VOL. XV; NO. 25

REDSTONE ARSENAL, HUNTSVILLE, ALABAMA

NOVEMBER 2, 1966

## FUND RECORDS TOPPLE

**TARGET FOR REDEYE**—Ryan Firebee, boosted from mobile launch platform by JATO (Jet-Assisted-Takeoff) thrust, was used to test accuracy of Army's Redeye ground-to-air, heat-seeking missile during exercises held at Fort Stewart, Ga., Fort Knox, Ky. and Ft. Bliss, Texas.

### Redeye Passes Service Tests Against Firebee

The Army's Redeye air defense guided missile system has completed the major portion of service tests at Fort Stewart, Ga., Fort Knox, Ky., and Ft. Bliss, Tex.

Soldiers carried the shoulder-fired Redeye through the Georgia swampland and wooded hills of Kentucky, air dropped the weapons, and fired them under simulated combat conditions during tests conducted by the U. S. Army Air Defense Board.

Preliminary data indicates these tests were successful.

Target planes for the heat seeking Redeye were provided by Ryan Aeronautical Company which

launched remote controlled Firebee jets. It was the first time in the 18-year history of the Firebees that the high performance jets were flown in such tightly confined air spaces.

Infrared augmentation devices were attached to the planes as "heat sources" so missiles would home on the devices instead of the target missile engine. Missiles were fired under a variety of conditions, including monsoon-like rains.

During the tests, several missiles were fired and several drones were (See REDEYE on Page 3)

### Army People Exceed All Previous Money Donations

Every previous record for fund raising at Redstone Arsenal fell by the wayside this week as Department of Army personnel completed the 1967 Combined Federal Campaign in the Huntsville area.

The greatest number of participants took part in the annual fund raising effort and contributed the largest amount ever collected in

support of local, national and international agencies.

Their average gift exceeded the previous high and the drive was completed in a shorter period than in any previous year.

Over 99 per cent of the 13,442 personnel included in the Department of Army drive made contributions averaging \$21.03 to the campaign. Their total gift of \$279,698 will be spread among eight National health agencies, the four international welfare agencies and eighteen city and county united givers funds in northern Alabama and southern Tennessee.

The largest single amount will go to the Huntsville-Madison County United Givers Fund. Army personnel designated approximately \$197,000 of their contribution to the local organization which supports the work of 31 welfare and charitable agencies in the community.

In releasing the final unofficial figures for the drive, Leonard Brockman, the executive chairman for the CFC, said that, "I am confident that the final tabulations of funds will once more show that the Army personnel at Redstone are the most generous givers in the whole country."

Brockman added that the military and civilian personnel of the Army joined together with the employees of the Thiokol Corp. and the Rohm and Haas Co., led the entire nation with their generous giving last year. The performance this year, he continued, is sure to keep Redstone at the top (See FINAL on Page 3)

### KOREAN GENERAL VISITS MISSILE COMMAND MON.

Redstone Arsenal was host Monday on an orientation tour for a group of officers from the Republic of Korea Army.

Leading the five-man group were Brig. Gen. In Kwon Hwang, Director, Military Assistance Program, and Brig. Gen. Ja Yoll Chun, Acting Chief of Staff and G-4. Others in the visiting party were Col. Bong Jun Kim, Deputy Acting Chief of Staff; Col. Ju Hull, Commanding Officer, Research and Testing Laboratory; and Col. Kum Suck Rhee, Chief, Supply Division, DCSLOG.

After being welcomed Monday afternoon by Maj. Gen. John G. Zierdt, Commanding General of the Army Missile Command, the Korean visitors were briefed and toured through some of the Command's research and development laboratories.

Earlier in the day they observed training activities for Korean students attending the Army Missile and Munitions Center and School.

## Thunderbirds, Golden Knights Due In Huntsville

A "double-header" display of U. S. military skills featuring the Air Force Thunderbirds precision flying team and the Army's Golden Knights free-fall parachute experts may perform before a crowd of as many as 36,000 Sunday, Nov. 13 at the new Huntsville-Madison County Jetport.

This is the estimated number of spectators which can be accommodated at the new airport. Col. Erwin M. Graham, Jr., commandant of the U. S. Army Missile & Munitions Center & School is the committee chairman for the Kiwanis sponsored event. The show will benefit youth welfare activities of the Huntsville and Metropolitan Kiwanis Clubs.

Joseph C. Moquin, president of Brown Engineering Co. and chairman of the control committee for the Kiwanis charity event, made the estimate on the basis of a survey of the new jetport. It showed that some 12,000 automobiles can be parked along the runways and taxi strips of the jetport over which the Thunderbirds and Golden Knights will perform.

The Kiwanis clubs will charge a parking fee of \$1 per automobile, Moquin said, estimating an average of three persons would be in each automobile. Programs for the event will also be sold by a committee under Clark Hereford. Concession stands will be set up by a com-

mittee headed by Spencer Ball of the Tennessee Valley Boy Scout Council.

The free-falling parachutists of the world famous Golden Knights will demonstrate the aerobic talents which have produced five United States champions, two world champions, and one Helms Foundation Sport Parachute Athlete of the Year.

The same techniques which have won the Golden Knights 68 per cent of the world's accuracy records will be shown during their

(See Photo Inside)

75 second free-falls from an altitude of 13,500 feet. They will perform a baton pass, cutaway, diamond track and formation free-fall all accented by streams of multi-colored smoke trailed behind each jumper.

As part of the Continental Army Command the Knights have three basic jobs. The 49-man team gives demonstrations, competes in parachutes competitions, and performs a research and development mission. Since their organization in 1959 the Golden Knights have staged over 600 demonstrations throughout the world.

The U. S. Air Force Thunderbirds spectacular demonstration team will precede the parachutists (See THUNDERBIRDS on Page 3)

**PARACHUTISTS TO FREE-FALL**—The U. S. Parachute Team, the Golden Knights here demonstrate aerobic skills they will display at the Huntsville-Madison County Jetport, November 13. During their descents from 13,500 feet they will perform baton passes and other intricate maneuvers which have helped them win five U. S. and two world champion hips. The show beginning at 1 p.m. will also feature the Air Force Thunderbirds.

# The Redstone Rocket

The Redstone Rocket is published weekly, on Wednesdays. The publisher will receive editorial content for publication in the Rocket only through the Information Office, Army Missile Command, Redstone Arsenal, Ala., Bldg. 5253, Room A-136, Extension 876-1400 or 876-1500.

All advertising copy and payments therefor are received by Mrs. Vergie Robinson, Huntsville, Ala., P. O. Box 346, telephone 534-4701, as representative of the publisher. Advertising deadline—both display and wanted—is noon of Friday before publication. The Redstone Rocket is distributed free of cost to personnel at Redstone Arsenal. Mailing rates off post for the Rocket are \$6.36 a year, or \$3.50 for six months, tax included. Mailing arrangements may be made with the publisher, P. O. Box 520, Huntsville, Ala.

## Rocket Ruminations

Our ships have been salvaged and are retiring at high speed toward the Japanese fleet.

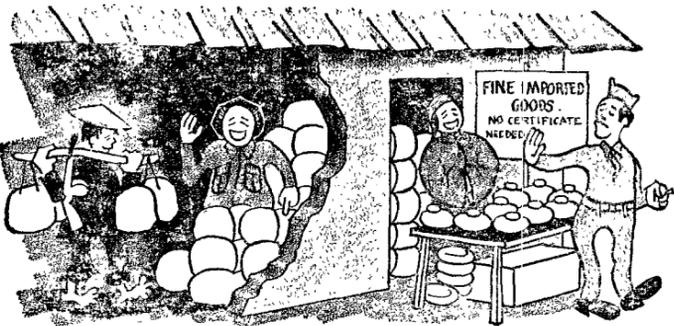

—William Frederick Halsey, Jr.

## Shopping In The Far East

There's a certain boost to morale and a sense of well-being associated with payday. The "green stuff" has a nice feel; the wallet is comfortably padded, and the day somehow looks brighter.

