Representatives Rally For Launch Of Federal Fund Campaign Kickoff

Maj. Gen. Charles W. Eifler, Commanding General of the Army Missile Command delivered the keynote speech this morning launching the 1969 Combined Federal Campaign at Redstone and throughout the Huntsville area.

The rally heralds the opening of the annual campaign of support to some 46 local, national and international fund raising agencies. The drive will be conducted over a five-week period ending in early November.

\$11.6 Million Award Goes For Redeye

The U. S. Army Missile Command has awarded to the Pomona Division of General Dynamics Corporation an \$11,666,844 contract for production of Redeye air defense guided missile systems.

The fixed price incentive contract supports the fifth industrial buy of complete Redeye weapon systems. Work will be done at the Pomona, Calif. facility of General Dynamics.

Redeye is a shoulder-fired weapon that gives infantrymen an effective defense against low-flying enemy aircraft. It can be slung over the shoulder and carried anywhere a soldier can pack a rifle.

The Missile Command manages the Redeye program for both the Army and Marine Corps, who jointly funded weapon system development. Col. J. R. M. Covert is Project Manager. Pomona Division of General Dynamics is prime contractor.

Negotiating the contract for the Army was the Missile Command's Procurement and Production Directorate.

Joining Gen. Eifler on the speaker's stand for the traditional kickoff rally were Brig. Gen. I. O. Drewry, Commanding General of the Sentinel Systems Command, Brig. Gen. Mahlon E. Gates, Commanding General of the Sentinel Logistics Command, Brig. Gen. R. P. Young, Division Engineer, Huntsville Division Corps of Engineers, Col. Paul B. Schuppener, Commandant of the Army Missile and Munitions Center and School, and Dennis Garrison, Fifth District Vice-President of the American Federation of Government Employees.

Also attending the Rally were representatives of each of the 15 Federal agencies that are participating in the campaign in addition to representatives of the National Health Agencies and the International Service Agencies, and the Huntsville-Madison County United Givers Fund.

A. C. LaGrone, who will coordinate the campaign among the Army agencies participating, served as master of ceremonies for the kickoff rally. He introduced the organizational representatives, each of whom spoke briefly.

Robert Malone, the Huntsville area CFC coordinator, indicated that the preliminary planning stages for the drive had been completed. (See RALLY on Page 3)

Dragon Impacts On Target

The Army at Redstone Arsenal today announced as a complete success its first attempt to hit a moving target with the Dragon anti-tank weapon system.

Dragon Project Office officials at the U.S. Army Missile Command said the shoulder-fired Dragon impacted with pinpoint accuracy.

Target for the test was a tank-sized plywood board which was towed by a tank at a crossing position to the Dragon gunner. The gunner tracked the target for a short time, then launched the missile, scoring a direct hit.

Earlier guided firings at Redstone Arsenal were made against stationary targets. Later in the program, Army gunners are scheduled to shoot at both moving and stationary targets using live warheads.

Dragon is being produced by the Army and McDonnell-Douglas Corporation, system prime contractor, as a guided missile system light enough to be carried by the individual soldier but powerful enough to destroy armor and battlefield fortifications. It weighs about 27 pounds.

The program is managed by the Missile Command at Redstone Arsenal, Ala., under Col. Kenneth C. Van Auken, Project Manager.

Dragon will replace the 90mm recoilless rifle and is far superior in range, accuracy and lethality.

Brockman Leaves For Okinawa

Leonard M. Brockman, a veteran Department of the Army civilian employee at Redstone Arsenal, is leaving this week for Okinawa where he has been assigned as Labor Relations Advisor to the High Commissioner, Ryukyus Islands.

Brockman has just completed a year at Cornell University where he was on an Army Research and Study Fellowship in the field of labor relations.

He came to Redstone in 1956 as a Personnel Management Officer with the Civilian Personnel Office. At the time he won the fellowship to Cornell he was advisor to the Chief of Civilian Personnel for labor relations.

Engineers Circulating Bids For 170 New Houses Here

Army engineers have invited contractor bids for construction of 170 new housing units for enlisted personnel at Redstone Arsenal.

Bids will be opened Oct. 8 at the Corps of Engineers district office in Mobile.

Plans call for the construction of 60 buildings, comprising 170 housing units, with two, three, and four bedrooms. Buildings will be of wood frame construction with brick veneer on the first floor and frame siding on the second floor.

Each unit will be individually air conditioned.

To be located on Vincent Drive, just South of Goss Road, the new

units are expected to be ready for occupancy by January, 1970.

Housing officials said there are 774 permanent type quarters now on Redstone Arsenal. Additional units will bring the total to 944.

Availability of the new family quarters will be decided, among other factors, by a waiting list on a first come, first served basis, rank and need.

The Army Missile Command is responsible for providing quarters for all service personnel, eligible for government quarters, who are assigned to duty in the Huntsville area.

COFFEE BREAK—Maj. Gen. Charles W. Eifler (left), Commanding General of the U. S. Army Missile Command, chats during a break with two high-level conferees who met for missile talks at Redstone Arsenal. Center is Maj. Gen. Robert E. Coffin, Deputy

Chief of Research and Development, Department of Army and Brig. Gen. Edmund L. Mueller (USA Ret.). The Missile Command was host last week to the President's Scientific Advisory Committee, Ground Warfare Panel.

The Redstone Rocket

The Redstone Rocket is published weekly, on Wednesdays. The publisher will receive editorial content for publication in the Rocket only through the information Office, Army Missile Command, Redstone Arsenal, Ala., 35809 Bldg. 5250, Room A-136, Extension 876-1400 or 876-1500.

All advertising copy and payments therefor are received by Mrs. Vergie Robinson, P. O. Box 346, Huntsville, Ala., 35804, telephone 534-4701, as representative of the publisher. Advertising deadline—both display and wanted—is noon of Friday before publication.

The Redstone Rocket is distributed free of cost to personnel at Redstone Arsenal. Mailing rates off post for the Rocket are \$7.42 a year, or \$4.00 for six months, tax included. Mailing arrangements may be made with the publisher, P. O. Box 520, Huntsville, Ala. 35640.

Rocket Ruminations

When angry count ten before you speak; if very angry, an hundred.

—Thomas Jefferson

Stay On The Team

Everyone in the armed forces knows how important teamwork is in military applications. Whether on a reconnaissance patrol or simply in the smooth flow of work through an office, it is readily apparent how teamwork makes for efficiency. Each person does his job; his efforts mesh neatly with those of others on the team, and the over-all mission of the team is accomplished.

Drug abuse can destroy that effective teamwork. If one member is under the influence of drugs, the efficiency of the entire team is almost certain to be impaired.

According to the World Health Organization, among the more prominent effects of marijuana are carelessness, distortion of sensation and perception, impairment of

judgment and memory and confusion.

Imagine the consequences to a combat patrol where each member is dependent on the other, if one of them is a "pot" smoker, subject to any one or a combination of these effects.

The effects of marijuana or any of the other hallucinogens can be equally disastrous in non-combat situations. On a ship or an aircraft the lives of many men may depend on how efficiently the operator of a sophisticated piece of navigational equipment does his job. What happens if that operator decides to "take a trip" while he's on duty?

We've only raised the question of what can happen through use of the so-called non-addictive drugs—the ones some people might tell you are "harmless!" Add to this the serious and addictive physical effects of narcotics, sedatives, tranquilizers and stimulants, and the picture becomes even more appalling.

The cold, hard facts about drugs and their effects are available from many sources. We recommend that each man and woman become well-informed on the subject.

Armed with this knowledge, we doubt that any real "team player" will want to experiment with drugs. Nor do we feel he will long tolerate on his team a member who has become what might be termed a "deadly drop-out." (AFPS)

Chaplains Conference To Be In Adamstown, Md.

Army Materiel Command will hold its Command Chaplains Training Conference for Fiscal Year 1969 at Christian Brothers Retreat House, Adamstown, Md., Sept. 24-25.

