

# REDSTONE THE ROCKET

Published in the Interest of the Personnel of Redstone Arsenal

VOL. XX; NO. 38 REDSTONE ARSENAL, HUNTSVILLE, ALA. 35801 FEB. 9, 1972

**AUSA SPEAKER**—Major General John G. Zierdt, USA (Ret.), a former Commanding General of the Army Missile Command, is scheduled to address a membership meeting of the Tennessee Valley Chapter, Association of the U.S. Army, next Monday in the Redstone Officers Open Mess beginning at 6:30 p.m.

## Philadelphia Firm Wins Target Award

One of the largest contracts to be awarded to a minority company for highly technical equipment was awarded Thursday to a Philadelphia-based company.

The Missile Command, through the Small Business Administration, awarded to Progress Aerospace Enterprises a \$1.5 million contract to manufacture Moving Target Simulators for the Redeye Air defense missile system.

The small business firm, headed by Dr. Leon Sullivan and sponsored by General Electric Company, is engaged in the (See PHILADELPHIA on Page 3)

## Wage Board Pay Survey Set For April

As directed by the Department of Defense Wage Fixing Authority, preliminary preparations have begun for the conduct of a wage survey in the Huntsville Wage Area, according to officials in the Civilian Personnel Division.

The Department of Defense, as the lead agency for the survey, has designated MICOM as the host activity. A Local Wage Survey Committee has been established to conduct the survey.

Scheduled to begin in April, the survey will cover wages paid by industrial firms in the Huntsville area for comparison with those paid to government wage employees at Redstone and other Federal agencies in the wage area.

Establishments to be visited will be selected by the Bureau of Labor Statistics. Jobs used in the survey will cover a wide range of occupations common in skill and responsibility in both industry and government.

The wage survey will be conducted in accordance with the Government-wide Coordinated Federal Wage System, which provides for uniform application in fixing pay for wage employees.

John A. Miklic, Jr. of the Civilian Personnel Division is chairman of the Local Wage Survey Committee, which consists of Federal employees appointed from union and management, designated by their employing agency.

After completion of the local survey, a regular wage schedule will be issued by the DOD Wage Fixing Authority for Federal wage employees in the Huntsville area in accordance with a fixed time schedule.

## Ground Broken For Craft Shop

Ground was broken Friday for a new Special Services Craft Shop near the intersection of Snooper and Phoenix Roads.

The contract for approximately \$110,000 for construction of the building, which was designed by the Engineering Branch of the Facilities Engineer, was awarded Mil-Pak Company of Huntsville.

The new facility will house areas for ceramics, lapidary, painting, photography, electronics and other hand crafts. At present these activities are carried out in a converted ammunition manufacturing building and share space with the Special Services supply and administrative offices.

The new one-story building will contain 5394 square feet of floor space. Captain Richard P. Tucker, Special Services Officer, and Lt. Frank G. Spann hope the new location will attract more participation in these activities by the troops.

**FUTURE SITE**—Colonel Alva J. Forsythe and Chester P. Giffin turn a ceremonial shovel at the site where a new Post Craft Shop will be erected. The colonel is the deputy post commander and director of the Redstone Arsenal Support Agency. Giffin is the owner of Mil-Pak Company of Huntsville which has the \$110,000 contract for construction. The Engineering Branch of Facilities Engineer Division designed the one-story structure. The Army Materiel Command Welfare Fund is financing the building.

## Major Modification Seeks More Maneuverable Nike Hercules

The Army today began a major modification program on Nike Hercules which will enable the air defense system to meet more sophisticated threats during the 1970s.

Improvements will make the missile more maneuverable and better able to counter targets operating in an electronic countermeasures environment.

## Research Could Bring Medical Breakthrough

Two Missile Command scientists have suggested that their research on water and gels offers highly probable explanation for a better understanding of the growth of malignancy in the human body.

Their work on the properties of water lead them to point out the possible comparison of what they have observed in the structure of water in inanimate conditions with the water structure found in far more complex conditions of living cells.

Results of the work by Dr. Barry Allan and Dr. Ralph Norman have interested several medical researchers and encouraged further investigation along the lines the two Army researchers proposed.

Allan and Norman reported on their work recently at the New York Academy of Sciences International Conference on Physicochemical State of Ion and Water in Living Tissues and Model Systems.

Their paper "The Characterization of Liquids in Contact with High Surface Area Materials" was based on their research on the interaction of liquids with gellants.

Dr. Carlton Hazelwood, Baylor College of Medicine, extended the invitation on behalf of the (See RESEARCH page 3)

Nike Hercules was deployed nearly 14 years ago but is still the United States' primary high altitude air defense weapon.

The modification program, known as SAMCAP (Surface-to-Air Missile Capability), is being done initially by Western Electric Company, Nike Hercules prime contractor. Later, Army depot teams will do follow-on installation to update old equipment.

Modified hardware for the past year has been undergoing tests and evaluation at White Sands Missile Range, N.M.

The Nike Hercules program is managed by the Missile Command under the Air Defense Special Items Management Office, headed by Col. Morris W. Pettit.

Able to engage high performance aircraft at both high and low altitudes, Nike Hercules can destroy an entire formation of hostile aircraft. The system has proven effective against targets traveling at more than 2,100 miles per hour, at ranges greater than 75 miles and at altitudes in excess of 100,000 feet.

## Surplus Sale

A local auction sale of surplus Government property is scheduled for Friday with registration beginning at 8 a.m. and the sale at 9 a.m. in the Rocket Auditorium.

Examples of items to be sold are typewriters, calculators, adding machines, desks, washers and dryers, household furniture, lawn mowers, bicycles, watches and welder.

The property may be inspected between 8 a.m. and 3:30 p.m. in Building 7426 prior to the sale.

## Short Story Contest Opens

WASHINGTON (ANF)—The annual short story contest sponsored by the Armed Forces Writers League is now under way.

