 at 8:15 p.m. at the Huntsville High auditorium.

It will be the third and the last of the Community Concert series for this season.

A former student of Professor

ed him with a daughter, Linda Sue. Mother, daddy, and daughter are all doing fine. One thing, though, I never did get my Doublement Gum.

Internal Branch has put out their "welcome mat" for Lt. Harrison, who is replacing Lt. Yeager as SAM Section Chief; Pfc. Sid Loog as new Exam Clerk in the Branch Office and Robert Dederer, Charles Jones, Herbert Sauer, William Patch and Harold Miller, all new instructors.

Best wishes are extended to Pfc. Dick Wiack from Internal Branch. Dick is going to work in the OML Optical Division.

The telephone rang the other morning and when I answered it, a familiar voice said, "Good morning Marge, are you ready for the time reports?" It sure was good to hear the voice of Sfc. Edward Chapman again. Welcome back, Ed, we sure did miss you while you were in the hospital.

In the hospital at the time of this writing are some of our military personnel: Cpl. Grove, Pfc. Rothe, and Pvt. Haight. We hope you boys are back with us by publishing date.

FLASH! The price of meat has gone down. Anyone desiring some really fine meat, real cheap, call Mr. C. O. Melton at 3062. During the holidays he ran down a cow with his car and now he not only has a two-tone car but a locker full of meat.

Speaking of two-tone cars, Mr. George Redding (NAI) had a three-tone one when he got back from his California holidays. Now it is back to its natural color. Some people will never learn.

Class 9-E-66/2, at least some of them, are leaving for a "tour" on foreign soil. They sure are going to be missed. Especially Pvts. Hayward, Pullen, and Seaye, who are loaned out to Mechanical Branch.

Here's one we had better close with. M/Sgt. Summers bought a new washing machine. He was anxious to try it out, but there wasn't anything available to wash. It wasn't long, though, until his daughter Pam came to his rescue. So, after washing three (3) diapers, he was well pleased with the new washer. That's OGMS for you.

SAFETY SHOES SALE
Industrial - type safety shoes may be ordered on Thursday, Jan. 27, in the Post Engineers conference room, located at the north end of Building A-172.
The shoes will be fitted and orders placed with \$2 deposits.
Prices of the shoes range from \$6.95 to \$10.45. The Post Restaurant Council sponsors the sale.

and Montreal and to appear as soloist with the Houston Symphony Orchestra, the San Antonio Symphony, the Tulsa Philharmonic, and the Toronto Symphony.
His recordings are available in Angel Records.

ORDNANCE GUID. MISSILE SCHOOL BY MARJORIE WILLIAMS

While roaming through the dictionary, I came across the word "kiss". Did you know that Mr. Webster describes it as "a sweetmeat made of beaten egg whites and sugar, baked lightly"?

This brings us up to another word in Mr. Webster's dictionary. "Marriage." That's just what happened to Charlotte Glasgow and Sgt. Duncan. They were married Jan. 1. Congratulations, Sgt. and Mrs. Duncan.

Cpl. Ewing from Propellants Section reports that Lt. Meyer spent several days on TDY in Washington, D. C., and that Sfc. McCoy has been assigned to that section as a Chemical Supply Specialist.

Also on TDY this month was Lt. R. E. Smith from SSM Section, Mech Br.

Another big event in the daily routine of SSM was the day Sgt. Gus Abbott's wife Nancy present-

Plans Are Under Way For Life Conference

By Mrs. Robert C. Martin
 And what is a Family Life Conference? It is a phase of adult education concerned with human relationships and family life. It is jointly sponsored by the University of Ala. Extension Center and the Madison Co. Family Life Conference.

The committee arranging this year's conference is composed of representatives from the city's and county's civic organizations, PTA's and garden clubs.

Residents of Madison County and Huntsville will have a rare opportunity to hear two outstanding speakers in the field of family relationships when Drs. Sylvanus M. Duvall and Evelyn Millis Duval, a husband-wife team, arrive here to conduct our 4th annual conference Feb. 13-18. At present the Duvalls are concluding a three-months' world tour which has taken them to 11 countries where they conducted seminars and workshops in Family Life Education under the auspices of the World Council of Churches.