This sixth annual conference will again feature guest speakers, workshops and panel discussions during a two-day jam-packed agenda.

Heading the speaker list will be Chaplain Maj. Gen. Francis L.

Sampson, Army Chief of Chaplains; and AMC's Chief of Staff Maj. Gen. Clarence J. Lang.

Both general officers will address the 30-odd command and depot chaplains the first day of the training conference.

Chaplain Sampson is scheduled to deliver the keynote address immediately following the luncheon and Gen. Lang will speak during the dinner later that day.

Chaplain Lt. Col. Homer G. Benton, Assistant Staff Chaplain for Headquarters AMC, said it will be "business as usual" with only two new programs set to be introduced during this year's sessions.

The conference is expected to cover all the routine subjects foreseeable for the remainder of FY '69 such as plans, programs, policies, administration and management, and funds, Chaplain Benton said.

He identified the new programs, which will be discussed at length during a workshop and panel meeting the final day of the conference, as Lay Participation and Inter-Faith Ventures.

JAMES F. MILLER

A Correction

The special Zero Defects supplement circulated with last week's edition of this newspaper contained three errors.

1. On page one, in a story detailing selection of six new Excellence in Performance winners, it was stated that Lem L. Fanning is a supervisory equipment specialist in the Nike Hercules Project Office. Mr. Fanning is employed in the Supply & Maintenance Directorate and received his award for work in support of the Nike Hercules system.

2. On page three, in a layout of photographs of past EIP winners, a photograph of Jack Miller appeared with a cutline and caption identifying him as James F. Miller. James F. Miller's photograph appears with this article. Both men are employed in the Research & Development Directorate. Jack Miller had received a Zero Defects Achievement Award. James F. Miller had received an EIP award.

3. On page four, in a layout of past EIP winners, Mrs. Bettye Jean Pride's first name was misspelled in a photo cutline and caption.

RALLY

(Continued From Page 1)

pleted and that the campaign literature and materials had been distributed.

He said that the area chairmen had been briefed in the aims and objectives of the annual fundraising effort. He called on them to take the drive to their fellow workers and told them that he and the members of the operating committees would be available for presentations to organizational groups throughout the drive.

Malone said that the committee was following past precedent in not establishing a specific monetary goal. Rather, he said, we will be seeking to equal or better the outstanding record that Federal personnel in the Huntsville area have compiled in past campaigns.

Over \$1.2 million has been turned over to the charitable agencies by the Federal personnel of this area during the past three years.

The majority of the contributions have been made through payroll deduction authorizations, and this method of contributing will be continued this year.

Under this system employees make a voluntary contribution and authorize the Finance and Accounting Center to deduct the amount from their pay checks in small bi-weekly amounts.

ANOTHER SOLDIER IN THE FAMILY—Col. and Ms. William F. Kaiser pin gold bars on their son, James W. Kaiser, who recently graduated from Purdue University where he won his commission in the Artillery Reserves as a member of the Purdue Army ROTC program. Married to the former Scharla Mae Alston of Huntsville, Lt. Kaiser this month will enter Memphis State University to do graduate work prior to beginning active military duty. Col. Kaiser is Chief of Staff at the U.S. Army Missile Command.

ATTENTION REDSTONE ROCKET READERS FROM HUNTSVILLE YMCA

We are pleased to advise you that due to the great success of our Speed Reading program this Summer, we have arranged to hold Fall Speed Reading classes. Nearly 200 Huntsvillians took the course and the enthusiasm of the students has spread through the community. Many of you attended demonstrations but were unable to register because of conflicts. Classes will be held on a once a week basis and are due to be completed just before Christmas.

Professional and Businessmen have a constant problem of keeping up with paperwork, periodicals of their trade and all other written and printed matters vital to the successful conduct of their business. If you saved only 6 minutes out of every working hour due to greater efficiency and ability to concentrate, the cost of this course would be amortized in less than 6 weeks. There is so much to read and so little time to do it.

The free initial classes for twelve once a week two hour sessions will be held at Central YMCA, 203 S. Greene Street, daily at 4:30 p.m. and 7:00 p.m. These will begin on Monday, September 23, and run through Tuesday, October 1 (except Saturdays).

You owe it to yourself to find out how fast you read, how much you comprehend and how you will achieve a guaranteed 1000 words a minute with good comprehension. Find out how you will be able to concentrate more and how you will be able to do all your required reading and much more in a fraction of the time you now use.

Cost for the course is \$72.00 for students 13 years old and up going to High School and Jr. High School. College students and Adults cost is \$88.00. If 2 or more members of a family register an additional 5% discount is given. 'Y' members also get an additional 5% discount.

Avail yourself of this opportunity to take a great course at a very convenient location. It may very well be one of the most important decisions you will ever make.

For reservations and brochures, phone us at the "Y"—534-6452, or if you don't have the time, just drop in.

Sincerely,
Laurance Cross, Exec. Sec.
Central YMCA

Dr. Thomason Dies Enroute To Huntsville

Dr. Jay E. Thomason Jr., 54, Program Specialist in the Lance Project Office, died last week following a heart attack while he was enroute from Fort Payne to Huntsville.

He had been employed by the U. S. Army Missile Command since 1960.

Prior to his employment at Redstone he was associated with the DeKalb County (Alabama) school system and the University of Alabama at Huntsville. Survivors include his widow who resides in Fort Payne, one son and one daughter.

Funeral services and burial were in Fort Payne.

Dining In Set Friday

More than 300 student officers and staff and faculty members of the Army Missile and Munitions Center and School will attend a ceremonial "Dining In" at the Redstone Arsenal Officers Open Mess on Friday, Sept. 27.

Steeped in the history and tradition of both British and American armies, the "Dining In" will find the officers wearing their dress uniforms and conforming to military customs and courtesies that date back to the establishment of the post of Master of Ordnance by English King Henry VIII in the mid-1500's.

Retired Maj. Gen. John A. Barclay will address the officers on the topic "A Retired Officer Looks at Army Traditions." Gen. Barclay, now the manager of the Huntsville Department of Northrop Nutronics Corp., is the former commanding general of the Army Ballistic Missile Agency and deputy commander of the Army Ordnance Missile Command. Both were predecessors of today's Army Missile Command.

Maj. Gen. John A. Barclay (Ret.)

Col. Paul B. Schuppener, commandant of MMCS, will introduce Gen. Barclay who is a West Point graduate of 1931 and during his assignments throughout the world received a master's degree from Massachusetts Institute of Technology and a Doctorate of Science from Auburn University.

Designed to acquaint young officers with the customs of the service and to bring them into closer relationship with senior officers, the Dining Ins are held

MMCS GUEST SPEAKER — Maj. Carroll W. Merlick will be guest speaker for graduation at the Army Missile and Munitions Center and School Friday morning. He is a plans officer in the Directorate of Individual Training at MMCS. The University of Texas graduate and eight-year veteran will address a group of 56 diploma seekers. The ceremony, open to the public, is at 9:15 a.m. in the Post Theater.

quarterly at MMCS. The event begins with a social hour and the dinner includes formal toasts and responses by the junior officers. Following the dinner, a series of games are played between the junior and senior officers.

Meteorologists To Meet Tomorrow

Dr. Leonard Devries will address the North Alabama Chapter of the American Meteorological Society tomorrow at 7:30 p.m. at Lockheed Missiles and Space Company's large conference room.

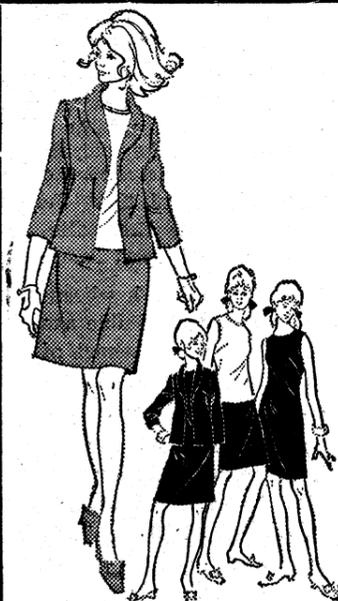

The subject is Density Research in Thermosphere.