Prizes will include both cash and other valuable awards, but also included for each entrant will be a professional manuscript criticism.

The contest is open to military personnel, dependents, civilian employees, veterans and others interested in the Armed Forces.

Unpublished stories of 1,800 words or less on any subject must be submitted with an entry form by April 1.

Entry forms and a copy of the League's manuscript style sheet must be obtained by writing to Contest Department, Armed Forces Writers League, George Washington Station, Alexandria, Va. 22305.

**IT'S ALL THERE**—Sergeant First Class Donald Piroli, manager of the new Redstone guest house, checks on the items furnished in the four units which include kitchenettes. The 22 unit motel-type building opened Monday for use primarily by military personnel and their families.

# The Redstone Rocket

The Redstone Rocket is published weekly, on Wednesday. The publisher will receive editorial content for publication in the Rocket through the Information Office, Army Missile Command, Redstone Arsenal, Ala., 35809, Bldg. 5250, Room A-134, Extension 876-1400 or 876-1500.

All advertising copy and payments therefor are received by Mrs. Vergie Robinson, P. O. Box 346, Huntsville, Ala. 35804, telephone 534-4701, as representative of the publisher. Advertising deadline—both display and wantads—is 10 a.m. Monday before publication.

The Redstone Rocket is distributed free of cost to personnel at Redstone Arsenal. Mailing rates off post for the Rocket are \$7.42 a year, or \$4.00 for six months, tax included. Mailing arrangements may be made with the publisher, P. O. Box 520, Huntsville, Ala. 35840.

Everything advertised in this publication must be made available for purchase, use, or patronage without regard to the race, creed, color, sex or national origin of the purchaser, user, or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source.

## Rocket Ruminations

I was taught early to assume responsibility and take pleasure in hard work.  
—Reginald Aldworth Daly

## Answers

(Editor's Note: The MICOM Information Office conducts a question and answer program for job-related questions of general interest. Such questions may be telephoned to 876-4161 or 876-4400, or mailed to AM-SMIG. Some questions are selected for publication in the Rocket. Names are withheld. It is not intended that this program take the place of the usual supervisor-employee relationship which is the proper channel for specific job-related questions.)

**CORRECTION:** Last week's Rocket published a question and answer on average grades for men and women in career fields at the Missile Command. Thanks to a call from a reader, three typographical errors were discovered in the answer. They are corrected below:

Career Field	Total	Average Grade
Safety	M-89	M-GS-12
	F-0	F-0
<b>CORRECTION:</b>	M-7	No change
	No change	No change
Education and Training	M-218	M-GS-12
	F-1	F-GS-9
<b>CORRECTION:</b>	M-18	No change
	No change	No change
Librarian	M-1	M-GS-11
	F-7	F-GS-11
<b>CORRECTION:</b>	No change	No change
	F-25	

**AGAIN WE HANG OUR HEAD.** Last week's Rocket also carried the following:

**QUESTION:** A question previously published in The Rocket asked how many women in the Missile Command were promoted in the trades 13 through 15 in the last half of 1971 and the answer was none. My question is why?

**ANSWER:** Actually, the information previously furnished that there were no females promoted in the grades 13 through 15 during the last half of 1971 is incorrect. There was one female promoted to the GS-13 level in the last half of 1971. However, there was also one female at the GS-13 level who resigned which left no increase at that grade level.

**THE ROCKET INADVERTENTLY OMITTED THE FOLLOWING PARAGRAPH WHICH ANSWERS THE QUESTION:**

There are many things that tend to hinder progress toward goals for greater utilization of women. There has been a decline in strength for some time, and a substantial reduction in personnel occurred in June 1970. Some of the mandatory placement programs related to this requires the placement of employees whose jobs have been abolished - repromotion of employees who have been demoted through no fault of their own, and reemployment of former employees who have been separated by reduction in force into available vacant positions.

## Black History Week Observed

National Black History Week, sponsored by the Association for the Study of Negro Life and History, is being observed by higher educational institutions this week through special programs and emphasis on sections of school libraries devoted to literature about blacks.

The sponsoring society has set aside the week of February 13-19 for the observance, but the National Education Association has directed schools to have observance this week.

Oakwood College in Huntsville has a film to show on black people in America, and several religious services are being conducted by students and a visiting minister.

The University of Alabama in Huntsville is sponsoring lectures and a symposium series with a number of guest speakers on the agenda.

As a part of the U. S. Armed Forces Institute (USAFI) program, soldiers at Redstone have recently attended a course on the history of the American negro. USAFI also offers correspondence courses on black history through several colleges and universities.

## Two-Star Rank Now Permanent

Maj. Gen. Edwin I. Donley is one of 28 Army officers who have been approved by the senate for the permanent grade of major general.

Approval to the permanent two-star rank means the officers selected are top candidates for higher Army positions.

Permanent major generals may remain on active duty until they complete 35 years service or five years in their permanent grade, whichever occurs later.

## Letters To The Editor

To Our Friends:

There is no adequate way of expressing our appreciation and thanks for your expressed concern and sympathy during the tragic illness and death of Shirley S. Miller. The family and I will be eternally grateful for your moral support and prayers during our time of anxiety and sorrow. We draw strength from the knowledge that so many people care and share with us the sorrow we feel.

Let us say thank you for the wonderful support you have given us during our time of need. May God bless each of you one hundred fold for your kindness and generosity.

Arnold B. Miller and Family

**SCOUT AWARD**—Maj. Gen. Edwin I. Donley has presented many 'surprise' awards during his nearly three years as Commanding General of the Missile Command. Last Thursday night, the tables were turned—he got one. Jack Livingston, vice president of the Tennessee Valley Council, presents to General Donley the Distinguished Eagle Scout Award. The occasion was the annual Scout dinner meeting attended by approximately 800 people. General and Mrs. Donley's smiles speak for themselves.