As plans stand now, the Duvalls will conduct 21 sessions dur-

HALF-PRICE NIGHT SLATED

Half-price night at the Non-commissioned Officers Open Mess

ing the conferences. Samples of topics to be discussed are: "Families Aren't What They Used to Be," "In-Laws", "Are Parents Really People?", "Living With Our Differences."

Circle the week of Feb. 13-18 on your calendar. The lectures are free of charge and everyone is invited to attend. Places of meetings will be announced later.

will be held between 8 and 11 p. m. on Wednesday, Jan. 26.

Everything on the menu including the drinks will go at half price to members and one guest according to M/Sgt. Helson, club manager.

Dancing will be to the juke box. However, Sgt. Helson pointed out that Sock Smith and his orchestra are at the club three Saturday nights each month, for dancing.

He urged that all members bring a guest and take advantage of the reduced prices tomorrow night.

SUPERVISORY EXPERTS—Frank R. Royal, chief of the Training Branch of Civilian Personnel Division, (right), and William Oncken, Jr., chief of the Training and Development Division in the Secretary of the Army's office, work out a program for supervisors to become more efficient. A system of management appraisal and development was offered to more than one hundred staff, service and line officials during Oncken's stay here. This program is designed to include supervisors at all levels to help them assess their strengths and weaknesses. It's purely voluntary and does not include surveys for promotion.

CIVILIAN PERSONNEL DIV. BY ELLEN HAMMACK

Fortunate indeed are we to have two very distinguished visitors, Mr. William Oncken, Chief of Training Office, Secretary of Army, Mr. Harold Meyer, Personnel Administrator, Inspector General Inspector Team, Cincinnati Field Inspection, Office, Chief of Ordnance.

Stuart Jones and Charles Barineau met with Civil Service Officials in Memphis, Tennessee reference the new Career Conditional Program.

James Pride attended the Cooperative Division of the American Society of Engineering Education in Gatlingburg, Tennessee.

Welcome home to Evelyn Hiers and Becky Whitaker recently on the sick list. We are missing the pleasant smiles of Vaughn Stockwell and Rina Skinner and wish them a speedy recovery. Truly sorry to hear of Jesse Stutts, Jr.'s wife accident.

Rufus (Chat-a-Minute) Porter is sprouting a beautiful sun tan acquired at Miami Beach. Likewise, Barbara Patton acquired a sun tan at St. Petersburg. The remaining are sporting a greenish cast—envy.

Those shining big bright stars in Loretta Gough's eyes are there for a reason. Ask her why!

That Huge Rock Clovis Oden is wearing was presented to her by none other than her husband.

Bill Fowler attended the Governor's Ball in Montgomery Monday night. Comment—quote: "A good time was had by all, I learned all about my ABC's". Unquote.

To You All North of the Mason Dixon Line:

Come all you from other parts,
 Both city folks and rural,
 And listen while I tell you this:
 The word you-all is plural.
 When we say you-all must come down,

Or we-all shall be lonely,
 We mean a dozen folks, perhaps,
 And not one person only.

If I should say to Hiram Jones,
 For instance: You-all's lazy,
 Or, will you-all lend me your knife,

He'd think that I was crazy.
 Now if you'd be more sociable,
 And with us often mingle,
 You'd find that on the native tongue

You-all is never single.
 Don't think I mean to criticize,
 Or act as if I knew it all,
 But when we speak of one alone,
 We-all say "you", like you-all.

REDSTONE'S SERVICEMEN WORK IN ARRAY OF COMPLICATED JOBS

The Army's best-educated soldiers are stationed here.

Without this knowledge, a casual visitor to the barracks might well be perplexed.

For he would be as likely to run into a session of classical music as jive. Or hear as much talk of philosophy and history as basketball and rifles. He would find Pfc. who are also PhDs.

And if he followed the young men to their everyday jobs, his perplexity would grow.

He would see soldiers operating Digital Differential Analyzers and IBM Electronic Computers. He would observe other GIs performing intricate chemical experiments. Still others he would watch working out tedious mathematical problems in engineering and physics. Or measuring impedances of circuit components on oscilloscopes.

In fact, he would discover soldiers doing an array of complicated technical jobs throughout Redstone's formidable maze of guided missile and rocket laboratories and testing facilities.

Of the small contingent of soldiers here, 238 have bachelor's degrees and dozens more have completed from one to three years of college. Then, of course, there are the Redstone GIs with master's degrees and doctorates.