The group will tour the Lockheed low density facility following the talk. The meeting is open to the public and prospective members.

MISSILE & MUNITIONS CENTER & SCHOOL
NAMES IN THE NEWS
 by SP5 *Mike McKenzie*

At the monthly retreat parade Friday behind the Service Club, the Army honors 344 years-8-months-and-13 days of service by personnel retiring from the School, led by a 33-year veteran, SFC Peter P. Cloonan.

The salute will be extended to the following:
 Lt. Col. Robert W. McRae, Lakeland, Fla.—commanding officer of the MMCS Explosive Ordnance Disposal Training Detachment No. 1 (operating out of Indianhead, Md.), 23 years.

CWO Joseph J. Kahari, Akron, Ohio—unit personnel technician for EOD Training Detachment No. 1, 26½ years.

CWO William O. Duncan, Huntsville—field artillery missile maintenance technician in Technical Inspection Branch, 25 years.

Master Sgt. Robert B. Johnson, Jacksonville Beach, Fla.—administrative-operations NCO in Missile Components Department, 29 years.

Master Sgt. Herman J. Nix, Henagar, Alabama—senior NCO in Materiel Readiness Office, 20 years.

Master Sgt. Harry L. Thomas, Huntsville — instructor in Hawk Pulse Radar Branch, 24 years.

SFC Ernest E. Aimer, Huntsville —instructor in Land Combat Support Systems, 21½ years.

SFC Cloonan, New York City — supply sergeant in Television Department, 33½ years.

SFC James W. Harris, Huntsville — instructor in Hawk Pulse Radar Branch, 20 years.

SFC Clarke L. Jones, Jr., Huntsville — senior instructor in missile division at Unit Training Command, 20 years.

SFC Sylvester M. Kirch, Jr., Huntsville—duty NCO at Company A, 25 years.

SFC Stuart M. Page, Apponaug, R.I.—instructor in Hawk Continuous Wave Radar Branch, 20 years.

SFC Edgar Ratcliff, Huntsville—deputy chief of Protocol Branch, 20 years.

SFC Edward Starkey, Huntsville —Supply Sergeant at Unit Training Command, 21 years.

Staff Sgt. Everette K. Denning, Perkinston, Miss. — instructor in Hawk Continuous Wave Radar Branch, 20 years.

Sp. 6 William E. Harvey, Bostig, N.C. — instructor in Nike HIPAR Branch, 20 years.

Staff Sergeant James A. Parchman, Bolivar, Tenn. — training NCO at 7th Enlisted Training Company, 20½ years.

In the parade will be 200 of our troops. We participate every month when that final working day comes around, March through October.

This prompted a little research to find out the history and background of our Army retreat and review ceremonies.

Retreat is held daily to signal the end of the work day and honor the nation's flag. In our service, it was first used in the American Revolution as sounded by drums. It stems from French custom, first used in the Crusades. Later, the tradition was for a fife and drum corps to march through camp while all personnel "retreated" to their quarters.

Retreat, of course, did not mean drawing back from the enemy in this case.

Part of the retreat ceremony is sounding of the "evening gun" — sometimes called sunset gun. Ac-

ities peculiar to the needs of each individual Army post. The frequency of such events is usually proportionate to the number of troops at the installation.

Bravo to the response from MMCS on the recent campaign to support the Army Emergency Relief Fund. A combined goal was set of \$1187.83 for MMCS and MICOM personnel.

That was exceeded by 234 percent as about \$2700 poured in, and from the School came \$2,038.92 of the total.

The AER is a source of emergency financial assistance to soldiers and their dependents, existing solely through contributions with no supplementary appropriations.

My apologies. Inadvertently (which means unprofessionally), last week Colonel Hubert R. Jones, new chief of Officer Training De-

partment, was wrongly called lieutenant colonel. The cardinal sin of journalism is misspelling a name, and right behind it is wrong rank or title.

During the moment of embarrassment in reporting the mistake to Col. Jones, his response was much appreciated: "That's okay, just so the finance officer doesn't change it."

Wouldn't you know it would happen in the special edition on Zero Defects . . .

Huffman, Smith Set Pace As Bowlers Hit Stride

A big 224 game sandwiched between a pair of 192 efforts enabled D. B. Smith to break the Honor Roll ice for the Supply and Maintenance Bowling league last week with a 608 total.

It was the first better than 600 total rolled in two weeks of firing for the strong 12-team circuit although a number of the maple maulers have come within a mark or two of reaching the elite company.

Smith delivered the most damaging blows as the Reba Bowling Apparel quintet took three out of four from the Pin Busters with a total pinfall of 2908. Tom Lindsay chipped in with a 567 for the winners while Ernie Danes was setting the pace for the Pin Busters with 541.

The Renegades put on an even tougher team effort in upsetting 3013 sticks on their way to a clean sweep win over the Chiefs. Fred Stewart topped the attack with 588, George Foster hit for 574, Bob Adams shot a 557 and Ray Barter turned in a 542.

The Auto Center turned in another sweep with Lily Flagg as their victim as Doug Tyler shot a 582, Joe Holub accounted for 541 maples and Walt Young had a 229 game on his way to a 540 total.

The Bushwhackers came within a half point of a sweep against Baker Real Estate as Bob Hall turned in a 564 and the All-Sports took three points from the Cracker Jacks as Al Marquis hit for 571.

In the final match the Dragons earned a split with Tads despite a 540 by Ralph Poehler and a 529 turned in by Art Sevigny.

Gaylord Huffman got off to a rather slow start in defense of his AMC Bowling League individual average crown, but the stylish curver indicated last week that he is ready to make a run against all comers.

The Voyager ace turned in a fancy 629 in his second outing of the new season for the first Honor Roll count in the 16-team loop. Huffman shot games of 233 and 217 following an opening 179 as the Voyagers routed the Tigers for four points, with a 2999 string.

The Bombers suffered their first setback at the hands of the Sprinters but won the other three to run their record to eleven out of twelve in holding off a challenge from the Metro-Cals, a three-point winner over the Rejectors.

Bob Brand was the most effective Bomber with a 531 while Jim Brewer was pacing the runner up from the Metrology Lab.

Hugh Valentine turned in a 533 card but it wasn't enough for the All-Sports to stave off a 3-1 loss to the Willy Wiggans-led Bandits and the Avengers followed the lead of Tom Patterson to a 3-1 margin over the Travellers.

Dick Gill had a 221 game and a 554 set as the T-Birds split with the Alley Cats and Mike Cooper fired a 550 in pacing the Wonnors to a sweep of the Spartans. The Lancers took their lead from Ed Kellis in blanking the Raiders in the final match on the weekly card.

Strikes, Spares Hard To Come By

Strikes were few and far between for Comp Center Mixed League bowlers last week with the 500 level resting beyond the reach of all but three of the individual shot makers.

Rabon McCormack was one exception to the general trend and he did himself right well with a 548 tally in leading the Lucky Strikes to a three to one win over the Fortren Fours.

By winning the Strikers earned a share of first place with the Spares who took three points from the Bad Gnus. The Gnus fell out of the lead and had to settle for third behind the co-leaders.

Randy Sumner was No. 2 on the individual chart with a 524 for the Analogs while an opponent on the Jesters, Ray Baker, passing the 500 mark by three pins.

Form Chart Takes Beating In F&A

Low average bowlers had their day in the F&A Mixed League last week and the efforts of three of them proved decisive in a pair of series shutouts.

Claude Andrada accounted for a 584 handicapped total as the Avengers protected the league leading margin by blanking the Untouchables while the Lanerunners bolted from sixth to second mainly through the efforts of Judy Lucas and Gene Schmitz.