**Court Of Honor. . . .**

## Arsenal Scouts Make Eagle

Boy Scout Troop 203 had three members receive their awards as Eagle Scouts in Court of Honor ceremonies at the Post Chapel this past week. These three scouts were the first in the troop to make Eagle in over two years.

Brig. Gen. Louis Rachmeler, Deputy Commanding General, Army Missile Command, read the charge to the new Eagle Scouts, Howard Kinch, Steve James and Dale Teruya.

Staff Sgt. and Mrs. Howard Kinch, M-Sgt. and Mrs. Harry James, and M-Sgt. (Ret) and Mrs.

Dick Teruya, stood with their sons during the award ceremonies. Once the Scouts received their awards, each one presented his Mother with an Eagle necklace and his father with an Eagle lapel pin.

The Eagle awards were the climax of a Court of Honor where 13 other members of the troop either advanced in rank or received merit badges.

Two young scouts, David Alves and Mike Smith, received their Tenderfoot award from Lt. Col. Dan Fugit.

John Kinch (his brother made

Eagle) was elevated to the rank of Second Class with Lt. Col. Robert Hill making the presentation.

Maj. H. R. Van Zandt read the charge and presented the First Class ranking to Butch Lewis.

Chris Kinch (this one makes three) received his Star award

from Lt. Col. Warfield Lewis.

Danny Fugit and Robert Hill received their Life awards from Major Jon Morgan.

In addition to rank advancements, seven scouts received merit badges. Robert Hill, Personal Fitness; Robert Huntzinger, Hiking; Jeff Ingram, Personal Fitness; Ken Van Zandt, Hiking; Danny Fugit, Pioneering and Home Repairs; and Ray Bowman, Motor Boating.

Troop Committee Chairman,

Maj. Dale Gramley served as master of ceremonies following the invocation by Chaplain (Col) Robert F. Mashburn.

After the Court of Honor was dismissed, Scouts and their guests had refreshments in the Chapel Fellowship Hall.

# Dental Health Is Important

Discuss Preventive Dentistry

The post dental service at Redstone is focusing special attention toward your kids. This is National Children's Dental Health Week which means taking special pains during this period to remind service children and their parents that now is the time to develop the right dental habits.

Dramatic evidence has been uncovered in the past two years that sheds surprising new light on the role of old fashioned first echelon preventive maintenance in dentistry. In other words, patient self-care at home.

This knowledge has become the single most important development in the fight to save both primary and adult teeth, and in reducing the often considerable financial bite taken by dental disease. Ask your dentist about it.

Post Preventive Dentistry Officer, LTC Richard Jones, in accompanying picture, discusses the Bacterial Plaque Etiologic concept of decay and gum disease development with Karen Young.

## Medical Records Go With Soldier

Officials at Redstone's Army Hospital, have announced that a recent change in Army regulations permits departing personnel to hand-carry their outpatient treatment and dental records to the next military or civilian health care facility.

The records will be entrusted only to the individual to whom they pertain or in the case of minor children, to a parent or legal guardian. Personnel will be required to sign a receipt at the time they receive the records.

Personnel desiring to handcarry their records should call or visit the Medical Records Section, Office of the Registrar, U.S. Army Hospital, telephone 876-2971 or 876-8420.

This new breakthrough in scientific understanding now represents the heart of Redstone's preventive program.

Kevin Harkey doesn't understand all the ten dollar words, but he quickly caught on to the difference between a clean and an unclean tooth after a plaque demonstration with the "Red Pill" plaque disclosing tablet. Effective plaque removal carefully taught at

an early age will keep Kevin and Karen, and your children, too, in a lot better shape than most of today's adults.

The Redstone Exchange is now carrying a large selection of such items as brushes, disclosing tablets, and in-between-the-teeth cleaning instruments, all of real importance in carrying out the home care responsibility aspect of dental disease prevention.

## The Rich Get Richer In Unit Basketball

MICOM in the American League and 1st ETC in the National continued their domination in Company Level Basketball action.

MICOM, undefeated and more impressive each game, unleashed a four-pronged offensive attack in defeating Safeguard 75-22 and B Co 68-41.

1st ETC polished off SOC, its only opposition of hte week, 59-28. In highlights of last week's action:

### Monday

Wayne Mears poured 19 points through the nets in leading MICOM to a 75-22 shellacking of Safeguard. The score at the half was an astounding 44-3. MICOM's Burkhart and Randolph each collected 15 points and Harper bucketed 14.

In the second game of an all American League schedule, the 291st MP's defeated SSG 46-33 despite Sid Granger's 18 point outburst for SSG. Scoring was balanced for the MP's with 10-point efforts from Eric Younkin and Jerome Campbell leading the way.

Chuck Bonner and Roy Gunn combined 14-point performances in leading B Co over UTC 38-30. UTC was in control of the game 21-13 at the half, but a cold second half in which they scored only 9 points proved to be their undoing.

In the only other game scheduled for the night, the 7th ETC was awarded a forfeit at the expense of the 6th ETC.

### Tuesday

In the first game of the night, A Co trounced the Marines 43-24. The score at the half was 22-

9. No individual scoring record was available on this game.

In the second National League game of the night, the 4th ETC eased by the 95th Cal 55-48. J. Thornton gunned through 23 points to pace the winners, while Tom Brave's 16 were high for the losers.

Ed Jelovich and Bob Guthrie had hot hands and each contributed 21 points to the 1st ETC's 59-28 victory over SOC. The win pushed the 1st ETC's record to 9-0.

### Wednesday

Leading only 19-18 at the half, UTC enjoyed a hot second half and defeated the 7th ETC 49-30. George Jellen's 15 points led the way for UTC, while Lockwood and Quarry added 12 points each. High man for the losers was Colford with 12.