Dr. Leo Kline and Dr. Roger Clapp, for instance, are both enlisted men, with the rank of private. But in the Research Division of Ordnance Missile Laboratories, Dr. Clapp is assisting in the measurement of gas velocities with radioactive tracer techniques and Dr. Kline investigates stress and strain relationships of materials. Thus, they easily put to use physics and engineering learned in years of study.

Another private with a doctorate, Dr. Charles Lundquist, finds his job in the Rocket Development Division similar in a sense to his former civilian work. Before the draft caught him, Dr. Lundquist was immersed in "theoretical research on homing torpedoes, with particular emphasis on trajectories." He also got around to developing radioactive tracer techniques for studying hydrocarbon mixtures, as well as to contributing papers on other subjects to the "Astro-Physical Journal."

Wayne Fey, another private, is an aerodynamic development engineer. At present, he utilizes knowledge he gained at Yale and Johns Hopkins to aid the Experimental Aerodynamics Section, Aeroballistics Laboratory, Guided Missile Development Division. Among other things, his section conducts wind-tunnel tests and evaluates the data.

Pfc. Rutherford Ellis, a graduate of Georgia Tech, has a hand in the operation of one of Computations Laboratory's more fascinating machines. The \$54,000 "brain", officially known as the Bendix D-12 Digital Differential Analyser, grids out answers to problems that could stump mere men for months. Ellis also helps out with the Electronics Analogue Computer, an expensive and complex short-cut for evaluating engineering problems. The running of these super-machines, of course, is an education in itself.

The schools attended by Redstone's elite soldiers are as varied as the jobs they do. A total of 152 colleges and universities are represented by degree holders here. Columbia University, Massachusetts Institute of Technology, Illinois Institute of Technology, University of Illinois, University of Michigan, New York University, Purdue and the University of Wisconsin lead in number of enlisted-men graduates stationed on the post now. But every prominent technological school, and just about all the well-known liberal arts institutions are represented by at least one enlisted-man graduate.

However, special abilities don't exempt the Redstone serviceman from such soldierly duties as kitchen police. They may, though, indirectly help him by perplexing Regular Army sergeants, who are, of course, the backbone of any Army.

Discussing mathematical problems while on fatigue duty is one of many of the two-year men's habits that have led more than one career sergeant to feel he has seen something new in the Army.

Of course, Redstone's enlisted talent isn't confined to technical regions. At present a Pfc., with two law degrees from Harvard, is acting as post judge advocate. He gives legal assistance to servicemen, their wives and children, and reviews justice proceedings before the arsenal commanding

general.

Infrequently, it is discovered that enlisted men aren't doing the jobs for which they are best suited and the situation is corrected. One Pfc., with a bachelor's degree from Cornell and a master's degree from Columbia University's Graduate School of Journalism, was whisked away from a job of digging holes for fence posts to be an "Information Specialist" in Ordnance Missile Laboratories

Treasury Dept. Out To Get Overdue Tax

Washington (AFPS) — Uncle Sam has taken steps to collect overdue federal taxes from military personnel and other federal employees.

Legislation recently passed by Congress empowers the Treasury

Technical Information Section.

Regardless of their qualifications and duties, most of the men agree on one thing. Since they have to spend a certain amount of time with the Army, they're glad they can put their educations to use.

Dept. to "levy upon or garnishee the accrued salary or wages of military and other federal employees for the collection of overdue taxes."

The new tax law was written in Sec. 6331 of the Internal Revenue Code of 1955, 68A Stat. 783.

It had not been determined late in December to what extent, if any, the Internal Revenue Service would serve notice of levy on overseas personnel. Levies could be served beginning Jan. 1, 1955.

The law states in part: "If any person liable to pay any tax neglects or refuses to pay the same within 10 days after notice and demand, it shall be lawful for the Secretary (of the Treasury) or his

delegate to collect such tax. Levy may be made upon the accrued salary or wages of any officer, employee, or elected official of the United State."

Personnel with overdue tax payments are urged to take all steps to avoid levy action. Those who cannot submit payment in full immediately should contact their District Director of Internal Revenue and arrange an acceptable plan of installment payment.

It was Junior's first day in school, and when he got home his mother asked, "Did you learn anything today?"

"No," he replied in disgust. "I have to go back tomorrow."