Judy rolled a 598 series with her handicap and Gene ended with one pin less for a sweep from the M-Squad. The Kidds grabbed third by winning three from the Up-Dates and the Twosomes broke even with the Buckhorns.

Julian Williams shot the best scratch total of the evening when he added a 524 to the Avenger attack and his 199 was the best game rolled. Johnny Johnson ended a single pin off the pace with a 198.

Glenda Kidd topped the women of the league with a 182 game and an even 500 set.

SHE FEEDS 'EM WELL—As a repeat donor, PFC Richard L. Rogers is "in the know" about the benefits of a visit by the Red Cross Bloodmobile to the Army Missile and Munitions Center and School. After the donation come the goodies—and those who know ask for Mrs. John Martinus (above), a regular "Mom-away-from-home" who is in charge of the canteen. For six years Mrs. Martinus has been spoiling the boys at MMCS and elsewhere with her specialties, such as German chocolate cake, nut bread, et al. The Bloodmobile will be at the School this Friday, Sept. 27, between 10 a.m. and 3 p.m. (Photo by Huntsville Times)

Bloodmobile Schedules Service Club Visit Friday

The Red Cross Blood Bank is once again counting on soldiers of the Missile and Munitions Center and School for their continued goal-breaking donations.

The Bloodmobile will be stationed at the Post Service Club (Bldg. 3711) this Friday between 10 a.m. and 3 p.m.

A simple reason to give blood is offered by the Red Cross: to save lives—lives of military overseas and anybody in need in the United States.

Whole blood is used locally and

in adjacent states within the established 21-day refrigeration period. Whatever is left over after the three-week period is proportioned for use in derivatives which can be stored indefinitely and used in treatment of many types of injury, illness or diseases.

Blood derivatives used in Vietnam are donated by Red Cross Blood Banks. Regionally, while Redstone Arsenal Hospital might average only a couple of dozen pints of blood per month from the Blood Bank, the Fort Benning

Army Hospital requires approximately 4,000 pints. It is used there primarily for treatment of evacuated Vietnam wounded.

In return for a blood donation, each person is given a card entitling him or his immediate family to blood from the Red Cross Blood Bank during any emergency within six months after each donation.

Military personnel, of course, are provided blood as needed without regard to donor status. Yet the soldier continues to rise to the regular call of the Red Cross in its blood donor program.

MMCS has been no exception in the past, as its members have continually established new records for percentage of participation.

Family Day-Open House To Be Weekend 'Special'

The countdown has begun for Family Day and Open House at the Marshall Center. Plans are being completed for the gala celebration—to mark the tenth birthday of NASA—and the eighth anniversary of MSFC.

Everyone in the north Alabama and south-central Tennessee areas is being invited to visit the Mar-

shall Center during the two-day open house. Thousands of people are expected to make the trip and see for themselves many of the past accomplishments and current projects of the largest of NASA's centers.

Dr. von Braun will speak at an awards ceremony and

present special honors to approximately 21 MSFC employees, representative of the many outstanding workers at the Center.

Also appearing at the awards ceremony will be Maj. Gen. Charles W. Eifler, commander of the Army Missile Command, and several Huntsville and Madison County governmental officials. The ceremony begins at 11 a.m. Saturday, Sept. 28, and will be followed by a concert by the Huntsville Concert Band.

The Family Day and Open House will begin at 9 a.m. and end at 4 p.m. Sunday's schedule, Sept. 29, will be from noon to 4 p.m.

Cafeterias will be open Saturday at most major buildings, and mobile canteens will be open both days at several locations.

Directions to major points of interest will be available at central locations, including MSFC Headquarters (Building 4200) and the Space Orientation Center.

Almost all gates to Redstone Arsenal will be open for the Family Day and Open House. Gate 2 (near Farley), Gate 5 (at Hanson Road) and Gate 7 (the Airport entrance) will be closed, however, according to the Army Missile Command. Displays and exhibits illustrating the work of various laboratories and program offices will be on view, including many that are relatively unknown center-wide.

One or both of the Guppy aircraft are expected to be here,

parked on the Army's Redstone Airfield.

Three lunar roving vehicles will be displayed in front of Building 4200—at least one of them in operation.

A do-it-yourself computer operation will be demonstrated, as well as computer dialogue between a remote station and a central third generation computer.

The experiments of astronauts inside the Saturn I Workshop will be demonstrated—and viewed via remote television monitors.

Many other hardware exhibits will be open to the visitors, and films of NASA's and Marshall's progress will be available from hour to hour throughout the two days.

SOUND'S OUR THING—The Sound Sensation rock'n'roll group will entertain at the Post Service Club Sunday at 8 p.m. Members are dependents of active and retired Army personnel attending high school in Huntsville. Musicians: (left to right) are Bob Krembs, guitar; Steve Miracle, drums, and Mike Krembs and Rick Plautz, guitarists. The dancers (left to right) are: Diane Sparkman, Vicki Spradling, Lisa Lynn and Virginia Harris.

HUNTSVILLE, ALABAMA

1969 — COMBINED FED

A Generous Contribution Fr

THE NATIONAL CYSTIC FIBROSIS RESEARCH FOUNDATION heads the fight against cystic fibrosis, an inherited disorder which is the leading cause of chronic lung disease in American babies, children and young adults.

THE NATIONAL FOUNDATION MARCH OF DIMES is the largest single voluntary health organization fighting birth defects. These afflictions cripple more than 250,000 of our infants each year.

THE NATIONAL MULTIPLE SCLEROSIS SOCIETY supports research seeking cause, prevention and cure of MS. Multiple Sclerosis is a disabling disease of the central nervous system. Society chapters provide patient services.

UNITED CEREBRAL PALSY ASSOCIATIONS conduct research seeking a means of preventing cerebral palsy, offers treatment, rehabilitation, education and other needed services to 600,000 afflicted children and adults.

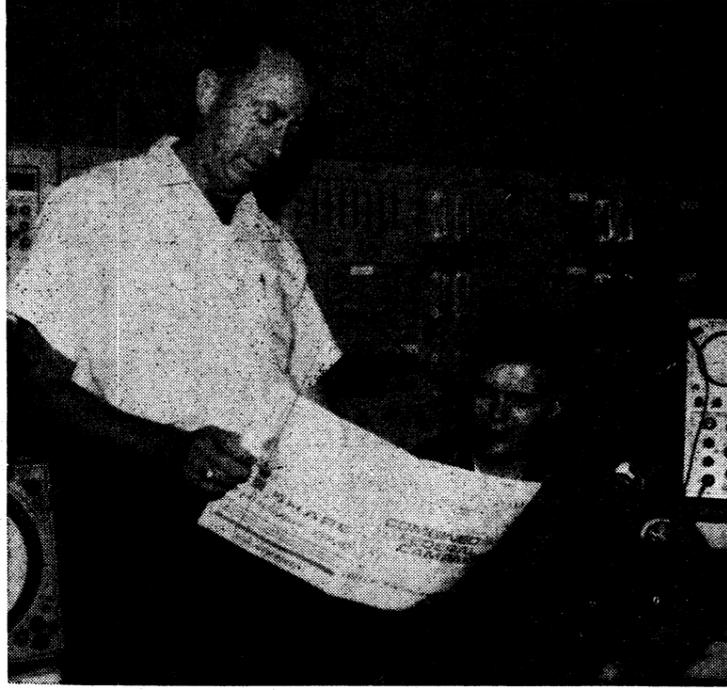

THE AMERICAN CANCER SOCIETY fights cancer on three fronts: research, education and service. To protect yourself, you should know cancer's warning signals and have a yearly health checkup.

THE AMERICAN HEART ASSOCIATION spearheads increasingly successful programs against heart and blood vessel diseases affecting 22 million Americans, accounting for more deaths than all other causes combined.