The second game of the night failed to materialize as the 6th ETC forfeited to SSG.

In the final, MICOM ran its record to 9-0 by a 68-41 conquest of B Co. The foursome of Mears, Burkhart, Randolph, and Harper again paced the potent MICOM attack. High-point man was Ossie Randolph with 21, followed by Wayne Mears with 17, James

Burkhart with 15, and Harper with 13. Syke's 13 points were high for the losers.

### Thursday

A Co won a hard-fought game from the 95th Cal 42-35 despite the efforts of the loser's Tom Brave who led all scorers with 19 points. Woodrum paced the scoring for A Co with 15 points, 9 of them coming in the second half.

The 4th ETC overcame a 27-22 halftime deficit to defeat SOC 49-43. Ken Sweazy had 16 points and Whitfield had 14 for SOC, but most of them came in the first half. Thornton and Jones had 16 and 10 points respectively for the winners. Significantly, 10 of Thornton's points and 9 of Jones' were scored in the all-important second half.

In the final game of the week, the Marines finally put it all together and slipped by the Medics 37-36.

The Marine's version of the "Dynamic Due"—Ashman and Camp—did all of their team's scoring in the first half and most of it in the second. By the bene-

## Hughes Claim Up For Debate

The Hughes TOW bowlers will be seeking a little breathing space tonite when they take to the Parkway runways to trade strikes and spares with the All-Sports in the feature match of the second position night of the AMC League season.

The missilemen broke out of a three-way tie for the top spot last week with a 3-1 win over the Rejectors. The Sports dropped to second after being held to a split by the Toppers and the Bombers fell into a third place standoff with the Cobras by losing three of four to the Sprinters.

Hughes goes against the Sports on lanes 13 and 14 while the Bombers are trying to sidetrack the recently revived Cobras on 11 and 12.

fit of Ashman's 11 points and Camp's 10, the Marines went into the dressing room at halftime with a 21-15 lead.

Down but not out, the Medics pecked away at the Marine's lead only to be disappointed by a one-point loss.

Ashman finished the night with 16 points while Camp was high man with 18. The Medic's Black, Evans, and Wanger each scored 9 points in a losing effort.

The rest of last week's card saw the Cobras blank the T-Birds, the Lancers sweep the Chrysler TOW five, the Bandits win three from the Fat Cats and the Sheratons post a 3-1 margin over the Alley Cats.

John Goltz made another strong bid for the Honor Roll but fell a mark short in shooting a 591 for the Bandits. Charley Murray retaliated with 544 for the Fat Cats.

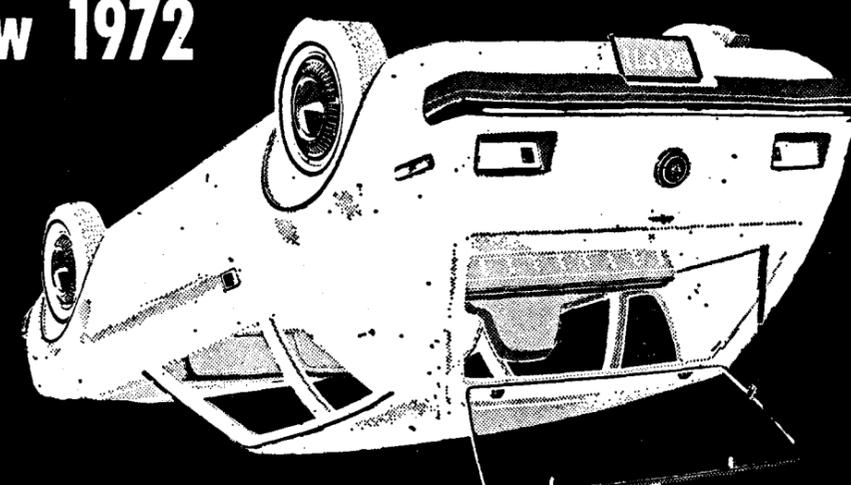

The Lancers turned in the most productive team effort in spilling 2993 maples on their way to a sweep of the Chryslers. Howard Andrews was the leader with 558 and Al Rossi was next in line at 531.

Steve Stevens was the top Hughes gunner while Jack Vickers set the pace for the Sports. Jim Parker made the TOW men work for their points shooting a 531 while Ken Champagne kept the Sports honest with 526.

Buddy Fees topped the Cobras with 538, Walt Heflin flattened 544 pins for the Bombers, Bob Brock shot a 534 for the Sprinters, Reggie McLaney rapped a 546 count for the Alley Cats and Chuck Hennis was the best for the Sheratons at 536.

# Rockets Sweep Pair From Fort McClellan

## High Scoring Invaders Can't Solve Slow Down

A controlled offense with few floor mistakes had it all over a heralded run and shoot style of play here last week as the Redstone Rockets sent Ft. McClellan spinning to a pair of defeats in Third Army basketball action.

The invaders from down the road came to the Arsenal boasting an offense that averaged over 100 points a game in winning eleven of fourteen contests. But when they left they took losses four and five along with them in addition to a somewhat tarnished reputation.

The Rockets put a crimp in the McClellan machine with a 65-57 win on Friday night and repeated the feat by taking a 59-43 victory on Saturday afternoon.

The double win enabled Redstone to square their western

division record at eight wins and a like number of losses.

McClellan leads the division with Ft. Benning and Ft. Campbell next in line, each with nine wins and seven losses. Ft. Rucker has won

eight of fourteen while Ft. McPherson has only a single win to show for their fourteen games.

The Rockets got to Rucker for a pair of contests this weekend and close out the season by hosting Campbell the following weekend.

Coach Frank Spann installed a controlled offense for the return match with McClellan and his players made the strategy work to perfection, with Ray Ridenour directing play.

The former Georgia Tech star contributed 18 points to the winning attack on Friday while Ed Jelovich took scoring honors with 25. Jelovich and Greg Perkins controlled the backboards on both ends of the court.