For some servicemen payday adds up to only a fleeting moment of happiness. The wallet shrinks as the money goes thither and yon. Sometimes it's gone before the sun goes down. It happens in a number of ways, but, here's a "sleeper" that fleeces the unsuspecting in short order.

Many of us have patronized local merchants in Far East cities. Servicemen now Stateside may be doing the same thing in months to come. In every case the motive

on the part of the serviceman is an honest one. He simply wants to buy merchandise and send it home as souvenirs, gifts or mementoes.

Uncle Sam has rules about such things, and they're strict ones, too. In some cases the serviceman isn't even getting a fair shake for his money. He's just throwing it away. So, if you're in the Far East, or will be going there, remember the following four points:

1. Don't buy anything made in mainland China, North Korea or North Vietnam.
  2. Don't buy Chinese-type goods in any country unless the shopkeeper can supply a special certificate of origin acceptable to the U. S. Treasury. At present, such certificates for tourist or gift purchases are available only in Hong Kong.
  3. Don't believe the shopkeeper who says you will be able to import Chinese-type goods to the United States without an acceptable certificate of origin.
  4. Purchases of embargoed goods for gifts are subject to restrictions, regardless of value.
- Don't waste your money. Before you buy, check with your overseas command on the latest regulations covering shopping restrictions. (AFNB)

**NIKE-X VISITORS**—The Director of Continental Air Defense Nike-X, Maj. Gen. A. G. Salisbury, USAF (center) was at Redstone Arsenal last week to attend a briefing on the Nike-X anti-missile missile system. Here, General Salisbury and his Deputy Director, Brig. Gen. H. P. Persons, USA (right) are greeted by the Nike-X Project Manager, Brig. Gen. I. O. Drewry. Before assuming his present position, General Persons was assigned to Redstone Arsenal as Deputy Commanding General, Air Defense Systems, Army Missile Command.

## General Barsanti Heads AMC's Fiscal Program

Brig. Gen. O. M. Barsanti has been named Comptroller and Director of Programs for the Army Materiel Command, according to an announcement last week by Gen. Frank S. Besson, Jr., Commanding General of AMC.

In his new position, Gen. Barsanti will direct the AMC fiscal programs and be responsible for the review of the Command's overall program to insure accomplishment of all objectives.

The new Comptroller, who has

been named for a second star, visited the Army Missile Command last week for a series of briefings on the fiscal programs of MICOM.

A native of Tonopah, Nevada, he was graduated from the University of Nevada, Reno, in 1940 with a bachelor's degree in economics and business administration. He later received his master's degree in international affairs from George Washington University, Washington, D. C.

During World War II, Gen. Barsanti commanded the 3rd Battalion, 38th Infantry, and remained with that regiment from the hedgerows of Normandy until the end of the war.

At the outbreak of the Korean War he went to South Korea with a small group of officers to establish the initial command post at

**BRIG. GEN. O. M. BARSANTI**

Suwon for Gen. Douglas MacArthur. In 1950 as a member of the X. Corps, he participated in the invasion of Incheon, Korea. In 1951 he served with, and later commanded, the 9th Infantry of the 2nd Division in Korea.

"You're Invited"

"BIRDS" TO PERFORM—The Air Force Thunderbirds, precision aerial demonstration team, streak through some of the intricate maneuvers they will perform at the Huntsville-Madison County Jetport on November 13. The performance, scheduled for 1 p.m., will be preceded by a National Guard "fly-by."

**THUNDERBIRDS**  
(Continued From Page 1)

with a precision aerial demonstration. Flying their North American F-100 Super Sabres with wing tips overlapping and separated by a scant five feet, the six Thunderbirds will knife through the sky for over 30 minutes.

The Thunderbirds, organized in 1953, was given the mission of "promoting a better understanding and appreciation of air power". Carrying out that mission has taken them to 45 countries where their aerial artistry has been witnessed by more than 60 million spectators. The Thunderbirds demonstrate the high degree of skill and training necessary for a first line Air Force in an era of rapidly advanced technology. They perform with four pilots in a diamond formation while the two solo pilots show the maximum performance characteristics of the F-100.

A special attraction for North Alabama spectators will be the appearance of Capt. Henry D. Canterbury of Huntsville. A member of the first graduating class of the U. S. Air Force Academy, Capt. Canterbury is the son of Henry W. Canterbury and Mrs. Patsy B. Davis of Huntsville. He will be flying in the slot position of the diamond formation.

In other key planning positions

are Carver T. Bussey, retired Air Force colonel who now heads the Republic Aviation Office here, assisting on the steering committee, and James D. Schrimser of the J. T. Schrimser Construction Co.

Frank Wilson of the Huntsville Board is in charge of the emergency committee. Graham Everidge of the local Southern Bell Telephone office heads communications, and Fred Eiland of the Missile Command heads the reception committee. Reavis O'Neal is directing the public information committee. Finances are in charge of Philip Mason of the University of Alabama in Huntsville staff and Walter Crumpton of the Marshall Space flight Center.

Elwyn Reed of Reed-Mullin Associates and Charles E. Grainger of Brown Engineering Co. are assisting Moquin on the control committee. Both the Thunderbirds and the Golden Knights will use the Redstone Arsenal Army Airfield as a staging and supply area for their performances over the new jetport near Madison.

The program is to open with a fly-over at about one p.m. Sunday, Nov. 13, by jet and propeller-driven aircraft of area Air National Guard squadrons.

Drive Safely

**REDEYE**

(Continued From Page 1)

hit. Firings were made by Soldiers from all branches of combat arms.

Redeye is being developed for the infantryman as an effective defense against low-flying enemy aircraft. The program is managed by the U. S. Army Missile Command at Redstone Arsenal, Ala., under Col. A. W. Reed, Project Manager.

**FINAL**

(Continued From Page 1)

of the list.

A year ago 98 per cent of the 12,877 personnel assigned to the Army made donations averaging \$20.54 for a total gift of \$264,477. The percentage of participation and the per capita gift were the highest among the 66 areas of the country where a combined drive was held.

The total gift together with approximately \$142,000 raised by other Federal agencies in the area brought the total CFC donation to \$421,771, some \$21,000 more than was turned over to the fund-raising agencies last year.

USAFI Course No. D 794, Introduction to Diesel Engines, has been announced by U. S. Armed Forces Institute, Madison, Wis. Consisting of 13 lessons and group study, the correspondence course is aimed at the technician rather than the engineer and treats all types of diesel engines.

ARMED SERVICES PROVIDE enlisted men with professional training in some 1,500 different skills in more than 2,000 separate courses. In addition, 65,000 officers annually continue their professional education. AFNB

**Public Administration Society Elects McDaniel**

John L. McDaniel, Technical Director of the Research and Development Directorate, U. S. Army Missile Command, has been elected president of the Northern Alabama (Huntsville) Chapter of The American Society for Public Administration. He succeeds H. Clyde Reeves, Vice-President for Huntsville Affairs, University of Alabama in Huntsville, who served as the first president of the Chapter.

McDaniel entered Federal Civil Service in 1942 with the U. S. Army Chemical Corps at Redstone Arsenal and has served in various capacities there since that time. He is the recipient of numerous awards, including the Department of Defense Distinguished Civilian Service Award (1966), the Exceptional Civilian Service Award (1965) and the Outstanding Service Award, National Society of Professional Engineers (1965).

The American Society for Public Administration is a nationwide professional organization dedicated to improved management in public service through exchange, development, and dissemination of information about public administration. President of the Society is James E. Webb, Administrator of the National Aeronautics and Space Administration.

Other local officers are: Jimmy C. Walker, vice-president; James F. Dowdy, secretary-treasurer; Orba F. Traylor, recording secretary; and Marion Kent, Judge Thomas McDonald and A. A. Stewart, directors.

Four major programs are planned for the coming year. Elmer B. Staats, Comptroller General of the United States, has accepted an invitation to speak to the Chapter. Another general meeting will feature a panel of experts to discuss economic issues in the Federal, state and community fields of interest. The Chapter will also participate as co-sponsors with the University of Alabama in Huntsville of three-day conferences on TRENDS IN AEROSPACE INDUSTRY COMPENSATION, March 27, 1967, and on CURRENT LABOR RELATIONS POLICY IN INDUSTRY, May 17, 1967.