THE ARTHRITIS FOUNDATION conducts programs of research, patient care and education, emphasizing hope for all arthritics and stressing the need for early diagnosis and treatment.

MUSCULAR DYSTROPHY ASSOCIATIONS OF AMERICA supports an international scientific research and nationwide patient care program, bringing hope and comfort to millions afflicted by dystrophy and related neuromuscular diseases.

JOINT ACTIVITIES COUNCIL —Serves the recreational needs of the children of military parents at Redstone Arsenal. Financial support through the UGF of this agency comes from military personnel who contribute to the UGF and to the agency.

Voluntary Giving Is Traditional

AMERICAN RED CROSS —Community programs of First Aid, swimming courses for the beginner to the instructor; blood supplied for all local hospital patients; service for Military Personnel and Families; service in hospitals by adult and youth volunteers; assistance to disaster victims.

CATHOLIC CHARITIES BUREAU —Casework services to families and unwed mothers. Maintains an adoption and boarding home program which is licensed by the State of Alabama.

CHRISTMAS CHARITIES —Christmas Charities distributes useable items to poverty stricken families with special emphasis on school children annually. It conducts a year-round top repair program distributing toys and food to hundreds of families at Christmas.

COUNCIL ON SOCIAL WORK EDUCATION —Serves every social agency in the nation by setting standards for social work education, and recruiting a mode adequate supply of persons to staff welfare programs in all communities.

NATIONAL TRAVELERS AID ASSOCIATION An inter-city social service to help with problems related to travel and migrations.

P.T.A. MILK FUND —This agency enables all needy children in "Madison County" schools to buy an extra half pint of milk for one cent during the cold months of Jan., Feb. and Mar. This helps the children have a better physical ability to ward off colds and sickness during the winter months.

SALVATION ARMY —The Salvation Army administers temporary emergency relief to needy families, provides transient care and works with local homeless men and women. The Army has youth programs in music and craft; homemaking for women; home managing for men; and at all times stands ready to serve in any way toward the betterment of all mankind.

The civilian and military personnel of fifteen Federal agencies in the Huntsville area are joined together in a combined effort of support for 28 local UGF agencies, eight National Health agencies, four International Service agencies and the local UGF operations in 16 counties and communities in the Tennessee Valley Area.

The agencies participating in the 1969 Combined Federal Campaign are:

| | |
|--|--|
| Corps of Engineers, Huntsville Division | Marshall Space Flight Center |
| Defense Contracts Administrative Services Office | Social Security Administration |
| Defense Contracts Audit Agency | Tennessee Valley Authority |
| Economic Development Administration | U. S. Army Missile Command |
| Federal Housing Administration | U. S. Army Missile Munitions Center & School |
| General Accounting Office | U. S. Army Sentinel Logistics Command |
| Internal Revenue Service | U. S. Army Sentinel Systems Command |
| | U. S. Civil Service Commission |

DAY CARE ASSOCIATION —Under sponsorship of the local Board Members, the Day Care Association provides needed facilities for day care for children whose parents are both working, or the other parent is out of the home.

FAMILY COUNSELING ASSOCIATION —The major program of this agency is the prevention of family breakdown and trouble through professional counseling service. Service includes pre-marital counseling, marriage relations, behavior of children, family budget management, employment problems, adjustment to physical and mental illness, family life education and referral service relating to specific problems.

HARRIS HOME FOR CHILDREN —Provides care for children who are away from their own homes because of death, desertion, neglect, illness or other problems of their parents.

INTERNATIONAL SOCIAL SERVICE —Service throughout the world to assist families and individuals whose problems require help beyond the borders of their country.

NATIONAL SOCIAL WELFARE ASSEMBLY —Provides planning and leadership for the social welfare field, works for more effective operation of social welfare services including education, agriculture and health.

FEDERAL CAMPAIGN — 1969

One Dollar From Each Person Is Our Goal

Team:
 Combined Federal Campaign. Our staff. The personnel who will be well trained and capable. All familiar with this single, annual campaign. The things going for us that spell success. The support you have given it in the past. The very good year for the Army community. It has been a year of growth that means permanence and stability. We are important, we stand united. We reach. More federal agencies are involved than ever before. Within each agency agreement and the unions, all participating. CFC is a cause worth supporting together. A three year record in which we all participated. **HARLES W. EIFLER** Major General, USA General Chairman 1969 Combined Federal Campaign

AMERICAN SOCIAL HEALTH ASSOCIATION

—Program includes behavior research, community investigation, public information, fact-finding studies and education to strengthen families; focussed mainly on the eradication of VD through better control and greater emphasis on prevention of the many problems with which it is associated.

MENTAL HEALTH ASSOCIATION

Seeks through education to improve the care and treatment of the mentally ill through research, diagnosis and detection. Conducts workshops for law enforcement officers, ministers, teachers and industry. Provides programs for interested groups upon request.

NATIONAL COUNCIL ON ALCOHOLISM

—Program directed toward improved programs of local committees; improved treatment for homeless and institutional alcoholics; broad-scale outpatient clinic programs, research and training.

Payroll Deduction Authorization

CARE saves lives with food, lengthens lives with medical aid, enriches lives with tools and education, and opens lives to a brighter future.

PROJECT HOPE has brought medical teaching and treatment to people on four continents. The hospital ship S.S. HOPE is a world symbol of American good will.

THE AMERICAN-KOREAN FOUNDATION depends entirely upon contributions in helping our brave, freedom-loving Korean friends help themselves with better housing, health, education and an improved agricultural economy.

PLANNED PARENTHOOD-WORLD POPULATION brings help in solving the world's critical problem of population explosion through funds, information, and technical assistance for voluntary planning in 100 nations.

CHURCH STREET COMMUNITY CENTER

—Provides a recreation program to boys and girls, including arts and craft and home improvement classes. A meeting place for many groups, library service and serves as a commuters' station for persons who work in the city from outlying areas.

GIRL SCOUTS OF NORTH ALABAMA

—Serves girls 7 through 17 years of age in 14 counties in North Alabama. Dedicated to inspiring girls with the highest ideals of character, conduct, patriotism and service that they may become resourceful citizens. Troop activities reflect the elements that give Girl Scouting its distinctive character: adherence to the ethical code embodied in the Girl Scout Promise and Laws, training in citizenship, troop management; service to others; international friendship and emphasis on health and safety at all times.

UNITED JEWISH FUND

—Provides for the support of the National Tuberculosis Hospital in Denver. A number of Madison County residents have used this hospital for many years. The UJA also provides services for Jewish soldiers stationed at Redstone Arsenal.

AID FOR RETARDED CHILDREN ASSOCIATION

—Operates OPPORTUNITY CENTER—week-day classes, children ages 4-21; activity center for young adults. Supplements public school program for the retarded. Summer recreation program including resident camping and Vacation Bible School. Referrals for services. Monthly program meetings.

ALABAMA SOCIETY FOR CRIPPLED CHILDREN & ADULTS

—The Rehabilitation Center provides physical, speech and occupational therapy, vocational evaluation, partial expense for spastic classes, transportation to nearby centers of treatment not available in Huntsville, at minimum fees for those who can pay.

U.S.O.

—This agency is concerned with the morale of all military personnel at home and abroad.

Y.M.C.A.

—Offers a wide range of clubs, special education, health education, and sports aimed at improving spiritual, mental and physical qualities of people of all ages.

BOYS' CLUBS

—The two Boys' Clubs Help Boys Help themselves by promoting the health, social, educational, and character development of boys. It provides wholesome leisure time activities and guidance under trained leadership.

NATIONAL RECREATION AND PARKS ASSOCIATION

—Trains volunteers and professional recreation leaders to deal with young people, the ill and the handicapped.