Perkins and Al Wiessenfluh took over the scoring burden on

## Safeguard Gals Tough On MICOM

Safeguard made it two in a row over the Missile Command in girls basketball last week when the ABM team scored a resounding 65-39 win in their Huntsville Women's League game.

Safeguard also the first round contest between the two Civilian Welfare Fund - sponsored teams.

Janet McGee took scoring honors for Safeguard with 20 points but got plenty of help from Linda

Gatlin with 18 and Ann Whittaker with 15.

Carole Bissinger was the only MICOM player in double figures as she scored a game-high 22 points. Helen Smith was next in line with seven, one more than Linda Melton scored.

# Arsenal Employees Become Involved Thru Moonlighting

In these times when most of the news is about social upheaval, crime, dissent, political intrigue and people who don't want to become involved, it is refreshing to hear about a volunteer organization that wants to help and wants to become involved in the problems of the community.

The more than 35 men who make up the Madison County Rescue Squad volunteer their time and services to help the people of the community. These engineers, students, civil service workers, mechanics, computer programmers and other professional people work at their occupations and then

spend their spare time as members of the Rescue Squad.

None of these people received pay or compensation for their services... in many cases it costs them to belong to the Squad when they have to use their own cars and special equipment.

Paul A. Baker, Chief of the Rescue Squad, has been with the organization since it was formed nine years ago. During the day, Baker is a supervisor in the Equipment Pool, Equipment Management Division, Redstone Arsenal Support Agency. In the evenings he is available for duty with the Rescue Squad.

According to Baker it all started back in 1963 when he was a member of the Citizen's Band Radio Club. When a tornado hit the Madison County area, he and members of the club worked on communications with local Civil Defense authorities. During the emergency Baker and his friends realized the County had no rescue squad, so 12 of the members got together and formed the Madison County Rescue Squad.

With no money available, the group had to depend on donations from the public and local business organizations. One group of citizens donated an old station wagon and the Rescue Squad had its first transportation. The members purchased an old bus from the County for \$1.00 and fixed it up as a communications center.

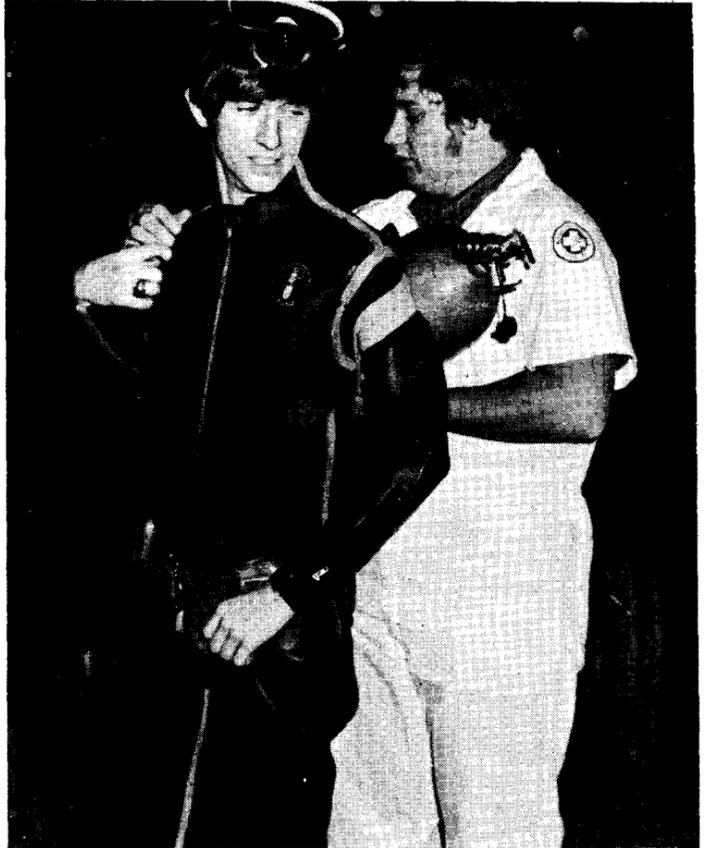

A local funeral home donated an old 1955 Cadillac Hearse and squad members converted it into an emergency ambulance. Even with three vehicles there still was not enough transportation to take all of the squad members to the scene of an emergency, so many drove their own private cars at their own expense.

Soon citizens of the community became aware that these volunteers were on the job helping with disasters, assisting law enforcement agencies, helping search for persons lost on land or water, and aiding personnel whenever needed.

In 1964, the Rescue Squad conducted a fund-raising roadblock in Huntsville that netted \$3100. Local firms donated material and some labor and members of the squad got together and built the modern building that now houses all the emergency equipment.

As the Rescue Squad expanded its activities, the need for additional equipment became apparent. Through public donations they were able to purchase a 1966 Chevrolet van at cost to carry emergency equipment. The Welcome Wagon Club of Huntsville donated \$1,000 and the squad purchased a 1969 Ford van at cost as an emergency ambulance.

Members of the squad come from all walks of life and all of them are strictly volunteers. Herb Smith and Carl Haynie are students at Lee High School; Jerry Johnson is a System Analyst for NASA; George Reed is a barber; Jim Holloway is a Production Controller with Army Missile Command; Army Capt. U.C. Jones is a member of the Provost Marshal's Office at Redstone Arsenal; Jack Smoot is with the Huntsville Model Cities project; and the list

ON WATER OR LAND—John Barclay, gets helping hand from Carl Haynie. Barclay, a student at the University of Alabama, Huntsville, does the SCUBA diving when the Squad assists local authorities in water rescue and search. Haynie is a student at Lee High school.

RADIOMAN-BARBER—George Reed, a Huntsville barber, is also the Communications Officer.