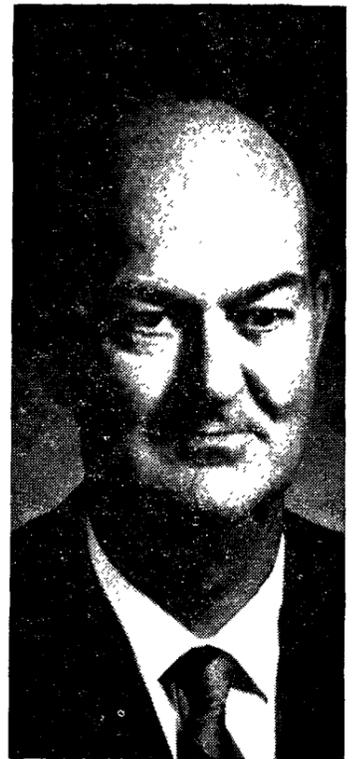

**JACK CHILDERS PRESENTS PAPER**

A U. S. Army Missile Command employee was one of several persons presenting papers last week at a national Optical Forum at Rochester, N. Y.

Jack Childers, a test engineer with the Missile Command's Test and Reliability Evaluation Laboratory, presented a paper entitled "Optical Radar Boreighting Systems."

Attending the meeting, sponsored by the 3M Company, were government and industrial representatives from around the world.

Childers serves with the Flight Operations Branch of T & RE of the Missile Command, and is involved in the planning, conduct and analysis of data from flight

**Regional Science Fair Plans Set For March 9-11**

The 13th annual North Alabama Regional Science Fair will be held March 9-11, according to Philip M. Mason, regional coordinator. Students in grades 7-12 in Madison, Marshall, Morgan, Cullman, Jackson and Limestone counties are eligible to enter exhibits in either physical or biological science.

The University of Alabama in Huntsville, with the cooperation of other colleges in the area and various local industries, will be host for the event which will be held in the Madison County Coliseum.

The Science Fair, under the auspices of the Alabama Academy of Science, is sponsored by The Huntsville Times and The Decatur Daily. Businesses, industries, agencies, and organizations of North Alabama cooperate in financing the Fair.

Two winners in the senior category from this regional Fair will be selected to attend the National Science Fair in May at San Francisco, Calif.

In addition to the general awards, numerous special awards are granted in both junior and senior divisions.

Nearly 300 exhibits in the physical and biological sciences were shown by students from this region last year.

Further information concerning the Science Fair may be obtained by writing North Alabama Regional Science Fair, Box 1247, Huntsville, Alabama.

# SOCIAL <sup>and</sup> CLUB EVENTS

## NCO Wives Sponsor Get Together For Halloween

The Non-Commissioned Officers Wives Club had a Halloween party last Thursday night at the temporary NCO Open Mess and invited their husbands to a buffet dinner. Fall and Halloween decorations were carried throughout the dining room.

Mrs. Phillip Burch won the woman's prize for her farmer costume, and Sgt. John Mazilowski won the men's prize dressed in his wife's great-grandfather's clothes including spats.

The couple's prize was won by Sgt. and Mrs. Edwin Gedling. They were dressed in old fashioned sleeping attire and were "Grandma and Grandpa ready for bed."

The hostesses were Mrs. Harry

Bullard, Mrs. Edwin Spooner, Mrs. Billy Campbell and Mrs. James Britton.

### At The Service Club By CARLEE WATKINS

A tour of Andrew Jackson's home and other points in Nashville, Tenn., as well as formation of a male chorus, will be main features for enlisted men at Service Club this Saturday, Nov. 5. Recently initiated weekly pool and pingpong tournaments continue on Friday and Saturday.

The day-long Nashville tour will include "The Grand Ole Opry House", the Cheekwood Art Center and Botanical Gardens, and "The Hermitage", Jackson's home. The tour bus will leave the Service Club at 9 a.m. Saturday. Nashville is an ideal place for a day of browsing so, come along and sign up for the trip.

The chorus meets Saturday and Sun. at 2 p.m. in the club. Musical enjoyment is the object. EM who like to sing are invited to join this group.

The weekly pool and pingpong tournaments, which begin at 7 p.m. Friday and Saturday, will qualify winners to enter quarterly, post-wide championship contests. A trophy will be awarded to the two post champions.

Enlisted men whose birthdays fall in November will be honored at 7:30 p.m. Sunday Nov. 6 at a birthday party in the club, to which all EM are invited. The party, to be complete with cake, marks renewal of a formerly successful club activity.

## Fall Arrangements Topic Of Meeting Of Wives Group

Mrs. Johnson Wyatt presented a program on dried flower, vegetables and fruit arrangements at the Oct. 18 luncheon meeting of the Retired Officers Wives Bridge and Canasta Group at the Redstone Officers Open Mess.

Some of the dried arrangements were the table decorations, and tallies in the shape of Indian teepees were used for the card games. There were 53 members and guests at the meeting.

Bridge winners were: Mrs. Arthur Bloomberg, high; Mrs. Whitt Compton, second; and Mrs. Harold Miller, third. Mrs. William Luce held high score in canasta and Mrs. John B. Harrison was second.

**BEAUTIFUL LUNCHEON COMING**—The decorating committee for the Redstone Officers Wives Club luncheon has been busy getting ready for the event which starts at 12 o'clock noon Nov. 8 in the Redstone Officers Open Mess. The main program feature will be a Fashion Show, and the decorations will reflect that theme. Working here are, left to right, Mrs. John Thompson, decorations chairman, Mrs. Kenneth G. Martin, Mrs. T. I. Dumitru, and Mrs. Samuel Yarchin. Wives of officers assigned to NASA are hostesses for the luncheon.

## NCO Wives Receive Orientation

Eighteen ladies attended the first orientation tour for non-commissioned officers wives at the U. S. Army Missile & Munitions Center & School last Wednesday.

The tours are designed to familiarize the ladies with the school's mission and to give them a better idea of the type work their husbands are doing now at MMCS.

Included in the Wednesday tour was a welcome and school briefing by MMCS Assistant Commandant, Col. J. R. Henderson. The ladies were also briefed on the Nike and Sergeant Missile Systems, the television department and watched a training aids demonstration. Lunch at Mess I concluded the tour.

As the escort MMCS Sgt. Maj. Rudolph A. Weaver, pronounced the tour a success and said that more NCO Wives tours are being planned for the near future.

## Red Cross Offers Volunteer Course

The Red Cross is offering a basic, 6 hour course scheduled for Wed 9 November to anyone wishing to qualify for work at the Bloodmobile and/or helping ease clerical duties at the post hospital. Those interested in registering for the clerical course should contact Mrs. G. Hopkins at 877-4879. Mrs. L. Lewis, tel. 837-5004 is accepting names for the Bloodmobile class.

Trained Red Cross volunteers are needed to assist as receptionists at the Outpatient Clinic mornings and (preferably) afternoons. Sgt. Doss, Tel. 877-4207 would like to hear from anyone interested in this type of work.

A new Dental Clinic course is

being offered for trained and new volunteers and will begin Tues. 15 November. Mrs. D. W. Bowers, tel. 881-4656 is taking registrations and points out that the Dental Clinic is in urgent need of more volunteers.

A Volunteers' Coffee will be held at the Post Chapel Monday, 7 Nov. at 10 a.m. Reservations close Friday with Mrs. B. McGee, tel. 877-5362. All volunteers are cordially invited to attend.

Volunteers who have arrived at Redstone from other areas and who wish to work in the clinics are asked to contact Mrs. M. Jones at 877-4758.

The Bloodmobile will visit the Arsenal Wed. 16 Nov. from 8:30 a.m. until 2:30 p.m. Volunteer nurses willing to help may call Mrs. J. Loomis at 881-9582. Red Cross Volunteers are always needed and should contact Mrs. L. Lewis, 837-5004.

# Thrift Shop To Stay Open Wednesday Evening

An innovation among volunteers at Redstone Arsenal begins tonight when the Thrift Shop keeps its doors open for customers to browse and buy after supper, from 6-9 p.m.