NATIONAL COUNCIL ON CRIME & DELINQUENCY

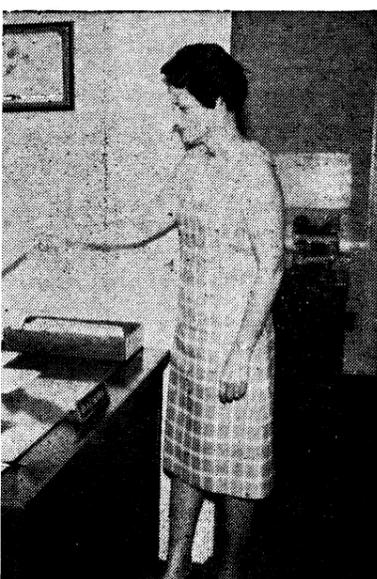

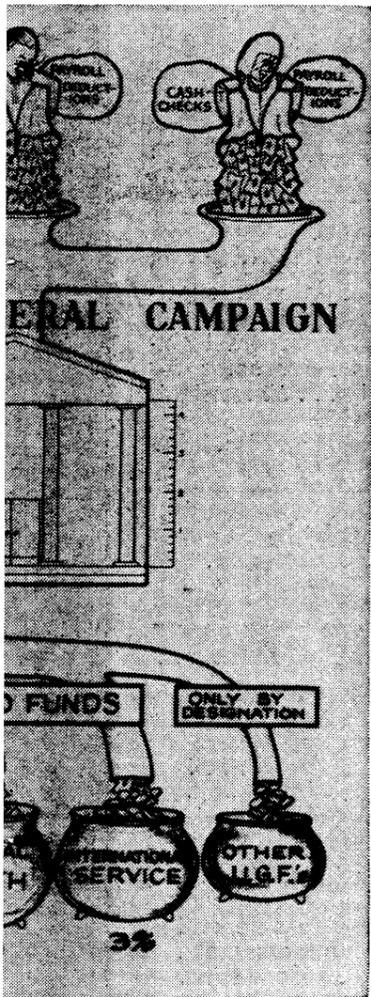

—This is the only nationwide voluntary organization of citizens and officials organized to prevent and control crime and delinquency through developing and encouraging modern corrective and preventive facilities and methods.

THE COMMUNITY COUNCIL OF HUNTSVILLE AND MADISON COUNTY

—The Council is an agency designed to study, research and coordinate community health, welfare and recreation needs. It is composed of interested citizens, public and private agencies, who are concerned with effecting the best possible programs in these areas.

BOY SCOUTS OF AMERICA, TENNESSEE VALLEY COUNCIL

—Scouting services for boys from 8 to 18 years of age. The fundamental aims of Scouting are character building and citizenship training within a program of fun, achievement and adventure.

Progress Report

Time Element Vital Factor In Absentee Voting

WASHINGTON (AFPS) — Armed Forces personnel voting by absentee ballot in the 1968 general election risk having their vote not counted if their ballot misses the receipt of ballot deadline even by a few minutes.

Most states require that voted absentee ballots reach election officials by Election Day, Nov. 5. There are, however, some states with earlier or later deadlines.

In addition, there is a wide variation in time among the states as to when ballots are sent to absentee voters and the earliest date on which voted ballots may be returned.

Detailed information concerning absentee voting may be found in the pamphlet "Voting Information 1968" (DoD GEN-68).

Absolute deadlines for the receipt of voted absentee ballots in the various states and territories are:

| | |
|----------------------|---------------------------------|
| ALABAMA | Nov. 5 |
| ALASKA | Postmarked no later than Nov. 5 |
| ARIZONA | Nov. 5 6 p.m. |
| ARKANSAS | Nov. 5 7:30 p.m. |
| CALIFORNIA | Nov. 4 5 p.m. |
| COLORADO | Nov. 5 5 p.m. |
| CONNECTICUT | Nov. 5 6 p.m. |
| DELAWARE | Nov. 5 12 noon |
| DISTRICT OF COLUMBIA | Nov. 5 8 p.m. |
| FLORIDA | Nov. 4 5 p.m. |

| ILLINOIS | Nov. 5 |
| INDIANA | Nov. 4 6 p.m. |
| IOWA | |
| KANSAS | Nov. 4 12 noon |
| KENTUCKY | Nov. 5 Close of polls |
| LOUISIANA | |

LOUISIANA ABSENTEE REGISTRATION

To Whom Applicable
a. To those persons who otherwise qualify under state law as set forth in "Qualifications for Voting" who entered the Armed Forces from Louisiana.

b. The spouses of above members of the Armed Forces who are not present to register in person because of the military duty of the service member.

Method of Absentee Registration
Send a letter to the Registrar of your parish giving the following information:

a. Date on which you attained the age of 21.

b. The length of residence in Louisiana.

c. The precinct, ward and parish in which you desire to register.

d. Enclose the names and addresses of two or more credible registered voters of your precinct who could make oath if required that you resided in your precinct at the time of you or your spouse's entry into the Military Service.

Registration Form
The parish Registrar, upon determining by contacting the two named registered voters that you are entitled to register, will send you the registration blank. Fill

out the blank, have it attested by an officer authorized to administer oaths. Note: On a blank sheet of paper sign your name. Return the registration form and the sheet of paper containing your signature to the parish Registrar.

Time of Registration
To register to vote in the November general election, the completed forms and your signature on the blank sheet of paper must be returned to the Registrar of the parish so that your name may be entered in the parish voters list between the dates of Sept. 30 and Oct. 4.

All Other Persons
Must register in person as set forth under "Registration."

| | |

| MISSISSIPPI | Nov. 5 |
| MISSOURI | Nov. 6** 6 p.m. |
| MONTANA | Nov. 5 Close of polls |
| NEBRASKA | Nov. 7* 10 a.m. |
| NEVADA | Nov. 5 Close of polls |
| NEW HAMPSHIRE | In time for transmittal to Election officials before polls close on Election Day. |
| NEW JERSEY | Nov. 5 Close of polls |

Who May Vote by Absentee Ballot
"Military service voter" means a qualified elector under Constitution and laws of this state who comes within one of the following categories:

- a. Persons in military service, their spouses and dependents.
- b. Patients in a veterans' hospital located in any place other than place of their residences who have been in military service in any war in which the U.S. has been engaged and have been discharged or released from such service.
- c. Civilians attached to or serving with Armed Forces of U.S. without this State, their spouses and dependents when residing with or accompanying them.

Registration:
Since "Military service voter" has been redefined to include a broader category, all included in new definition are not required to register in order to vote. Under new provisions, spouses and dependents of military personnel are no longer required to register to vote by absentee ballot.

Technicians Told Job Similar To Football Line

An Army combat returnee told an internationally flavored group of support technicians at the Missile and Munitions Center and School Friday that their role was similar to that of a football team's line.

Maj. James L. Buckner, former commander of a rifle company in Vietnam and now commanding officer of 3rd Battalion at MMCS School Brigade, addressed a graduating class of 115 which included students from the Netherlands, Denmark, Germany and Korea.

As with all linemen, there will be little glory in achievement, said Maj. Buckner. But the role of the support soldier is inseparable from team victory, he explained.

Some of the academic honors went to allied students, including the special Association of the U.S. Army award for a 96-or-better grade point to German Staff Sgt. Klaus Trompeter from the Nike test equipment course.

Staff Sgt. Cornelius Goud of the Netherlands, Nike missile repairman, and Spec. 6 Peter Light Niel-

sen of Denmark, Nike radar and computer repairman, were named honor students for accumulating the top average for their class.

Four others accepting the AUSA plaque from Brig. Gen. (US Army, Ret.) Robert B. Spragins, president of the Tennessee Valley Chapter, were: PFC George Delano, III, of Adamsville, R.I., in Pershing digital computer; and Pvt. Charles Merrick of Loudon, Tenn., Cpl. Daniel Moy of Staten Island, N.Y., and Pvt. Eddie Shields of Santa Maria, Calif., all from ammunition storage.