A TEAM EFFORT—Paul Baker, left, Jim Holloway, center, and Herb Smith, work together as a team. Baker and Holloway are employees of the Missile Command and Smith is a student at Lee High School.

covers all types of occupations and plane crasher; saws, axes, firefighting rakes, and equipment; a porta power for use with jammed doors and bent metal; first aid equipment and a rescutator; and a cutting torch to free trapped victims.

Every Tuesday night the Squad meets for training in their building on Cook Ave. near the old Farmer's Market. In contrast to the earlier days, now the Rescue Squad is well equipped. They now have two emergency vans to carry a rescue saw for concrete block, brick, metal, and for use in auto

and plane crasher; saws, axes, firefighting rakes, and equipment; a porta power for use with jammed doors and bent metal; first aid equipment and a rescutator; and a cutting torch to free trapped victims.

One van can be converted to an emergency ambulance and both are equipped with two-way radios

(Continued on Page 9)

## DID YOU KNOW . . .

The fares for 1972 have now been approved and are effective APRIL 1, 1972.

Check with us for the lowest applicable fares. Below is an example for a family traveling round trip from Huntsville to Frankfurt.

MR.	MRS.	12-22 Yrs.	2-12 Yrs.	Under 2 Yrs.
\$369.00	\$338.50	\$338.50	\$186.00	\$27.40

These fares have now made it possible to see Europe for less than ever. An example is a 30-day tour of Europe for \$1,019.00 including round trip air transportation from Huntsville, hotels with private bath throughout, most meals. Sightseeing, tips and gratuities to hotel staff.

22-day tour visiting Portugal, Spain, Morocco and Mallorca is \$761.00 from Huntsville. It includes all of the above plus plenty of time for sunning.

### There Are Many Travel Bargains

There are a lot of other great bargains in travel for 1972 including 15 days in Europe from \$494.00, 14 days in Mexico from \$445.00, Caribbean and around the World. Call George Cook or Larry Christopher at CRAMER TRAVEL AGENCY 539-0671 or 539-9481 for more information on the above or answers to questions you have on travel.

ONE FOR THE RECORD—Paul A. Baker, is a civilian employee of the Missile Command during the day and Chief of the Rescue Squad during his off duty time.

### Arsenal

(Continued From Page 8)

operating on police and civil defense frequencies.

They now have three boats, a 16 foot vee bottom fiber glass with a 35 hp outboard motor and two aluminium 15 ft john boats with 15 hp outboard motors for water rescue and dragging operations. The fleet also includes a pontoon boat for use as a platform for scuba divers.

In addition to their other equipment the Squad has three power generators to provide emergency lighting and power in areas where conventional power is not available.

According to George Reed, Communications Officer for the Squad; "We have a 24 hour per day answering service. Most members can be at the building within 15 minutes in times of emergency. Many employers let their men off if the Rescue Squad is called for aid. Civil Service employees are authorized five days a year rescue leave, however if there have been quite a few emergencies during the year and this time has been used, many of the men take annual or vacation leave at their own expense and stay on the job."

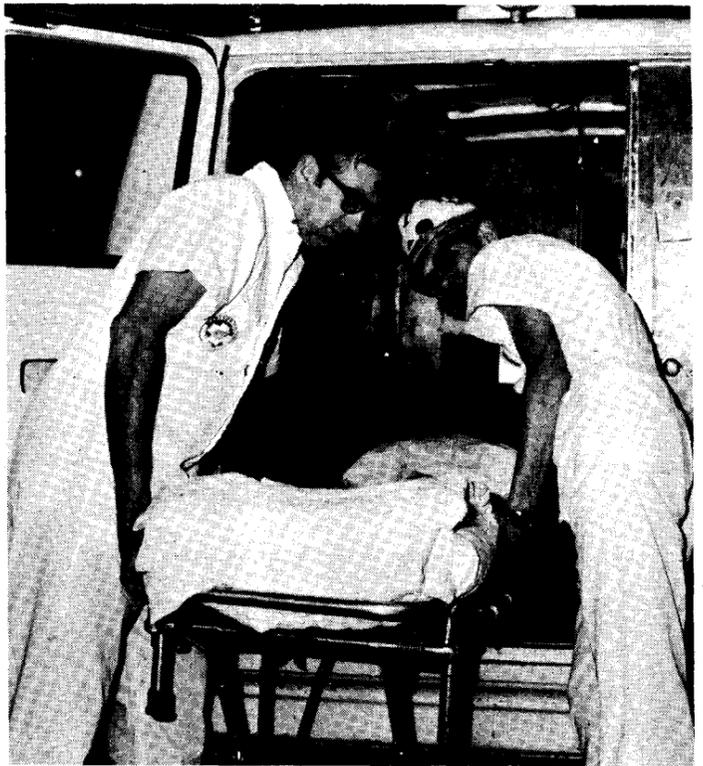

During the nine years of its existence Baker estimated the Rescue Squad had worked with local authorities an over 50 drowning cases, assisted in searches for lost children so many times they lost count, aided in search for an escaped convict who kidnapped and killed a little girl, worked to locate dogs who had bitten people and escaped, saved at least three lives by direct action,

and saved many more by providing emergency ambulance service when other services were tied up.

George Baker has this to say about the Rescue Squad: "These men get satisfaction from helping people who need assistance. It certainly isn't for gain, because there are no salaries or benefits or monetary gains for them. It certainly isn't for thrills, because there is no thrill in seeing someone hurt or in trouble. They are just a group of men who want to help their neighbors fellowmen."

Though the Rescue Squad is composed of men, it does have strong women support. The wives are the unseen heroines, because they spend long hours alone when their husbands are out on call. Many of them provide assistance and bring coffee, do-nuts and sandwiches to the men when it is a long and dreary operation.

It's nice to know there are people who care and will volunteer to become involved when it comes to helping their fellowmen. . . . and the Madison County Rescue Squad does just that.