In order to continue the practice of keeping this handy swap shop open Wednesday evenings, Mrs. Robert Scott is searching for more volunteers to help her man the shop. No consignments will be accepted during the evening hours.

The Thrift Shop is regularly open from 10 a.m. to 2 p.m. on Wednesdays and Fridays. They receive consignments as varied as

silverware and jewelry to bicycles and boat motors.

Seasonally there is a run on the heating-cooling elements that are someone's excess equipment. Furniture is always in demand and such items as television sets have a ready turnover.

The staff is still wondering what the man who bought an antique washing machine did with it... or whether his wife put it to use in its original role.

It seems to be true, the staff finds, that one man's junk is another man's find!

**SEASONAL SWAP**—As Army men contract or expand, they tailor the uniform to fit. Sometimes when they need a spare, the tailor isn't even necessary if they find the right shape at the Thrift Shop on the Arsenal.

## Lt. Col. Steenburn Heads Chaparral Management

Lt. Col. Donald H. Steenburn, who recently returned from duty in Korea, has been assigned as Chief of the Chaparral Management Office at the Army Missile Command.

He succeeds Lt. Col. William Smith who was transferred to Europe early in the summer. Marvin Snipes has served as acting chief of the Chaparral Office since Colonel Smith's departure.

At the present time, Col. Steenburn is attending an 11 week Defense Weapons System Management course at Wright-Patterson Air Force Base, Dayton, Ohio.

In Korea, he was Battalion Commander of the 83rd Ordnance Battalion. His other overseas tours include the Pacific area during World War II, Japan, 1950 to 1953, and Italy, 1958 to 1961.

No newcomer to the missile field, Colonel Steenburn attended the then Ordnance Guided Missile School at Redstone in 1953, was Corporal missile Project Officer at White Sands Missile Range, N. M., and missile officer at both Second Army Headquarters, Ft. Meade, Md., and in Italy. Another previous assignment was Operations Officer for the Field Command, Defense Atomic Support

**LT. COL. D. H. STEENBURN**

Agency, Sandia Base, N. M.

Col Steenburn received his high school education at Monson Academy, Monson, Mass., and has a bachelor of science degree in mechanical engineering from the University of Vermont. He is a member of Sigma Nu fraternity.

The colonel is a graduate of the

**ODDS AND ENDS**—Everything from working pants to fancy doilies are apt to be found on the tables of the Arsenal Thrift Shop. The Thrift Shop funds help support the youth and nursery activities on post. Volunteers from among the enlisted and officer personnel stationed here give their time to make the endeavor a success and now that the hours are expanding to Wednesday evenings, more volunteers will be needed.

**PAYOFF**—SSG Samuel Nickens (right) collects a check from items he sold through the Thrift Shop from cashier, Mrs. A. J. Matthews (seated) and Manager, Mrs. Robert Scott.

# Bulldogs Upset Arapahoes In Football Final

## Highly Successful Season Ends With All-Star Game

The upset of the year and a bitterly-fought defensive battle closed out Redstone Arsenal's regular season football schedule Saturday night and Sunday. In the two games, the Bulldogs ripped the previously unbeaten Arapahoes, 36-14, and the Bombers nipped the Hawks, 12-6.

The contests hinted of action that can be expected during a league All-Star game to be played soon. Details are not yet available.

Saturday night the Bulldogs bolted to a 24-14 halftime lead and added two more touchdowns in their 36-14 rout of the powerful Arapahoes. Bulldog coach, Sid Barnes heaped praise on the play of both his offensive and defensive lines.

He said, "The offensive line really opened the holes for our running backs, and the defensive line was pretty stingy too." Coach Barnes also credited halfbacks Brad Jolley and Doris Chatman for their fine running.

Sunday the Bombers got two third-quarter touchdowns to erase a 6-0 Hawk halftime lead enroute to their 12-6 victory.

The Hawks scored in the first quarter as quarterback Bill Cox took to the air in a drive that started on their own 25 yard-line. Cox threw passes of 33 and 13 yards to left end Ron Loose sandwiched around a seven yarder to flanker Lee Andretti to set up the scoring chance.

The touchdown came on a 25-yard touchdown pass to Andretti, a key Hawk target throughout the game, who deftly faked a defender at the Bomber 20 and raced down the sidelines. The try for point failed.

The Bombers tied the game early in the third quarter as ace quarterback Ted Williams fired a short pass to halfback George Stokes who high-stepped his way through several Hawk defenders along the left sideline for 30 yards and the equalizer.

The Bombers, who dominated third quarter play, scored again several minutes later on a three-yard burst by halfback Ben Henderson. Again the try for point failed. The key play in the scoring drive was a fourth-down-five pass from the 13 yard line to end Bob Anderson who doggedly carried a tackler to the Hawk three yard line for the crucial first down. The Bombers defense then stiffened and allowed no further

Hawk scoring as the game ended 12-6.

The Bomber offensive attack was highlighted by the explosive end sweeps of quarterback Williams and fullback Steve Snider. However, the Hawk defensive line continually put a strong rush on Williams hampering his passing game. Jerry Lomas picked off to Williams aerials to lead an alert Hawks secondary.

### Final Standings

	W	L	T
Arapahoes	5	1	0
Bombers	4	2	0
Bulldogs	2	3	1
Hawks	0	5	1

## Stewart, Lindsay Pace Pin Parade

Bowlers in the Supply Management League continued their fast pace in the Honor Roll department with another pair of entries while those in the other civilian leagues are still trying to figure out the procedure for nitting the select company.

Fred Stewart grabbed off the Bowler of the Week honors last week with a 614 and Tom Lindsay was close behind with his third better than 600 total of the year, a 606.

Ron Lemanski topped the AMC League bowlers with a 580 as that league is still looking for its first Honor Roll count after seven weeks of firing.

Stewart had a 225 and an even 200 on his way to his initial bid for the select group for the All Sports Trophies. He got a helping hand from Mel Webb who fired a 178 triplicate, but it was only good for a split with the Debuggers.

Lindsay had one game of 234 in his big series as he led the Huntsville Brick and Tile quintet to three wins over Lily Flagg. It was enough to keep HUBCO in a first place deadlock with Auto Center who was taking three out of four from the Manglers.

Jim Traglia didn't miss Honor Roll figures very far as he shot a 587 in leading Pearsall Flowers to a trio of wins from the 7 Ups. Don Geouge turned in a 561 effort as the Shoot 'n Scoots fired a 3074 team total and three wins from the Pin Busters.

Lemanski shot his league leading 580 count for the Tow Boys but his mates were unable to give him support enough for more than a split with the Hi-Lo's.

The Ramblers added a point to their lead over the Bombers by sweeping four from the Skippers with Tom Patterson leading the way with a 549. The Bombers took their seventh consecutive 3 to

### TENNIS CHAMPS

William Flynn and Gerald Cole won the Missile & Munitions Center & School doubles tennis tournament Saturday. They defeated Robert Williams and James Bean of the 4th Enlisted Training Company, 6-1, 6-1.

## STC Bowler Goes On Strike Spree

Mike Hamer was the whole show in the STC Bowling League last week and the show that he put on should be called just plain "Strike." Because that is about all that Mike threw all night — one strike after another.

He fired 22 strikes out of a possible 36 in putting together games of 239, 203 and 256 for a 698 series, the best, by far, at Redstone this year.

The Hamer spree was enough to give Headquarters No. 1 a clean sweep on the evening from 522nd Ordnance in addition to the best single game and the top team series for the year. The Headquarters gang closed out their set with a 1058 game (983 scratch). Their total pinfall for the three games was 2958.

Ed Rafferty helped the final game outburst along with a 222 and had a final series count of 533.

Bill Belt was a distant second in the individual ladder with a 564 for Company C No. 1 and Hugh Mauney shot a 561 total for Co. B No. 1. Jerry Wiener collected 552 sticks for Company A.

Mauney and Wiener were pitted against one another and B came out of the match with three wins. C. No. 2 scored the only other sweep of the evening with 7th ETC as the victims as Les Heath put together a 542 pin count.