Rounding out the list of honor students were PFC John Huston of Cedar Rapids, Ia., Hawk radar; Pvt. Ernest Petree, Jr., Sergeant guidance; PFC Danny Thompson of Rising Sun, Ohio, Sergeant test equipment; PFC Thomas Hufnagel of Haverford, Pa., Pershing guidance and control; PFC Barry Purslow of Detroit, Mich., combat missile systems.

TOP SOLDIER—Spec. 4 Richard Scabich of Detroit, Mich., (right) is congratulated as Post Soldier of the Month for August at Redstone Arsenal by Col. Mac D. Hendricks, deputy director of Arsenal Support Operations. Scabich is an instructor at the Missile and Munitions Center and School.

SP4 Scabich Is Soldier Of Month

Sp. 4 Richard A. Scabich became the fourth man in five months from the Missile and Munitions Center and School to be named Post Soldier of the Month.

He was presented the award for August by Col. Mac D. Hendricks, deputy director of Arsenal Support Operations, in a ceremony last Thursday.

Sp. 4 Scabich is an instructor in

the advanced subjects division of Missile Components Department. He teaches in the radar and transistor branch. The 24-year-old Detroit, Mich., native completed a 33-week course in Hawk missile fire control last April before assignment to his current section.

He is a 1966 graduate of the University of Michigan with a degree in insurance mathematics. Michi-

gan is one of only six American colleges offering such degrees. Sp. 4 Scabich worked a year in research math for an insurance company in Hartford, Conn., prior to being called to Army duty.

He is single and assigned to Company B, 1st Battalion of MMCS School Brigade.

Volvos last an average of 11 years in Sweden. They average about a day and a half in our showroom.

The best reason for buying a Volvo is because it lasts so long. Exactly how long we don't guarantee. But we do know that over 95% of all the Volvos registered in the United States in the last 11 years are still on the road.

The best reason for buying a Volvo now, is because we have a few in stock. And frankly, we don't expect to have them around too long.

Which brings up an interesting paradox about Volvos. Our customers like to buy them because they last. We like to sell them because they don't.

Army Surgeon Faces Many Types Of Challenge

The State Surgeon for the Reserve Officers Association in Louisiana and a candidate for the National ROA Surgeon is a member of the staff at the U.S. Army Hospital at Redstone Arsenal.

He is Dr. (Maj.) Richard J. Clement, obstetrician and gynecologist in the Department of Surgery.

The methods and procedures of Army nursing were no surprise to the Doctor. Most of the nurses on the staff of Charity Hospital in Lake Charles, La., where he served his residency were retired Army nurses. The scope of treatment and the variety of situations in his Army practice is proving more of a challenge than he anticipated.

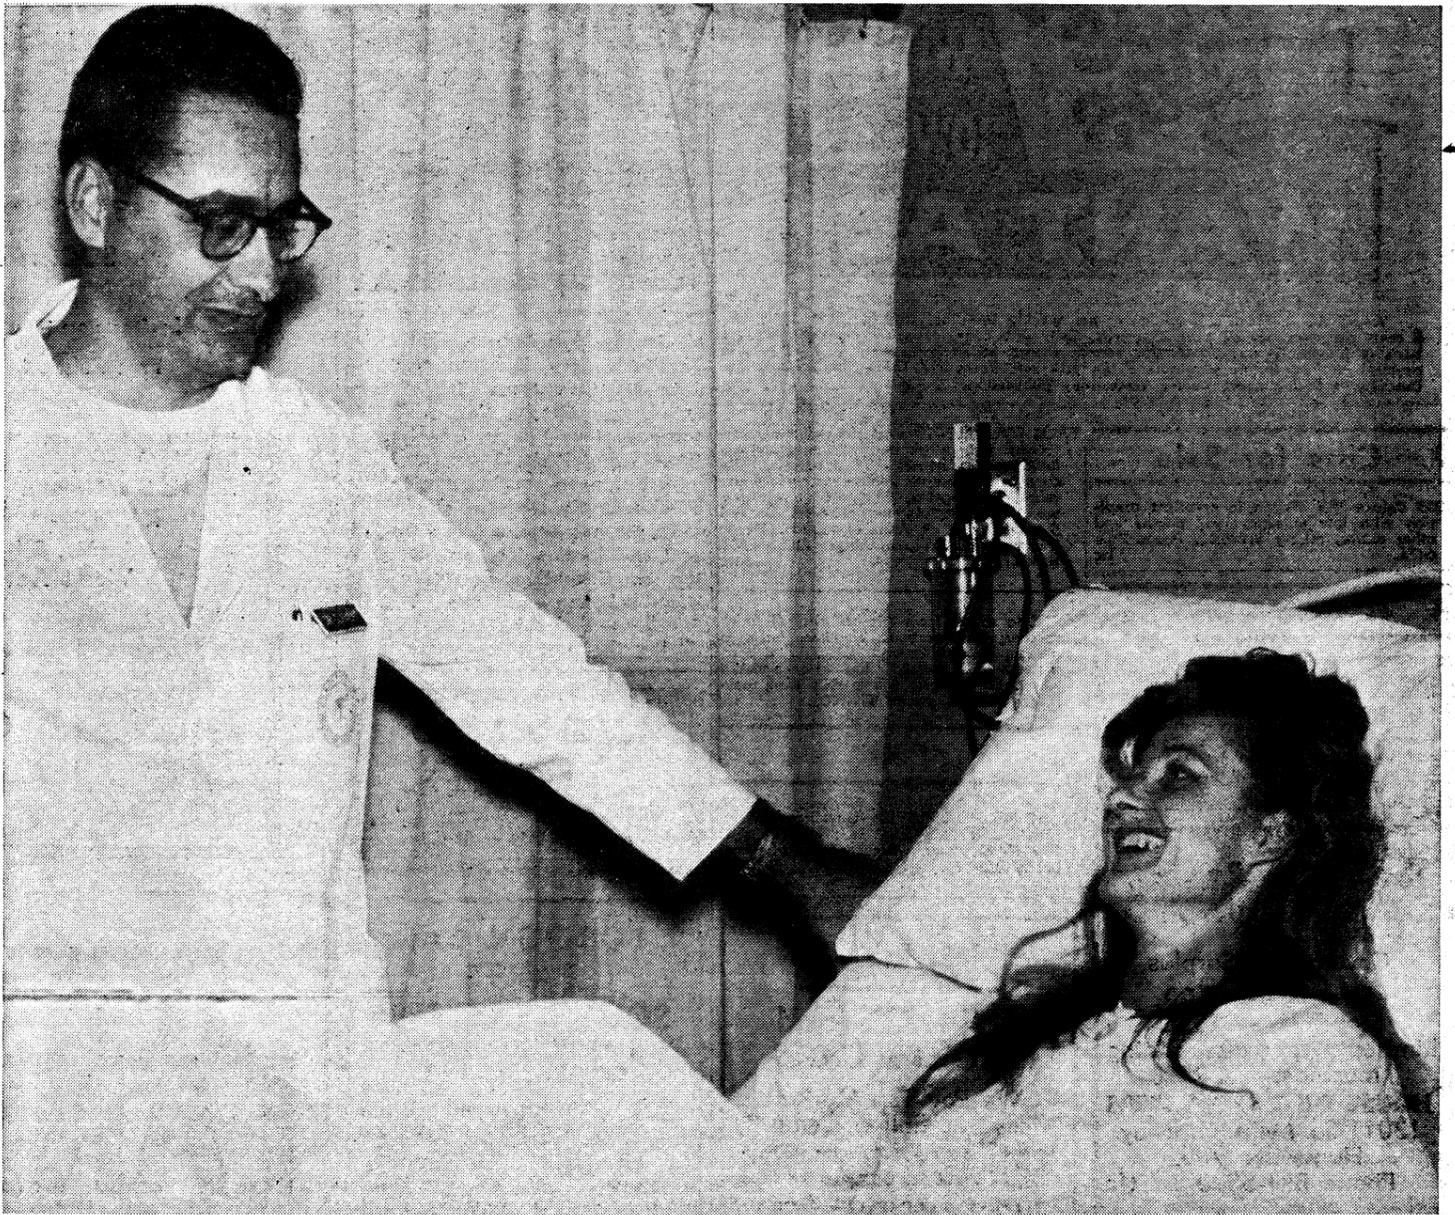

For instance, he was one of the first doctors at Redstone to administer RhoGAM to a mother with Rh negative blood whose baby had Rh positive blood. This is a gamma globulin solution which gives the mother a passive immunity to building up antibodies which may occur if some of the Rh positive baby's blood passes into the mother's bloodstream. The antibodies are not present with first babies as a rule, but later babies may be affected if the mother is not treated within a 72 hour period.