READY FOR ANYTHING—Jerry Johnson, left, works at NASA's Computer Science Lab., and Herb Smith is a student from Lee High School. Here they check the equipment in the emergency ambulance.

GETTING THINGS SHIPSHAPE—Don Taylor, left, of NASA's Computer Science Lab., and Jack Smoot of the Huntsville Model Cities Program, check grappling hooks and other equipment in the Squad boat.

## Brewer Shorted In Bid For 600

Joe Brewer and Clyde Seiler shared individual scoring honors in S&M bowling league action last week while the Bale's Rental five found their winning ways momentarily halted.

After scoring two straight sweeps at the start of the second half schedule, Bale's had to settle for a split with the Pinspotters last week but still leads the pack with a two-point margin over a trio of contenders.

The first half winning Reba five is one of them after overcoming

Brewer's 571 total for a 3-1 win over the Tired Five. MIA got a share of the runner up slot by taking three from Lot-o-Pins and DeVaults made it a triad by sweeping all four from Jim's Five.

The final match saw the King Pins and Bushwackers break even. Seiler shot a 246 game for the two King Pin points and totaled 564 for the set. The Wackers took their lead from Bob Larkin and George Kynerd.

Brewer missed connections with an Honor Roll count with a slow

third game for the second straight week but hung on to take the league's bowler of the week award with a 643 handicapped total.

Willie Wilson shot a 546 and got help from Garland Kinslow at 532 and Jess Partridge with 531 to give

Reba's to winning margin.

Andy Zuurbier was the top Bale gunner while Dick Pingry set the Pinspotter pace. MIA got a 519 effort from Charley Bradburn.

Al Powers and Al Stiles put together 559 and 544 totals as

DeVaults clobbered Jim's. Stiles included a 234 game in his run.

The living veteran population reached the 28.5 million mark last October, according to the Veterans Administration.

# Libraries Here Contain Something For Everyone

Are you a latent bibliophile? If you are, you probably don't know that the chances of landing on St. Charles Place are greater than the

## Selects Sprint Sites

Colonel Thomas A. Duke, Jr., U. S. Army Safeguard System Command Site Activation Commander in Conrad, Mont., announced Wednesday of last week that the Army has selected locations for construction of the second two Remote Sprint Launch sites there.

These two Montana sites will complete the deployment of four remote launch sites originally planned for the area. The locations of the first two, near Shelby and the Tiber Reservoir respectively, were announced earlier. The construction of these Sprint missile RSL's will increase the number of missile interceptors capable of defending missiles in this area.

Of the two new sites, one is in Pondera County, approximately 10 miles east of Valier, and the other is in Teton County, approximately 10 miles north of Dutton.

Approximately 50 acres will be purchased for each Remote Sprint Launch site. Additional restrictive easements of about 300 acres will also be required on land surrounding each site. Negotiations for the purchase of this land will be handled by real estate specialists from the Seattle District, Corps of Engineers.

Among the factors considered in selecting the site locations were their tactical effectiveness in defending the missiles in the area, their proximity to the missile site radar, feasibility from an engineering construction standpoint, and impact on local communities.

The remote sites will be controlled by the Safeguard Missile Site Radar which is now under construction.

Construction of the sites will be carried out by private contractors, similar to the construction work already underway on the MSR in Pondera County and the long range perimeter acquisition radar in Toole County.

chances of landing on Pennsylvania Avenue in a game of Monopoly.

Or that the western movie "Wild Rovers" starring William Holden and Ryan O'Neal was filmed in Monument Valley, Arizona, by Julie Andrews' husband. Or even that a new theory of psychology states that man can never be free and can only react in terms of his environment.

These are only a few of the far out and interesting facts a library visitor can discover.

The MMCS Technical Library contains information on its shelves that is as interesting as it is invaluable. The facts above came from three different publications: Mathematics Magazine, American Cinematographer, and Psychology Today. Unlike the Huntsville

Public Library where magazines are reference material only, MMCS periodicals can be checked out and renewed.

The library subscribes to 250 periodicals with titles like: Elementary Electronics, Popular Mechanics, Current History, Space World, Research in Education, The Computer Journal, and many more.

In addition to the standard reference material, the library's 7,000 volume book collection leans toward the fields of education, electronics, guided missiles and math. A man can learn about anything from automobiles to washing machines.

But what about the guy who wants to check out his old girl friend's address? He can probably find it in one of the telephone

directories. The library has phone books from most major cities in the country.

The Technical Library is open Monday through Thursday from 7 a.m. to 8:30 p.m., on Friday from 7 a.m. to 3:30 p.m., and on Saturday from 8:30 a.m. to 4 p.m.

As someone once said, "Show me a man who doesn't read, and I'll show you a man whose perspicuity is languorous."

**MISSILE & MUNITIONS  
CENTER & SCHOOL**  
**NAMES IN THE NEWS**  
By SP4 Rod Andersson

The top instructor for the last quarter of 1971 was named last week, and he turned out to be none other than SSG Kenneth W. Ille of the Missile Components Department.

His wife, Mrs. Janice Ille, was

ILLE

named Redstone's Military Wife of the Year a week earlier.

Ille, 27, is originally from Montana. Now, with just over eight years in service, he's teaching common block electricity and alternating current to MMCS mis- silemen.

**Marine Honored**

Another instructor also walked away with honors last week. MSG William M. Montroy of the Leatherneck detachment was awarded a Meritorious Mast in recognition of his outstanding performance of duty.

The mast apparently traces its name back to the Marine Corps' naval heritage.

Montroy, a HAWK instructor in the Air Defense Department, was cited for his efforts to complete improved program of instruction on Marine IFF systems.

RINGHAM

Back on the Army team, SFC John B. Ringham was awarded the Army Commendation Medal last week for meritorious service in Germany.