I win, this time at the expense of the Stars, and now trail the leaders by two.

## Hunters Mark Red Letter On Calendars

Monday will be a red letter day for area waterfowl hunters.

The state goose season opens one half hour before sunrise and continues for 70 consecutive days.

At 7 p.m., Ducks Unlimited will hold its annual duck hunters rally in the Madison County Coliseum.

Goose hunters will need a state license and a federal duck stamp before going afield the morning of the 7th, but admission to the coliseum that night is free.

Carl Jones of Huntsville, who stages the meeting for Ducks Unlimited, has announced that Harry Walker, manager of the Pittsburg Priates, has accepted his invitation to speak at the rally. Wheeler Wildlife Refuge officials also have a spot on the program and there will be hunting films.

Last year's meeting drew more than 2,000 duck hunters and Jones is predicting a larger turnout this year. Door prizes, including shotguns will be available, for those who join Ducks Unlimited. Application forms will be available at the Coliseum.

Ducks Unlimited is a non-profit organization which uses membership fees to improve breeding habitat in Canada.

Approximately 60 per cent of all purchases of Series E Savings Bonds are made through the Payroll Savings Plan.

## Mustangs Fight For League Title

The Redstone Mustangs started a stretch drive last night that they hope will lead to the championship of the Huntsville Parks and Playground 110-pound football league. The game with the Northern League was the first of four crucial matches for the Arsenal youths who have won three of six previous encounters.

The Redstone Jets, in the 80-pound class, also have an outstanding chance at their league crown with three wins and a tie out of six starts. The 95-pound Eagles, however, are out of the running after winning only once against six losses.

The Mustangs will meet the Southern League on Saturday night, the Continental league next Thursday and end their season with the present league leaders, the Civic League, on Nov. 17.

## Katherine Hess, Helen Churan Win

Katharine Hess and Helen Churan won the blind partners tournament among the Golf Group sponsored by the Redstone Arsenal Officers Wives Club during play on the Arsenal Course last Wednesday.

Runnersup were Rebel Elliott and Jackie Hightower. The Group tees off each Wednesday morning. To play, the individual must be an active member of the Redstone Officers Wives Club.

# Louise Hix Wins Club Championship

Winner of the Fall Match Play Tournament among the Golf Group of the Redstone Arsenal Officers Wives Club was Louise Hix who outshot three other flight winners to take the Group Championship.

Winner of the first flight was Clara Miller with Joy Pyle in second place and consolation going to Charlene Powell.

In the second flight Billy Fogel won with Claire Sentar in second place and Marian Deppensmith the consolation player.

Louise Hix was the third flight winner. In second place was Vi McDermott and Eileen Schaffer

took the consolidation slot.

Dottie Lothrop won the fourth flight. Billye Shupput was runner-up and Jane Cunningham was consolation player.

Trophies will be awarded Nov. 10 at lunch at the Redstone Officers Open Mess.

# Retired Officer Takes Fall Golf Classic In Playoff

It took an extra playoff round before Col. (ret) D. L. McMillan emerged with the championship of the Redstone Arsenal Fall Handicap Golf tournament that ended last week.

There were 96 entries in the original field broken down into six equal flights. The six flight winners were then pitted together in an 18-hole round for the title.

But Col. McMillan was unable to shake LTC Leonard Carlson in the opening playoff round and each ended with a 74. In the extra round, Col. Carlson fell off to an 82 and Col. McMillan shot a 76 for the championship.

225 that Wayne Spruell rolled.

Evelyn Green has the best series among the gals with a 532 and Vera McDonald has the best game to her credit, a 194.

The All Sports have contributed the best team totals for the season with a 2431 series. The four bowlers had a 2020 scratch total.

LTC Robert Percy and SSG L. E. Gray each turned in a 76 in the playoff round, LTC (ret) S. P. Kroll had a 77 and CPT Terry Carlton trailed with 78.

Results of the final round of match play were:

First Flight: LTC Percy def. CPT John Werner, 1 up in 19 holes. CWO (ret) G. A. Johnson def LTC (ret) H. G. Radford, 2 and 1, (consolation).

Second Flight: LTC Carlson def. Col. W. S. Grabowski, 1 up in 19 holes. Maj. (ret) H. R. Watson def (ret) R. H. Munday, 5 and 3 (consolation).

Third Flight: Col. McMillan def. CWO (ret) R. Jones, 1 up. Maj. N. E. Hightower def Maj. (ret) J. Moore, 4 and 3 (consolation).

Fourth Flight: CPT Carlton def. W. H. Loomis, default. E-7 J. M. Green def. LTC F. R. Spiva, 1 up (consolation).

Fifth Flight: SSG Gray def. Lt. J. A. Gust, 5 and 4. LTC (ret) R. B. McIntosh def. Maj (ret) P. McDermott, 1 up (consolation).

Sixth Flight: LTC Kroll def. LTC W. H. Fogel, 7 and 5. CWO H. Dufour def. E6 F. A. Robertson, 7 and 6 (consolation).

# Yacht Club To Elect New Officers

The Redstone Yacht Club will elect officers for the coming year Friday night in the club room of building 3614 at 7:30 p.m.

The annual Redstone Yacht Club Dinner Dance will be held Saturday night at the Holiday Inn from 6 to 12 p.m.

The program includes dinner, installation of officers and films of the club events during the past season. Dancing will be to the music of the Holiday Inn combo.

Shirley Stopper 881-1534 or Doris McHugh 852-6592 are handling reservations for the event.

# Earle First On Honor Roll List

George Earle became the first Honor Roll bowler in the MMCS Officers League last week when he put together games of 202, 193 and 211 for a 606 series in leading the Black Jacks to a clean sweep over the Bad Gnus.

In winning the Jacks took over sole possession of the league lead after having been tied for the top rung with the Rounders. The latter quintet lost all four to the Rocket Rollers and dropped all the way to third.

The Swags moved into the runner up slot with a 3 to 1 win over the Hubs and the Squirrel Hill Mob took three from the Satellites in other matches.

Karl Pasch contributed 542 pins to the Swags win and Don Davis knocked over 517 more. Myron

# Jess Shows Way In Mixed Loop

Howard Jess cemented his hold on the individual leadership of the Comp Center Mixed bowling league last week and rolled the league's first Honor Roll count in the process.

The leader of the Skunks put together a 601 count that included a 232 game as his mates added another link to their hold on the league lead which is now three points over the All-Sports.

The big series was the top individual effort of the year in the league displacing a 569 rolled earlier by Bob Bryant and the 232 game boosted Jess into the lead in the category also ahead of a

Sato paced the Rollers with a 537 and Sam Lewis was the top Rounder with 514.

# Bowling Bags Hold Onto Ladies' Lead

The standings in the Thursday morning ladies league remained unchanged last week as the Bowling Bags and the Angels each took three out of four leaving the Bags in possession of a two-point margin.

The Rare Spares took three out of four from the Queen pins and the Splatter Pins split with the Four Hopefuls in other matches.

Ann Wiener grabbed league scoring honors with a 521 series for the Hopefuls. Her series included a 204 game. Liddy Brown was next in line with a 493 for the Do Nothings.

Lu Belt turned in a 185 game for the Bags and Ann LeBeaumont fired a 179 game for the Tipsters.

# At Ease.

Ever see anyone more relaxed and trouble-free? Maybe it's because of his two-week leave. Or perhaps he's dreaming of his welcome home. We like to think it's because he's enjoying the friendly skies of United.

Sure, the stewardess is pretty.  
The chow? Almost as good as Mom's!  
And that seat's soft enough to sleep in.  
But, best of all, he didn't waste his leave lounging around the airport. He started winging his way home fast because

he went to where the seats are. He went to United, the airline with the world's largest jet fleet.

Men and women in uniform, with authorized military leave or furlough papers, fly (stand-by) at 50% off regular Coach fare. (This rate also applies within 7 days after discharge.) They can sit wherever the seats are, even in First Class when the other seats are filled.

So, next time you travel, put yourself at ease. Fly United.

"This sure beats bivouac!"

For information and tickets, visit or call your JAMTO office located at Bldg. 3684, Neal Road, Tele. No. 876-5851.