"This is only one of many preventive measures the Army uses," the doctor said. "Serving in an Army hospital like the one at Redstone gives a doctor a wide range of experience that he may never encounter in private practice. Many of the prospective mothers are having first babies." Several sets of twins have been delivered since he has been on duty here, and the range of immunizations are more abundant than most people could afford, or even obtain, from a private or community hospital.

Dr. Clement studied for his career as a doctor at McNeese College in Lake Charles to obtain his undergraduate degree and at Louisiana State College in New Orleans for his graduate work. His internship was served at Charity Hospital in New Orleans where the internes have the advantage of studying under the guidance of both the LSU and the Tulane University staffs. At McNeese he was in the ROTC program, and continued as an active Reserve in New Orleans building six years time in service.

He was one of the doctor's who examined the Reserves from Louisiana called up during the Berlin crisis.

Dr. Clement met his wife, a nurse with the Veterans Administration Hospital, during Hurricane Audrey while both were on disaster duty during the height of the storm which lashed South Louisiana. She continued working with the Veterans Administration until her son was born. They now have a daughter and expect a third child

TALKS TO PATIENT—Dr. (Maj.) Richard J. Clement, obstetrician and gynecologist on the Surgical staff at the U.S. Army Hospital, talks with Mrs. Charles (Gladys) Harvill, a surgical patient who came

to the Redstone hospital from Loretta, Tenn., for emergency surgery. Her husband is stationed at Ft. Benning, Ga.

COMPLETE DISPERSAL AT AUCTION

Sat., Sept. 28 at 1:27 13/32 P.M.

100 HEAD OF FINE HOLSTEIN COWS TO BE SOLD ON THE PREMISES OF THE MRS. ERSKINE SHARP FARM LOCATED ONE MILE SOUTH OF PULASKI, TENNESSEE. GO 31 SOUTH TO SECOND ROAD ABOVE TVA SUBSTATION, TURN LEFT TO FARM. FOLLOW ARROWS.

DAIRY CATTLE

100 Head of Holstein Cows—In Milk, Heavy Springers, Open Heifers, Bred Heifers—As Follows:
 12 Holstein Heifers, Open
 8 Holstein Heifers Bred To An Angus Bull
 51 Cows In Milk, 15 of the cows, first calf cows, balance three to six years old. These cattle are bred for production and are as fine cattle as you will find.
 24 Cows, Heavy Springers, Some bred to Angus Bull, Some bred artificially.
 Mrs. Sharp has been selling milk for many years to the Nashville Milk Producers and she has one of the finest dairy herds you will find in the state of Tennessee. This herd has been culled each year and nothing but the best kept for replacement cattle. Most of these cattle are heavy milkers; they are big boned cattle and are in excellent condition.
 This fine herd of Holstein cows will average 50 pounds of milk per day. This is a Grade A herd. The foundation stock of this herd came from Illinois and Wisconsin; the rest have been raised on the farm. If you want to buy herd replacements, you'll be money ahead to drive a mile or two further and come to this sale. Here you will find heifers that are artificially sired and out cows with production records.
 THE ENTIRE HERD IS CERTIFIED TB FREE, ACCREDITED FOR BANGS, INDIVIDUAL HEALTH PAPERS ON EACH ANIMAL WILL BE FURNISHED. YOU'RE INVITED TO INSPECT THIS HERD AT ANY TIME BEFORE SALE DATE AND TALK TO THE MAN WHO IS MILKING THE CATTLE.

MILKING EQUIPMENT

- 1 Stainless Steel Tank, 5,600 Pounds 900 gals.
- 1 Stainless Steel Sink
- Milk Strainers, Buckets
- 1 Surge Milker, 4 Unit
- 1 Wash Vat

Other articles too numerous to mention. Since this is a complete dispersal sale, be sure to attend. Every cow will be sold for the high dollar. Your price will be our price. Don't forget the sale date September 28. SALE WILL BE HELD RAIN OR SHINE. LUNCH WILL BE SERVED. There will also be plenty of truckers on the premises to haul your cattle anywhere. Terms: Cash.

DIRECTIONS

SHERBROOKE PARK is located just across the river from Redstone Arsenal. Go over the bridge and take the 1st right, then take the next left and that will take you to Sherbrooke Park. Use map at left.

Pre-Retirement Briefings Tell Federal Employees About Rights And Benefits

"How does a Federal civilian employee prepare for retiring and what are the benefits available to him in retirement?" These and several more related questions are now facing a number of Army civilians at Redstone as they get ready to terminate long careers of Federal service.

A great number of local civilians are presently eligible to retire and they will be joined by several more during the next few months. These potential retirees are entitled to information covering the complete retirement procedure so as to make their adjustment orderly.

For this reason the Training and Development Division of Ci-

vilian Personnel is resuming a series of pre-retirement briefing sessions and has invited all local senior employees to attend.

The series was augmented last spring and was attended by over 300 persons who were looking forward to terminating their Federal service.

The new series will be in four three-hour sessions on successive Mondays starting on Oct. 8. The sessions will be conducted from 8:30 until 11:30 a.m. in Room A-115 of Building 5250.

The participants will use various booklets and materials on retirement plans, and will hear lectures

by authorities such as physicians, bankers, attorneys, civilian personnel specialists, Social Security specialists and others.

Some of the topics that will be explored during the series are: the physical side of aging, social security, mental health in later years, financial planning for retirement, getting the most out of leisure, federal retirement bene-

fits, and where to live in retirement.

Retirement should be considered as another phase of life rather than a goal. It is a time to do things that you have always considered, but never quite had the time. Possibly the retiree is looking

forward to another career in a small business, or maybe in education or some phase of law enforcement. But whatever the intentions may be, the key to successful retirement is adequate planning prior to the day of retirement.

"BLACKIE" dons his helmet and assumes duty with the 8th Enlisted Training Company of the Missile and Munitions Center and School as mascot. He replaces "Rockette," a female beagle who went AWOL! "Blackie" is described by his compatriots as a "mixture" of breeds.

DISCUSS EMPLOYMENT PROCEDURES—Military and Civil Service officials met with local Huntsville educators during a recent meeting at the Army Missile Command. Purpose of the meeting was to explain employment practices of the U.S. Civil Service Commission and Huntsville area Department of Defense agencies. From left are Dr. R. D. Morrison, President Alabama A&M College, and Maj. Gen. Charles W. Eifler, Commanding General of the Missile Command, who were co-chairmen for the group discussion; Gordon Pressley, chief staffing branch, Atlanta Regional Office, Civil Service Commission; and Robert Seay, executive officer, Interagency Board of Civil Service Examiners for North Alabama.

Ivy Takes Medaris Cup

Betty Lou Ivy's name will be inscribed on the Ginna Medaris golf trophy as the 1968 winner of the annual tournament among the Golf Group sponsored by the Redstone Arsenal Officers Wives Club.

She won over the two flight winners in the initial play during competition on the Arsenal Golf Course last Wednesday. Presentation of the trophy will be at lunch at the Officers Open Mess Oct. 2.