Ringham, who after duty hours is chairman of the Redstone

chapter of the NCO Association of the U.S.A., is a technical NCO in the DDL&P shop.

His ARCOM was awarded for his service with the direct support platoon of Headquarters Battery, 5th Bn. of the 1st Arty. based in Wiesbaden, Germany from June, 1968 to May of 1971.

**Honor Medal**

Another ARCOM went last week to SSG David E. Tatum, an

TATUM

instructor in the Ammunition Department.

Along with his third ARCOM, Tatum received the Honor Medal of the Republic of Vietnam. During his tour in southeast Asia, Tatum served with MACV Team Six in and around Quang Tri, in Military Region I to the north.

MMCS this week welcomes a familiar face in a new job. MAJ Cho Ra Huyn, who's been here

CHO

since November, was appointed Friday as senior representative of the Republic of Korea Army. MAJ Cho is studying missile maintenance courses during his stay here. His wife and two daughters are remaining in Pusan until his expected return there later this year.

**SEEK NEW AGREEMENT**—Negotiations toward a new labor management agreement between the Army Missile Command and Local 1858 of the American Federation of Government Employees have begun at Redstone Arsenal. Talks are scheduled each Wednesday and Friday until agreement is reached on a contract. From left are Ernest Jackson, Chief Negotiator for Local 1858; Col. James C. Miller, MICOM Chief of Staff; Coy Mattox, President of Local 1858 and Col. A.E. Miller, MICOM Chief Negotiator.

# BILLS..

## TO THE REAR, HORAM!

Pay them all off with a  
**UNI-LOAN**

When bills back up on your budget, you may call a halt on them by applying for a UNI-LOAN and paying them all off.

One UNI-LOAN may make a bad financial situation do an about face . . . and, the *one* monthly payment may be the one you choose to keep it that way.

Come in or call us today and let us know how big a UNI-LOAN you need.

Home of the UNI-LOAN

Registration dates for the Spring Quarter at the University of Alabama in Huntsville and John C. Calhoun Junior College in Decatur have been set for March 2 and 20 respectively.

Military personnel desiring 75 per cent Government tuition assistance must complete DA Form 2171 and return to the Army Education Office in Building 3484 no later than Feb. 23 for UAH and no later than Mar. 10 for John C. Calhoun.

Organizations desiring to nominate civilian employees for training at either should submit SMI Form 1011, Off-Post Training Request (4 copies), to reach the Training and Development Branch, Civilian Personnel Division, ATTN: AMSMI-PCTT, no later than Feb. 18.

**Magna Cum Laude**

**HONORED**—Chief Warrant Officer Curtis Payne, recently assigned to SAFLOG, has been awarded the Joint Service Commendation Medal for accomplishments as chief Nike Hercules Field Maintenance Advisor in the Republic of China. He is in the SAFLOG Maintenance Directorate.

Captain Jay Spalding, a member of the U.S. Army Safeguard System Command's Security Office, recently returned to Safeguard after completing a three-week course on Basic Industrial Security at the Defense Industrial Security Institute, Richmond, Va.

The Service Club has arranged for a historical tour this Saturday to Mooresville, a town that has been standing for 171 years.

The unique Mooresville post office, built in the early 1800's still

furnishes postal service to the town with a population of 93.

Enlisted men, their families and guests will have a chance to show and browse around the old country fashion store. After leaving

Mooresville the bus will stop at The Mall in Huntsville for those who wish to do further shopping.

The tour bus leaves the Service Club at 1 p.m. For further information call 876-4531.

### ASQC Plans March Seminar

"Visibility and Credibility, a Management Concept or Gap?" is the title of a one-day DCAS-Industry Symposium slated for March 1 at the Sheraton Motor Inn in Huntsville. It is sponsored by the American Society for Quality Control, Huntsville section and the Aircraft and Missile Division.

Major topics to be covered are: Supplier Evaluation, Quality Planning and Data evaluation, Letters of Delegation, Configuration and Corrective Action.

A forum panel will cover the topic "What's New" by T. M. Vining, DCAS Hqs, W. C. McCain, Jr., DCAS-D, Birmingham, R. T. Clark, Jr., Newport News Ship Building & Dry Dock Co., and M. P. Smith, Honeywell, Inc.

**GETS MEDAL**—Lt. Col. Robert Loshbough has been awarded the Legion of Merit in a presentation here recently. Loshbough was cited for meritorious service as project manager of the former Air Defense Control and Targets Project Office. He is now assigned to the Electronics Command as Director of Air Defense Control and Coordination Systems Directorate, Army Tactical Data Systems project office.

VA's 1970 report on its insurance operations showed that more than five million veterans were insured for about \$38 billion under five different life insurance programs.

### Teen Club Dance

The Redstone Teen Club will have a band every other Saturday beginning with the Valentine dance Feb. 12 at which the Tanganyika band will play.

On the Saturdays when there is no band, admission will be free to members and a modest sum will be charged for guests. On band nights both members and guests pay.

The club is open from 7-11 p.m. on Friday nights and from 7 p.m. until midnight on Saturdays. The Rush will play for the dance Feb. 26.

**EARNs MEDAL** - Major Stephen Rutz has received the Meritorious Service Medal for professional assistance to SAFLOG in planning and developing future logistic support requirements for the Safeguard system. Rutz, who was in the SAFLOG Maintenance Directorate, is being transferred to Kwajalein.

### Former Miss Alabama Is Guest Speaker

Mrs. James Martin, Miss Alabama of 1955 and a finalist that year in the Miss America pageant, will be the guest speaker at next Tuesday's meeting of the Protestant Women of the Chapel.

Chapel. Refreshments will be served.

Free nursery service is available at the Rocket Nursery. Reservations may be made by calling 837-6464.

The speaker, who now lives in Gadsden, recently sang at a White House church service.

All ladies are invited to be present for the 9:30 a.m. meeting in the Social Room of the Post