*fly the friendly skies of United.*

### Wheezers Lengthen Lead In A-B-C

Wylie Cooper was the top gunner last week for the Wheezers when he fired a 543 total in leading his mates to an A-B-C League sweep over the Hopefuls.

The four straight wins boosted the Wheezers into a two game league lead over the Lucky Strikes who were held to a 3 to 1 margin by the Pin Splitters. Saturn won three from the War Hawks and the Mixers split with the Black Jacks in other matches.

Trev Dumitru took individual scoring honors for Saturn with a 553 total and Tom Rogers helped the cause with a 505. Ron Macy led the Hawks with 524.

Dwayne Ready set the league leading individual pace in the losing cause for the Pin Splitters with a 571 count. Tommy Thompson tossed a 527 total and Don Vanderheyden stacked 511 sticks to offset Ready's efforts for the Strikers.

FEELING LIKE the VC's favorite target, Pfc Orval Adkins of Co. B, 2d Bn., Infantry, has earned all the Purple Hearts he wants for a while. Wounded in the left arm, he was evacuated to the 1st Medical Bn. As he climbed out of the ambulance there, he was nicked in the right leg by a VC sniper. The next day, his wounds treated, Adkins arrived back at his unit just in time to stop another Cong bullet—the left arm again. His second trip to the 1st Medical Battalion was — thankfully — uneventful. (ANF)

PFC JOHN F. STROUP

### PFC Stroup Named Top Soldier

September's "Soldier of the Month" at Redstone Arsenal may soon exchange chevrons for "bars."

Pfc John F. Stroup is scheduled to attend Officers Candidate School shortly. A July graduate of the ammunition storage course at the Missile and Munitions Center and School, Stroup is presently working with the MMCS Republic of Vietnam orientation committee, awaiting appointment to OCS.

Stroup, 21, is a 1963 graduate of Frankfort Senior High School, Frankfort, Ind. He also attended Indiana University for two years before entering the Army in February this year.

The top-notch soldier arrived here in May after completing his basic training at Ft. Knox, Ky.

### MOVIE SCHEDULE

# Films Win Two Industrial Management Society Firsts

Motion picture films produced by the U. S. Army Missile Command have won two of five first-place awards in the Industrial Management Society's annual methods improvement competition.

Trophies go with the awards and will be presented November 2 at the Society's 30th Anniversary Industrial Engineering Management

Clinic in Chicago. Col. E. J. McGinnis, Director of Procurement and Production, will represent the Missile Command at the presentation ceremony.

The first-place awards went to "Value of the LAW," a 16 minute film about Value Engineering techniques used during research and development work on the LAW lightwork assault weapon, and "Double '0' 16," which presents in 20 minutes an advancement in the state-of-the-art of automating input, storage, retrieval and display of data. A second-place tie award went to another Missile Command film, "Trademark of a Craftsman," which is about the Zero Defects program.

A film produced by the Missile Command for Anniston Army Depot, "On-Time Delivery," also placed first in the competition.

All of the films, which are in color and with sound, were produced by the Pictorial Division in the Assistant for Communications' Office of the Arsenal Support Operations Directorate. RCA Service Company at Redstone Arsenal, under contract to the Missile Command, provided services.

Several Missile Command people were involved in the production of each winning film. Assisting with "Value of the LAW" were: Arthur E. Harvey and Raymond G. Weber, Procurement and Production Directorate; Orris H. Cox and Gustus Grace, Arsenal Support Operations Directorate; and Raymond W. Turner, TOW Project Office. Kenneth E. Joy and William T. Anderson, Quality and Reability Management Office, worked with "Trademark of a Craftsman." Assisting with "Double '0' 16" were: Gilbert Penny, James H. Peacock, Frank L. Craven, John W. Ecklin, and Roland L. Guard, all of the Procurement and Production Directorate, and Howard Gates, Arsenal Support Operations Directorate.

# MBT Tank Program Gets New Manager

Major General Edwin H. Burba has returned to the United States from Korea to take over responsibility for completing the development of the US/FRG Main Battle Tank 70 now in pilot build.

He succeeds Major General Welborn G. Dolvin who was named the first United States Program Manager Aug 29, 1963 and has been responsible for the program's progress since that time. General Dolvin will take command of the 3rd Armored Division now stationed in Germany.

The US/FRG Main Battle Tank 70 Program was the first of its kind in the history of the U. S. Army when initiated. Both Governments share costs and share decision making. Both Governments furnish personnel and support facilities to joint organizational elements in equal strengths. The end product will be built of components developed in either Country but producible in both.

General Burba, the new U. S. Program Manager who is best known for his Command of the "BIG LIFT" when serving as Commanding General of the 2nd Armored Division, Ft. Hood, Texas, has a long and distinguished military career.

Born in Crowder, Oklahoma, General Burba was graduated from Oklahoma University in 1933 and commissioned a Second Lieutenant Field Artillery Reserve through the Reserve Officer Training Program. He entered upon active duty in 1935 and has remained in

**DIVISION CHIEF PROMOTED**—Lowell D. Twitchell, the new chief of the Nike-X Project's System Requirements Division, last week received his Lieutenant Colonel's leaves in ceremonies in the office of Brig Gen. I. O. Drewry, Project Manager. Col. Twitchell reported to Redstone Arsenal in September following an assignment with the NATO Supply Center in Chateauroux, France. A native of Champaign, Ill., he has been in service for 18 years. Aiding Gen. Drewry in pinning on the leaves was Col. Twitchell's wife, Nadyne.

the Regular Army since that date.

General Burba served with Armored units during World War II in North Ireland, Tunisia, France and Germany and included among his decorations are: Silver Star, Legion of Merit w/Oak Leaf Cluster, Bronze Star Medal w/Oak Leaf Cluster, Purple Heart, Distinguished Unit Badge, Combat Infantry Badge and the Europe-Africa-Middle East Ribbon with 4 Battle Stars.

Since World War II, his assignments have included tours on the General Staff, G3 Department of the Army; as Commanding Officer, Combat Command "B", 4th Armored Division; as Commanding Officer, Seventh Army Training Cen-

ter, USAREUR; and as Deputy Director for Operations (J-3), JCS.

General Burba's most recent assignment prior to taking command of the US/FRG Main Battle Tank 70 Program was Chief, Joint MAAG, Korea.

**SOUTHEAST ASIA ADVERSARIES** "have come to respect our firepower," according to Defense Secretary McNamara. "It is clear now that they can only hope for a wavering of our will power. In their belief that democracy is essentially decadent and undisciplined, they hold to the naive hope that public debate will gradually erode our national purpose." AFNB

## Large Deluxe Mobile Home Community Planned Near Whitesburg Area.

The largest mobile home community in the entire North Alabama area is under construction across the Tennessee River west of Gasoline Alley. The developers of this ambitious undertaking is United Land Company, Incorporated, of Huntsville. "When completed this will be a small city itself", Mr. William E. Harrison, United's enterprising President told the Rocket today. It will boast all the conveniences of the City yet will have all the rustic charm and beauty of the great outdoors," he continued.

The development to be known as Sherbrooke Park, will contain over 300 lots with a minimum area of 12,000 square feet each. All streets will be paved, curbed and guttered and lighted. A contract has been negotiated with Southeastern Utilities of Birmingham to install a community water system and sanitary sewer system, both of which will be approved by the State and Morgan County Health Departments. Other conveniences such as garbage collection, fire protection, telephones,

storm drains and recreational facilities will also be provided.

First resident at Sherbrooke is the Robert E. Pritchett Family. "Bob" is Secretary and Treasurer of United Land Company, Inc. "We are most enthusiastic about this development," he said. "The popularity of mobile home living has skyrocketed during recent years and accounts for about one out of every five one-family homes being built in America today. The fact that over 4 million Americans have chosen the mobile home as a way of life has prompted us to undertake the Sherbrooke Development. This beautiful and gently rolling area is generously wooded with ever-green and deciduous trees. Since nature has afforded us such an attractive site, we're going all-out to make this a community of pride and convenience."

Future plans include on-site shopping facilities, "In the meantime," Bob added, "we are only 15 minutes from downtown Huntsville."

**For Further Information Phone Bob Pritchett 539-7454 Days; 883-1283 Nights or Write: Route One, Box 68, Lacey's Spring, Ala.**

# 72 Arsenal Drivers Among Best In Nation

Hundreds of hours of safe driving to transport cargo, material and people have won National Safety Council awards for 72 men in the Transportation Division of the Army Missile Command's Arsenal Support Operations Directorate.

"Even when we had ice and snow last winter," Wendell Terry of the Division said, "We didn't have a single dented fender. And our drivers get all kinds of highway driving experience—we pretty well cover all types of roads in the U. S. in one kind of vehicle or another under a variety of conditions."

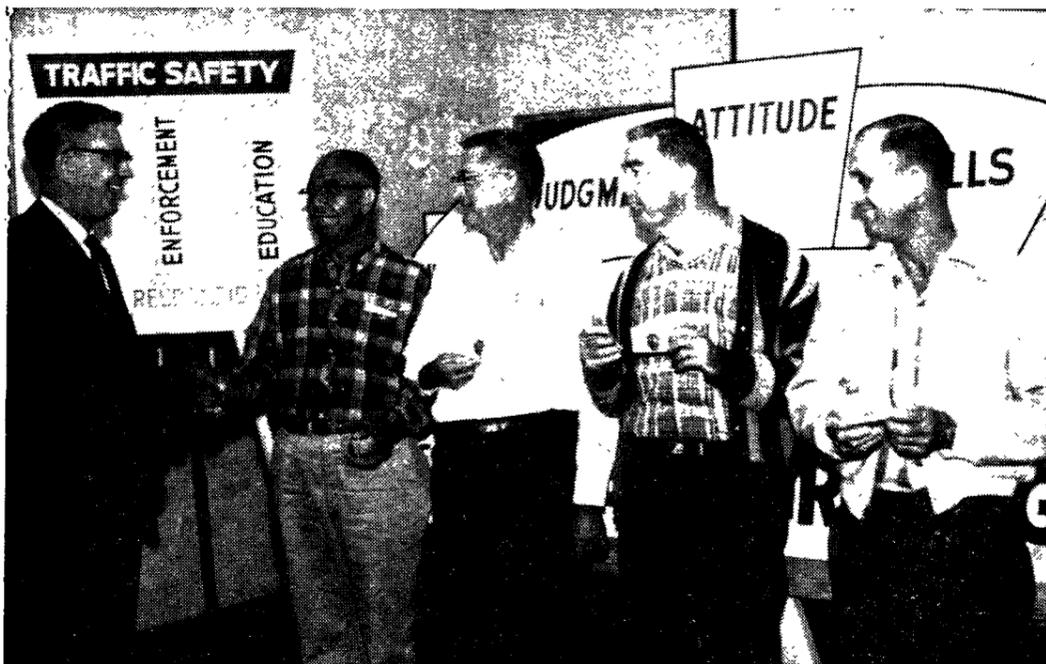

The award winners are Command civilian personnel who drive Army sedans, station wagons, buses, trucks, tractors and semi-trailers both on and off the Arsenal.

The Missile Command has participated in the National Safety Council safe driver program for more than seven years. The drivers are competing with those worldwide for the awards, a gold and blue enamel lapel pin and a wallet size certificate.

The 72 awards are divided among the winners this way—one, one year award; three, three year awards; two for four years; 11 for five years; 16 for six years; and 39 for seven years of accident free driving.

The award is the recognized trademark of professional drivers who have proved their skill in avoiding traffic accidents.

The organizations which are members of the National Safety Council are the only ones which may certify employees for the

**28 YEARS OF SAFE DRIVING**—D. K. Womack, left, Safety Officer, Arsenal Support Operations Directorate, happily presents National Safety Council awards to four drivers who have each had seven years of driving without accident. The men are, left to right, James Lockheart, James Lusk, Dan Lenox and R. T. Russell. They are part of the group of 72 in the Transportation Division who received lapel buttons and wallet size certificates for their spotless driving records.

awards. "For instance, a farmer with a couple of men who drive his trucks wouldn't belong," Terry said. "It's the companies and groups with fleets of vehicles who make up the membership."

In talking about the different kinds of driving the men in Transportation are called upon to do, Terry said that, for instance, they haul more than 900 children from the Arsenal to Huntsville schools every day. They take Missile and Munitions Center and School students from class to class. The sites are spread all over the Arsenal.

There are special requests to take VIPs places, and when they have foreign students as passengers, there's often a language problem in communicating where they want to go, but "We work it out and get them to the right places," Terry said.

The Transportation Division has to have drivers on duty seven days a week and around the clock. In view of the day and night driving required and the multiple weather and road conditions covered, the record set by the drivers becomes pretty remarkable.

## Third Procurement Fair Invites Industry Today

Industries seeking business with the Army Missile Command are invited to the third Procurement Fair today, at Redstone Arsenal. The event opens at 8:30 a.m. when approximately 135 procurement requirements valued at some \$400,000 will be available for examination by visiting contractors.

Issue of the procurement packages selected by the contractors' representatives will begin at 10 a.m. At the two previous Fairs on October 5 and 26th, package distribution began at 9 a.m., but Missile Command Procurement and Production Directorate officials who sponsor the Fair have set up the hour to allow more time for examination of the requirements before contractors indicate those on which they wish to submit bids or proposals.

In pointing out the advantages of the Procurement Fair way of doing business, officials said that the events permit both the Army and its contractors to get together and quickly resolve any questions which may arise.

The Army has streamlined its way of doing business to eliminate much of the paper work previously involved, and now has ways to pay quickly when contractors deliver the goods.

The Fairs are held on the first and third Wednesday each month

in Building 4488 on Redstone Arsenal.

## GEX Breaks Ground For New Store In Huntsville

Ground was broken last week for a \$1,500,000 department store in Huntsville that will operate on a membership basis for government employees.

Called G-E-X (Government Employees Exchange), the store will be located on North Memorial Parkway at the northwest corner of Max Luther Drive. It will be the largest department store in Huntsville and is scheduled for an early spring opening.

It will be operated by the National Bellas Hess, Inc., and will become one of a chain of membership stores serving over a million families throughout the country. A second store in Atlanta will be opened in the spring in conjunction with the Huntsville opening.

Shopping privileges at the stores are restricted to eligible groups, numbering mostly government employees, military personnel and persons employed by firms doing a substantial portion of their work under government contract.

NATO NAVAL MANEUVER in eastern and northern Atlantic in mid-August deployed 31 ships and about 15,000 men from five nations—France, Holland, Norway, Britain, the U.S.—and was first striking fleet operation since 1964. Called "Exercise Straight Laced," the sea games involved realistic air, surface and subsurface environments. AFNB

**WINS FIRST SAFE DRIVER AWARD**—Sp4 Jerry L. Grimsley of the 291st MP Company, receives a trophy identifying him as the unit's first "Safe Driver of the Month." Along with the trophy goes a pen and pencil set. Making the award is Col. J. N. Jern, head of the Arsenal Support Operations Directorate within which the MP company operates. The highly competitive Safe Driver of the Month program was started in September to recognize safe driving performance by the 291st MP Company. The organization has gone 24 consecutive months without a recordable Army motor vehicle accident. A judging committee selects the Driver of the Month from a list of nominees. Among factors considered in the selection are the number of miles driven, first echelon maintenance and appearance of vehicles.

### Rohm And Haas Receives Contract

The U. S. Army Missile Command has awarded two contracts totaling \$3,171,575, one to Rhom and Haas Co., and one to Western Electric Company.

Rohm and Haas received \$2.5 million to cover exploratory development work on propellants for a 12 month period at their Red-

stone Arsenal Division. Technical supervision of the contract will be under direction of the Missile Command Research and Development Directorate.

A \$671,575 award to Western Electric is for contractor field service in support of the Nike Hercules air defense missile system. The program is managed by the Nike Hercules Project Office at Redstone.

Both awards were executed by the Missile Command Procurement and Production Directorate.

### Shop with cash—Get an HFC Shopper's Loan

Shopping with cash can save you money. And if you're short of money for your holiday needs, apply for an HFC Shopper's Loan. It'll let you make the best selection at any store for the things you want, even at stores where you don't have a charge account. And you'll avoid big first-of-the-year bills, too. Then you repay HFC conveniently. Buy those holiday things with cash now. Apply for an HFC Shopper's Loan.

## Pershing Modification Kit Contract Awarded

The U. S. Army Missile Command has awarded a \$1,741, 696 contract to Martin Company, Orlando, Fla., for continuation of installation of modification kits to update the Pershing weapon system.

Pershing is a highly mobile missile capable of delivering a nuclear warhead on targets ranging from 100 to 400 nautical miles. It is in operation with U. S. Army troops in the United States and Europe, and with Federal Republic of Germany Air Force units.

The weapon system is technically supervised from the Pershing Project Office at the Missile Command. Lt. Col. Edwin A. Rudd is

Pershing Project Manager.

The cost-plus-fixed-fee contract was negotiated by the Missile Command's Procurement and Production Directorate.

The average investment of persons buying U. S. Savings Bonds through the Payroll Savings Plan is \$24 per month.

## Answers To When To Vote In Area

The question of whether leave will be granted for the purpose of voting and to what extent, is a recurring question that arises prior to almost every election in the area.

With a general election slated for next Tuesday, the Rocket is printing the official guidelines governing the problem. The guidelines have been prepared by the Civilian Personnel Office and are in accordance with the provisions of FPM Supplement 990-2, Chapter 630-51.S11.

Personnel officials prefaced the voting leave guidelines by stating, insofar as practicable, and without interfering seriously with operations, civilian personnel who are qualified and desire to vote in the general election, will be excused for voting. The policy is:

a. Where the polls are not at least three hours before or after an employee's regularly scheduled hours of work, he will be granted an amount of excused leave which will permit him to report to work three hours after the polls open, or leave work three hours before the polls close, whichever requires the least amount of time off. For example, the polls in Huntsville and Madison County open at 8:00 a.m. and close at 6:30 p.m., CST. Therefore:

— if an employee's scheduled work hours are from 8:00 a.m. to 4:30 p.m., voting leave will be granted beginning at 3:30 p.m.;

— if an employee's scheduled work hours are from 7:30 a.m. to 4:00 p.m., voting leave will also be granted beginning at 3:30 p.m.

— if an employee's scheduled work hours are from 7:00 a.m. to 3:30 p.m., no voting leave is authorized.

b. If an employee's voting place is beyond normal commuting dis-

tance and vote by absentee ballot is not permitted, he will be granted sufficient time off in order to be able to make the trip to the voting place to cast a ballot. Under these circumstances, time off in excess of one work day will be charged to annual leave.

c. Excused absence to vote is not authorized if the employee's voting place is beyond normal commuting distance and vote by absentee ballot is permitted. Vote by absentee ballot is permitted in Alabama and most surrounding States.

d. Employees may be permitted to vote before reporting for duty or at any other time during the day, but any time required in excess of that authorized in paragraphs above will be charged to annual leave.

e. Employees who are absent from duty on Nov. 8, will not be entitled to voting leave for any part of the day.

f. Supervisors are responsible for scheduling and determining the amount of voting leave, consistent with this policy, to be granted each employee. Those who are eligible to vote and whose scheduled work hours are such that voting leave is authorized, must make application for leave. Leave taken in excess of that authorized will be charged to annual leave.

For the benefit of those who will be voting in nearby places, the opening and closing times for the polls are: Limestone County, voting machines, 8:00 a.m. to 6 p.m., ballot boxes, 8:00 a.m. to 5:00 p.m.; Morgan County, 8:30 a.m. to 6:30 p.m.; Marshall County, 8:00 a.m. to 5:00 p.m.; Gunter County, 8:00 a.m. to 6:00 p.m.; Jackson County, 8:00 a.m. to 5:00 p.m.; and Scotts-

## Pre-Retirement Counsel Provided By Third Army

HEADQUARTERS, THIRD US ARMY, Fort McPherson, Ga.—

Army personnel considering retirement now have the services of an expanded, intensified retirement counselling program to assist them with matters pertaining to the transition from military to civilian life.

The Retired Activities Office has been established here on Oct. 1, as part of a one-year pilot program for retirement and pre-retirement counselling activities. After the first year of operation, the program will be reviewed by the Department of the Army and considered for possible Army-wide application. Similar facilities were opened at Ft. Benning, Ga., and Ft. Bragg, N. C., on the same date.

The offices will assist the professional soldier in planning for his future in the civilian community, and in adjusting to his new life after retirement.

In the past, retirement counselling has been conducted almost entirely on a group basis. The new Retired Activities Office, according to Captain R. R. Caulk, Chief of the Ft. McPherson office, will emphasize personal counseling of the individual retiree.

boro, 8:00 a.m. to 6:00 p.m.

Employees voting in places other than those listed must certify on the reverse side of their time card as to the opening and closing time of the polls where they vote.

Group meetings, however, will be arranged by the office on a monthly and quarterly basis, to bring the soldier into contact with representatives of such agencies as the Veterans Administration, Social Security Office, and other organizations whose services the retiree may need.

Officials emphasize the Retired Activities Office is not an employment agency or job placement service. Its purpose is to give personal and individual attention to matters which will concern the retired serviceman. Officers and enlisted men with 18 years or more of active service, as well as those already retired, are being invited to contact RAO for help in planning for specific eventualities.

## 253 ACRES

THE PROPERTY OF MR. JOHNNY FERRELL

Located on Highway 67, nine miles Southeast of the intersection of U.S. Highway 31 in Decatur Alabama and only 9 miles from Hartselle. DIRECTIONS FROM HUNTSVILLE: Go Highway U.S. 231 South and turn right on Highway 36, go to Highway 67 and turn right and go approximately 8 miles. Property located on the right. See Auction signs on property.

This is 253 acres of the most beautiful wooded area in Morgan County and it has been divided into 110 tracts. Tract size range from 1½ acres to 15 acres and approximately 100 of these tracts are wooded and are the most beautiful homesites that Cole Auction Company has ever had the privilege of selling.

Mr. Ferrell has barred no expense in the development of this land. All roads have been finished and hard-surfaced. If you are interested in a homesite now or for the future, you owe it to yourself to drive out and see these beautiful tracts of land. They are all plainly staked and numbered for your convenience. Regardless of what kind of piece of property you are looking for, we believe that you will find it here. These tracts of land are level, some bluff tracts and some are rolling tracts and some are hilltop tracts. All to be sold to the highest bidder . . . you set the price!

**STILL LOOKING AHEAD**—John Miller (second from left) is shown receiving his high school equivalency certificate from John Hinkle, chief of the Training and Development Division. His superior in the Cataloging Division, G. Howard Griffin, is at the left and Charlie Syer, the program coordinator is on the right in the above picture. Mr. Miller has already set his sights on furthering his education by enrolling for night classes at the University of Alabama in Huntsville.

## Miller Qualifies First In New Training Program

John J. Miller of the Supply and Maintenance Directorate's Cataloging Division, became the first Redstone worker to receive his high school equivalency certificate through the MICOM program of continuing education last week.

Now Mr. Miller is making plans for futhering his education

by applying for admission to enter evening classes at the University of Alabama, Huntsville.

Approximately two months ago the Training and Development Division of the Civilian Personnel Office announced that assistance was available to all civilian employees in obtaining equivalency

certificates. An initial list of 138 employees indicated a desire to participate.

Several familiarization sessions on the requirements, procedures and training were given during the first two weeks of October to enable those who signed up to prepare themselves for obtaining the certificates.

Arrangements are now being made to coordinate the training to meet all levels of need for these employees either on a group

or self-study basis. The study will range from short refresher courses reviewing high school subjects to full subject material coverage in evening adult classes.

Employees who are interested in receiving information and assistance in self-development training, leading to a High School Equivalency Certificate should contact Charlie Syer of the Training and Development Division. He is located in Building T-3163 and his telephone extension is 877-4407.
